Chapter 3394

When the smoke slowly dispersed, David was still there!

“Humph, you still want to escape in front of me, daydreaming...”

Qi Peijia snorted coldly, not seeming to be in a hurry, but quickly chasing in one direction!

Soon, Qi Peijia saw David!

When David felt Qi Peijia chasing after him, he couldn't help but frown. He found that this guy seemed to know the direction of his escape, so he chased after him!

“You are only at the first level of Tribulation Realm, but you still want to escape from my grasp. I think you should just accept death.” Qi

Peijia's body flashed as fast as lightning!

In the blink of an eye, Qi Peijia was about to catch up with David. David used Wind Step, but he still couldn't close the distance behind Qi Peijia!

“Damn, why is this guy so perverted?”

David's pupils shrank and he couldn't help but cursed!

Looking at David in front of him, Qi Peijia reached out and grabbed it. In an instant, several black mist condensed into iron chains and wrapped around David!

Every iron chain is like a poisonous snake spitting out letters!

These chains surrounded David from all directions, making David very passive!

Seeing that David was about to be bound by these chains, suddenly a white light flashed!

Brush...

David felt his eyes go dark, then light up, and then he saw that he was already several miles away!

It was as if David was using space means to jump directly into space!

He was several miles away in the blink of an eye. David had no control over this kind of teleportation, let alone how to use it!

But now he actually appeared several miles away!

“What...what is going on?”

David looked confused. He really couldn't understand why he suddenly appeared here?

Chen PingQi Peijia was confused, and Qi Peijia was even more confused, and then his expression became excited, “This guy actually knows space magic and can jump through space...” Qi Peijia thought that

David was using space magic and could jump through space. , that's why he appeared several miles away in the blink of an eye, making it difficult for people to detect him!

Qi Peijia jumped up and landed not far away from David. He looked at David coldly: “Boy, I didn't expect that you can know so many magic skills at your small level. It seems that I want to absorb these magic skills from you.” , used by me...”

After that, Qi Peijia shot at David again, but David turned around and ran away. There was no way he could follow Qi Peijia and fight head-on!

David thought carefully as he ran, what happened when he just arrived?

Suddenly, David seemed to think of something, and his consciousness quickly sank into the storage ring!

When he saw the jade-carved clock in the storage ring, he found that the hands of the clock had moved and were no longer in their original positions!

“Could it be that it wasn't a space spell just now, but a time spell?”

David was shocked!

However, David was very surprised. No matter what he did, the clock never moved. Why did it start to move on its own without anyone taking care of it?

Just when David felt very puzzled, a sudden danger came from behind. Qi Peijia repeated his old tricks, and several iron chains came towards David, about to entangle David!

David tried his best to use the Wind Step, but there was no way to escape. The strength gap between the two was a bit big!

Just when David was panicking, he suddenly found that the lines on the spirit beast egg suddenly flickered. As the spirit beast egg flashed with light, the clock also flashed with white light, and the hands moved slightly!

David was stunned. He really didn't expect that it was this spirit beast egg that made the clock move?

David felt that the danger behind him had disappeared. When he turned around to look, he found that Qi Peijia had been thrown away by him several miles away!
