Chapter 4126

Nie Heng was outside the door and didn't open it, because he didn't know what David and Liu Ruyan were doing in the room!

Hearing that Nie Heng was coming, Liu Ruyan got up and opened the door!

David also stood up!

Nie Heng took a look, and then smiled meaningfully at David!

As a man, David certainly knew what Nie Heng's smile meant!

"Let's go, I'll go see what's going on with the formation. If we delay like this, I don't know when we can get to Yongle City."

David was going to take a look. If possible, he could help repair the teleportation formation!

"David, I haven't asked you, you suddenly came here, are you going to Yongle City too?"

"Are you going to attend the Pharmacist Conference too?"

Liu Ruyan never asked David why he was here!

"I'm not attending the Pharmacist Conference. I'm going to the Western Regions to find friends. I have a few friends in Yongle City."

David said!

"Boys and girls?" Liu Ruyan looked at David and asked with a vigilant look in her eyes!

"Both men and women..." David could only tell the truth!

Hearing David say this, Liu Ruyan sighed lightly, and then smiled bitterly!

She knew that David was a dragon and never belonged to a certain sky!

So it was unrealistic for Liu Ruyan to keep David by her side!

But David just had her in his heart, and she didn't ask for anything else!

"Let's go, I'll go around with you..."

Liu Ruyan said!

David followed Liu Ruyan out of the inn, Nie Heng followed from a distance, and then came to the Pharmacist Association, in front of the huge square!

In the middle of the square, spiritual light flashed, and there were ancient patterns on the ground, just like a large formation!

And around the large formation, more than a dozen monks were guarding in a strict formation, not allowing others to approach casually!

There were many pharmacists around the formation, and they all had an obvious expression, that is, anxiety!

Obviously, these pharmacists have been stranded here for several days. If the teleportation array cannot be repaired, they are afraid that they will not be able to catch up with the pharmacist conference! They

came here from a long distance and wanted to be teleported to Yongle City, but now the teleportation array is broken!

In the middle of the teleportation array, a middle-aged man in a gray robe with sweat on his forehead was constantly groping on the array patterns on the ground!

On the west side of the teleportation array, there were several people wearing bright yellow robes, and each of them had a pharmacist token hanging around his waist!

Proving that these people are all members of the pharmacist association, and they seem to have a high position!

Soon, as the middle-aged man in the gray robe left the teleportation array, the teleportation array began to emit light, and the mysterious array patterns slowly rose into the air and kept flowing!

Then, in the wound of the formation, it intertwined into space fluctuations!

Seeing this scene, the middle-aged man in the gray robe breathed a sigh of relief!

Seeing this, the senior executives of the Pharmacist Association finally smiled!

“Everyone, I’m really sorry to have kept you waiting for so long. The teleportation array has been repaired now. We can teleport below, but because the teleportation array has just been repaired, the number of people that can be teleported at one time needs to be limited.”

“Only fifty people can be teleported this time, so those who lined up here at the beginning can now board the teleportation array with their number plates in their hands.”

A senior executive of the Pharmacist Association said, looking at the people around him!

Hearing that they could teleport, many pharmacists were happy!

Nie Heng said excitedly: “I didn’t expect it to be repaired, Miss, we are among the first few places, and now we can get on the teleportation array.”

Liu Ruyan nodded, looked at David and said: “Come on, you follow me, just say we are together, and teleport together!”

David looked at the teleportation array that was emitting light, stopped Liu Ruyan and Nie Heng and said: “Don’t go, the teleportation array has not been completely repaired, and this time the teleportation will definitely fail.”

Chapter 4127

“Mr. Chen, have you figured out the problem with this teleportation array?”

Nie Heng asked curiously!

David nodded: “Yes, don’t go up, wait here...”

Seeing David say this, Liu Ruyan and Nie Heng no longer approached the teleportation array!

Others excitedly took the number plate and began to enter the teleportation array one by one!

When the entire teleportation array was full of people, the middle-aged man in a gray robe took out the spirit stone and placed it around the teleportation array! The

opening of the teleportation array requires a large amount of spirit stones, so you also need to pay to ride the teleportation array!

With the flashing of the spirit stone, the teleportation array slowly opened, the entire space continued to fluctuate, and the white aura surrounded the entire teleportation array!

Everyone saw a halo constantly emerging from the teleportation array, and the people in the teleportation array had a sense of detachment, as if they were about to be teleported!

Everyone waited quietly, as long as these people were teleported away, it would be their turn later!

However, David felt the fluctuation of the teleportation array, and he was more certain in his heart that this teleportation array was bound to fail!

Boom!

With a flash of white light, everyone closed their eyes!

Then there was a crackling sound all around, followed by screams!

Everyone hurriedly opened their eyes and saw that the people in the teleportation array were still there, but many of them smelled burnt, and some were injured and bleeding!
At

this moment, everyone was stunned, even the middle-aged man in the gray robe was stunned!

“Hurry up and save people, hurry up and save people...”

I don't know who shouted, and many people rushed up and carried the injured away!

“This... What on earth is going on?”

The middle-aged man in the gray robe said in disbelief!

The other pharmacists were also in an uproar. This teleportation array was too terrible. Not only did they not teleport people away, but they were all injured!

“What's going on, what on earth is going on, didn't you say it was fixed? “

Several high-level members of the Pharmacist Association rushed over in a hurry when they saw this!

“Maybe there are not enough spirit stones, and the formation has not been fully activated. Why don't we try again!”

said the middle-aged man in the gray robe!

“Hurry up and try it. Now it has become like this. How can we follow the president’s instructions?”

said a high-level member of the Pharmacist Association very angrily!

“Okay!”

The middle-aged man in the gray robe hurriedly placed the spirit stones again. This time the number of spirit stones was obviously much larger!

However, as the formation was activated, it was only a flash and stopped again!

This time, everyone was furious. This formation was not fixed at all!

The middle-aged man in the gray robe also had an extremely ugly face!

“Li Qi, what’s wrong with you? Aren’t you a formation master?”

“The teleportation array has not been repaired for so many days. The Pharmacist Association has raised you in vain.”

“If the teleportation array cannot be repaired, the Pharmacist Conference in Yongle City will begin.”

“What are you doing? Didn’t you just say it has been repaired? “

Several high-level members of the Pharmacist Association were all anxious!

Many pharmacists around were also noisy and very angry!

They had been waiting here for so many days and it still hadn’t been repaired!

If it really couldn’t be repaired, they wanted to go to Yongle City, but there wouldn’t be enough time!

Isn’t this cheating?

Li Qi’s face was full of cold sweat, and he kept wiping it. Even if he was told that, he didn’t dare to refute it!

After all, these were the high-level members of the Pharmacist Association, and he was paid by the Pharmacist Association!

And so many pharmacists were waiting.

Li Qi carefully checked every pattern of the teleportation array, but he couldn't find the problem at all!

He was as anxious as an ant on a hot pot!

"It hasn't been repaired yet?" This was a majestic voice!

Seeing the person coming, everyone stepped aside!

Chapter 4128

This person is Chen Wenliang, the president of the Central Region Pharmacist Association. It is said that Chen Wenliang's medicine refining level has reached the strength of a high-level medicine master!

"President, I just said that it was repaired, but there was a malfunction and many people were injured."

A high-level Pharmacist Association member hurried forward and said!

Li Qi saw that the president came to ask in person, and for a moment he dared not breathe, and was anxious and sweating!

"This teleportation array has not had any problems for thousands of years. How could it suddenly have problems at this Pharmacist Conference?"

Chen Wenliang asked with a frown!

"President, do you suspect that someone has tampered with the teleportation array?"

A high-level Pharmacist Association member asked!

"Yes, check it out carefully. I think someone doesn't want us to attend the Pharmacist Conference."

"Maybe they are afraid of losing to me!"

Chen Wenliang said coldly!

"President, everyone here is a pharmacist, and no one knows the art of formations, not to mention a high-level formation like the teleportation formation. Even if someone wants to destroy it, they can't do it without professional techniques!" The

senior executive of the Pharmacist Association said puzzledly!

“Li Qi...”

Chen Wenliang shouted at the middle-aged man in the gray robe!

Li Qi hurried forward and said respectfully: “President...”

“How is it, have you found out what the problem is with the teleportation array?”

“Did someone deliberately destroy the teleportation array?”

Chen Wenliang asked!

“President, I have checked it for several days, and there is no problem with the teleportation array. It was just activated, but it suddenly appeared again.”

“I don’t understand what the problem is.”

Li Qi said with a face full of shame!

In the entire Pharmacist Association, he is the only formation master, who does nothing but maintain the teleportation array and activate the teleportation array during the Pharmacist Conference!

EveryHe has been paid a very generous salary for many years, and he eats countless pills. After all, the thing he has the most in the Pharmacist Association is pills!

But now, there is something wrong with the teleportation array, but he can’t check it out, which makes him very embarrassed!

If this continues, I don’t know if the Pharmacist Association will continue to employ him!

“Can’t see the problem?”

Chen Wenliang frowned slightly and looked around the teleportation array himself!

He is just a pharmacist and knows nothing about formations, so he can’t tell the difference just by looking at it!

Li Qi can’t see the problem now. If he can’t fix it, all the pharmacists here will miss the Pharmacist Conference! It ‘s

probably difficult to appease so many pharmacists!

By then, his Pharmacist Association may become a thing of the past!

“President, why don’t we ask on the spot to see if there are any formation masters. If anyone can fix the teleportation array, we can give a high reward.”

A senior executive of the Pharmacist Association suggested!

Chen Wenliang pondered for a moment, then nodded: “This is the only way to do it, but all the people here are pharmacists, I’m afraid it’s hard to find a formation master.”

“President, even if someone knows the art of formation, they may not be able to repair the teleportation array. I can’t see the problem, and I believe that none of the pharmacists present can see it.”

Li Qi said!

The reason why he said this is because everyone here is a pharmacist. Even if someone likes the art of formation and learns some in his spare time, it is impossible to repair the teleportation array!

Moreover, Li Qi is a professional formation master. As the saying goes, every profession has its own specialty. He didn’t see the problem. Can these people see it?

“Let’s try it out...”

Chen Wenliang sighed, then glanced at the crowd and said: “Everyone, I don’t know if there are any of you who have learned the art of formation. If anyone can repair this teleportation array, our pharmacist association can take out five destiny pills.”

As soon as this was said, everyone was in an uproar!

Chapter 4129

“The Destiny Pill has been taken out. It seems that the Pharmacist Association is really anxious.”

“What a pity! It would be great if I knew the art of formation!”

“Destiny Pill, this can be regarded as a life-saving medicine, right?”

Everyone talked about it, and they all regretted not learning the art of formation!

“What is the Destiny Pill?” David looked at Liu Ruyan puzzledly and asked!

“This is the top-secret magic medicine of the Central Region Pharmacist Association. It is said that taking the Destiny Pill can make the soul and spirit solid. Even if the physical body is destroyed, the soul can escape safely and save one’s life.”

“So many people say that this Destiny Pill is a life-saving medicine. As long as the soul is there, you can be reborn.”

Liu Ruyan followed David to explain!

When David heard this, he immediately became interested, so he raised his hand high and said, “I can fix the teleportation array...”

Chen Wenliang looked at David, and then asked in disbelief, “My fellow Taoist, I don’t have time to joke. If you really fix the teleportation array, I will give you five destiny pills immediately.”

“But if you can’t fix it, delay the time, and damage the teleportation array, don’t blame me for being rude.”

Chen Wenliang saw that David was too young and his strength was not very high, so he didn’t believe it!

“If I can’t fix it, I can leave my life!”

David walked in front of Chen Wenliang very confidently!

Hearing David’s words, Liu Ruyan and Nie Heng were both shocked!

Why did David risk his life?

The other pharmacists were also quite surprised. They looked at David one after another. They felt that David was a young man, and he spoke without any lightness, and even risked his life!

Chen Wenliang didn’t expect David to say this, and he didn’t react for a while!

“Boy, this teleportation array has existed for thousands of years. It is an ancient array, not the kind of easy-to-use array you imagine.”

“You’d better think it over carefully, lest you lose your life here in vain...”

Li Qi saw this and hurriedly scolded David!

Actually, Li Qi was also doing this for David’s own good. After all, David was a young and inexperienced person who had no idea how complicated the teleportation array was!

If they really made a bet, it would not be worth it to lose their lives here!

David smiled and said, "Thank you for your reminder, fellow Taoist. Since I dare to bet, I must be sure..."

Li Qi saw this and said nothing more!

Chen Wenliang only reacted at this moment and said, "Okay, if you can't fix it, I don't want your life, but you must leave your hands and feet as a punishment, otherwise anyone who comes to repair it will completely destroy this teleportation array!" "It

's a deal..."

David nodded, and then walked towards the teleportation array!

After David circled around the teleportation array, he squatted down and began to sort out the array patterns on the ground!

Perhaps due to years of disrepair, some of the array patterns on the ground have become very blurred!

Even if someone is maintaining it, the array patterns are still blurred.

"What are you doing? The array patterns can't be moved casually. If they move a little, the teleportation array will be completely useless."

Li Qi saw this and hurried to the bed to stop David!

This is an ancient formation. It is unknown which great man left the formation pattern. If someone privately moves the formation pattern, the entire teleportation formation will be destroyed!

After all, the formation pattern without formation methods has palm method rules. As long as the position is moved, it will be over!

"Boy, what are you doing? If you dare to destroy the teleportation array, I will kill you!"

Chen Wenliang was also anxious, and shouted at David loudly!

You know, every teleportation array is the life of the Pharmacist Association. The reason why the Central Domain Pharmacist Association was built in such a desolate town is also because of the teleportation array in this place!

If there is no teleportation array, then their Central Domain Pharmacist Association will decline!

Because the teleportation array of the Northern Domain Pharmacist Association can no longer be used, the strength

of the Northern Domain Pharmacists is getting lower and lower! There are not many senior pharmacists in the entire Northern Domain now, and there are even fewer people who can participate in the Pharmacist Conference!

Chen Wenliang doesn't want the Central Domain Pharmacist Association to become like that!

Chapter 4130

Chen Wenliang made a move!

He made a move on Chen Ping. He couldn't just watch Chen Ping destroy the thousands of years of teleportation array!

Chen Ping didn't destroy the teleportation array, but their entire Pharmacist Association!

Whoosh!

Chen Wenliang was very fast and grabbed Chen Ping!

Chen Ping felt a strong wind coming from behind, but he didn't even look back. Instead, he just turned sideways and dodged!

Chen Wenliang was only at the peak of the Tribulation Realm, so Chen Ping was not afraid! After

dodging, Chen Ping still sorted out the array pattern. The array pattern that was originally a little blurry gradually became clear under Chen Ping's depiction!

But no one knows whether Chen Ping's depiction of the array pattern is correct!

If you mess around and the array pattern is wrong, the teleportation array will really be completely useless!

Chen Wenliang was slightly stunned. He didn't expect Chen Ping to dodge his attack without even looking at it, as if he had eyes on the back!

"Stop, I told you to stop..."

Chen Wenliang slapped Chen Ping again!

This time, Chen Wenliang was no longer trying to catch Chen Ping, but to kill him!

Chen Ping raised his hand casually, and with a bang, his palms collided with Chen Wenliang's!

Dengdengdeng...

Chen Wenliang's body instantly retreated three steps backwards, and Chen Ping didn't move at all!

This time, everyone was shocked!

Even Liu Ruyan and Nie Heng widened their eyes, their faces full of disbelief!

They didn't know how abnormal Chen Ping's strength had become during this period!

All the pharmacists were also surprised!

You know, the formation master is similar to the pharmacist, and their strength in the real realm cultivation will not be too high!

But who would have thought that the president of the Pharmacist Association, who was at the peak of the Tribulation Realm, was easily repelled by Chen Ping with a palm!

Moreover, it seems that Chen Ping is very young, and his strength is no more than that of the Tribulation Realm. Only the sixth rank!

How did he do it?

Chen Wenliang's face became very ugly, and then he shouted angrily: "Everyone, work together to catch this kid. If we watch him destroy the formation, we can't even think about going to Yongle City."

Chen Wenliang roared, and all the pharmacists were ready to move!

After all, this teleportation array is related to everyone's interests, and no one wants to see Chen Ping ruin the teleportation array!

"Who dares to move..."

Liu Ruyan followed Nie Heng and jumped up and stood in front of Chen Ping!

No matter what the reason is, if someone dares to target Chen Ping, Liu Ruyan will certainly not sit idly by!

She will always stand on Chen Ping's side, after all, she is already Chen Ping's person!

"Liu Ruyan, you are a pharmacist in the Northern Region, do you still want to care about our Central Region's affairs? Get out of the way immediately. If this kid ruins the teleportation array, you are also the culprit."

Chen Wenliang roared!

"President Chen, I believe Chen Ping. He is determined not to damage the teleportation array. His array technique is very powerful."

Liu Ruyan hurriedly explained!

She wanted to buy time for Chen Ping. She knew that Chen Ping must be sure of it, so he would do this!

"No matter how powerful he is, can he still set up this ancient teleportation array? No one has dared to touch this teleportation array for thousands of years, and now he has begun to scribble on it."

"If there is a slight difference in the array pattern of this teleportation array, the entire teleportation array will be destroyed."

"Persuade him to stop immediately, otherwise it will really arouse public anger."

Li Qi said to Liu Ruyan!

As a master of array worshipped in the Pharmacist Association, he has only dared to maintain this teleportation array for so many years, and dared not make any changes to the teleportation array!

Even if the array pattern of the teleportation array has been blurred due to years of disrepair, Li Qi dared not move it casually!

Listening to Li Qi's words, Liu Ruyan turned her head to look at Chen Ping. Just as she was about to speak, Chen Ping had already stood up!
