Chapter 3876

After collecting the materials, David did not stay long, but left with Elder Sun!

After leaving the branch of Wantong Pavilion, David and Elder Sun returned to the airship!

“Elder Sun, can you give me a separate room on the airship? I can give you some more money.”

David asked!

“Of course, I can still make the decision on this airship. It doesn’t matter whether it’s money or not.”

Elder Sun smiled faintly, and then prepared a separate room for David!

The reason why David wanted a separate room was so that he could try to refine the puppet during his time on the road!

Now that the methods and materials for refining the puppet are available, David can refine it!

The airship slowly took off, and David began to refine the puppet in the room!

Following Ouyang Zhenhua’s method, David began to fuse various materials!

Shrouded in rays of light, these materials began to slowly change their shapes.

Looking at the puppet that was gradually taking shape, David felt a little excited in his heart!

He has a way to refine puppets. As long as he has enough materials, he can form an army of puppets and conquer the entire world of gods and humans!

About three hours later, a puppet with a head that was one foot tall and a body full of oppression took shape!

David gently stroked the puppet as if stroking his own child!

David had a thought in his mind and wanted to make this puppet move!

But the puppet seemed to be dead and didn't understand it at all. David's consciousness couldn't contact the puppet at all!

David once again emitted his spiritual consciousness and injected his own breath into the puppet's body!

But the puppet remained motionless.

At this moment, David frowned, his face full of confusion. He didn't understand. The puppet was obviously successfully refined, so why didn't it move?

After tinkering for a long time, many monks in the entire airship looked towards the room where David was!

The atmosphere in David's room was flowing wildly, but he just couldn't follow the puppet and command it!

Even if I want to put the puppet into the storage ring, I can't do it!

David was a little angry!"Damn it, what's going on? It was obviously made successfully according to the method, but why can't this puppet be used at all?"

David was puzzled!

"Hahaha, you kid was deceived..."

At this time, Demon Lord Chiyun laughed!

"How is it possible? If the head of the Ouyang family lied to me, this puppet would not be refined at all."

David did not believe that Ouyang Zhenhua would lie to him!

"He only told you the refining method, not the driver. Aren't you deceived?"

“Although the puppet was successfully refined, it has no energy source. It would be strange if he could move.”

“You still think this is It’s a puppet corpse that can be driven by the power of the corpse itself!”

Demon Lord Chiyun said!

When David heard this, he suddenly realized that this kind of refined puppet corpse needs to be driven by spirit stones, beast pills or other energy!

David hurriedly found a spiritual stone in his storage ring, and then embedded it into the puppet!

This time, the puppet finally made some movement!

But just after it moved, the puppet suddenly stopped moving again!

David is confused again!

“How much energy does your spirit stone contain? You want to use that small piece of spirit stone to drive such a huge puppet. Are you kidding me?”

Demon Lord Chiyun said!

Seeing this, David rummaged through the storage ring again, and then used beast pills and even some fairy grass, but he couldn’t make the puppet move freely!

David finally understood now that his desire to form an army of puppets was just a dream. Just the various resources consumed by this army of puppets, he did not have!

Although ten million can be used to refine a puppet, if you want the puppet to be able to fight, you still need an energy source!

It’s like buying a luxury car. If you don’t refuel it, it’s just scrap metal!

This puppet is a long-term consumable. No wonder the Ouyang family doesn’t refine a large number of puppets!

Chapter 3877

“Hey, it seems that this puppet is not as useful as the puppet corpse. No wonder those demon cultivators make puppet corpses, but no one learns to refine puppets.”

David sighed, feeling that he was happy for nothing!

Looking at the refined puppet in front of me, I can't throw it away, right?

Just when David looked frustrated, he suddenly set his sights on the Supreme Fire Essence!

There are several kinds of fire in this thing, and the energy contained in it goes without saying!

“What are you going to do? You don't want to use Lord Huolingxing's Ultimate Fire Essence as an energy driver to embed it in this puppet, right?”

Demon Lord Chiyun realized that David's vision was wrong, so he asked!

“Isn't it possible?”

David asked back!

“f\*\*\*, are you crazy? That's Lord Huo Lingxing's ultimate fire essence, and it's considered a treasure from heaven, and you actually used it on a puppet?”

“What would Lord Huo Lingxing think if he knew about this? “

said Demon Lord Chiyun!

“I know this thing is very powerful. Only in this way can my puppet be powerful. If the supreme fire essence is added to this, my puppet can reach the Mahayana realm. Then I will have a Mahayana realm bodyguard.” “

And.” This supreme fire essence is not disappearing, it is just used on the puppet, and it can be removed when the time comes.”

David said, and the supreme fire essence sneaked into the puppet!

In an instant, a terrifying aura spread around, and the entire airship shook, leaving many monks confused and wondering what was going on!

And in the eyes of the puppet, flames rose up, and even the body was burning with flames, and the flames were constantly changing!

David felt the aura on the puppet and was a little excited in his heart, but he still didn't know what the strength of this puppet was!

"Punch me and see..."

David ordered the puppet to punch him and let him have a good look!

"Don't, don't..."

Demon Lord Chiyun saw this and shouted quickly!

Unfortunately, it was too late, and the puppet was punched out!

A ball of flame exploded instantly, directly punching a big hole in the airship!

Chapter 3878

The spacecraft shook, and strong winds continued to pour in from the holes!

This shocked David. He didn't expect this puppet's punch to be so powerful!

Miscalculation!

"Mr. Chen, what's wrong?"

At this time, Elder Sun came over and asked loudly outside!

"Oh, it's okay. I accidentally broke the airship while practicing."

David quickly put away the puppet and opened the door!

The wind was howling, and Elder Sun was stunned when he looked at the broken airship!

You know, this airship is made of various materials and is extremely strong, and there are formations around the airship to prevent someone from hijacking the airship and causing damage!

If that happens, the reputation of Wantong Pavilion will be affected. Who would take the airship of Wantong Pavilion!

But now I don't want to be punched in a big hole by David!

"Mr. Chen, just be fine. I'll have the airship repaired when it lands!"

Elder Sun said!

David looked embarrassed, so he could only use a formation to temporarily seal the hole, so as not to affect the flight of the airship!

Just like that, the airship broke a big hole and flew to the Wantong Pavilion headquarters and landed!

David apologized with a guilty face and took the initiative to compensate a sum of money!

Although Elder Sun tried his best to resist, David still gave the money!

After all, this airship caused the damage by himself, so he can't just walk away!

After bidding farewell to Elder Sun, David left Wantong Pavilion.

Originally, David thought of going back to the Blood Spirit Valley directly, but when he thought about passing the Soul Demon Sect on the way, he decided to go to the Soul Demon Sect first!

If possible, summon the Soul Demon Sect and ask them to help us go to Guanghan Palace to resist the attack of the Mu family!

There is one more thing. David wants to ask if Sect Master Chen of the five major sects has gone to the Soul Demon Sect to reshape his body!

Another thing is to see if this guy Zhe Yan is living a good life! Soul Demon Sect.

Sect Leader Jiang has gone into seclusion, and Jiang Yulian is in control of all matters within the sect!

In addition, with the assistance of Zhe Yan, Jiang Yulian still managed the sect in order!

Moreover, Zhe Yan and Jiang Yulian have become a double cultivation partner!

Kiss me every day, you and me!

Although the overall strength of the Soul Demon Sect is not very strong, because the Soul Demon Sect has a deep research on the divine soul and can attack the divine soul, not many people provoke it!

In addition, the Soul Demon Sect can help reshape the physical body. Both demon cultivators and humans can use the Soul Demon Sect, so the Soul Demon Sect is still in peace!

“Deputy Sect Leader, a few people are coming outside...”

A disciple of the Soul Demon Sect reported!

“Are you here to reshape your body again?” Jiang Yulian asked!

“I don’t know!” The Soul Demon Sect disciple shook his head!

“Yulian, let’s go out and take a look. Maybe Mr. Chen guided us here again.”

Zhe Yan said!

A few days ago, the people from the five major sects received by the Soul Demon Sect were introduced by David, and maybe this time too!

Jiang Yulian nodded, and then followed Zhe Yan out!

When I arrived at the door of the sect, I saw a young man in black robes, with several subordinates, standing quietly at the door!

At a glance, you can tell the identity of the other demon cultivator!

However, Jiang Yulian didn't care. Whether it was a human race or a demon cultivator, they all wanted to reshape their bodies, but only if they were given enough resources!

"Fellow Taoists, I wonder why you come to our Soul Demon Sect?"

Jiang Yulian stepped forward and said politely!

"Where is your sect leader?"

the young man in black robe asked!

"Our sect master is in retreat. If you have any questions, you can come to me. I am already the deputy sect master of our Soul Demon Sect."

Jiang Yulian said!

The young man in black robe looked at Jiang Yulian, and then said coldly: "Do you know David?"

When they heard the word David, Jiang Yulian and Zhe Yan instantly became alert!

Jiang Yulian shook her head: "I don't know, what are you doing? If you are not here to reshape your body, then I won't accompany you."

After saying that, Jiang Yulian and Zhe Yan were about to leave!

But he was stopped by several people behind the young man in black robe!

Seeing this scene, many disciples of the Soul Demon Sect ran out one after another!

They know that these guys are here to cause trouble!

The young man in black robe faced dozens of Soul Demon Sect disciples, but he didn't show any fear or panic at all!

"I advise you Soul Demon Sect to be smarter. We are members of the Demon Sealing Alliance."

"Someone saw your Soul Demon Sect following David. Where is David now? As long as you tell me, I will I don't have to argue with you."

“After all, our Demon Sealing Alliance doesn’t bother to deal with small sects like you,”

the young man in black robe said!

Jiang Yulian was filled with panic when she heard that he was from the Demon Sealing Alliance!

After all, what kind of organization is the Demon Sealing Alliance? She knows very well that the Soul Demon Sect simply does not have the strength to compete with the Demon Sealing Alliance!

Zhe Yan’s eyes narrowed slightly and he said, “

You are such a good Demon-Sealing Alliance, why don’t you pretend now?”  
“As demon cultivators, you were suppressed by the Demon-Sealing Alliance, but now you are loyal to the Demon-Sealing Alliance. You guys are so shameless.”

The young man in black robe smiled coldly and said, “We are cooperating. There is no question of loyalty. All you need to do is tell David’s whereabouts.”

“Otherwise. Today is the death anniversary of the Soul Demon Sect...”

As soon as the black-robed young man finished speaking, his ninth level strength in the Tribulation Realm suddenly exploded!

At this moment, everyone in the Soul Demon Sect was suppressed without any resistance at all!

The ninth level of the Tribulation Realm is already untouchable and unstoppable to the Soul Demon Sect!

I have to say that the strength of this demon-sealing alliance is indeed terrifying. Any demon cultivator sent out at random turns out to be a ninth-level tribulation realm!

Thinking about David’s future path, Zhe Yan became worried about David.

## Chapter 3879

“What’s going on? Should we tell David’s whereabouts now, or should he die?”

the young man in black robe asked as he glanced at the Soul Demon Sect!

The disciples of the Soul Demon Sect all gritted their teeth and said nothing!

Jiang Yulian’s eyes were also full of anger!

“Hmph, you scum of the demon clan. We won’t tell Mr. Chen about his kindness to our Soul Demon Sect. If he can, he will kill us.”

Jiang Yulian snorted coldly!

Seeing that Jiang Yulian was still tough, the young man in black robe raised his lips and said, “It’s not easy to kill you, but the men I brought here haven’t touched a woman for a long time, so it’s just the right time for them to feel comfortable!”

The young man in black robe finished speaking. , the faces of the people who followed suddenly showed their lustful looks, and they were all gearing up, and their laughter was about to leak out!

“Shameless, you beast...”

Jiang Yulian cursed angrily!

Zhe Yan, on the other hand, gritted his teeth, resisting the terrifying aura of the young man in black robes, and said word by word: “If you dare to touch Yulian, I will tear you into pieces...”

“Hahaha, you You don’t care about your own virtues, but you want to tear us into pieces. In that case, I’ll send you on your way!”

After saying that, the young man in black robe took off his sleeves, and Zhe Yan flew out!

Then he fell heavily to the ground and became motionless!

The difference in strength is too great, and there is no ability to resist at all!

“Zhe Yan...”

When Jiang Yulian saw this, she immediately yelled!

“Are you going to tell me? As long as you tell me where David is, I will let you go.”

The young man in black robe asked Jiang Yulian again!

But Jiang Yulian gritted her teeth and spat hard!

“Take off her clothes...”

The young man in black robe saw this and said with a wave of his hand!

Jiang Yulian wanted to resist, but was suppressed by the aura of the young man in black robe, and she was unable to act at all.

She could only watch helplessly as several guys walked towards her with lewd smiles on their faces!

Just when Jiang Yulian accepted her fate, a cold voice suddenly came!

“Is this how a ninth-grade great monk in the Tribulation Realm bullies others?”  
As the words fell, David’s figure flashed from a distance!

“Mr. Chen...” Jiang Yulian was very surprised to see David!

David looked at Jiang Yulian and then at Zhe Yan. As a burst of spiritual power penetrated into Zhe Yan’s body, Zhe Yan, who had been motionless, slowly got up!

“Mr. Chen, why are you here?”

Zhe Yan was also very surprised when she saw David!

He thought he would never see David again!

“If I don’t come, wouldn’t you be in danger?”

David said with a faint smile!

The other party is not a ninth-level monk in the Tribulation Realm. At this moment, David doesn't take it seriously at all!

"Mr. Chen, these people are all dogs of the Demon Sealing Alliance. They came here to get information about your whereabouts, but we didn't tell them!"

Zhe Yan said!

"I know!" David nodded, then looked at the young man in black robe!

"You are looking for me. It has nothing to do with anyone else. Let them all go!"

David said slowly!

The young man in black robe waved his hand, and Jiang Yulian and the others were all released from control.

"You are only at the fourth level of the Tribulation Realm. I wonder why the alliance leader would use a hundred years of sacrifice to hunt you down?"

"It is such a waste. I don't understand..."

Seeing that David only has the strength of the fourth level of the Tribulation Realm, The young man in black robe said with disdain!

David did not explain, but waved towards the young man in black robe and said: "I still have something to do, you all can go together. After I finish you off, I will be on my way!"

David's eyes were full of arrogance and disdain!

"Arrogant..."

The black-robed young man's eyes narrowed, and then he waved his hand and said, "Go and arrest this kid!"

The black-robed young man directed several of his men to attack David!

Facing several demon cultivators, David remained calm and composed without any panic!

Chapter 3880

Just when David was ready to take action, he suddenly thought of something and took back his breath!

“To deal with you cats and dogs, if I take action, it will be too detrimental to the image. I’d better let my little brother come forward!”

After David finished speaking, he pretended to say: “Brother, come out...” accompanied by David’s shout. , a black shadow suddenly appeared.

Then the one-foot-tall puppet fell in front of David!

Looking at the tall and strong man in front of them, Zhe Yan and Jiang Yulian were a little confused. They didn’t know when David took in his younger brother!

But the young man in black robe smiled coldly and said: “Pretending, this is just a puppet. Do you want to scare us?”

“Don’t be afraid, come on, kill this puppet first!”

In the eyes of the young man in black robe, Just a puppet, how powerful can it be!

“Kill...” Five demon cultivators attacked David’s puppet at the same time!

Zhe Yan, Jiang Yulian and others stared blankly. They didn’t understand how David came to be a puppet!

How could he think of using a puppet to fight against these demonic cultivators?

This obviously doesn’t work!

David just wanted to see what the strength of the puppet he had refined was!

The puppet’s body suddenly burst into flames, like a god of fire emerging from hell.

It was tall, and every step it took seemed to make the earth tremble.

The puppet waved its giant fists shrouded in flames, and every blow carried a devastating power, as if it was going to burn the entire space.

The five demon cultivators joined forces and launched a direct attack on the puppet, but the puppet had no expression on its face and was not afraid of life or death.

This is the difference between a puppet and a human. He doesn't care about his own life or death. He will only seize the most suitable opportunity and attack the most suitable person.

As for whether you will be injured, these puppets do not consider it. This is much better than humans.

The five demon cultivators each displayed their special skills, but the attacks of these demon cultivators were like child's play in front of the flame puppet, and were easily dispersed by the blazing flames.

"This...what is the origin of this flame puppet?!"

A demon cultivator exclaimed, his face as pale as paper, and his voice was full of horror and disbelief.

The other demon cultivators also showed shocked expressions. They had never thought that a puppet could have such powerful power.

"Ultimate Fire, how could this puppet possess Ultimate Fire? It's impossible..."

The young man in black robe was also surprised. He recognized that the flame on the puppet was not an ordinary flame, it was Ultimate Fire!

When they heard it was the ultimate fire, the five demon cultivators suddenly felt dizzy. No wonder their attacks could not penetrate the flames on the puppet!

Jiang Yulian and Zhe Yan also looked at it with experience, and they didn't understand, how could David's puppet possess the ultimate fire?

As a member of the flame demon lineage, Zhe Yan understands the ultimate fire, and he can also see that the ultimate fire in this puppet is hundreds of times stronger than his own.

A puppet possesses ultimate fire that is a hundred times more powerful than himself, which makes Zhe Yan puzzled!

After all, the puppet is a dead thing, and it is impossible to learn the ultimate fire, but how did the ultimate fire on the puppet come from?

Zhe Yan was very curious. It seemed that after driving away these demon cultivators, he could ask David!

At this moment, the puppet couldn't hear the exclamations of the crowd at all, and continued to wave its giant fist, and each attack became more violent.

A magic cultivator tried to resist with a black mist shield, but the flames easily penetrated the black mist, wrapping his entire body in flames. He screamed and instantly turned into ashes.

The remaining demon cultivators were horrified when they saw this. They exerted their most powerful force one after another in an attempt to turn the tide of the war.

However, their attacks were like tickling in front of the flame puppet. A demon cultivator condensed a ball of black mist and threw it at the flame puppet, but the flame puppet was not afraid and smashed the black mist into pieces with one punch.
