

A Man Like None Other Novel

Chapter 4106

David was carving the divine pattern at this time, and he didn't care about anything!

After all, he was trapped in this place and was guarded by Bai Ju, so there would be no danger!

But just when David was carving the divine pattern, suddenly a strange breath fluctuated, and he opened his eyes!

I didn't know when there was an old man in a black robe in front of him!

The old man looked at David carefully, with a deep sense of disbelief in his eyes!

M.VODTW.IA

“Boy, how many divine patterns have you mastered now?”

the old man asked!

David looked at the other party, frowned slightly and said, “Who are you? Why should I tell you?”

“Hahaha, who am I?”

The old man laughed and waved his hand!

The sky instantly became extremely dark, and in the dark sky, array patterns appeared!

The complexity of these array patterns is no less than the divine patterns that David is carving now!

And these array patterns are like stars, covering the entire sky!

Seeing such a huge array pattern, David was stunned!

However, in these array patterns, waves of demonic energy continued to emanate!

At this moment, David instantly understood who was in front of him.

“Are you the array demon?”

David asked in surprise!

“Yes, I am the array demon. The divine pattern you practice is not the best at all. My demon pattern is the best.”

“Don’t practice any divine pattern anymore. Learn the demon pattern from me. I guarantee that you can ascend to heaven.”

The array demon tempted David!

“Is the demon pattern so powerful?” David didn’t believe it!

“Of course it is powerful, can’t you see it? And if you learn from me, I will teach you personally, unlike my senior brother, who is always seeking fame and pretentiousness, and refuses to teach his disciples in person.” The

array demon said bad things about the ancestor of the divine pattern!

“You fart...”

As soon as the voice fell, the figure of the God Pattern Ancestor appeared, and then said to David: “Don’t listen to his nonsense, the magic pattern is not as powerful as the God Pattern, and you have now condensed your own God Pattern, it is impossible to practice the magic pattern.”

“You can practice, I can remove your own God Pattern, and you can condense your own Demon Pattern again.”

Zhen Mo said hurriedly!

“Zhen Mo, you are fu**ing in front of me, prying my apprentice, isn’t it too much?”

The God Pattern Ancestor was angry!

“Brother, why are you scolding me again, you have no manners at all.”

Zhen Mo said unhappily!

“You have manners, you prying other people’s apprentices is called having manners, do you have any shame.”

The God Pattern Ancestor roared!

This time, the two old men actually quarreled for David. If they hadn’t just started fighting, the two people had consumed too much and hadn’t replenished it yet, it is estimated that they would fight again!

David looked at the two people arguing, and was speechless for a while!

And it sounds like these two people are brothers, but David doesn't understand how the two brothers can become like this now!

"Stop, stop it..."

"You two stop arguing!"

"I'm no one's apprentice, what are you arguing about!"

David said hurriedly!

The two were stunned, and the God Pattern Ancestor looked at David and said, "You have condensed your own divine pattern, and you said you are not my apprentice?"

"Of course not, I didn't become your disciple, you trapped me here to learn."

"I have learned your divine pattern, I can respect you as a senior, but if you want to be my master, you are not qualified enough..."

David's words made the God Pattern Ancestor stunned!

The Array Demon laughed and said, "Hahaha, young man has a promising future, this is how it should be!"

The God Pattern Ancestor said with a red face: "I am the Star Array Immortal of the Heavenly Realm, am I not qualified to be your master? Are you too arrogant?"

The God Pattern Ancestor was so angry that he was about to die!

Chapter 4107

"Brother, a hero does not boast of his past achievements. You are still a worthless star array immortal. You can't even go back to the heaven. Your strength is constantly declining. Only a fool would want to be your apprentice." "

Young man, you worship me as your master. I will teach you the magic pattern. I also have a place in the heaven."

The array demon said to David!

"Aren't you also trapped here and can't go back to the heaven? So you don't qualify either."

David said!

The array demon was stunned for a moment, then he said angrily: "Boy, I saw that you are gifted, so I accepted you as my apprentice. Do you think anyone can worship me as a master?"

"You two are desperately trying to accept me as your apprentice, you must have some intention, right?"

"But if you don't tell me, I don't want to ask. I don't want to learn any array patterns or magic patterns. I just want to leave this broken place."

"I still have a lot of things to do, let me go now!" Chen

Ping knew that there must be a reason why these two people were trapped in the heavenly world and couldn't return to the heavenly world!

But they want to find talented people to teach their unique skills, and it is not just as simple as accepting apprentices!

Although David really wants to learn the divine pattern or even the magic pattern, he can't show it!

The more he acts indifferent, the more beneficial it is for him!

Sure enough, after David said this, the Divine Pattern Ancestor said: "You don't have to become my disciple. Now that you have condensed your own divine pattern and learned so many divine patterns, it would be a pity to leave now."

"I don't force you to become my disciple. You just need to learn these divine patterns. When you have learned them all, you will be able to see the essence of this world clearly."

"Boy, you don't have to become my disciple. I am willing to teach you in person." Seeing this, the Array Demon also hurriedly spoke up!

For someone as gifted as David, they are unwilling to give up! If

David really succeeds, then he will have a chance to break the great formation of heaven and earth in the world of heaven and man. They will be able to leave if they are trapped here and return to the heaven! David

looked atHe looked at the array demon, and then at the magic pattern that was like a sky full of stars. The breath emanating from the magic pattern could actually make David's innate divine pattern react!

However, the reaction of the innate divine pattern was very strange, which was different from when he learned other divine patterns!

“Is there any connection between the magic pattern and the divine pattern?”

David frowned slightly, and did not answer the array demon’s words, but jumped!

David rushed into the magic pattern in the sky!

Seeing David’s move, the array demon and the divine pattern ancestor were stunned!

They didn’t know what David was going to do!

“Brother, what is this guy going to do?”

The array demon asked!

“Maybe he wants to learn the magic pattern.” Seeing David rushing into the magic pattern, the divine pattern ancestor said!

“The innate divine pattern on his body has not been removed yet, how can he continue to learn the magic pattern, this will kill people...”

The array demon was surprised!

The divine pattern ancestor did not speak, nor did he stop David!

David rushed into the magic pattern in the sky, and the innate divine pattern in his body began to tremble regularly!

It was as if it sensed the magic patterns all around!

David was a little unbelievable. How could his own innate divine pattern sense the magic pattern and have some connection with the magic pattern?

These were originally two different array patterns, and there was no way they could be related!

David slowly sacrificed his innate divine pattern, and saw that the innate divine pattern kept flashing around his body!

At the same time, David’s eyes slowly turned red, and he kept thinking in his mind!

“Could it be that the magic pattern and the divine pattern both evolved from the same array pattern?”

David had a bold and absurd idea!

After all, gods and demons are on different paths, how could the magic pattern and the divine pattern be evolved from the same divine pattern!

But if not, why can his innate divine pattern sense the magic pattern?

Chapter 4108

David decided to try to condense the magic pattern. If he did not suffer backlash or resistance in the process of condensing the magic pattern, then his guess would be proved!

David looked at a magic pattern and began to carve it in the air. You should know that David already had his own divine pattern in his body at this time. When carving the divine pattern, he could feel it very well!

But the magic pattern was different. However, when David was carving the magic pattern, he did not find anything wrong, and it was very smooth!

It seems that what I thought should be right. Even if I learn the divine pattern, I can continue to practice the magic pattern!

Without any worries, David actually began to carve the magic pattern quickly. One magic pattern after another flashed in David's body. I don't know how long it took, and the spiritual power from all directions surged, like a surging sea water rushing towards David! The magic pattern all over the sky was also trembling slightly, as if responding to David!

The Array Demon and the God Pattern Ancestor were dumbfounded when they saw this scene!

"What the hell? Is this guy going to condense his own magic pattern?"

The Array Demon said in surprise! The

God Pattern Ancestor also flashed a touch of shock on his face and said, "The God Pattern and the God Pattern can be condensed on one person at the same time. How is this possible?" It's

simply unimaginable. This kind of thing is too shocking!

They never thought that the magic pattern and the God Pattern can appear on one person at the same time!

At this time, David was surrounded by black mist, and the devil's energy continued to emerge from those magic patterns!

The whole sky was shaking!

Even the ground under his feet was shaking!

"This guy, the aura of the three races of human, demon and beast are all on him. Now he can condense the magic and God patterns into one body. This can't be explained by talent."

The Array Demon's face changed drastically!

"My space world, won't be destroyed by this kid?"

The God Pattern Ancestor was very worried!

With the current strength, he can't open up a space world again!

"Brother, if this kid can break the great formation of heaven and earth, you don't need a space world anymore. We can go back to heaven.
The demon began to get excited!

David, this guy, is a genius. Maybe he can break the great formation of heaven and earth!

At this time, David had no idea what the two people were thinking. He only saw that the natal divine pattern in David's sea of consciousness was trembling!

At the same time, on the side of the natal divine pattern, the natal magic pattern was also slowly generated! The

natal divine pattern was like David's left arm, becoming a part of the body!

And the natal magic pattern was like David's right arm, also a part of the body!

In the center of David, a walnut-sized light linked the natal divine pattern and the natal magic pattern!

Every time this light beats, the natal divine pattern and the natal magic pattern will be connected!

At the same time, both life patterns are growing!

The spiritual energy and magic energy from all directions are gathering crazily!

The breath emitted by the magic pattern in the sky is also absorbed crazily by David!

She was accompanied by a mysterious breath that continues to diffuse along David's body!

The two life patterns are slowly merging, producing a peculiar breath!

This breath is constantly spreading, and David is soaking in a hot spring, feeling very comfortable all over!

"This breath... this breath is so strange, it doesn't belong to your divine pattern, nor my magic pattern!"

The array demon felt the breath in David's body and said in surprise!

The ancestor of the divine pattern said nothing, and his expression became very strange!

David was quietly suspended in the air, and a new world seemed to have opened up in the entire sea of consciousness!

He was surprised to find that whether it was the divine pattern or the magic pattern, or even the array pattern carved by the general array master, these things were not used alone to set up the array!

All the array patterns can evolve everything when they are cultivated to the extreme!

Those ancient powers can change everything with a casual finger. These things did not appear out of thin air, but were formed by the interweaving of array patterns!

It's just that the interweaving arrangement of each pattern is different, and the effect produced is different!

Laying down the array is just one way to use this pattern, not the only one!
