Chapter 3383

“Did you move by yourself?”

David looked at the spirit beast egg carefully, then stepped forward and touched it gently with his hand. He wanted to feel what was inside the spirit beast egg!

But just when David’s hand touched the spirit beast egg, the spirit beast egg suddenly erupted into a colorful ray of light rising into the sky again!

When David saw this, he was startled and quickly moved his hand away!

If people find out and find them all here, it will be troublesome!

But David didn’t know that just when the colorful glow disappeared, not far away, there was a group of monks teleported here by the entrance of the battlefield of gods and demons!

These people are wearing the same clothes, and they are obviously from the same sect. The fact that one sect can get so many tokens is enough to show that the strength of this sect is not weak, at least there are a lot of resources or spiritual coins!

“Look, what is that?”

Someone saw the colorful glow and shouted quickly! But

when everyone looked over, the colorful glow had disappeared!

“What are you talking about? This is a battlefield between gods and demons. There are no rules. If you don’t want to die, just keep a low profile.”

A middle-aged man in green clothes shouted sharply!

“Elder brother, I just saw a colorful ray of light rising into the sky not far away, but it disappeared in a flash.”

The person who was scolded said anxiously!

“Yes, I saw it too, but the colorful glow disappeared in a flash. Could it be that some treasure was born?”

Someone also said that they saw it!

Seeing that more than one person had seen it, the middle-aged man in green was also a little shaken, so he said, “Let’s go over and have a look, but everyone should cheer up. There are everyone in this battlefield of gods and demons, so we must be careful.”

” Even if you are of the same race, you must be careful. Human monks are often the most ruthless...”

After the warning, this group of people looked atFly in the direction of the colorful rays of light rising into the sky!

After a while, a cloud of white mist appeared in front of them!

“Elder brother, look, this is a vast area. Only here is a cloud of white mist gathering and not dissipating. There must be something wrong.”

Someone said loudly!

The middle-aged man in green clothes had already discovered the white mist, and his spiritual consciousness spread out, but he found that his spiritual consciousness could not detect it at all.

It is obvious that there is a formation protection in this white mist, which prevents the divine sense from detecting it!

If there is a formation, it proves that someone is here, and the colorful rays of light just emitted from here. Maybe the treasure is within this white mist!

“Elder brother, let’s rush in. There must be treasures inside. The colorful glow just now came from here.”

Some people couldn’t wait!

After all, a treasure that can emit colorful rays of light must be a priceless rare treasure!

“No one is allowed to move. Since the opponent can set up this kind of formation, he must be strong.” “

And we don't know who is here or how many people there are. What if we break in rashly and fall into a trap?” ?”

The middle-aged man in Qingyi quickly stopped him!

Now his spiritual consciousness cannot detect the white mist, and he doesn't know how many people are inside, so he doesn't dare to rush in!

I saw the body of the middle-aged man in Qingyi falling rapidly, and then came to the edge of the white mist.

Slowly reaching out into the white mist, hoping to detect the situation inside the white mist in this way!

It's just that this method can't be detected at all!

However, from the white mist, the aura of the sixth level of Tribulation Realm is constantly emanating outwards!

This actually surprised the middle-aged man in Tsing Yi. After all, many people hide their identities in order to catch them by surprise!

But the people in this white mist are deliberately exposing their auras. How come there are still people doing this?

Chapter 3384

“Could it be that you want to scare us away with the aura of the sixth level of the Tribulation Realm?”

The middle-aged man in Qingyi smiled coldly in his heart, and then said, “Fellow Taoist, we just stepped into the battlefield of gods and demons, and we found a colorful ray of light rising into the sky. Don't you know what kind of treasure it is?”

“Don’t worry, we are just taking a look. Since our fellow Taoist has made the first move, we will never rob him. Our Tianlang Sect is definitely a man of his word.” The voice came in

. In the ears of David and Luo Xi, after hearing about the Tianlang Sect, Luo Xi’s face changed slightly!

“I didn’t expect that people from the Tianlang Sect would also come. It seems that there are quite a few people coming to this battlefield of gods and demons in the entire heaven and human world.”

Luo Xi said!

“What? Do you know people from the Tianlang Sect?” David asked!

David knew very little about the world of heaven and humans, and had no idea what the Heavenly Wolf Sect was!

“You know, this Tianlang Sect is a sect in the Western Region. These guys are the worst, and they don’t keep their word. They are all lustful people.” “

I followed my senior brother to the Western Region, and I met I was a member of the Tianlang Sect. I was still ill at the time, and I was almost tainted by a member of the Tianlang Sect.” “

Fortunately, senior brother rescued me with all his strength, and the two of us escaped to the Northern Territory.”

Luo Xi looked resentful. said!

“The Tianlang Sect is actually such a person?” David didn’t expect that such a person would dare to say that he kept his word and declared himself a member of the family!

“It turns out he is a fellow Taoist from the Tianlang Sect. How disrespectful...”

David decided to play a trick on these guys from the Tianlang Sect, so he said!

The middle-aged man in green clothes heard the other party’s reply, and he was very polite. He thought he was frightened by the Tianlang Sect’s name, so he said with a proud face, “Fellow Taoist, I hope you can tear down the formation and let us see the treasure.” Yeah.”

“If fellow Taoist has any concerns, I can go in by myself, and I will never be tempted by fellow Taoist’s treasures.”

“You must have heard of our Heavenly Wolf Sect. In the entire Western Region, our Heavenly Wolf Sect is the most honest sect.” The

middle-aged man in Qingyi boasted, which almost made David laugh out loud!

“Of course I have heard of the name of the Heavenly Wolf Sect. There are legends about the Heavenly Wolf Sect throughout the world of gods and humans. It is said that all the disciples of the Heavenly Wolf Sect are big perverts, and they will not even spare their own relatives.

” Now women in the Wolf Sect have become public objects, and members of the Tianlang Sect have become bastards...”

David said unhurriedly!

After hearing David’s words, Luo Xi couldn’t help laughing. She really didn’t expect that David would say this!

The young and middle-aged man was stunned for a moment, and then became furious, “Ah... brat, I’m going to kill you, I’m going to cut you into pieces.” “

And the woman in this formation, I want to strip her naked and make her our slave...”

The middle-aged man in Tsing Yi roared angrily, and then waved his hand, and everyone else fell down one after another!

These people surrounded David’s formation. With a wave of the young and middle-aged people’s hands, these people all entered the formation together!

The reason why they are like this is to keep the people in the formation busy. Through the conversation just now, the middle-aged man in Tsing Yi has already guessed that there will not be many people in the formation!

Maybe there is only one man and one woman, in which case they rush in together and make the other party unable to react!

Seeing the other party entering together, Luo Xi’s expression became a little nervous!

Seeing Luo Xi's nervousness, David comforted him and said, "Don't be afraid. As long as these guys enter the formation, it will be a plaster. I have already set up the illusion array in the white mist. If they fall into the illusion array, they will not be afraid." It's scary."

Luo Xi was comforted by David, and then he felt relieved and nodded!

Then Luo Xi raised his sword and moved towards the intruding monks. Luo Xi's eyes were full of anger!

Chapter 3385

At this time, a Sirius Sect monk felt dizzy after entering the white mist, and then found that the white mist in front of him slowly disappeared!

I saw a girl with a graceful figure, very revealing clothes, and carrying a flower basket walking towards me with a smile!

Seeing the girl, the Sirius Sect monk suddenly grinned!

"Beauty, beauty, hurry up and find your brother. I'll let you enjoy it..."

The monk ran towards the girl impatiently!

At this moment, Luo Xi saw a Heavenly Wolf Sect monk running toward him with eyes full of fire and tears streaming down his face!

It looked like he had no defense at all, and he was taking off his clothes while running!

Luo Xi knew that this Tianlang Sect monk must have been trapped in the illusion array and was fascinated by it!

Looking at the lewd monk in front of him, Luo Xi's anger became even more intense!

Then he raised his sword and stabbed it!

...

The Wolf Sect monk was stunned that day, and the severe pain made him wake up.

When he saw a long sword pierced into his chest, his eyes were full of disbelief!

The Heavenly Wolf Sect monk's eyes widened and he looked at Luo Xi in shock. He obviously recognized Luo Xi, but unfortunately he couldn't say a word!

Blood kept pouring out of his mouth!

This Tianlang Sect monk desperately raised his hand to catch Luo Xi, but his body's strength was rapidly draining away, and he couldn't even lift his hand!

Luo Xi gritted his teeth, suddenly pulled out his sword, and then slashed!

That Tianlang Sect monk had his head chopped off!

The head flew far away, the body fell directly to the ground, and even the life soul disappeared together.

Luo Xi looked at the corpse of the Heavenly Wolf Sect monk coldly, his eyes full of hatred and murderous intent!

Luo Xi picked up the sword and continued to hunt!

And David was not idle either. He held the dragon-slaying sword and used the magic array to start hunting!

Chen PingzhiHe said, it is impossible for the phantom formation to trap these people all the time. We must take advantage of the fact that the opponent does not know the existence of the phantom formation to kill as many opponents as possible!

If the opponent is prepared, I'm afraid the phantom formation won't be as effective!

At this moment, not long after the middle-aged man in Tsing Yi entered the white mist, his expression suddenly condensed. He discovered something strange in the white mist!

“Illusion formation, I didn’t expect that there is an illusion formation besides the formation. It seems that the opponent is a master of formation...”

The middle-aged man in green frowned, with a cold light in his eyes!

As the senior brother of the Tianlang Sect, of course he must have some real abilities!

“Junior brothers, listen, we have fallen into the illusion formation. Everyone must concentrate and gather energy to avoid being affected.” The

middle-aged man in Qingyi’s dantian was filled with anger, and then he roared loudly.

This roar contained bursts of clear power, making everyone feel refreshed and wake up from the illusion!

David’s eyes narrowed slightly when he heard the roar of the middle-aged man in green. It seemed that this guy had some tricks up his sleeve.

The phantom array was discovered so quickly, and sound waves can also be used to wake everyone up!

At this time, Luo Xi was raising his sword to stab a Tianlang Sect monk, but the voice of the middle-aged man in green made the Tianlang Sect monk wake up instantly!

Seeing Luo Xi holding a long sword and about to stab him, the Heavenly Wolf Sect monk suddenly stepped back, barely dodging Luo Xi’s sword!

But before the Heavenly Wolf Sect monk could be happy, a sword pierced his body directly from behind!

Seeing this, Luo Xi stepped forward and chopped off the head of the Wolf Sect monk that day!

It turned out that the person who stabbed this Tianlang Sect monk from behind was David!

“Mr. Chen, what should we do if these people see through the illusory formation?”

Luo Xi asked.

“It’s okay, let’s go back to the formation first. Even if they see through the illusory formation, they won’t be able to recharge it in a short time. I used these ancient weapons to set up the formation, which will be much more powerful.” David called to

Luo Xi returned to the center of the formation!
