Chapter 3441

David saw the liger stop and knew that the range of activities of the liger should be limited, so his idea of taking the liger as a pet could not be realized at all!

“Let’s go. The liger has no beast elixir and its strength has been greatly reduced. It won’t be of much help if you keep it as a pet.”

Bai Qian saw David’s thoughts and said!

The liger’s beast elixir was absorbed by David, so the liger’s strength will also drop significantly!

If they take action now, the liger will definitely no longer be their opponent!

David looked at the liger and suddenly took out the Dragon-Slaying Sword!

“What are you going to do?”

Seeing David take out the Dragon-Slaying Sword, Bai Qian was very surprised and said, “The liger beast pill is gone. It has been eaten by you. There is nothing useful in it. Why do you need it?” Are you going to kill it?”

After all, Bai Qian is also an orc, so he couldn’t bear to watch David kill the liger!

What’s more, the ligers in the world of heaven and humans are probably already extinct, and only the ligers survive in this battlefield between gods and demons!

“Who said I was going to kill him...”

After David finished speaking, he used the dragon-slaying sword on the stone walls on both sides of the crack and began to swing it!

Strange lines appeared one after another. It turned out that David was setting up a formation!

Soon, a secret formation was set up by David.

When the formation started, Bai Qian looked forward. There was no sign of the liger anymore, and he only saw an empty road!

“This liger has no beast elixir, and its strength has been greatly reduced. If anyone enters this crack again, I am afraid that the liger will be in danger.” “I have set up this

secret formation, and anyone who is not a senior formation mage can't see through it at all. Yes, so that ligers can live here with peace of mind.”

David explained!

Bai Qian glanced at David, smiled slightly and said, “I didn't expect you to be quite caring. Don't forget to use your love for me too. Why am I smaller and more pitiful than that liger...”

When David heard this, he immediately rolled his eyes. He was almost squeezed dry by Bai Qian, and he dared to say that he was petite and pitiful...

“Who is it? Come out...”

Suddenly, Huofeng shouted towards the corner!

David and Bai Qian also turned around cautiously!

I saw Ning Caichen walking out with a somewhat flustered face.

“Mr. Chen, don't get me wrong, it's me...”

Ning Caichen just saw someone coming out, so he hid. After seeing that it was David and the others coming out, he was very shocked!

Especially the liger, which was following David and the others like a pet, which made Ning Caichen even more confused!

He couldn't understand. There had been a fierce battle just now, and the liger was going to kill these people, but now it followed them like crazy!

Moreover, the ice on David and the others was also lifted. Ning Caichen didn't know why!

And David's formation just now was also seen by him!

"So it's you, where's our technique?"

When Bai Qian saw it was Ning Caichen, she was furious and stepped forward to grab Ning Caichen's collar!

Ning Caichen acted like a little chicken in front of Bai Qian, with no strength to fight back!

"I...I gave the technique to my ancestor, it's not with me!"

Ning Caichen hurriedly explained!

"What about your ancestor..."

Bai Qian asked!

Ning Caichen shook his head. He had no idea where Ning Zhi had gone. Ning Zhi just asked him to wait here!

"Mr. Chen, I took that skill just because you were frozen by the liger, so I used this method to save you and attract the liger away." "

I have no intention of taking advantage of others' danger . , How can I do something ungrateful if you have saved my life?"

Ning Caichen tried his best to explain after David!

Chapter 3442

He was afraid that David would be angry and kill him. After all, David's current strength was not something he could handle!

What's more, Bai Qian and Huo Feng are still here!

David just gave Ning Caichen a cold look. He knew that Ning Caichen was telling lies, but he still let Bai Qian let Ning Caichen go!

“You really don’t know where your ancestor has gone?”

David asked Ning Caichen!

“Really, that skill should be a demon skill, so we can’t open it at all. The ancestor said to try it out and asked me to wait here...” Ning Caichen said truthfully

!

Just as Ning Caichen finished speaking, Ning Zhi’s figure floated down from the evil aura in mid-air!

“This technique belongs to the demon clan and cannot be opened at all. I wanted to try it with the aura here, but it still didn’t work...” After Ning Zhi

finished speaking, he threw the technique directly to David. !

David took the jade slip of the Kung Fu technique and poured a burst of spiritual power into it. Sure enough, there was no movement on the jade slip and the contents inside could not be seen!

“This thing is only useful in the hands of the demons. It seems that our efforts are in vain.” “

Since you want it, let’s give it to you and let’s go find other treasures.” After

Ning Zhi finished speaking, he moved toward Ning Caichen winked, then turned and left!

David watched Ning Zhi and Ning Caichen leave quietly without moving!

Bai Qian and Huo Feng didn’t say anything. After all, the other party returned the jade slip very happily!

“Master, what should we do? Should we wait until we get out and ask Lord Luo of the Blood Spirit Valley to help us take a look? After all, he is a demon cultivator.”

Huo Feng asked David!

“No, I am half a demon cultivator. You two wait for me here...”

After David said that, his body jumped up and was suspended in the evil aura of the crack!

The Ningxin Jue was running rapidly, and David was frantically absorbing the evil energy of the Dao Mark!

The other side has left Ning Zhi and Ning Caichen, who had opened their eyes, slowly raised their heads and found that the evil aura in the cracks was decreasing.

The cracks that were originally obscured by clouds of black mist began to slowly fade, and the scenery above could actually be seen from under the cracks!

“Ancestor, what’s going on?”

Ning Caichen asked in confusion!

“Maybe the technique was taken away, and the evil spirit here is also dissipating.”

Ning Zhi looked at the evil spirit that disappeared, and his teeth itched with hatred!

But he knew that he had to endure it. If David could make the liger docile and free himself from the frozen state, he must have power that he didn’t know yet!

I originally thought that David was dead, but I didn’t expect that he was still alive. But this is better. Ning Zhi can take revenge by killing David with his own hands!

But not now. Ning Zhi is no longer the reckless person before. He must take action when he is 100% sure to kill David!

Now his identity has not been revealed. He is hiding and David is hiding. This is Ning Zhi’s biggest support, so he will not be exposed easily!

“Ancestor, it’s such a pity that you gave up your skills so easily...”

Ning Caichen said with regret on his face!

“Since we can’t open it, it’s useless for us to keep it. Why don’t we do it as a favor? If we don’t give it to him, will he let us leave?”

Ning Zhi smiled faintly, and then jumped out of the crack!

After leaving the crack, Ning Zhi glanced at the crack behind him and raised a sneer at the corner of his mouth.

I don’t know if this guy has opened the technique and seen the content inside!

.....

I don’t know how long it took, but David slowly opened his eyes and started laughing!

With these Dao Mark evil spirits, he can continue to use the God King Bow. The last time he fought with Qi Peijia, David almost exhausted all the power in his body!

Although this battlefield of gods and demons is full of spiritual energy, there is also fairy energy everywhere, which can be quickly replenished by David!

But it is difficult to replenish this evil spirit. It can only be replenished by killing evil things or some rotting corpses, and that is also very slow!

But within this crack, there was so much Dao pattern evil energy that David absorbed it happily!

David even doubted whether this crack was opened by the Yin Demon’s sword?

Also, could the technique be from Yin demons?

Is that a liger or the mount of the Yin Demon?

David didn’t know all this, and he was just guessing. If he wanted to figure it out, he would have to encounter the evil spirit!

But it's not easy to meet the evil spirits. These old guys are hiding somewhere to secretly investigate! After

all, if their identities were exposed, it would be exciting!

David slowly fell from the air, and Bai Qian and Huo Feng hurried up!

"How's it going? Do you know what's in that technique?"

Bai Qian asked quickly!

Huofeng also listened curiously with his ears perked up!

But David shook his head, "I haven't looked at it yet..."

Upon hearing that David hadn't opened it yet, Bai Qian said anxiously, "You should open it quickly and take a look..."

David nodded, and then said The evil spirit continues to penetrate into the jade slips of the Pressing Exercises!

As the jade slip slowly flickered with white light, the white light finally turned into golden light, and a shadow was projected into the air!

David hurriedly exuded his spiritual consciousness and quickly looked up the exercises on the jade slip!

It only took a moment for the jade slips of this technique to enter David's consciousness!

Soon the light disappeared and nothing could be seen!

And the jade slip of the martial art also turned into ashes in David's hands!

"What the hell is this? I don't understand it at all..."

"Huofeng, do you understand it?"

Bai Qian couldn't help but cursed!

"I don't understand either..." Huofeng also shook his head!

"David, please study quickly and find out what kind of skill this is."

Bai BaiQian urged David!

David hurriedly sank into the sea of consciousness and carefully looked at the technique he had just obtained. However, this technique was indeed a bit obscure and difficult to understand, and David was also a little confused!

After all, David is not a true demon cultivator, so David cannot understand many of the contents of this technique!

“Mr. Chen, this... this is the breath-taking technique, which is considered a good technique...”

At this time, Zhe Yan said excitedly!

When David heard Zhe Yan’s voice, he suddenly remembered that there was a demon cultivator in his consciousness.

During this period of time, Zhe Yan had been raising golden silkworm poison, so he did not communicate with David, causing David to forget about him!

“What is the Imitation Breathing Technique?”

David asked Zhe Yan!

“This imitation breath technique is a deception technique that can make people change their body appearance, and even the breath on their body, directly turning you into another person!” Zhe Yan explained

!

“Become another person?” David was surprised. “You mean, after practicing this breath-taking technique, I can change seventy-two times?” After hearing this, Zhe Yan was speechless for a while and

could only say, “Mr. Chen, this breath-taking technique It can only change your body shape, appearance and aura, turning you into another person, not anything else.”

“If you become another person, no one will see through it, right?” David continued to ask!

“It depends on how well you practice the Breath Imitation Technique. However, if you want to become someone much stronger than yourself, there

will definitely be flaws. After all, you are a monk and want to become an immortal. The aura on your body It's impossible to achieve it no matter how you change."

"As long as the difference in strength is not too big, this breath-taking method can deceive the past, and even acquaintances around you will find it difficult to tell the difference."

Zhe Yan explained!

David nodded, finally understanding what this breath-taking method was for. It was a good thing!

This breath-taking technique can not only catch you by surprise, but also enable you to escape when you are in danger. It is simply amazing!

"David, do you know what this technique is?"

Seeing David coming out of the sea of consciousness, Bai Qian asked quickly!

Chapter 3444

"This technique is called the Imitation Breathing Technique. It is a technique that can change your appearance and breath."

David followed Bai Qian and said!

Upon hearing this, Bai Qian was shocked and said, "I have heard of this technique, and there are also rumors that a demon cultivator can directly become the leader of a sect and control a sect with this technique."

"It's just that he got into trouble later when he was drunk, and someone found out, and he was directly hacked to death..."

"Is this technique so powerful?" Huo Feng asked with great interest after hearing this!

“Of course, if you become proficient in this breath-taking technique and transform into another person, even your relatives won’t be able to notice it,”

Bai Qian said!

“Ah, so awesome?” Huofeng was shocked, then looked at David and said, “The master will be very lucky in the future, he will probably be extremely beautiful...” “

What do you mean?” David was stunned, not understanding what Huofeng meant.

“Once you have mastered this breath-imitation technique, you can change your appearance at will, and your relatives won’t notice.”

“Can’t you change your appearance at will, and then...”

Huo Feng smiled, no He continued, but David and Bai Qian understood everything!

“What are you talking about?”

David glared at Huofeng!

Bai Qian laughed loudly and said, “He can’t even feed the women around him, and he still misses other people’s wives...”

“Let’s go, let’s go...”

David can’t stand these two women, they are too open-minded. ...

David jumped up and jumped directly out of the crack!

Bai Qian and Huo Feng followed behind, and the two girls were still chattering about the breath-taking method!

David and the other three walked westward. David felt much more at ease at this moment!

The Dao Mark evil spirit in his body is very full. Even if he encounters Qi Peijia, he can still use the God King Bow to resist it!

Besides, there is Bai Qian around, so there is no need to be afraid!

David and the others flew for a certain distance and found that the mountains in front of them were as continuous as the sea, and the mountains were undulating, followed by other places. Fang is a little different!

And there is a peak at the highest point of the mountain range. The mountain is so steep that it looks like a knife and ax have been cut through it. From a distance, it looks like a sharp sword thrust into the sky!

There are clouds and mist all around the mountain peak, and wisps of fairy spirit surround the mountain peak vaguely, but they don't drift away!

David could not help but frown slightly as he felt the faint fairy spirit!

“What a strange mountain range...”

Huofeng said looking at the mountain peaks not far away!

“Look at the continuous mountains surrounding that peak, and the peak is surrounded by fairy energy.”

“Why do I look at the mountains around the peak as if they were man-made? It couldn't be during the war between gods and demons. Someone A magic circle set up, right?”

Bai Qian murmured to herself!

After hearing what Bai Qian said, David also looked around. He also found that the continuous mountains were a bit strange, but he didn't think about the magic circle. After all, such a huge magic circle must be such a big deal!

But then I thought about it, at that time the gods and demons were fighting, it was the immortals who descended to the world of heaven and humans. If it was the formation set up by the immortals, it would be possible even in Hongda!

“Let's go down and take a look...”

After David finished speaking, his figure floated down!

Bai Qian followed Huo Feng. They were looking for treasures aimlessly anyway. Maybe there might be something in this mountain range!

When David and the others landed, they realized that the mountains that had just been in front of them were no longer visible at all!

Their figures were hidden in the mountains, too small, like ants!

“If this mountain range is really man-made, then this person who set up the formation is so awesome...”

David said with emotion after falling down!

“What’s so awesome about this? When you ascend to immortality, moving mountains and filling rivers is just a wave of your hand. Once you reach your strength, everything will become easy.”

Bai Qian said to David!

“Ascended to become an immortal, I don’t know what year or month it is...”

David smiled bitterly, and then began to walk forward!

Chapter 3445

“Help, help...”

Just when David and the others had not gone far, they suddenly heard the cry for help!

The person calling for help was a girl, and she was in a hurry!

David didn’t want to worry about it. After all, there were everyone in this battlefield of gods and demons, and they all came here to hunt for treasure!

Since you are here to hunt for treasure, be mentally prepared to encounter various situations!

But just when David wanted to pretend not to hear it and walked past, he saw a girl who was in embarrassment and only seventeen or eighteen years old running in panic!

The girl's skin is very white, and her facial features are also very pure. She looks like a little beauty at first glance, and her aura is not low, and she has reached the realm of transcending tribulation!

At this age, you have reached the realm of transcending tribulation. If you are not talented and smart, then you have a very strong background, maybe you are the eldest lady of a certain sect!

After all, only a large amount of resources can support cultivation! Like

those poor mountain people, although they are also monks, they may not reach the realm of overcoming the tribulation after practicing for a lifetime!

The girl's forehead was covered with cold sweat and she kept looking back!

Behind the girl, two demons were chasing after her quickly!

"Little girl, you can't run away, just obey..."

the two demon cultivators said with lewd smiles on their faces!

How could the girl listen? She ran forward as hard as she could, but when she saw David, she suddenly stopped, and then looked at David warily!

She didn't know who David was and whether he was with the demon cultivator, so the girl was very wary!

But the two demon cultivators behind him are getting closer and closer!

At this time, the girl saw Bai Qian and Huo Feng. They were both girls, so they might have a natural closeness!

I saw the girl bypassing David and running towards Bai Qian and Huofeng!

"Sister, please help me..."

The girl ran to Bai Qian and Huo Feng, and then hid behind them with a look of panic!

Bai Qian followed Huo Feng and looked at the girl's pitiful appearance. They all felt sorry for An Wen and said, "Don't be afraid, as long as we are here, no one will hurt you..."

At this time, two demon cultivators had already chased after them. When the demon cultivator saw Bai Qian and Huo Feng, he grinned, "Hahaha, today is such a good day. Two beauties are here again. This is a blessing."

The two demon cultivators stared straight in the eyes. Looking at Bai Qian and the others, they didn't notice David not far away at all!

"How can you two demon cultivators bully a girl, so shameless?"

Bai Qian asked the two demon cultivators angrily!

"What kind of face do you need in this battlefield between gods and demons? What's more, this is the Demonic Mountain, the territory of our demonic cultivators, what else do you dare to do?"

A demonic cultivator said arrogantly.

This battlefield between gods and demons opened in Tianmo Mountain is the territory of the demon clan, so they are not afraid at all!

"I advise you to be obedient. As long as you serve us brothers comfortably, you can still save your lives. I think you are not a big girl anymore. Having fun with us brothers is nothing.

" A demon cultivator couldn't bear it anymore and slowly approached Bai Qian and the others!

Listening to the demon cultivator's words, Bai Qian and Huo Feng were so angry!

"You dare to make plans for my woman. Is this the end of her life?"

This was a playful voice coming from behind the two demon cultivators!

The two demon cultivators quickly looked back and found David looking at them coldly not far away!

The two of them relaxed instantly when they saw that David was just a first-level monk in the Tribulation Realm!

"Boy, do you, a first-level cultivator in the Tribulation Realm, deserve a woman?"

“Let me tell you, our two brothers are playing with your woman to give you face. You should feel lucky!”

the two demon cultivators sneered. With David!

Huh...

David didn't say anything, but the Dragon-Slaying Sword suddenly appeared in his hand, and then a sword light flashed across it!
