

Chapter 3741

"Sister Binglu, do we really want to listen to Mr. Chen? Does the Palace Master think too highly of him?" After

David and the Palace Master left, a saint asked Binglu!

"Of course we have to listen. This is the palace master's order. We must obey it. However, the road to the Pole is extremely difficult, and even when we reach the Pole, there will be various dangers." "

Whether you can survive then will depend on It depends on their own destiny."

Binglu's meaning is very obvious, she will not really risk her life to protect David!

Originally, it was very dangerous for them to go to the polar regions with their strength, but it was even more troublesome with David as a burden!

And they have to obey David's command. These saints are not convinced at all!

"Yes, if the king's life will be affected, who will care when we get to the extreme? I will not protect that guy!"

The saint girl rolled her eyes and said!

"Let's just listen to Sister Binglu. That guy gives the orders, let him do it himself!"

Another saint said!

“Okay, let’s continue practicing. We will set off the day after tomorrow. I don’t know how many of us will be able to come back!”

Binglu waved her hand and asked everyone to continue practicing!

David on the other side felt a little uncomfortable after leaving that space. After all, what he said was indeed hurtful!

He also knew that these saints would obey his orders under the pressure of the palace master!

But after leaving Guanghan Palace, it is not certain whether these saints will listen to me!

If things fall apart due to disagreements, this is not the result David wants!

David plans to ease the relationship and follow these saints!

If you want to ease your relationship with a woman, the only way is to buy, buy, buy!

These saints are locked in that space for cultivation, and they will definitely not be able to contact the outside during this period!

And if there are some auxiliary things that can help with cultivation, these saints will definitely be happy!

Think of these, David left Guanghan Palace and headed straight for Nanju City!

David wants to buy some things that the saint can use in Wantong Pavilion!

It can also be considered as a gift to ease the relationship!

David came to Nanjing City, found Wantong Pavilion, and directly showed the token given by Elder Xia!

With this token, David can travel unimpeded in Wantong Pavilion!

David bought some fairy grass elixirs for those saints, as well as some women's favorite beauty pills and the like!

Although refining these things is not troublesome, in this world of heaven and earth, pharmacists are extremely rare and precious, so even simple pills are precious to many monks in the world of heaven and earth!

David also bought some materials for spells and prepared to draw some spells himself, which could help the saints resist for a while when necessary!

"Mr. Chen, you bought so many things, are you going to the Pole?"

At this time, Pavilion Master Qian, who was the person in charge of Nanjing City, saw that David had bought a lot of things, so he stepped forward and asked!

David nodded and said, "Well, we are leaving the day after tomorrow, so I came to your Wantong Pavilion to buy some items for emergencies."

Hearing David's affirmative answer, Pavilion Master Qian looked at him in surprise. !

"I heard that the test for Guanghan Palace's trip to the polar regions was very harsh. I didn't expect David to pass it."

In his opinion, it is not easy for David, who is in the third level of Tribulation Realm, to be able to pass the test. of!

"I just passed by luck."

David smiled lightly!

After chatting with Pavilion Master Qian for a few words, David left Wantong Pavilion and was about to return to Guanghan Palace, but he didn't expect to encounter that magical machine!

When Shen Jizi saw David, he was stunned!

Some rubbed their eyes in disbelief!

"You...you're not dead?"

Shen Jizi thought David would die in the illusory formation of Guanghan Palace!

"You're not dead, this is not a good thing."

David patted his body and said!
