Chapter 4110

The ancestor of the divine pattern shook his head and said, "It's okay. Fortunately, this kid put all his energy into the fusion of the array pattern, otherwise I would definitely be injured."

"This guy doesn't look like he has a high realm, but he is really ruthless."

"Don't teach him the magic pattern in the future. Let him practice the divine pattern well, and then practice the magic pattern. If he practices two at once, something will definitely happen!"

"Although this kid is gifted, his strength is still too poor. He can't bear it all at once. If he forces the fusion, maybe the whole person will be useless."

"But this guy can integrate the divine pattern and the magic pattern into one, so that the two array patterns are not repelled, which is already very good."

"Perhaps the great array of heaven and earth really depends on this kid to open it..."

"I know!" The array demon nodded!

Although the two people fought constantly and neither of them was convinced, they still had feelings at the critical moment! The array demon still listened to the words of this senior brother!

Now that the two have been trapped in the Heaven Realm for so many years, they are the only ones who are closest to them!

After an unknown amount of time, David slowly opened his eyes, recalling his state when he merged the array pattern, David was shocked!

"Boy, you almost went astray, what kind of divine pattern, demon pattern can also spy on the way of heaven, making you uneasy and almost going astray?"

The Red Cloud Demon Lord did not understand what divine pattern and demon pattern were, so he spoke!

"It's not like spying on the way of heaven, but it's like opening up a new world, but my strength is not enough now, and I almost went astray."

“When I am strong enough, I can change everything!”

Although David was a little scared, he was still very happy in his heart!

“Hahaha, when you ascend to heaven, you will open up more new worlds...”

The Red Cloud Demon Lord laughed, and there seemed to be some sarcasm in his laughter.

After all, to him, David was like a frog at the bottom of a well!

David was not angry at the ridicule of the Red Cloud Demon Lord. After all, this old guy did have the strength to laugh at him!

“Junior brother, you are awake. Master told me that when you wake up, I will take you to see him!”

Bai Ju said when he saw David wake up!

David nodded, got up and followed Bai Ju!

Soon David was taken to a thatched hut. This was not the thatched hut where David condensed his life divine pattern! The

thatched hut here was obviously more luxurious, with all kinds of furniture for daily use!

Before entering the thatched hut, David smelled a burst of wine!

“Master, Junior Brother is awake, I brought him here.”

Bai Ju said outside the thatched hut.

He didn't dare to walk into the house casually!

“Let him in!” The voice of the God Pattern Ancestor sounded!

David walked in and found that the God Pattern Ancestor was sitting at the table drinking with the array of demons, and there were several dishes on the table for the two of them!

It looked very comfortable, but for cultivators of their strength, drinking and eating was a bit of a waste of time!

You know, time is very important for every cultivator in the celestial world. If they want to ascend to become immortals, they have to practice desperately!

For them, eating is a waste of time!

Not to mention having the leisure to drink and chat!

“Sit down, have a drink together...”

The ancestor of the divine pattern waved at David!

David was not polite, he sat directly at the table, and then poured himself a glass of wine!

A strong aura, accompanied by the aroma of wine, filled the whole room with aura!

Just from the smell, you can tell that this must be a good wine, and it is a high-level spiritual wine!

“This wine is a good thing for you. It is carefully brewed with various immortal herbs.”

The array demon said to David!
