Chapter 4061

Huo Dong looked at the several figures of David who were fighting against him, and his eyes were filled with horror!

He didn't expect that David, a guy of the fourth rank in the Tribulation Realm, would have such a method!

"Hmph, don't think that you are the only one who can split yourself..."

Huo Dong snorted coldly, and the black aura on his body instantly dissipated, and the ghost face he wore began to emit light!

Huo Dong took out a token as black as ink from his arms and crushed it in

an instant! In an instant, the void twisted, and in the void, a series of phantoms were reflected. Each phantom was wearing a black robe and a ghost face on his face.

These phantoms gradually solidified, and then slowly fell beside Huo Dong!

Seeing this, David stopped talking, and the Dragon Slaying Sword in his hand shook lightly!

Between heaven and earth, invisible sword energy began to condense in an instant, and the Dragon Slaying Sword emitted a dazzling brilliance!

This brilliance became more and more prosperous, and the void around was shaking!

"David, these clones of yours are all borrowing the power of your original body, but these clones of mine will not consume a bit of my power."

Huo Dong laughed grimly, waved his hand and said: "Kill him..."

Those ghost-faced robes waved the long swords in their hands and rushed directly towards David!

For a while, David's clones fought with these ghost-faced robes!

David just glanced and found that these were not Huo Dong's clones, but some demon souls!

The token that Huo Dong just crushed should be used to summon these!

If these people are real disciples of the Ghost Face Sect, it is impossible to teleport here so quickly!

The masters of the formation in the Tianren Realm are rare. It is estimated that not many people can set up a teleportation formation that can move so many people instantly!

What's more, the teleportation formation needs to be arranged in both directions. There is no teleportation formation here in Ziyamen, so even if the Ghost Face Sect has a teleportation formation, it is impossible to teleport so many people here instantly!

The only explanation is that these people in robes with ghost faces are spirits such as demon souls, and Huo Dong crushed the token and released these demon souls! Think about it, Elder Tu also released a lot of demon souls at that time. It seems that the Ghost Face Sect is good at fostering demon souls!

Thinking of this, David retracted his clone, and at the same time, his spiritual consciousness instantly spread out!

At this moment, David's entire sea of consciousness was open!

Huo Dong was stunned. He didn't understand what David was going to do. He suddenly recalled his clone and spread his spiritual consciousness.

"Could this guy use his spiritual consciousness to explore these ghost face robes I summoned?"

Thinking of this, Huo Dong's mouth suddenly raised!

Then let those ghost face robes swarm towards David. Since David released his spiritual consciousness and opened his sea of consciousness, these demon souls can invade David's body and directly occupy David's sea of consciousness!

At that time, even if David is not dead, he will become a body without consciousness, which will be much easier to deal with!

And this is what David wants. He used this method to fool Elder Tu, and now he let Huo Dong be fooled again!

The demon soul that can control David's sea of consciousness does not exist in the entire world of heaven and man!

Even the demon soul of the Red Cloud Demon Lord couldn't control David's sea of consciousness, and this was the Demon Lord of the Heaven Realm!

These rubbish demon souls from the Heaven Realm wanted to control David's sea of consciousness, what were they thinking!

Several demon souls entered David's sea of consciousness, and David's body stopped moving in an instant!

However, after these demon souls entered David's sea of consciousness, they directly slapped the Red Cloud Demon Lord in the face, and his soul flew away, without any ability to resist!

Seeing David suddenly stop moving, and his eyes were dull, Huo Dong laughed!

"Hahaha, you idiot, this is not my clone, these are all demon souls I summoned, and you dare to use your spiritual sense to explore."

"Now that your sea of consciousness is open, my demon soul will invade your sea of consciousness, and you will immediately become a fool!"

Seeing David like that, Huo Dong laughed wildly!

Chapter 4062

He felt that David was too stupid!

When the old sect master and the others saw this scene, they showed a worried look on their faces!

You know, the old sect master himself was tortured to death by a demon soul, and he was crazy all day long, and he could only wake up a little late at night!

But now David has been invaded by several demon souls in his sea of consciousness. Can he still wake up?

Seeing that David was controlled by the demon soul, Huo Yuanting was relieved in his heart!

"Son, don't dither, cut off David's head, go to the Demon Sealing League to get the reward..."

Huo Yuanting said to Huo Dong!

Huo Dong nodded, holding a black long sword, approached David, and slashed at David with a sword!

But just when Huo Dong's sword was about to fall on David's neck, David's figure suddenly disappeared!

Huo Dong was stunned, and he felt a sudden danger behind him.

When Huo Dong turned around, he saw David's huge palm slapped over!

Snap!

Huo Dong had no time to dodge, and was directly slapped and flew out, and his whole face was deformed!

Huo Dong fell heavily to the ground and struggled to get up, but his teeth fell to the ground!

"You...you are not controlled by the devil soul?"

Huo Dong looked at David in shock!

"Control your mother, with just your few devil souls, you still want to control me, you forgot to warn you, there are more powerful devil souls in my sea of consciousness."

David smiled faintly!

Huo Dong's face became very ugly. Elder Tu did say that at the time, and David was also controlled by the devil soul, which made Elder Tu and others suffer!

Huo Dong actually forgot, thinking that so many of his devil souls were over, Huo Dong felt very distressed!

"David, don't be complacent, I will definitely kill you..."

Huo Dong roared, and black air emanated from his body again. As soon as these black air appeared, they surged and boiled like boiling water!

It seemed that there were countless beasts in this black fog, and then a group of pythons with red eyes and red tongues appeared!

These pythons are all extremely black, blending into the black fog. If it weren't for their eyes and red tongues, it would be hard to distinguish them! One of the pythons was dozens of feet long, with a head bigger than the main hall of Ziyamen, and its body kept circling and rising into the air!

Seeing this, David raised the Dragon Slashing Sword, and thousands of sword beams shot up into the sky!

The sword beams passed through the black fog, and screams rang out instantly, and the pythons were killed one after another!

The huge python opened its bloody mouth and swallowed the sword beams into its stomach in an instant!

David was slightly stunned, and found that the python did not seem to be afraid of the sword beams, so he put away the Dragon Slashing Sword and jumped up!

David's body was shining with golden light!

At this time, the sky was instantly covered with dark clouds, and lightning flashed across the sky!

"Thunder Palm..."

David slapped the python with one palm

! In the Thunder Palm, lightning and fire continued to burst out!

Lightning and lightning hit the python, causing the python to lose its attack instantly!

Then under this Thunder Palm, it collapsed and dissipated!

Even the black fog was completely dissipated in an instant!

This palm shocked everyone instantly!

One palm actually triggered the power of thunder, it was incredible!

"The origin of thunder and lightning, a mere fourth-grade Crossing Tribulation Realm, actually mastered the origin of thunder and lightning, it's incredible!"

The old sect master saw the thunder and lightning that David displayed, those were all the power of the origin!

Huo Dong looked at David with a gloomy face, and the muscles on his face kept twitching!

Elder Yu and the others were also shocked. The skills and strength displayed by David were definitely not what a fourth-grade Crossing Tribulation Realm could display!

"Son, use the ultimate fire..."

Huo Yuanting reminded Huo Dong!

Huo Dong now has three kinds of ultimate fire, the two ultimate fires of the Purple Flame Sect, and the ultimate fire of the demon clan!

Chapter 4063

The power of the three kinds of fire is definitely not something David can bear!

In this regard, Huo Dong is stronger than the other people in the Ghost Face Sect. After all, the other people in the Ghost Face Sect do not have the two kinds of fire of the Purple Flame Sect!

Huo Dong nodded, and the three kinds of fire appeared around him in an instant, and then continued to surround Huo Dong!

The heat waves from the three kinds of fire, even with the light curtain shield, made many people unable to bear it, and they retreated one after another!

“This Huo Dong actually mastered the three kinds of fire, this is trouble...”

Seeing this, Wei Qing began to worry about David.

Zhu Ling also clenched her fists, her eyes full of worry!

The old sect master smiled and watched quietly. David had more fire than Huo Dong!

“Comparing with me in fire?”

David raised the corner of his mouth, whoosh, whoosh, and all six fires were ignited around David!

The six fires formed a circle, flowing in different colors, like a divine light, surrounding David in the middle!

“Six Paths of Ultimate Fire?”

Seeing this, Huo Dong's eyes widened, his face full of disbelief!

Huo Yuanting was also shocked. He never thought that David actually possessed six paths of ultimate fire!

Wei Qing and the others were also shocked!

Zhu Ling's eyes when she looked at David had already fallen. She already loved David to death!

"You...you...how can you have so many ultimate fires? You even have the ultimate fire of the demon clan!"

Huo Dong asked while swallowing his saliva!

"Why can't I have the ultimate fire of the demon clan?" David smiled faintly: "You like to play with fire, today I will let you taste the ultimate fire."

David slowly raised his arm, and the void in front of him seemed to open a light gate. The six paths of ultimate fire rushed towards Huo Dong like arrow feathers!

Seeing this, Huo Dong waved his palms with all his strength, and three paths of ultimate fire were swung out, but he knew that this could not stop David's attack at all!

"Son, catch the divine fire seal..." Seeing this, Huo Yuanting hurriedly threw the Divine Fire Seal in his hand towards Huo Dong!

Huo Dong caught the Divine Fire Seal, and a drop of blood instantly entered the Divine Fire Seal!

Originally, Huo Dong and Huo Yuanting had the same blood, so it was easy for the Divine Fire Seal to recognize the master!

Huo Dong raised the Divine Fire Seal in his hand high, and immediately an invisible vortex formed in the Divine Fire Seal. David's six fires began to be absorbed by the Divine Fire Seal. The flame breath on the fire was peeled off little by little and was sucked into the Divine Fire Seal!

Seeing this scene, David was not surprised at all!

Huo Dong was full of excitement, looking at the Divine Fire Seal in his hand, his body trembled a little!

"Hahaha, I have the Divine Fire Seal in my hand, even if you have sixty fires, it's useless!"

Huo Dong laughed wildly: "Don't you have six fires? Then I'll let you taste the taste of fire!"

Huo Dong raised the Divine Fire Seal in his hand, and then a ball of fire instantly broke out from the Divine Fire Seal!

This ball of flame is not a certain kind of ultimate fire, but more like a fusion of multiple ultimate fires!

When David saw this ball of flame, his eyes suddenly lit up: "This Divine Fire Seal can actually allow the ultimate fire to fuse..."

David smiled. The ultimate fire that was sucked away by the Divine Fire Seal was actually directly fused in the Divine Fire Seal, and now it was coming towards David!

"I'm not afraid of the ultimate fire at all, I'm not afraid of any flame."

After David finished speaking, suddenly a group of red flames appeared around his body!

The True Fire Dharma Body was activated, and the flames at this time could not hurt David at all! "

True Fire Dharma Body..."

When the old master saw this scene, he suddenly widened his eyes and opened his mouth, his expression was extremely surprised!

"Father, what is the True Fire Dharma Body?" Zhu Ling asked very puzzled!

"This is our long-lost method of Zi Yanmen. I don't know how David practiced it?"

The old master was very puzzled. After all, David had only been in Zi Yanmen for a short time!

Chapter 4064

Huo Yuanting was also shocked when he saw David's True Fire Dharmakaya!

"Dad, what kind of skill does this kid have? He is not afraid of the fire!"

Huo Dong was a little confused when he saw that David's body was like an immortal descending, and he was

not afraid of the fire at all! You know, he is not afraid of the fire because he has the Divine Fire Seal, but David has no treasures, and he is not afraid of the fire just by using the skills. It's too awesome!

And it seems that the skills David used are very unique and mysterious!

“True Fire Dharmakaya, the True Fire Dharmakaya that our Zi Yan Sect has lost, how could this guy have it, how could he have the True Fire Dharmakaya?”

“Strange, too strange, why is it?”

Huo Yuanting couldn't understand how David, a guy who had just come to Zi Yan Sect for a few days, could have the True Fire Dharmakaya?

“What is the True Fire Dharmakaya?”

Huo Dong asked!

“The True Fire Dharmakaya is the unique skill of the first master of Ziyamen, but then the first master suddenly disappeared, and the True Fire Dharmakaya has been lost for a long time. Fortunately, there are records in our Sutra Library, but they are incomplete and no one can practice it.”

“I don't know where this kid learned the True Fire Dharmakaya. Is the first master of our Ziyamen still alive?”

Huo Yuanting frowned, puzzled!

When he heard that David was using the unique skill of Ziyamen, Huo Dong was also stunned!

How could David know the unique skill of Ziyamen!

However, seeing that the Ultimate Fire could not cause any harm to David, Huo Dong held the Divine Fire Seal, with murderous intent on his face, and black air began to permeate his body!

Huo Dong used the Divine Fire Seal to resist David's Ultimate Fire attack, while using his own means to target David!

Since David is not afraid of the Ultimate Fire, he uses other means! As

long as the Divine Fire Seal is in hand, David will not cause too much threat and harm to him!

Waves of ghost cries rang out around Huo Dong, and the entire Zi Yan Sect seemed to have become a purgatory on earth. These ghost cries were like those coming from hell, crying out for injustice! The sound was very harsh and penetrating. Every sound made the eardrums seem to be pierced!

Many people covered their ears, and goose bumps fell all over their bodies!

In this hot Zi Yanmen, listening to the ghost cry, everyone trembled, as if falling into an ice cave!

With the strange black air rising in the void, the entire formation space was filled with black fog!

If there was no light curtain to block it, these black fogs would engulf the entire Zi Yanmen!

But the light curtain couldn't block the sound. The ghost cry made many Zi Yanmen disciples unable to bear it, and blood even flowed out of their ears!

What's more, they were a little unconscious, as if they were stupid and scared!

"What kind of skill is this? Just this sound can make people lose their minds?"

"This is the sound of hell of the Ghost Face Sect. It is said that this skill can only be performed by cultivators in the Mahayana realm, but Huo Dong is only at the peak of the Tribulation Realm. How could he perform it?" The

old sect master frowned slightly!

He has dealt with the Ghost Face Sect the most, and often fights with people from the Ghost Face Sect, so he knows the most about some of the Ghost Face Sect's skills!

"Dad, this skill looks very bluffing, but can you kill people with sound?"

Zhu Ling asked in confusion!

"You don't understand, this sound is not a means of killing, but to affect people's minds, and to disrupt judgment. Huo Dong will take action later, and it will be unexpected." The

old sect master said with some concern!

"What should I do? How could this Huo Dong perform the skills of the Mahayana realm? He is not in the Mahayana realm?"

Zhu Ling said nervously when she heard it!

The old sect master stared at the Divine Fire Seal in Huo Dong's hand, and said thoughtfully: "If my guess is correct, it must be because of the Divine Fire Seal. Huo Dong suddenly returned to Ziyan Sect and was so anxious to find the Divine Fire Seal. He should rely on the opportunity of the Divine Fire Seal to break through to the Mahayana realm."

Chapter 4065

The old sect master's analysis was correct. Huo Dong relied on the Divine Fire Seal to perform this kind of skill, and Huo Dong was already on the verge of a breakthrough!

Listening to the old sect master's words, Zhu Ling looked at David nervously, and then shouted loudly: "Little Junior Brother, be careful, Huo Dong is likely to break through the Mahayana realm, you must be careful..."

The light curtain could not block the sound, so David heard Zhu Ling's voice clearly!

Hearing Zhu Ling's reminder, David turned his head and looked at Zhu Ling and smiled: "Thank you for reminding me, Senior Sister, even if he really breaks through to the Mahayana realm, I am not afraid, I will beat him and make him call daddy..."

"Boy, die..."

Huo Dong listened to David's words, and his face flushed with anger!

The black mist continued to spread, wrapping up David's whole body!

David grabbed the Dragon Slaying Sword, looking at the silky black mist, which continued to gather around him, and David slashed with a sword!

The black mist was actually cut off directly, which made David slightly stunned!

But soon, the black fog slowly gathered again from the place where it was cut off!

"This is not fog..."

David frowned slightly!

He just used a sword to know that the diffuse black fog in front of him looked like fog, but it was not fog at all!

But just when David was thinking, suddenly from the black fog, a huge black claw came towards David, accompanied by a creepy ghost cry! The

slender claw went straight to David's heart, and it seemed that he wanted to kill David with one blow.

When David saw this, he swung the Dragon Slashing Sword in his hand, and the claw was directly cut off, and then fell to the ground!

But after the claw fell to the ground, it instantly turned into a ball of black fog and disappeared!

But the next moment, more claws came towards David, and the Dragon Slashing Sword in David's hand kept waving. As long as these claws were cut off, these claws would turn into black fog again!

Seeing this, David shot out two balls of fire. He knew that these things were afraid of fire, so he could just burn them with fire! But after the two balls of fire were shot out, there was no sound in an instant, and they were all sucked away by Huo Dong's divine fire seal!

"This technique really has something..."

David was obscured by countless black fogs. In addition to the shrill ghost cries, he was attacked from all directions from time to time!

No matter how David fought back, he couldn't kill the thing in the black fog!

Zhu Ling looked at everything and suddenly became nervous. It seemed that it was just as her father said. Huo Dong's attack would be unexpected!

"Dad, please give my junior brother some advice. What should I do?"

Zhu Ling was anxious!

It was not easy to meet David. She was David's little fan. If David died like this, she would be sad!

The old sect master looked at the battle in front of him, but smiled slightly and said, "Don't worry, didn't you see that David was confident? He is just playing with Huo Dong now!"

"No matter what means Huo Dong uses, David doesn't seem to care much. He should have known it long ago."

David did have a plan in mind. He still had a trick that he hadn't used, which was the seal soul of the Divine Fire Seal. Although Huo Dong had the Divine Fire Seal and recognized the master, it was useless. It was just an empty shell!

As long as David offered the seal soul of the Divine Fire Seal, the Divine Fire Seal would be in his hands immediately, and he would take the initiative to recognize the master!

After all, David subdued the seal soul, which was the foundation of the Divine Fire Seal!
The reason

why David hadn't taken out the seal soul was that he wanted to play with Huo Dong!

At the same time, he also wanted to see what was so powerful about the Ghost Face Sect!

The two balls of fire that David had just used were silent, so he burst out of his body again, emitting a large amount of fire flames!

This time, David was like a man on fire!

After the surrounding black fog encountered the fire, it actually retreated away from David's body!
