Chapter 3816

“Mr. Chen, Mr. Chen...”

Binglu and Lan Yingying saw that David had come out of the land of chaos and ran over in a hurry!

Several people shouted desperately for David!

David slowly woke up from his coma! When he saw Binglu and the others, he was also full of surprise!

“Am I not dead?”

David glanced at himself. His body was originally covered in scars, but now there were no scars at all!

“Mr. Chen, you are not dead. You came out of the land of chaos.”

“You may be the first person to come out of the land of chaos alive.”

Binglu said excitedly!

David frowned, suddenly remembered something, stood up and looked around.

“Mr. Shi, Mr. Shi...”

David shouted, but there was no Mr. Shi around.

“Mr. Chen, who is this Mr. Shi you are talking about?”

Binglu asked doubtfully!

“Did you see anyone else around me?” David asked quickly!

“No, I only saw you coming out of the land of chaos.”

Binglu shook his head!

At this moment, David fell into deep thought. Could it be a dream?

David couldn't figure out whether it was reality or a dream!

He only remembered that when he was about to die, Mr. Shi appeared!

“Boy, that was not a dream, someone did save you!”

Demon Lord Chiyun spoke.

When David heard this, he asked excitedly, “Is that Mr. Shi? Have you seen him?”

“How do I know who it is? I can't remember who he is, but I only know that he is very powerful. .”

“His look almost scared me to death.”

“Who is that of yours? You have such an expert guarding you behind your back, you are so scared!”

“Stomping your feet in the world of gods and humans. , don't they all have to bow down to you!”

Demon Lord Chiyun didn't remember Mr. Shi, so heHe couldn't remember Mr. Shi, but he could sense how powerful Mr. Shi was!

“He is...”

David was silent. He didn't know who Mr. Shi was!

He followed Mr. Shi, and it never seemed to matter!

But Mr. Shi was as loving as a father to him!

David once suspected that Mr. Shi should be from the Dragon Clan, and he was both a Dragon Clan, so it was reasonable for Mr. Shi to take care of him.

But Mr. Shi himself never admitted it!

“No matter who he is, you have to protect me after I am reborn physically!”

Demon Lord Chiyun said and stopped talking!

David was also speechless for a while!

This was not what Demon Lord Chiyun said before. He said that when he reached the heaven, he wanted to cover himself!

Now he actually wants to cover him!

what is this?

“Mr. Chen, are you okay? If you are okay, let’s leave quickly. The Mu family will catch up.”

Binglu saw David motionless and said!

David followed Demon Lord Chiyun’s communication, but Binglu and the others couldn’t hear it!

“Okay, let’s go to Najishi Mountain...”

David pointed to the mountain in the distance!

Because of David, the chaos in the Land of Chaos surged, making the mountains more obvious and the surrounding halo becoming much darker!

Binglu and the others looked at the high mountain and asked puzzledly, “Mr. Chen, it seems that I have never seen this mountain before? Why is it called Jishi Mountain?”

“This mountain peak should have always been in the Land of Chaos and was blocked by a barrier. , appeared for some reason.”

“This mountain is full of Jishi, which should be where the Jishi mine is, and this Jishi Mountain is just a name I randomly called.”

David explained!

“What? There are all pole stones on this mountain peak?”

At this moment, Binglu and the others all opened their mouths.

How many pole stones are needed? If all these pole stones are given to Guanghai Palace, Guanghai Palace will not use them much. For a long time, there is no problem in dominating the entire heaven and human world!

Chapter 3817

When David took Binglu and the others towards the Jishi Mountain, Mu Naiyi also took the Mu family to the mountain peak!

Their purpose is not to kill these saints, but to obtain the extremely stone mine!

Now that the turbulence is surging, the mountain peak is completely revealed. Of course, they must rush over as soon as possible!

At the same time, the sudden appearance of the mountain peak, coupled with the surrounding halo, made many people who entered the polar region excitedly move towards the mountain peak!

After all, they had not found the place where the immortal fell for so many days. Now a mountain suddenly appeared. Of course they had to go take a look! Maybe

this is the hidden place where immortals fell!

For a moment, everyone was running towards the mountain peak that appeared!

David and the others are closest to the Land of Chaos, so they act very cautiously!

There are too many turbulences in this land of chaos, and there is also a lot of suction. Anyone who is not careful will be sucked in!

David knew that if he was sucked into the land of chaos again, no one would be able to save him!

Mr. Shi can't appear anytime and anywhere!

But David was still very happy knowing that Mr. Shi was not dead!

David walked on the innermost side, Tian Ming Eye opened, and everything in front of him became gray!

However, under Tian Ming's eyes, everything is invisible!

Even the scene in the Land of Chaos was clearly visible to David!

No matter how distorted time and space is, David can see it clearly!

As he got closer and closer to the rocky mountain, David suddenly noticed an unusual aura!

These auras are huge and constantly gathering!

It was an extremely terrifying smell that made David shudder!

"Mr. Chen, did you find something?"

Binglu asked carefully when she saw David like that!

David didn't speak, but Tian Ming's eyes were blinking rapidly!

Soon, David discovered that in the land of chaos, countless small black dots were moving from far to near little by little!

And it's very fast, constantly traveling through the land of chaos!

When David saw these black spots clearly, he took a deep breath!

I saw that these were all monster beasts, countless monster beasts running from the snowfields of the Northern Territory!

These monster beasts seemed to be attracted and summoned by something, and they rushed into the land of chaos with all their lives, and then ran towards the pole!

The monster beasts in the land of chaos seem to be unaffected by anything at all!

The direction in which these monster beasts were attacking turned out to be the Jishi Mountain!

The appearance of Jishishan also attracted countless monsters!

Even in the land of chaos across the border, these monsters are aware of it!

After all, for these monster beasts living in the snowfields, pole stones are also their cultivation resources!

Looking at the countless monsters, David took a deep breath, and his whole body became extremely solemn!

“Speed up and go up the mountain immediately...”

David knew that if they were here, they would be trampled to death by the monster beasts rushing out of the Chaos Land!

Countless monsters were like huge waves, and these few of them would definitely be drowned in an instant!

Only by quickly going up to Jishi Mountain can we avoid the impact of this large wave of monsters!

David sped up, and Binglu and the others followed closely behind!

Although they cannot see the situation in the land of chaos, they obey David's orders unconditionally!

David's expression was very nervous, which also made the saints following behind him dare not breathe!

They have never seen David so nervous!

David and the others were getting closer and closer to Jishi Mountain. When they reached the foot of the mountain and looked at the halo around the masters, they realized that there was a formation at the foot of the mountain!

No wonder such a mountain peak can be blocked by a barrier and emit circles of light!

David touched it tentatively and found that this formation was not an offensive formation!

It's just that when you walk into the formation, you can't mobilize any breath in your body, just like an ordinary person!

But after walking out of the formation and entering the mountain, you will recover!

Chapter 3818

After repeated trials several times, David led Binglu and the others into the formation at the foot of the mountain!

David didn't know who set up this formation, but with such a huge formation that could shield the entire mountain, the opponent must be a very powerful formation master!

After walking into the formation, David and the others' footsteps became extremely heavy!

Not to mention flying, even walking is difficult! After

all, I have become an ordinary person. It must be very difficult to walk on such a mountain road and it is full of snow!

But not long after David and the others entered the formation, they discovered that not far away, a group of people were also moving forward with difficulty!

These people are the Mu family brought by Mu Nayi!

Now, when the two sides met, they were extremely jealous!

Especially Binglu and the others, all of them had scarlet eyes, wanting to rush forward and kill all the Mu family members!

On the way, David also learned that the bodies of the saints were caused by the Mu family, and he was very angry.

These beasts of the Mu family can only kill people with a nod of their heads, but they also leave the corpses alone. They are worse than pigs and dogs!

Everyone in the Mu family was stunned when they saw David and the others, and then there was murderous intent in their eyes!

Especially Mu Yao, after seeing David, he wanted to take action immediately!

However, here, everyone has no cultivation. Even ordinary people, let alone fighting, would have difficulty walking on this mountain road!

The most important thing is that their weapons can't be used anymore!

“You beasts that are worse than pigs and dogs, God will not let you go.”

Binglu gritted her teeth and cursed at everyone in the Mu family!

“Little girl, have you never tasted our power? Do you dare to curse and believe that I will take off your clothes?”

Mu Yao said with a vulgar look!

This time, Ke Binglu was furious, but they were all girls, so it was impossible to take advantage of them verbally!

David reached out and stopped Binglu from making any sound!

David took a few steps forward and looked at Mu Yao coldly, “Have you forgotten about eating and not about beating? Have you forgotten how I beat you?”

Mu Yao felt a burst of fire in his heart when he thought of being beaten by David. Boy, what are you so awesome about? Do you dare to attack me now if you have the ability?”

“Boy, if you go against my Mu family, you are playing with fire. Now you have become the prey of the Demon-Sealing Alliance. How dare you? What are you so arrogant about?”

Mu Naiyi's eyes narrowed slightly and she stared at David and said!

David killed her nephew, and Mu Naiyi had long wanted to kill David for revenge!

“Old man, as an elder of Guanghan Palace, you attacked the saints of Guanghan Palace without shame.”

“Today I will avenge those dead saints.”

David gritted his teeth and his eyes were extremely sharp!

“Haha, just brag. Here you and I are just like ordinary people. We can't mobilize the breath in our bodies at all. How can you take revenge?”

“Use the stones on the ground?”

Mu Naiyi sneered at David It's just a mockery!

Although they are now ordinary people, the Mu family is obviously very large, and they are all men!

Even with the power of the physical body, the Mu family cannot be afraid!

After hearing what Mu Naiyi said, David instantly bent down to pick up a stone and threw it hard!

The stone was like a cannonball, hitting Mu Naiyi's head directly!

He directly hit Mu Naiyi's head with a big blow!

“Hahaha...”

Binglu and the others burst out laughing when they saw this, and finally let out a breath of bad breath!

Mu Naiyi covered her head and roared at the top of her lungs, “Throw them to me and stone them to death...”

At this moment, everyone in the Mu family also picked up the stones and threw them at David!

David, on the other hand, faced more than a dozen people from the Mu family without flinching, picking up rocks and throwing them at them!

Chapter 3819

You must know that David's physical body has been tempered many times in the secular world, and it is as strong as copper tendons and iron bones!

Even if he loses any spiritual power and becomes an ordinary person, David's physical body is not comparable to anyone!

When a stone hits David, it feels like it's being tickled!

But Mu Yao and others are different. They live in the world of gods and humans. They focus on spiritual cultivation and the improvement of their realm. No one pays attention to the tempering of the physical body! After

all, in the eyes of these monks, the physical body is just a shell. If the physical body is destroyed, as long as the soul is still there, the physical body can be rebuilt!

It is very inappropriate to spend time tempering a body!

Because of this, the physical bodies of these people are the same as ordinary people!

Without the blessing of spiritual power, the physical body may not be as strong as ordinary people!

The stone in David's hand was very accurate, and he kept hitting the Mu family members!

These guys who were hit directly screamed!

Big bumps formed on my body very quickly!

Soon, other monks entered, and they were all shocked when they saw the funny scene in front of them!

Who would have thought that in a world full of monks, the world of heaven and humans!

There is also this most primitive fight!

Everyone looked at the excitement!

"Mr. Chen, come on, come on..."

Binglu took the lead and started shouting, come on!

Lan Yingying and the others also shouted together, while David raised his hands together, and the stones under his feet fell like raindrops towards everyone in the Mu family!

Everyone in the Mu family was beaten back and forth, and they were all in a state of panic!

When Munaiyi saw this, he was going crazy!

He yelled angrily, but was hit again by a stone, and he was bleeding!

“Let’s go, don’t fight with him. When we leave this area, I will cut this kid into pieces!”

Mu Naiyi knew that they couldn’t take any advantage here, and they were even laughed at!

Mu Yao et al. I wanted to leave a long time ago, so I covered my head and ran away!

“Mr. Chen, you are amazing. It’s so refreshing to see those people in the Mu family in such a mess!”

Binglu stepped forward and said very happily!

But David was not very happy. He knew that this was because of his physical strength and the restrictions on the formation here!

If he leaves this area and meets these people from the Mu family, David is not sure!

Only Mu Yao and the Mu family could be dealt with by David!

Now that Mu Nayi is here, David may be difficult to deal with!

A great cultivator at the peak of the Tribulation Realm, and a ninth-level cultivator at the Tribulation Realm!

If these two people join forces, David has no chance of winning!

What’s more, there are many other sect monks here. Although these people are coming to the place where the immortal fell, if they can’t find the

immortal's death but know their identity, there is no guarantee that these people will not It's going to be weird!

David knew that his current situation was difficult, but he couldn't tell Binglu and others because he didn't want to put too much pressure on them!

"Let's leave as soon as possible..."

David didn't say anything more, but turned around and continued walking towards the mountain!

David was afraid that these other sect monks would discover his identity!

"Fellow Taoist, stay!"

At this time, an old man in green shirt shouted to David!

David's body shook slightly, but he still stopped!

After all, no one here has spiritual power. With David's powerful physical body, there is no need to be afraid of these people!

"Is something wrong?"

David turned around and looked at the old man in green shirt!

The old man in green shirt stepped forward, walked to David, and said very politely, "I, Ouyang Zhenhua, brought several juniors from the family to the polar regions for training. I wonder if this fellow Taoist also came to the polar regions to search for From the place where the immortals fell?"

David looked at the old man. Because his spiritual power was sealed by the formation, he couldn't tell his strength, but the look in the old man's eyes suggested that his strength was not low!

Chapter 3820

"Senior, to be honest, there is no place where immortals fell in this polar region. This is all a lie."

“There are many polar stones in the polar region, but this kind of thing is only for those who practice ice-based techniques. The sect family has help.”

“We in Guanghan Palace are practicing ice-based techniques, so we came here to look for the Extreme Stone.”

“There are also the members of the Mu family just now, and the female cultivators in their family are also practicing. They have ice-based skills, so the pole stone is also useful to them!”

“Seniors, if there is no one among you who practices ice-based skills, you’d better leave here quickly, it’s too dangerous here.”

“It won’t take long, There will be thousands of monsters pouring in here, and I’m afraid they won’t be able to leave by then!”

David told the truth, just to let these monks leave!

After all, these monks are an uncertain factor for David!

Ouyang Zhenhua frowned slightly, looking a little shocked!

“How is it possible? Do you want to deceive us and steal the treasures from the place where the immortals fell?”

“There are many sects and aristocratic families coming to the polar regions, as many as hundreds of them. , are they all deceived?”

A junior from the Ouyang family, obviously not believing David’s words, retorted loudly!

“Believe it or not, I’m just telling the truth!”

After David finished speaking, he turned around and left!

“This guy thinks he can scare us like this!”

“Let’s go. There must be treasures in this mountain that suddenly appeared. Maybe this is the place where the immortal fell!”

“Only a ghost believes what he says. There are formations around this mountain. Protected by law, I don’t believe there is no treasure here!”

“Go up the mountain...”

Many monks, no one believed David’s words, started to go up the mountain!

Ouyang Zhenhua hesitated, but still chose to continue going up the mountain!

They have been here for several days and have found nothing. Except for hunting a few monsters and getting a few beast pills, what other treasures are there?nothing!

If I go back, wouldn’t I be ridiculed by the family?

Regardless of whether what David said is true, go up the mountain and take a look!

But just as they took a few steps, the mountain suddenly shook!

The whole mountain seemed to be shaking!

“Is there an earthquake?”

someone said with shock on his face!

Then, in the land of chaos, countless monsters of all kinds rushed out and headed straight for the mountain!

These monsters are all very large in size and numerous in number!

The time and space in the land of chaos are disturbed by these monsters, causing time and space cracks to appear constantly!

From time to time, there will be cracks in time and space, sucking away the monsters!

But this can’t stop these monster beasts at all!

Looking at the thousands of monsters, everyone was dumbfounded!

It seems that what David said is true, there are really a large number of monsters!

Now in this formation, they have no spiritual power and are just ordinary people!

If you are caught up by these monsters, you will be trampled to pieces!

“Run quickly...”

Someone yelled and ran towards the mountain with all his strength, hoping to get out of the range of this formation as soon as possible!

Everyone is running hard, but every step is very difficult!

You can't even move on top of that snow!

Now, everyone began to believe David's words!

David just looked back at the monster beasts that rushed out of the land of chaos, without saying anything, and walked forward with his head buried in the ground!

Binglu and the others looked panicked and followed closely!

Without their spiritual power, they walked very hard, and everyone was out of breath!

Soon, David suddenly felt spiritual energy flowing in his body, like a dry river bed. Finally, water flowed through him. His whole body suddenly felt comfortable and his steps became extremely light!

Binglu and the others felt relieved as well!
