Chapter 4131

“Okay, this teleportation array is just in disrepair, and some array patterns are too little connected to each other, so that the teleportation array can be opened, but it can’t be teleported.”

“Now I have re-carved the array pattern and slightly changed it. In this way, even if the teleportation array is in disrepair and can’t be teleported, there will be no such injury incident just now.”

Chen Ping said lightly!

After hearing Chen Ping’s words, everyone couldn’t believe that Chen Ping could repair the teleportation array and make modifications!

How is this possible? This is an ancient formation. Even if Chen Ping is a formation master, he can’t make changes to the ancient formation!

“Did you really repair the teleportation array?”

Li Qi asked in shock!

“Of course, you can open it and try it!”

Chen Ping said calmly!

Li Qi glanced at Chen Wenliang. After all, Chen Wenliang was the president. Only when Chen Wenliang spoke, Li Qi could open the teleportation array!

“You go and have a look...”

Chen Wenliang said to Li Qi!

Li Qi nodded, then walked over, looked at the teleportation array in front of him, and then placed the spirit stone!

Soon, the spirit stone flickered, and the teleportation array was opened!

Since it can be opened, it proves that the teleportation array has not been damaged by Chen Ping!

At this time, Chen Wenliang also breathed a sigh of relief.

“President, even if the teleportation array can be opened, it does not mean that it has been repaired. It was opened just now, but there was an error during the transmission!”

A senior executive of the Pharmacist Association said!

“Yes, the teleportation array was able to be opened just now, and it can be opened now, which does not mean anything!”

“We need to teleport before we can know whether this teleportation array is really repaired!”

Chen Wenliang said!

“Everyone, who will try it?”

Li Qi looked at the pharmacists around and asked!

But no one dared to move. You know, the teleportation array was damaged just now and injured so many people. Who would dare to try it!

Now Chen Ping has activated the teleportation array again. If something happens again, it will be fatal!

No one is willing to gamble with their lives!

Seeing that no one dared to give it a try, Li Qi was very embarrassed!

“I’ll do it...”

Liu Ruyan said, and walked directly into the teleportation array!

Liu Ruyan believed in Chen Ping, so she was not afraid at all!

“Nie Heng, follow your eldest lady, and don’t run around when you get to Yongle City, wait for me!”

Chen Ping said to Nie Heng!

Chen Ping believed in his own strength, and there must be no problem with this teleportation array!

Nie Heng nodded and walked into the teleportation array!

Seeing Liu Ruyan and Nie Heng walk into the formation, the others also had some trust in Chen Ping!

After all, Liu Ruyan just protected Chen Ping, and it was obvious that she was with Chen Ping!

“I’ll try it too...”

At this time, there were also pharmacists who walked into the teleportation array!

If it really succeeded, then they would not have to queue up and could reach Yongle City as quickly as possible!

After seeing that some people were not afraid and walked directly into the teleportation array, many pharmacists began to waver!

Soon, the teleportation array was filled with dozens of people!

Seeing that the place was full, Li Qi said, “Everyone, pay attention. I’m going to activate the teleportation array!”

After that, Li Qi activated the spirit stone!

The teleportation array was instantly activated, and the light began to flow, and the aura of space filled the entire teleportation array!

At this time, in Yongle City, tens of thousands of miles away from here, there were also several cultivators guarding the teleportation array!

“Elder Song, there are obviously fewer people participating in the Pharmacist Conference this year.”

“The teleportation array has been silent for several days.”

A cultivator looked at an old man in the lead and said!

These people are from the Western Region Pharmacist Association. The Western Region Pharmacist Association is in Yongle City, and they are responsible for reception here!

But for several days in a row, no one came from the teleportation array!

Chapter 4132

“It’s really strange. The pharmacists from the East and South regions are here, but why haven’t the pharmacists from the Central Region made any moves? There aren’t many pharmacists from the Central Region coming.”

“The pharmacist conference is about to begin, but no one from the Central Region pharmacist association has come yet. Don’t they want to participate this year?”

Elder Song frowned, wondering what was going on!

The teleportation array of the Northern Region pharmacist association has been broken for many years, so the strength of the Northern Region pharmacists is low, and many of them are no longer qualified to participate in the pharmacist conference!

But the Central Region is different. The strength of the Central Region pharmacist association is not low, but now there are not many people coming!

“Could it be that the teleportation array of the Central Region pharmacist association is also broken? It’s been so many days!”

said a cultivator!

“Shut your crow mouth. If no one from the Central Region pharmacist association comes, what’s the point of this pharmacist conference?”

Elder Song said with a glare!But

just after he finished speaking, the teleportation array actually began to tremble slightly, and emitted a faint light!

“Here it comes, someone is going to teleport over...”

Seeing this scene, several cultivators were very excited!

In the Central Region Pharmacist Association, everyone stared nervously at the light that was blooming from the teleportation array!

The surrounding spiritual stones were madly absorbed by the teleportation array, and the light became more and more intense!

Soon, a dazzling white light flashed, and everyone closed their eyes!

When everyone couldn’t wait to open their eyes, they found that all the pharmacists in the teleportation array had disappeared!

“Success, success...”

Li Qi was the first to shout excitedly!

If the teleportation failed, Li Qi would be the first to be held accountable, after all, he was the only array master here!

Now that the teleportation array has been repaired, Li Qi will not be punished!

A big stone in Li Qi’s heart finally fell to the ground!

Seeing this, the other pharmacists cheered happily. If the teleportation array was not repaired, they might not be able to participate in the pharmacist conference!

Chen Wenliang also looked at Chen Ping with new eyes at this moment!

Chen Ping was young, not only was he very powerful, but he could easilyAfter defeating him, he turned out to be a high-level formation master who could even repair the ancient teleportation formation!

“Daoyou, I’m sorry for offending you just now. I hope you won’t mind.”

“I’ll order someone to get the Destiny Pill for you now!”

Chen Wenliang said, and immediately ordered someone to get the Destiny Pill!

Since he promised in public, it’s impossible to go back on his word!

“Daoyou, I wonder who you learned this formation technique from?”

Li Qi was very curious. Chen Ping was so young, but his formation technique was so superb!

“I’m really sorry, I can’t say...”

Chen Ping shook his head apologetically!

Chen Ping didn’t have a master. He couldn’t say that he was self-taught. This probably hit Li Qi even harder!

“It doesn’t matter, it doesn’t matter. It’s normal not to reveal your master.”

Li Qi said hurriedly!

“Daoyou, are you planning to go to Yongle City? Go visit relatives and friends, or go home?”

Chen Wenliang asked Chen Ping!

“I have a friend in Yongle City, and I’m here to attend this pharmacist conference. I’ve never attended one before.”

Chen Ping said truthfully!

“Daoyou, you don’t know that not everyone can attend the pharmacist conference. Only qualified pharmacists can attend.”

“Formation masters like you and me are not qualified to attend the pharmacist conference.”

“If a formation master conference is held, you and I may be qualified.”

Li Qi followed Chen Ping and said!

He thought Chen Ping didn’t know that the pharmacist conference did not allow people other than pharmacists to attend!

“I know, I’m also a pharmacist, and I should be qualified to attend this pharmacist conference.”

Chen Ping counted!

“What? You’re still a pharmacist?”

Li Qi was stunned!

Chen Wenliang and everyone looked at Chen Ping, their faces full of disbelief!

Chen Ping’s formation skills are superb, and his realm strength is not inferior to Chen Wenliang. Now he is still a pharmacist!

Is there anything that Chen Ping doesn’t know?

Chapter 4133

“What? Don’t I look like a pharmacist?”

Chen Ping smiled slightly!

“No, I just find it incredible!”

Li Qi’s eyes were full of envy! If

he not only knew the art of formation, but was also a pharmacist, he wouldn’t have such a low status in the Pharmacist Association!

Soon, the Destiny Pill was taken, and Chen Wenliang was very trustworthy and handed over five Destiny Pills to Chen Ping!

After all, in front of so many people, even if Chen Wenliang didn’t want to give it, he couldn’t!

The Pharmacist Association must be credible, otherwise there will be no pharmacists joining the association in the future, and no one will seek cooperation with the Pharmacist Association, and the operation of the Pharmacist Association will be a problem!

Pharmacists are generally not very strong. In the world of the jungle of the heavenly world, pharmacists are actually weak!

Fortunately, pharmacists are small in size and respected, which allows pharmacists in the heavenly world to have a place!

If no one cooperates with the Pharmacist Association, the various resources of the Pharmacist Association will be exhausted!

After getting the Destiny Pill, Chen Ping went up to the teleportation array, ready to teleport to Yongle City to find Nie Heng and Liu Ruyan!

Seeing this, Chen Wenliang also went up to the teleportation array!

Then many pharmacists lined up to get on the teleportation array and started to teleport!

With the flash of white light, everyone’s eyes darkened, and then brightened.

After opening their eyes again, they had arrived at Yongle City, which was tens of thousands of miles away!

“Hahaha, I almost missed the Pharmacist Conference!”

“It’s really not easy!”

“Thank you, fellow Daoist. If it weren’t for you, we would have missed this Pharmacist Conference.”

Many pharmacists were very happy and thanked Chen Ping one after another!

“Fellow Daoist, this time it’s really thanks to you, otherwise our Central Region Pharmacist Association would be discredited and suffer heavy losses.”

Chen Wenliang followed Chen Ping to thank him again!

“President Chen is polite. I also took your Destiny Pill. This is considered a deal.”

Chen Ping smiled slightly and said!

“Fellow Daoist, I don’t know your name yet..” Chen Wenliang asked!

“Chen Ping!” Chen Ping said calmly!

Here, Chen Ping did not intend to hide his identity!

First, because the strength of pharmacists is generally not very high, it will not pose much threat to Chen Ping!

Second, Chen Ping showed his true face. Even if he said a fake name at this time, someone would definitely recognize him. It is better not to hide it directly!

“Chen Ping?”

Chen Wenliang was stunned!

But soon, Chen Wenliang smiled and said, “It turns out that you and I have the same surname. Maybe we were relatives thousands of years ago.”

“Maybe!”

Chen Ping smiled!

Chen Ping knew that Chen Wenliang must know him, and he should also know the killing order of the Demon Sealing League!

But since Chen Wenliang pretended not to know, Chen Ping would not expose it!

As long as they don’t have any ideas about him, Chen Ping will not make things difficult for others!

“Fellow Daoist Chen, I wonder which pharmacist association you will attend the pharmacist conference in the name of?”

Chen Wenliang asked!

“In the name of the pharmacist association? “Chen Ping was slightly stunned!

How could he know in the name of which pharmacist association!

After all, he had not joined any pharmacist association!

Chen Ping’s main purpose was to find Huo Feng and the others. He only participated because he heard about the pharmacist association!

If you ask Chen Ping which pharmacist association he will participate in, he doesn’t know!

Seeing that Chen Ping didn’t understand at all, Chen Wenliang said again: “If you participate in the pharmacist conference in the name of the pharmacist association, you can get more opportunities and resources.”

“Of course, it is also possible for independent cultivators or individual medical families can participate, but it would be more appropriate if there is an organization.”

“If fellow Daoist Chen has not joined the Pharmacist Association, I would like to recommend fellow Daoist Chen to participate in our Central Region Pharmacist Association!”

Chen Wenliang’s meaning was very clear. He wanted to persuade Chen Ping to join the Central Region Pharmacist Association!

For a cultivator like Chen Ping who is strong, a master of advanced formations, and an alchemist, I am afraid that every pharmacist association would be vying for him!

Chapter 4134

However, this proves that Chen Wenliang has no ill intentions towards Chen Ping. Since he already knows that the Demon Sealing League hunted down Chen Ping with a hundred years of offerings, and he dares to win over Chen Ping, it proves that Chen Wenliang is not afraid!

“Thank you for your kindness, President Chen. I will go to find my friend first. If I need it before the conference, I will definitely ask President Chen for help.”

Chen Ping said politely!

“Okay, your friend is a pharmacist from the Northern Territory. The Northern Territory Pharmacist Association did not participate in this pharmacist conference, so if your friend needs it, he can also participate in the name of our Central Territory Pharmacist Association.”

Chen Wenliang knew that Liu Ruyan and Nie Heng were both pharmacists from the Northern Territory!

Since the two were friends of Chen Ping, Chen Wenliang also won them over!

In this way, Chen Ping can be grateful!

If there was no Chen Ping, Chen Wenliang would not have allowed Nie Heng and Liu Ruyan to participate in the name of the Central Territory Pharmacist Association! Chen

Ping and Chen Wenliang walked out of the formation. At this time, many pharmacists who were teleported over had been arranged by the people of the Western Region Pharmacist Association to rest!

“President Chen, you are finally here. There has been no news from your Central Region Pharmacist Association for several days. Our president is anxious and asks every day!”

After seeing Chen Wenliang, Elder Song of the Western Region Pharmacist Association hurried forward and said!

“There was a small problem with the teleportation formation over there, but it has been solved.”

“Your president has never thought of me like this. Every time he attends the Pharmacist Conference, he targets me everywhere and envies me for being better than him.”

“Why does he think of me so much at this Pharmacist Conference?”

Chen Wenliang said jokingly!

It can be seen that Chen Wenliang has a good relationship with the president of the Western Region Pharmacist Association. It should be that every time at the Pharmacist Conference, the president of the Western Region Pharmacist Association has always been defeated and cannot defeat Chen Wenliang!

“President Chen, you are late. You may not know that there may be some changes in this year’s Pharmacist Conference.”

Elder Song said!

“Changes? What changes?” Chen Wenliang asked curiously

!A few days ago, someone from Yaoshen Island came and said that this year’s Pharmacist Conference would be held on Yaoshen Island, otherwise they would make all the Pharmacist Associations restless! “

After looking around, Elder Song whispered to Chen Wenliang!

“What?” Chen Wenliang frowned, and his face turned livid: “These beasts from Yaoshen Island have not dared to show up for hundreds of years. Why did they suddenly show up this year?”

“They even dared to threaten our Pharmacist Association. Do they want to die?”

“President Chen, please keep your voice down. Many pharmacists don’t know about this yet.”

“The people from Yaoshen Island are all very powerful. Our president is not their opponent in one move, so we temporarily agreed to them.”

“Now the president is waiting for you all to arrive to discuss countermeasures!”

Elder Song said!

“Huh, your president has that little strength, and I can defeat him in one move. What does this prove? “

Chen Wenliang snorted coldly!

As a person who has reached the peak of the Tribulation Realm, Chen Wenliang is considered a master among pharmacists!

“President Chen, the people coming from Medicine God Island are all in the Mahayana Realm, so don’t underestimate them too much!”

Elder Song said!

The word Mahayana Realm stunned Chen Wenliang!

He was stunned for a long time before he spoke: “The Medicine God Island is barren and desolate. It is an isolated island. How can those people practice to the Mahayana Realm?”

“How is this possible? They are all pharmacists, not gods who have descended from heaven. Without resources, what can they practice with?”

“Ah!” Elder Song sighed and said, “President Chen, it is said that life is fate. Back then, these guys were driven to Medicine God Island and left to fend for themselves, but hundreds of years later, they are getting better and better. “

“It turns out that Medicine God Island is the place where an ancient ninth-grade medicine god fell, and this place of fall was discovered by these people. “

“Medicine God Island has always been called that, and everyone thought it was just a random name, but who knew there really was a Medicine God on that island.

Chapter 4135

“Ninth-grade Medicine God?” Chen Wenliang was stunned when he heard it!

You know, pharmacists also have levels. Pharmacists are divided into heaven, earth, and yellow, and each realm is also divided into nine grades!

However, above the Heaven-grade pharmacist is the Medicine Lord, and there are also many Medicine Lords in the Heavenly Realm!

And above the Medicine Lord is the Medicine God, and the name of the Medicine God can only be heard of! After

the great war between gods and demons, no Medicine God has appeared in the Heavenly Realm!

And now, the Medicine God Island is actually the place where the Ninth-grade Medicine God fell!

This is simply too scary!

The fall of a Ninth-grade Medicine God, I wonder how many good things will be left behind!

As the saying goes, when a whale falls, all things come to life...

Now Chen Wenliang regrets it to death, if he had known earlier, he would have gone to the Medicine God Island!

However, Medicine God Island is far away from the mainland, with inconvenient transportation and extremely desolate, and no one will go there!

“Alas, people are destined...”

Chen Wenliang sighed helplessly!

“President Chen, let’s think of a foolproof plan. Otherwise, if the people on Medicine God Island return, it will be a disaster for our Pharmacist Association.”

Elder Song said with a heavy heart!

“Elder Song, go back and tell your president first, I’ll be there soon.”

Chen Wenliang let Elder Song go first!

After Elder Song left, Chen Ping was very curious and said, “President Chen, what’s going on with this Medicine God Island? And those people on the island, are they all pharmacists?”

“The Medicine God Island is a desolate island in the vast ocean west of Yongle City. Hundreds of years ago, many pharmacists secretly learned magic skills because of the lack of resources and could not practice.”

“You also know that magic skills are very tempting for cultivators with scarce resources.”

“Yes, I know!” Chen Ping nodded!

The ordinary human cultivators practice, relying on the spiritual energy of heaven and earth, various spirit stones, and various immortal grass, and all kinds of elixirs.

But the magic skills that the demon cultivators practiced, in addition to these things, can provide cultivation resources, as well as blood, evil spirits, and even the breath of death, which can provide cultivation, and even absorb the cultivation of others!

In this way, the cultivators with a shortage of resources secretly practiced magic skills, and then relied on sucking human blood and absorbing the cultivation of others to increase their strength!

These people gradually became demon cultivators!

Of course, not all demon cultivators are unforgivable, relying on sucking human blood and eating human flesh to practice!

“The fact that these pharmacists practiced magic skills was exposed, and then they were collectively driven to the Medicine God Island by the major pharmacist associations, leaving them to fend for themselves.”

“But who knew that hundreds of years later, these people discovered the place where the Medicine God fell, which directly made their strength advance by leaps and bounds.”

“Now their medical skills are probably better than ours.”

“These people suddenly appeared and asked the pharmacist conference to be held on the Medicine God Island. I guess they wanted to humiliate us pharmacists!”

Chen Wenliang narrated with some helplessness!

“Maybe this is God’s will...”

Chen Ping said indifferently!

At this moment, Chen Ping couldn’t tell who was right or wrong. It wasn’t necessarily wrong for some people to practice magic!

In the world of heaven and man, Chen Ping came into contact with so many magic practitioners, some of whom were good and some were bad!

In the world of heaven and man, the distinction between good and bad became a little blurred, and Chen Ping himself couldn’t tell the difference!

“Yes, this should be God’s will!”

Chen Wenliang smiled helplessly, nodded, and then continued: “Fellow Daoist Chen, if you want to find me, you can go to the Western Region Pharmacist Association anytime. I should be there these days.”

“Goodbye, see you later...”

“See you later...”

Chen Ping bowed to Chen Wenliang!

After separating from Chen Wenliang, Chen Ping went to find Nie Heng and Liu Ruyan. The two of them must be waiting for him near the teleportation array!
