### Chapter 3926

The Thirteenth Princess refused to give up on Wen Shaoqing. As soon as he entered the palace, she would not let him go, and she had conflicts with the Eighth Princess several times.

Concubine Wen saw that this was not the solution.

In order to avoid her son-in-law being entangled, she simply refused to let Wen Shaoqing enter the palace and asked the eighth princess to leave the palace to meet him at Wen's house.

After the Thirteenth Princess learned about it, she hated Concubine Wen even more and complained to Concubine Shu frequently.

The old and new hatreds were added together, and the hatred between Concubine Shu and Concubine Wen became even deeper.

In Concubine Wen's view, Concubine Shu's daughter, Princess Thirteen, chased her future son-in-law all day long, and bullied her daughter, Princess Eight, who had to leave the palace to see her fiancé. This was going too far.

As a result, because the eighth princess often left the palace, Concubine Shu actually mocked her for not being reserved. How embarrassing?

This is simply unreasonable!

If the Thirteenth Princess hadn't been shameless and pursued Wen Shaoqing, would her daughter have had to suffer this kind of injustice?

Concubine Wen seems to have a gentle personality, but she is not a soft persimmon because she can firmly occupy the position of the first palace.

Immediately went back with the irony hidden in the cotton.

She knew that Concubine Shu was still choosing husbands for the Thirteenth Princess, but there were not many children from aristocratic families in the court who could compare with Wen Shaoqing, and some of them had already made arrangements since childhood.

Concubine Shu picked and chose, but she still felt that Wen Shaoqing was better, and the Thirteenth Princess wanted to compete with the Eighth Princess.

Concubine Wen was naturally unhappy, and her words were aimed at Concubine Shu's pain.

You mocked my daughter for not being reserved and hanging out with her fiancé every day.

I ridicule your daughter who is unwanted and stares at other people's fiancés all day long. The two women's eyes met, one was soft yet strong, the other's eyes were blazing, and the smell of gunpowder spread in the air.

"Concubine Wen has always been able to turn black into white with her mouth. I also have good intentions. Although the eighth princess was granted a marriage, she hasn't married yet. This orphaned man and widowed girl stay together all day long. Don't let anything happen. This shameful thing has ruined the royal family's reputation!"

Concubine Shu gritted her teeth.

Concubine Wen smiled gently: "I'm worried, Concubine. The Wen family has been a poet and scholar for generations, and they know how to show affection and restrain from etiquette. I've watched Shaoqing's child grow up, so I'm very relieved."

"The Young Master of the Wen family is naturally good, but the Eighth Princess is too old and eager to get married, so she won't be able to hold on!" Concubine Shu said sarcastically.

A cold light flashed in Concubine Wen's eyes, and she said softly: "The Eighth Princess is a little older, and she is not as innocent as the Thirteenth Princess. She doesn't even understand the defense between men and women. She is chasing her future brother-in-law. If word spreads, I'm afraid it will be even more damaging." Royal face!"

"Concubine Wen, how dare you slander the princess?" Concubine Shu was furious.

This is simply a blatant statement that her daughter is shameless and wants to crawl into her future brother-in-law's bed.

"I don't dare," Concubine Wen said, neither arrogantly nor humbly. "The Thirteenth Princess was taught by the noble concubine. She is of royal blood. She and the Eighth Princess are biological sisters. I think she knows etiquette, justice and shame."

Even if the folk customs in Northern Qin were open, to Princesses have fewer constraints.

But for a royal princess, chasing men all day long will make people feel that she is not reserved and noble enough.

What's more, that man is her future brother-in-law, which is even more unethical and will only make people think she is despicable.

Concubine Wen's meaning is obvious: If you don't want your daughter to be called mean, then discipline her well and don't let her pester her sister's fiancé all day long, which is disrespectful and shameless!

Concubine Shu was so angry that her head was smoking.

Xiao Lingyue: ""After listening to the argument between the two, she had only one thought in her mind.

As expected of a woman in the palace, she doesn't use curse words when swearing.

All of them are language artists.

### [Chapter 3927](#)

"The first part of the assessment is the same. I took the deacon assessment, but the subsequent assessments will be different."

Qian Xiu explained after David!

"Oh, that's what happened!" David nodded!

"Junior brother, during the assessment, don't run around, just follow me."

"Also, how are you doing with your Ultimate Fire training? Our Ziyan Sect specializes in fire-based skills, so most of the assessments are fire-based. Regarding the department?"

Qian Xiu asked!

"I..."

David didn't know how to answer!

He now has three levels of ultimate fire, and he has also understood the origin of the fire system. However, it is hard for David to say how far he has developed his ultimate fire!

Seeing David's hesitation, Qian Xiu was slightly startled and said, "Junior brother, you don't even have Supreme Fire, do you? If you don't practice Supreme Fire, you won't be able to pass the inner sect assessment."

"The inner sect assessment is the most difficult. The most important thing is that you must practice the ultimate fire."

“Senior sister, I have the ultimate fire.”

After saying that, the fire from the center of the earth danced on his fingertips!

The flame is very weak, like a candle, and can be blown out in just one breath!

Looking at David’s weak Zhihuo, Qian Xiu couldn’t laugh or cry!

Everyone else was also silent. Can this kind of supreme fire pass the test?

However, Wei Qing said: “As long as you have the ultimate fire,

at least it is a pass for the assessment.” “No matter how strong you are, if you can’t practice the ultimate fire, you will not be able to pass the assessment. Look at Lu San opposite, who is in the sixth level of the Tribulation Realm. He is the strongest among the outer disciples, but he has not yet been able to master the ultimate fire, and he cannot become an inner disciple. “

Wei Qing was afraid that David would be under pressure, so he said this!

David just smiled and did not speak. He was afraid that he would reveal his true power and scare those who came again!

Then everyone gathered around and listened to Qian Xiu talking about the key points of the assessment, as well as the use and tempering of the ultimate fire!

Although there are many loopholes in what Qian Xiu said, Qian Xiu obviously understands more than those outer disciples!

But it’s really incomparable with David. After all, David is the person who has realized the origin of fire!

If you don’t understand Zhihuo to a certain extent, you won’t be able to comprehend it!

It can be seen that these people are very nervous and excited about the assessment!

David felt nothing, because he knew that he could pass with his eyes closed. In David’s eyes, the Ziyang Sect’s inner sect assessment was as simple as playing house with a child!

Ding-a-ling-ring.....

With a harsh ringing sound, everyone closed their mouths instantly, and then looked seriously ahead!

David saw that Liu Shitong was holding a token as black as ink in his hand, and he pressed it gently into a round hole!

There was only a buzzing sound, and then a curtain of light rose in front of everyone!

It was like a light screen showing a movie. In the light screen, David saw mountains and green trees!

That scene formed a sharp contrast with the desert surrounding Ziyan Gate!

Everyone looked at this scene, many with yearning in their eyes!

After all, if you live in this desert for too long, you will yearn for different environments and places!

Just like traveling, no matter how beautiful the scenery is, when you live there, you will want to escape and travel to a strange place!

As everyone knows, the place where you travel is also the place where others want to escape!

“Junior brother, don’t be nervous, just go in and relax. Since this has already happened, put your mind at ease. Even if you fail the test, you, the inner disciple, will be determined.”

Wei Qing patted David on the shoulder and said!

“I know!” David nodded!

“Junior sister Qian, I leave it to you, junior brother. You have to take good care of him. In addition, if you fail in the deacon test, don’t show off. Just quit. The deacon test will be very dangerous.”

Wei Qing warned Qian Xiu. !

## [Chapter 3928](#)

After all, Wei Qing is a deacon, and he has passed the assessment himself, so he knows the dangers of the assessment place!

“Senior brother, don’t worry, I have sense. Besides, my junior brother is the God of Wealth, and I will never let anything happen to him.”

Qian Xiu said with a smile!

boom!

At this moment, a thunderous sound sounded in the light of the formation!

Then the scene in the light slowly disappeared, and a light door appeared!

The light gate flashed with bright golden light, shining on everyone's faces!

Everyone's breathing began to become rapid, nervous and excited!

You know, many outer sect disciples have not been able to enter the inner sect for more than ten years!

Especially people like Lu San, who are very strong, but they just can't practice the ultimate fire, and they keep hanging around outside!

You must know that the resources of outer disciples and inner disciples are very different!

Moreover, outer disciples do not have any rights or status!

As long as you become an inner disciple, your status will be greatly improved!

“The assessment begins!”

Following Liu Shitong's shout, everyone swarmed towards the light door!

Upon entering the assessment place, the light door was automatically closed, and David discovered that the guy named Lu San was always checking himself with his spiritual consciousness!

David is currently at the fourth level of the Tribulation Realm, so no matter how Lu San investigates, he can't find anything at all!

“Junior brother, now the first level of the assessment needs to be done alone, but don't be afraid, there is no danger.”

Qian Xiu warned David!

“Well, I understand!” David nodded!

As the group went deeper, David soon discovered that the people in front of him disappeared one by one!

Then the surrounding area turned into a vast expanse of white, and you couldn't see anything but yourself!

“Illusion array?”

David raised the corner of his mouth. He knew that these people were not really separated individually. They just used the illusion array to make these monks mistakenly think that he was the only one left!

A red light flashed between David's eyebrows, and then penetrated the white mist and saw Qian Xiu and others not far away from him!

David can easily break through this level of phantom formation!

It's just that David didn't do that. He just came for the assessment. If he destroyed the illusory array, his true strength would be exposed!

Withdrawing his Tian Ming Eye, David pretended not to know anything and moved forward in the illusion formation. He soon saw a high platform appearing in front of him!

On the high platform, an old man in white stood motionless, like a sculpture!

David used his spiritual consciousness to explore the past and found that the old man could not detect his cultivation level.

The old man's eyes looked at David coldly, with endless majesty and wisdom in his eyes!

It was as if David could be seen through with just one glance!

“Junior, if you want to become a disciple of my Ziyang Sect, you must be sincere, calm and strong-minded.”

“You must not hide anything from the sect, do you know?”

The old man spoke slowly, his voice was not loud, but with a tone that could not be refuted. question!

David looked at the old man with a sneer on his lips. It seems that this first level of assessment is to screen out those monks who have something to hide!

If some disciples commit crimes, or commit many evil deeds and have many enemies, such people will cause trouble for Ziyang Sect if they become inner disciples!

The purpose of the first level is to eliminate some disciples who have something to hide!

Someone like David, who conceals his identity, realm, and even his aura, will definitely not be able to pass this level if he is not strong enough!

But David was not afraid at all. This was just an illusion, so that the examiner would not dare to lie!

David could break this illusion with a wave of his hand, and of course he was not afraid of the old man's questioning.

“I know!” David said calmly!

“Okay, now tell me your purpose of joining the sect and your true identity...”

The old man’s voice was filled with shock, which could directly touch the soul!

## Chapter 3929

David’s eyes were dull, as if he was being controlled, and he said slowly: “My name is Cheng Ping. I have admired the Ziyang Sect for a long time and wanted to become a disciple of the Ziyang Sect, so I worshiped under the elders and wanted to become a disciple of the Ziyang Sect.” An inner disciple of the Zi Yan Sect. “

David praised the Zi Yan Sect very much, which made the old man very happy, and then waved: “Okay...”

Soon, the mist in front of David Disappeared, Qian Xiu and the others appeared in front of David again!

David saw that everyone else was standing blankly, as if the assessment hadn’t been completed yet!

“I peeped at Senior Sister taking a bath, and I also dreamed about sleeping with Senior Sister at night.”

“I killed people outside and was hunted down, so I joined the Ziyang Sect.”

“...”

David listened. The Zi Yan Sect disciples around me spoke mechanically, and they all looked very shocked!

It was obvious that these people had their consciousness controlled and told all their secrets!

Fortunately, David had seen through it a long time ago. This little illusion couldn’t do anything to him, otherwise David would probably tell all kinds of secrets!

“I have a good impression of the junior brother who just came here. He is so rich. I like rich people.”

At this time, Qian Xiu’s voice came!

David was speechless for a while after hearing this. Qian Xiu had just met him and was fascinated by his wealthy status.

If it weren't for the fact that he was obsessed with his mind, David might not be able to hear Qian Xiu's thoughts!

As the assessment ended, people started to wake up. When David saw this, he hurriedly pretended to be still under control!

He couldn't let anyone know that he had heard all these people's secrets!

When everyone was awake, David pretended to open his eyes!

“Junior brother, are you okay?”

Qian Xiu asked when he saw that David was awake!

“I don't know, it seems there is no problem.” David said!

“Don't worry, as long as they are not evil-minded and commit crimes, they will generally have an easy time in the first level.”

Qian Xiu said!

But just as Qian Xiu finished speaking, a ray of light suddenly hit a monk! Immediately afterwards, the monk screamed and disappeared in an instant!

David took a look and found that it was the guy who peeked at the senior sister taking a bath and dreamed of sleeping with the senior sister at night!

Only this person was eliminated!

“Why was he eliminated in the first level? What has this guy done?”

“Who knows, anyway, I see him sneaking around every day, always running to the bathhouse.”

“It's not like he was peeking at my junior sister's bath . Right?”

the other monks said jokingly!

After hearing this, Qian Xiu frowned and said, “Shut your mouth and stop talking nonsense.”

David smiled and didn't say anything!

Because he knew that this guy was eliminated because he peeped at his senior sister taking a shower.

Soon, a light door appeared again. After everyone passed through the light door, it was the second test!

“Junior brother, be more careful later!”

Qian Xiu said to David!

“I understand, Senior Sister Qian!” David nodded!

“Follow me, I’ll pull you. This level tests your ability to withstand pressure. There will be such terrifying pressure here. You must reach the finish line before you collapse.”

“Remember, the faster you go . The better, so you can bear less pressure!”

Qian Xiu said and directly took David’s hand.

Obviously, this is to follow David and shorten the distance between them!

“Senior sister, if the pressure here is very strong, the faster we go, the greater the pressure will be.”

“Our own speed, coupled with the pressure, will only make it more difficult.”

David was not too sure Agreeing with Qian Xiu’s statement, he retorted!
