Chapter 4141

Granny Zhen can say that she is an elder and is familiar with him! But

Huo Feng can't say it!

"It's okay. I didn't expect this girl to be so lively and cute."

"But I only have three older sisters, so there is no Dalang or Erlang!"

Zhou Silang said with a smile!

"Xiao Zhou, you just said that the Pharmacist Conference will be held on Yaoshen Island. What's the matter?"

Granny Zhen asked!

"I don't know either. The notice just posted has now made the whole Yongle City a mess. Many pharmacists don't know what's going on."

"The Western Region Pharmacist Association has been blocked at the door by many people. They want an explanation. They can't come from thousands of miles away. In the end, the Pharmacist Conference will go to Yaoshen Island, and they still need to be assessed."

Zhou Silang was obviously very angry when he spoke, and was very dissatisfied with this sudden decision!

Nie Heng and Liu Ruyan looked at David. It seems that David got the inside information and knew from the beginning that the Pharmacist Conference would be held on Yaoshen Island!

Now that it has just been announced, many people will definitely have opinions!

"Let's go out and take a look. If this is true, then it's too much."

Zhen Huan said, and hurried out!

Zhou Silang followed closely behind!

Granny Zhen shook her head and returned to the room. No matter what it was, she was not going to attend any pharmacist conference anyway!

“Huo Feng, Bai Qian, you guys stay at home. Don’t go out if you have nothing to do.”

“Let’s go out and see what’s going on!”

David said to Huo Feng and Bai Qian!

Huo Feng, Bai Qian and Ji Yun didn’t know how to make medicine, nor were they pharmacists, so it was meaningless to join in the fun!

“Master, you have to be careful. Remember to stay out of things that don’t concern you!”

Huo Feng reminded David!

“Don’t worry, I’m fine.”

David smiled slightly, and then took Nie Heng and Liu Ruyan also left!

When David and the others came to the streets of Yongle City, all the pharmacists on the street were shouting and yelling in indignation! Some

even held banners and marched in protest!

After all, this matter was only discussed by the top leaders, and the pharmacists below were not aware of it!

So when it was suddenly announced, there would definitely be a lot of pharmacists who would be upset!

But soon, the top leaders of the major families and the major pharmacist associations came forward and began to summon their people back!

In the end, there were only some scattered pharmacists left, and they couldn’t make a fuss!

In fact, these pharmacists don’t care about where to hold the pharmacist conference, but what they care about most is the assessment!

At the beginning, there was no assessment at the pharmacist conference, and anyone with the identity of a pharmacist could participate!

Now that everyone is here, you suddenly propose an assessment!

This is unfair to many people!

After all, many pharmacists are not strong, and they do it to participate in the pharmacist conference and improve their strength! However

, this year's pharmacist conference has changed. What Yaoshen Island needs is a senior pharmacist, that is, a pharmacist with strength!

Because only powerful pharmacists can unlock the secret of the place where the Medicine God fell!

Finding a group of low-powered pharmacists to go to the Medicine God Island is useless except for wasting resources!

That's why the Medicine God Island did this!

All the pharmacists gathered at the door of the Western Region Pharmacist Association!

After all, this matter requires an explanation from the Western Region Pharmacist Association!

But just as everyone was waiting for the president of the Western Region Pharmacist Association to explain, the door of the Pharmacist Association slowly opened, and a young man in a white robe with golden leopard prints embroidered on his body walked out!

As soon as the young man appeared, he brought a sense of oppression!

David only took a glance and saw that this person was actually a Mahayana cultivator!

Although he had just been promoted to the Mahayana realm, he was indeed a true Mahayana!

Chapter 4142

"Everyone, let me introduce myself. I am the son of the owner of Yaoshen Island. My name is Ouyang Wufeng."

"Today I came to Yongle City to select people who will go to Yaoshen Island to attend the Pharmacist Conference."

"Our Yaoshen Island has so many resources, of course we don't want to give those trash away cheaply."

“Only those who pass the test can go to Yaoshen Island to participate in the Pharmacist Conference.”

Ouyang Wufeng said coldly!

“What do you mean? Who are you calling trash?”

“Why should the Pharmacist Conference go to Yaoshen Island? We boycott, none of us will go, let’s see how you hold the Pharmacist Conference.”

“Yes, we won’t go, let’s see how you hold this Pharmacist Conference!”

Many pharmacists were immediately indignant when they heard Ouyang Wufeng’s arrogant words!

Listening to the angry shouts of the crowd, Ouyang Wufeng was not angry at all, and there was still a faint smile on his face!

“If you don’t want to go, you can leave now. We won’t force anyone.”

“But if you don’t go to Medicine God Island, you won’t have the chance to explore the place where Medicine God fell, let alone the chance to get the inheritance of Medicine God.”

“Whether to go or not is up to you!”

Ouyang Wufeng said slowly!

“What? The place where Medicine God fell?”

“I’ve heard that the reason why Medicine God Island is called Medicine God Island is because Medicine God once lived there.”

“The guys on this Medicine God Island have suddenly become so powerful. It must be related to Medicine God.”

“Will there be a lot of treasures left at the place where Medicine God fell?”

At this moment, everyone was boiling. That’s Medicine God!

Medicine God is just a legend to them, but they have never seen it!

Now that they know that there is a place where Medicine God fell on Medicine God Island, how can they not go and see it!

Even if they can't get any treasures, it's worth it to feel the breath where Medicine God once lived!

It's like traveling to the ancient home of a celebrity. Although you can't get anything, it's also very refreshing to feel it!

"Is this true? Is Yaoshen Valley really the place where Yaoshen fell?"

Someone asked in disbelief!

"Of course it's true. You can disbelieve me, but don't you believe President Su?"

After Ouyang Wufeng finished speaking, Su Tianshuo immediately stood up!

"Everyone, what Mr. Ouyang said is true. This time, the pharmacist conference was held on Yaoshen Island to select powerful pharmacists who can solve the mystery of Yaoshen's fall."

Su Tianshuo said loudly!

At this moment, everyone's attitude changed instantly, and they all rushed to raise their hands!

"I'll go. I want to sign up to go to Yaoshen Island."

"I'll go too. If you don't let me go, I'll swim over there by myself..."

"Mr. Ouyang, please come up with the test questions quickly. I can't wait any longer!"

Everyone asked Ouyang Wufeng to quickly come up with the conditions for the assessment!

Faced with absolutely tempting benefits, few people can bear it!

Ouyang Wufeng smiled slightly, then threw out a scroll, and then the scroll slowly opened on it!

It was filled with various assessment conditions!

Everyone looked at the assessment conditions, and their brows all frowned slightly!

David was also confused, and didn't quite understand what this thing was!

"Fellow Daoist Chen, this is the list of seeking doctors in the Heavenly World. It records all kinds of diseases that need treatment."

“You should know that pharmacists in the Heavenly World are very scarce, and truly powerful pharmacists are even more scarce.”

“This has caused some monks with diseases to be unable to find pharmacists to treat them, or the pharmacists’ medical skills are limited and they can’t treat them well.”

“So the list of seeking doctors appeared, so that more people can see it, and after some powerful pharmacists see it, maybe there will be a way to treat it.”

“Of course, there will be rewards behind every list of seeking doctors. Without rewards, no one will take action. Few people are like Zhong Yaozun, who never asks for rewards when treating diseases and saving lives.”

Zhou Silang on the side told David in detail about the list of seeking doctors!

Chapter 4143

“Fellow Daoist Zhou, why are there red and green fonts on this list of doctors to be sought? Is there any difference?”

David asked in confusion, looking at the list of doctors to be sought that appeared in the air!

“Red means that no one has treated the patient yet, or the treatment has failed!”

“Green means that the treatment has been successful and the patient has recovered. This green color will disappear soon.”

“It seems that many cases on the list of doctors to be sought have been cured. It is estimated that a master has taken action.”

Zhou Silang said!

As soon as Zhou Silang finished speaking, someone said dissatisfiedly: “Mr. Ouyang, if you don’t want us to go to Medicine God Island, just say that those who can be on the list of doctors to be sought are all difficult and complicated diseases. Even a sixth-grade pharmacist of the heavenly rank, I think it will be difficult.”

“You still want us all to be Medicine Masters. In that case, why do we still go to Medicine God Island and participate in the pharmacist conference!”

After one person was dissatisfied, he immediately led the others!

“Yes, if you don’t want us to go, just say so. You actually took out the Doctor’s List for us to evaluate.”

“We are evaluating the Doctor’s List. Does that mean that all the rewards on the Doctor’s List will be taken by you, Medicine God Island?”

“You really have a good plan...”

Everyone expressed great dissatisfaction!

If the diseases on the Doctor’s List were so easy to treat, they would not be on the Doctor’s List!

Seeing that everyone was very dissatisfied, Ouyang Wufeng still had a smile on his face!

“Everyone, I know that everyone’s medical skills are different, and their strengths are also different. Moreover, the diseases on the Doctor’s List are all difficult and complicated. After many of them cannot be cured, they will spend a lot of money to go on the Doctor’s List and seek pharmacists with excellent medical skills.”

“If you are asked to treat those difficult and complicated diseases, it seems a bit difficult for you. Now nearly half of the diseases on the entire Doctor’s List have been successfully cured by our Medicine God Island.”

“You now need to study those cases that have been successfully cured before dark. As for the methods used, if the methods you mentioned are the same as those of our Medicine God Island, The difference between the two islands is not much, even if the assessment is successful. “

“Of course, I can’t give you the reward, after all, it was our Medicine God Island that succeeded in the treatment first.”

Ouyang Wufeng said to everyone!

When everyone heard it, they were immediately surprised, and at the same time they also had an intuitive understanding of the strength of Medicine God Island!

A Medicine God Island actually cured nearly half of the difficult and complicated diseases on the Doctor’s List, and the reward is very generous!

It can also be seen that the medical skills of Medicine God Island have definitely surpassed those pharmacists!

After all, this Doctor’s List is public, and anyone has the ability to choose cases to treat on it!

Of course, it is not ruled out that there are master pharmacists who simply don't care about the reward and don't want to make a move!

But most pharmacists still don't have the ability, otherwise they would have cured it and got the reward!

Now half of the Doctor's List has been cured by Medicine God Island, this This kind of stimulation and blow directly made the pharmacists who were just clamoring bow their heads one by one!

Many people began to sigh. They knew that even for the cases cured by Medicine God Island, they could not find a way!

In this case, they could only withdraw helplessly, and they did not even have the qualifications to go to Medicine God Island!

But there were also many people who began to look at the doctor search list and pondered!

Since Medicine God Island has successfully treated it, it proves that it is not an incurable disease, and there is a way!

So think hard, maybe you can find a solution!

But many of these monks who pondered over it shook their heads helplessly. After all, the diseases above must require real strength!

"Silang, do you have any solution you can think of?"

Zhen Huan asked Zhou Silang!

"I haven't looked at it carefully yet. With so many cases, I think I can find a solution anyway."

"Huan Huan, what are you going to do? Can you think of a solution?"

Zhou Silang asked worriedly!

Chapter 4144

"I don't want to. In fact, people like our four major families can go to Medicine God Island without assessment."

“Just let my dad tell Medicine God Island that it is definitely possible, and there are internal quotas.”

“This kind of assessment is definitely aimed at those lowest-level pharmacists.”

Zhen Huan said without any hurry!

“Are there still internal quotas? Why haven’t I heard of it?”

Zhou Silang was stunned!

“You are so stupid. Not only our four major families, but also those pharmacist associations will probably have quotas, but there can’t be too many. It is estimated that a pharmacist association can only have four or five quotas. It’s good.”Zhen

Huan said!

As soon as Zhen Huan finished speaking, Chen Wenliang walked to David and said, “Friend Chen Dao, what do you think of this assessment?”

“I haven’t seen it yet. I guess many people can’t pass it.”

David said truthfully!

“Fellow Daoist Chen, don’t worry. I have five places. Even if you can’t pass the assessment, you can still go to Medicine God Island.”

“Even if you have to use the back door of the president of the Pharmacist Association, I will definitely give Fellow Daoist Chen a place.”

Chen Wenliang said!

He came here just to give David a place. In this way, David would have to join the Central Region Pharmacist Association if he didn’t join. If he wanted a place, he had to join!

Hearing the words “inside”, “place”, and “back door”, David couldn’t help laughing!

It seems that these cultivators in the Heaven Realm can’t get rid of the human relationships in the secular world!

No matter what world it is, strength is often the most important!

The places that others can’t get with great difficulty, in the eyes of these families and the Pharmacist Association, can be obtained by just using the back door! They

even take the initiative to give places, this is the difference!

Some people have been working hard to run to Rome!

Some people have been in Rome since they were born!

“President Chen, this place is not needed. I wonder if you can get a place for my two friends?”

“They want to join the Central Region Pharmacist Association. President Chen, do you think it’s okay?” David

pointed at Liu Ruyan and Nie Heng and said!

“Of course, it’s just a matter of one word from me!”

Chen Wenliang nodded!

“Thank you, President Chen. If you need anything, just tell me. As long as I can do it, I will do my best!”

David said gratefully!

He knew that the reason why Chen Wenliang gave Liu Ruyan and Nie Heng the opportunity and quota was because of his face!

In the world of heaven and man, everyone uses each other. If David had not shown his absolute talent for formations, Chen Wenliang would not have been able to do so!

So David also had to make Chen Wenliang feel comfortable!

“Fellow Daoist Chen is polite. I’ll go and ask for another quota!”

After Chen Wenliang finished speaking, he turned and left!

He only gave one quota to David. Now there are Liu Ruyan and Nie Heng. Chen Wenliang must go and ask for another one. If he can’t get it, then one of the insiders of their Central Region Pharmacist Association must give up the quota!

After Chen Wenliang left, Zhen Huan grinned and said, “Silang, did you see that? The pharmacist association has quotas. It is impossible that our four great families do not have them!”

“Huan Huan is really smart, you are right!”

Zhou Silang said dotingly!

“The cases on the list of seeking medical treatment seem difficult, but in fact, they are not difficult at all if you see through them!”

At this time, someone suddenly jumped up and floated in the air!

When many pharmacists in the Western Regions saw this person, they immediately shouted excitedly, “Zhong Yaozun, there is no disease that cannot be cured when Zhong Yaozun takes action.”

“Although the rewards on the list of seeking medical treatment are generous, Zhong Yaozun despises those rewards, so he has never taken action.”

“Hahaha, Zhong Yaozun has come forward, I wonder what the Medicine God Island will be so proud of now.”

“Zhong Yaozun, the kind person who has unfathomable medical skills and is also kind and generous?”

Some people knew Zhong Qing, and some did not know Zhong Qing, but many people had heard of Zhong Qing’s name!

Chapter 4145

When Ouyang Wufeng saw Zhong Qing coming out, he also put away the frivolous expression on his face. He hurriedly said solemnly: “Junior Ouyang Wufeng has paid respects to Senior Zhong.”

“How is your father Ouyang Xing?”

Zhong Qing asked!

“My father is very good. He often talks about Senior Zhong and often tells us about the friendship between you two.”

Ouyang Wufeng said!

“Hahaha, friendship is bullshit. Your father is narrow-minded and petty. Whenever he loses in a competition, he pretends to be fine on the surface, but he is outraged behind his back.”

“So in the end he practiced evil skills and wanted to defeat me in this way. In the end, he was driven to Yaoshen Island.”

“Speaking of which, I am also responsible for your father’s current state!”

Zhong Qing sighed!

“Senior Zhong, don’t blame yourself. If it weren’t for you, my father wouldn’t have been able to go to Medicine God Island, and he wouldn’t have achieved what he has now.”

“This may be destiny. As the saying goes, destiny cannot be violated...”

Ouyang Wufeng was actually comforting Zhong Qing!

“Destiny?” Zhong Qing smiled bitterly: “Yes, this is destiny, destined by fate, everything is destined by fate.”

“Senior Zhong, you don’t need to take the test. I will send a special spirit boat to escort Senior Zhong to Medicine God Island.”

Ouyang Wufeng knew that with Zhong Qing’s strength, it would be easy to solve the complicated diseases on the medical list!

After all, Zhong Qing is the Medicine Master, who is more powerful than his father!

Zhong Qing shook his head and said: “I’m not going to Medicine God Island, and I’m not interested in the place where the Medicine God fell. I just want to help everyone pass the test!”

Zhong Qing’s words made Ouyang Wufeng very embarrassed!

But he didn’t say at the beginning that he couldn’t accept help! Zhong

Qing can completely find solutions to various complicated diseases on the doctor-seeking list, and then use his spiritual consciousness to pass them on to everyone present!

Come, everyone can pass the assessment!

Hearing Zhong Qing’s words, everyone also aroused a glimmer of hope. If this works, they can all go to Medicine God Island!

“Senior Zhong, this method is unfair, but since it is said by Senior Zhong, I can’t say anything.”

Ouyang Wufeng did not stop Zhong Qing. After all, Zhong Qing has a relationship with his father, and he has to respectfully call him an elder!

Seeing that Ouyang Wufeng did not stop him, everyone was excited!

And David's expression was also slightly moved. He also wanted to see what kind of strength this Zhong Qing has!

Being able to make so many people admire him, and it seems that he has a good relationship with Medicine God Island, this Zhong Qing is not an unforgivable person!
But

Grandma Zhen has a knot in her heart and has been running away for decades.

However, this Zhong Qing should have realized his mistake. Now he has no interest in going to the place where the Medicine God fell!

For him, cultivation is no longer as good as the relationship between men and women!
For

most of the cultivators in the heavenly world, cultivation is the first priority. Even if they find a Taoist partner to practice together, it is just to speed up the cultivation!

Zhong Qing was facing the doctor-seeking list at this time, and all the green information on it was swept by him!

Then, it was a short silence, and then suddenly opened his eyes!

A divine consciousness appeared in David's mind!

"The seventh symptom is that during the practice, too many pills were taken, which damaged the meridians and needed to be treated with Tongmai Dan."

"The thirteenth symptom was caused by being poisoned. The poison was Yuhan Dan. Although it was to resist the severe cold, this person practiced fire-based exercises, which caused the meridians to be blocked and the spiritual energy to be chaotic. It can be treated with Xuan-level Huoyun Dan..."

"The twenty-second"

""

Zhong Qing described most of the above symptoms in detail, even the reasons, and what pills and fairy grass to use for treatment!
