Chapter 3465

David looked at the situation around him, and he could tell at a glance that this was a phantom formation!

“What a powerful illusion array, it can actually be so real...”

David looked around and sighed!

At this time, bursts of screams came from not far away!

David hurried over following the sound and found a group of monsters attacking several monks!

These monks are Zou Qi and the others. Now there are only a few of them left, and there is no way they can face so many monsters! Seeing

this scene, although David didn't know Zou Qi and others, he also knew that these people must be from the Tianming Gang!

David looked around and found that there were only Zou Qi and Qi Peijia. After thinking for a moment, David smiled slightly!

I saw David activating the Imitation Breathing Technique, and his whole person was changing rapidly. After a while, he turned into Qi Peijia!

David took one look at his current appearance and smiled with satisfaction!

Although David hasn't mastered it yet and his breath control is not very good, his appearance is exactly the same!

After David transformed into Qi Peijia, he rushed forward, then slapped his palm, and a ripple vibrated in the void. Those ferocious monsters all slowly dissipated like reflections!

Zou Qi and the others were pale at this time, looking at the disappearing monsters, still breathing heavily!

“Gang leader, where did you just go? Fortunately, you showed up, otherwise we would be in danger.”

Zou Qi felt a lot more at ease when he saw Qi Peijia!

Several other members of the Tianming Gang also hurriedly followed David to express their thanks!

If David hadn't appeared in time, they would all have died here!

David saw that none of these people saw through him, so he secretly breathed a sigh of relief!

But when Zou Qi called him the gang leader just now, David realized that Qi Peijia had actually become the gang leader of the Tianming Gang!

“I just looked around and thought See how to get out of here. “

David said perfunctorily!

“Gang leader, what method did you use just now? All those monsters disappeared? It's like those monsters are illusions. “

Zou Qi frowned slightly and asked in confusion!

“Those monsters are illusions, and now we are all in the illusion array...”

David said!

Zou Qi was stunned, “Gang leader, didn't you just say no? Illusions, are all those monsters real? “

And those monsters can indeed cause harm. Haven't you seen it with your Tianming Eye?” “

When David heard this, his heart suddenly thumped, and he quickly explained, “These monster beasts I just saw with Tian Ming's eyes are indeed real, and they can also cause substantial damage, but they are just high-level phantom formations. My Tian Ming's eyes are My eyes were deceived. “

I checked it again with the Tian Ming Eye. I have discovered the eye of this phantom array. As long as the eye is destroyed, we can leave here.” “

” There is such a real illusion array in the world. It is worthy of being set up by an immortal. “Zou Qi was very shocked after hearing this. “Gang leader, I don’t know where the formation is. Let’s break it quickly. It’s too scary here...”

David nodded, and led Zou Qi and others to start looking for the formation. Eye!

Although this illusion formation is very advanced, it is nothing in David’s eyes. David quickly found the location of the formation eye!

“Gang leader, since you have found the formation eye, leave the matter of breaking the formation to us. Well...”

Zou Qi said hurriedly and courteously!

He couldn’t show that he was too incompetent, otherwise, Qi Peijia might not let him play!

David nodded and looked on, while Zou Qi said: He led several members of the Tianming Gang forward and began to use the formation eyes to break the formation!

Zou Qi did have a moment. After just a few minutes, the entire sky suddenly became extremely dark!

When the sky lit up again, David They found that they were already at the top of the mountain, and the simple and solemn hall in front of them appeared again!

Chapter 3466

“It’s out, it’s finally out...”

Zou Qi and others looked at the familiar hall in front of them and became excited!

After they entered this hall, they were trapped in various formations and almost lost their lives!

David just looked at the hall in front of him. He could really feel that there were waves of immortal energy coming from the hall, and this immortal energy seemed to be different!

But David couldn't tell for a moment what the difference was. When

David walked into the hall for the first time, he didn't notice this fairy aura, but now such a fairy aura suddenly appeared, making David feel very curious!

"You guys just wait here, I'll go in and take a look..."

David asked Zou Qi and others to guard outside, and then walked towards the main hall!

Zou Qi and others nodded repeatedly, with faces full of joy. They didn't want to go in again, or they might lose their lives, but it wasn't worth it!

David walked into the main hall and found that there was a copper tripod in the main hall, and inside the bronze tripod, there was some black liquid!

And that special fairy energy actually emanated from the copper tripod!

David looked around and found that the hall was empty and there was nothing left. This made David very strange!

Obviously when he first entered the hall, there was no such bronze tripod!

David got closer and took a closer look. The immortal energy was as vast as the sea, rushing straight towards David. David's pores opened and closed, absorbing the immortal energy crazily!

"Is this fairy liquid?" David was a little surprised!

If the immortal energy is strong enough to a certain extent, it will condense into a liquid. If the bronze cauldron contains immortal liquid, you can imagine how much immortal energy this cauldron contains!

David's Heart Condensation Technique began to work crazily, and there was a thin layer of fairy mist surrounding him!

Looking at the fairy liquid in the copper cauldron, David really wanted to drink it directly. Although the fairy liquid looked dark, it was very helpful for cultivation!

Just when David was hesitating whether to start drinking directly!

Suddenly the storage ring vibrated, and the spirit beast egg ran out on its own, and then plunged into the copper tripod!

The spirit beast egg seemed to feel the call of the fairy liquid!

The spirit beast egg jumped into the fairy liquid and began to roll continuously, as if it was taking a bath!

The tidal wave of fairy energy all around is like a tsunami, constantly surging along with the rolling of the spirit beast eggs!

A violent fairy energy formed a vortex with the spirit beast egg as the center!

Seeing this scene, David really wanted to scold him!

I finally found the fairy liquid, so I should make good use of it and absorb it. Maybe I can improve my realm by two levels!

But what about now?

This spirit beast egg actually follows me to snatch these fairy liquids!

David could only run the Heart Condensation Art as hard as he could, but the speed of absorption was far behind compared to the spirit beast egg!

David watched helplessly as the immortal liquid in the copper cauldron became less and less, but there was nothing he could do!

“You have absorbed so much immortal energy, but you hatched it for me? It has always been an egg, and there is an egg for it?”

David cursed angrily!

This spirit beast egg will only rob him of his immortal energy and won't help at all!

If this could be hatched, it would be awesome if David had an extra spiritual beast mount!

But just as David cursed, the spirit beast egg actually changed!

The eggshell began to slowly become transparent, and the contents inside the egg could be vaguely seen!

David was delighted and quickly looked closer and found that the eggshell had become opaque again!

However, this time there were slight cracks on the eggshell!

“Is it going to hatch?” David was ecstatic!

As the immortal liquid in the copper cauldron became less and less, the cracks on the spirit beast egg became larger and larger!

Chapter 3467

When David saw this, he held his breath and waited quietly!

At this moment, the sky outside the hall was covered with clouds and thunder was flashing!

Zou Qi and others who were standing outside looked at the sky in surprise!

“This aura is so terrifying. Is the battlefield of gods and demons about to be closed?”

A member of the Tianming Gang asked in panic!

Zou Qi shook his head, “It should be the gang leader’s breakthrough. There are thunder clouds in the sky...”

“Breakthrough?” Several members of the Tianming Gang looked surprised!

You must know that Qi Peijia is so young and has reached the eighth level of the Tribulation Realm!

If this is a breakthrough, it will be the ninth level of the Tribulation Realm. Isn’t it too outrageous?

“Deputy gang leader, if we are making a breakthrough, the gang leader will be at the ninth level of the Tribulation Realm. Is it too perverted for such a young, ninth level great monk of the Tribulation Realm?” “Isn’t

this impossible? How can cultivation be so easy?”

Several members of the Tianming Gang didn’t quite believe it!

“Ninth level?” Zou Qi looked at the sky solemnly. “Perhaps it is not the ninth level, but directly promoted to the Mahayana realm. This is the first time I have seen such a terrifying thunder cloud!”

Thunder rolled and flickered in the sky. There was a brilliance and a dull rumbling sound, like the roar of a beast!

They could clearly hear even the fire phoenix halfway up the mountain, and even see the thunder clouds in the sky!

At this moment, David also felt the sense of oppression. This sense of oppression was even stronger than when he broke through!

Looking at the thunder clouds outside, and the thunder tribulations making bursts of sounds, David felt incredible!

“Does it mean that after a spiritual beast emerges from its shell, it still has to endure a thunderstorm?”

David was very puzzled!

What are the spiritual beasts doing? They are just beasts, just animals. How can they suffer thunder disasters as soon as they are born?

If this were the case, the beast race would have been extinct long ago. How could it have withstood the thunder tribulation after it had just hatched from the egg?

“No, we must not let this spiritual beast die in the egg. It will be a waste of time. He has given me so many resources, even a dog has to crawl out of the egg for me...”

After David finished speaking, the indestructible golden body covered his whole body, and he decided to help this spirit beast egg block the thunder disaster! Boom

! .....

A thick ring suddenly fell, and the roof of the entire hall became shattered!

David shouted angrily, punched down, and blocked the thunderous blow!

“Isn’t this wrong? Why is this thunder calamity so powerful? “

After David shattered the thunder tribulation with a punch, he felt something was wrong. The power of this thunder tribulation was even more powerful than when he broke through the tribulation realm!

What kind of spiritual beast can attract such a powerful thunder tribulation as soon as it hatches from an egg? ?

Rumble...

Before David could take a breath, the second thunder tribulation suddenly fell!

David gritted his teeth and bombarded towards the thunder tribulation again. The thunder tribulation

was blocked by David again and again, and the spirit beast There were more and more cracks on the egg, and it was about to break out!

David was surprised and happy. He was really afraid that a little monster would come out of the eggshell!

That would be a waste of all his efforts. Boom!

Boom...

Just as David was staring closely at the spirit beast egg, a thunderstorm suddenly struck down!

“Damn, is it over yet? This is the eighth thunder tribulation...”

David was speechless. When he broke through, there were at most nine thunder tribulations!

But before the spirit beast egg hatched, it was already the eighth thunder tribulation!

And ! This eighth thunder tribulation is obviously more powerful.

“Master, look at the top of the mountain. This is the Tianxuan thunder tribulation...” The

elder on the mountainside stared blankly at the eighth thunder tribulation, with a face full of shock. Said to Sheng Bushi!

Sheng Bushi also looked shocked at this moment, “Who is it?” Who is making the breakthrough? How could there be a Tianxuan Thunder Tribulation? “

“This is a thunder catastrophe that you will only encounter when you advance to the Mahayana realm. Could it be that someone has broken through to the Mahayana realm? “
