Chapter 4146

This is equivalent to telling everyone the answer, and everyone can just follow suit.

If this is the case, and there is still no way to refine the corresponding elixir, then it is really too bad, and there is no point in going to the Pharmacist Conference!

David listened to Zhong Qing's voice transmission, looked at the many symptoms above, and found that Zhong Qing was really powerful!

For some symptoms, David can analyze the treatment method, but he doesn't know where the disease comes from!

But Zhong Qing can tell it in detail, which shows how high this person's medical skills are!

David can't help but admire this!

David looked at Zhong Qing with admiration in his eyes. With such superb medical skills, Zhong Qing can completely establish a school in this world of heaven and man! But

he is in Yongle City and never participates in these family fights, and there are some Pharmacist Conferences!

Now Zhong Qing's mind is all on Grandma Zhen.

What an infatuated man!

Many people began to use their own alchemy furnaces to refine the elixirs needed on the doctor-seeking list!

Some high-grade elixirs cannot be refined, but you can find some easy-to-refine elixirs!

Although complicated diseases seem very difficult, when you see through them at the beginning, perhaps a simple elixir can be cured!

The prerequisite is to see through these symptoms!

Now Zhong Qing has seen through them all, and the rest is left to the pharmacists to refine them themselves!

For a time, many pharmacists refined elixirs, and the whole Yongle City was filled with the fragrance of medicine!

“Hanhuan, this Zhong Yaozun is amazing, and he is very fond of your aunt. This time your aunt comes back, you can’t let her go. Bringing the two together will be of great help to your Zhen family.”

Zhou Silang said enviously!

“It’s helpful to our Zhen family, isn’t it also helpful to your Zhou family? Help? Soon we will all become a family. “

Zhen Huan said with a smile!

“Yes, a family, we will be a family soon. By then, we will annex the Bao family and the Diao family, and the whole Yongle City will be under the control of our two families.”

“By that time, the Western Region Pharmacist Association will have to give way to our two families...”

Zhou Silang said, hugging Zhen Huan’s shoulders. David

listened to the conversation between Zhou Silang and Zhen Huan and sighed softly. He didn’t know whether Zhen Huan and Zhou Silang were truly in love, or whether the marriage was for the sake of interests!

But it looked more like a marriage, so that the two families would strengthen their strength and slowly erode the other two families!

David knew without thinking that if there were only two large medical families, the Zhen family and the Zhou family, in Yongle City, there would be open and secret struggles between the two families!

By that time, the marriage between Zhen Huan and Zhou Silang would seem so insignificant!

In the secular world, to gain time for development, ancient emperors would also marry their daughters to remote tribal leaders!

But in the end In the end, they still have to fight. In the eyes of these people, only family affection is the least valuable!

One after another, cultivators have refined the elixir and started to give it to Ouyang Wufeng for confirmation. As long as it matches the elixir used in the treatment of Medicine God Island, it is considered that they have passed the assessment!

Many pharmacists have passed the assessment, and after registering, they are waiting to go to Medicine God Island!

However, some stupid people can't even copy in an open-book exam!

Explosions continued to sound, and someone failed to refine the elixir! If

this kind of person can't pass, then no one will feel pity for him, he deserves it!

This is not considered a pharmacist, so there is no need to go to the Pharmacist Conference!

Liu Ruyan and Nie Heng have also refined the elixir. Since they can pass the assessment, they don't have to use the quota of the Central Region Pharmacist Association!

Chapter 4147

David also casually refined a pill for the test, and did not use the Shennong Ding!

These people are all pharmacists. If he takes out the Shennong Ding, it will definitely cause a sensation!

At that time, someone will directly set his sights on his Shennong Ding, which will be troublesome!

After David refined the pill, he did not hand it in for the test immediately, but quietly looked at the doctor-seeking list! The

diseases in red fonts are those that even Medicine God Island has not found a cure for!

David looked at the first one. Being able to rank first, the disease must be difficult to treat, and the most important thing is that the reward for the first one is also the most peculiar!

"Immortal bone? The reward for the first one is actually immortal bone? What is this?"

David stared at the reward for the first disease on the doctor-seeking list, very curious!

“Fellow Daoist Chen, the immortal bones are the remains of the immortals, which are priceless treasures.”

“Although many immortals have fallen in the world of heaven and man, there are very few corpses. Most of them have been reduced to ashes.”

“Even if some of the flesh bodies have not been reduced to ashes, the corpses have rotted and have no value at all.”

“However, some of the corpses of immortals will become crystal clear after thousands of years, comparable to immortal tools.”

“This is the most valuable, and this will also become immortal bones, but this kind of thing is rare and can only be encountered by chance.”

“And for the first symptom, let’s just take a look. It has been hundreds of years, and no one has successfully treated it.”

Zhou Silang saw that David didn’t understand anything, so he explained in detail!

“Immortal bones? Crystal clear?”

David’s eyes widened, and his eyes were incredible!

“Boy, this immortal bone, you are not talking about a part of my body, right?”

“I never thought that my flesh body, thousands of years later, would become a treasure of these guys in the world of heaven and man.”

The Demon Lord Chiyun hurriedly asked David!

Because the body of the Demon Lord Chiyun was dismembered, all parts of the body were thrown everywhere!

If these body parts can be found, the Demon Lord Chiyun can be resurrected!

There is no need to stay in David’s sea of consciousness all day!

“It is possible, but I am not sure. After all, there are not a few immortals who have fallen in this world of heaven and man.”

David has not seen this immortal bone, so how can he know if it is part of the body of the Demon Lord Chiyun!

“Ask quickly, ask quickly!” The Demon Lord Chiyun said anxiously!

David had to say to Zhou Silang: “Friend Zhou, I don’t know who this first person with the disease is? How did he get the immortal bone in his hand?”

Zhou Silang looked at David, and then asked with some doubts: “Are you a pharmacist? The information on the list of seeking doctors is hidden. How can you tell who is sick casually? Only after you unveil the list can you get the other party’s information.”

“I am a pharmacist, but I am not familiar with the list of seeking doctors, and I have never paid attention to it before!” David smiled awkwardly!

Now if you want to know who the other party is, and whether this so-called immortal bone is part of the body of the Red Cloud Demon Lord, you can only know it after the list is revealed!

“Boy, are you sure you can cure the first person with the disease?” asked the Red Cloud Demon Lord!

“I don’t know, because there is too little information now, but it seems that this person seems to have mania. Could he be bitten by a mad dog?”

David smiled slightly!

“Don’t talk nonsense, it’s not that simple. If it’s simple, it’s impossible that no one has successfully cured it for nearly a hundred years.”

“Go and reveal the list quickly. As long as you reveal the list, you will know what’s going on.”

The Red Cloud Demon Lord urged David to reveal the list!

“Let me ask first, after revealing the list, what will be the punishment for being unable to cure the disease!”

David didn’t dare to reveal the list casually!

Chapter 4148

“Fellow Daoist Zhou, if someone takes the list but cannot be cured, what will happen?”

David asked Zhou Silang!

“It’s very simple, just abolish the cultivation.”

Zhou Silang said lightly!

“Abolish the cultivation?” David was stunned: “In this world of heaven and man, if the cultivation is abolished, what’s the difference between killing and then killing?”

“There is still a difference. After the cultivation is abolished, it is very likely that the person will slowly die in fear. This is much more cruel than killing directly.”

Zhou Silang said!

After hearing this, David frowned and muttered in a low voice: “This is too cruel...”

“Can it be not ruthless? Those who can be on the list of seeking doctors are all powerful people, and the rewards are very generous.”

“If it’s not ruthless, anyone can take the list. It is estimated that the person with the disease will not be cured and will be killed by some quack doctors!”

Zhou Silang explained!

David was right when he heard it. Such a generous reward, anyone who sees it will be tempted!

If the punishment is not severe, everyone can be revealed at will, then the entire Seeking Medical List will be useless!

“David, why are you asking these questions? Do you want to reveal the list? You can’t fool around!”

Liu Ruyan listened to David asking about the Seeking Medical List and hurriedly reminded him!

“Mr. Chen, this Seeking Medical List is not a joke. Although it seems to be well rewarded, it also faces huge risks. If you are not 100% sure, don’t try it.”

Nie Heng also reminded David!

“Don’t worry, I’m just asking out of curiosity. You two have refined the pills, so hand them in for registration!”

David smiled slightly and said to Liu Ruyan and Nie Heng!

The two nodded, then took the refined pills and went for the assessment and registration!

Just after Liu Ruyan and Nie Heng left, David jumped up and went straight to the Seeking Medical List!

David was suspended in front of the Seeking Medical List, quietly looking at the disease of the first one!

“Who are you? You are not allowed to get close to the Seeking Medical List...”

The people from Medicine God Island seeing David running to the doctor-seeking list, he immediately rebuked loudly!

This shout made many people look up at David!

“Why are you shouting? This doctor-seeking list is for people to uncover the list and seek doctors. If you don’t get close, how can I uncover the list?”

David glared at the guy who was shouting.

“You want to uncover the list?” Ouyang Wufeng also looked up at David at this moment. He saw that David was young and didn’t look like a master!

And he didn’t know David. The remaining diseases on the doctor-seeking list were very difficult. Without the level of Medicine Master, no one dared to try!

David was so young, and he dared to uncover the list.

“Why? Only you Medicine God Island can uncover the list, and I am not allowed to uncover the list?”

David asked!

“That’s not the case. It’s just that the remaining diseases on the doctor-seeking list are all those that even our Medicine God Island dare not easily treat. Are you sure you can cure them?”

“You should know that if you uncover the list casually and fail to cure, your cultivation will be abolished.”

Ouyang Wufeng said to David!

“Of course I know. I see that the diseases on the list of seeking doctors are not difficult. I will pick the first one. The reward for this is quite special.”

David looked at the first disease and was about to reach out to touch it!

“Fellow Daoist Chen, don’t be reckless!”

At this time, Chen Wenliang shouted!

David's array technique is good. Amazingly, he can repair the ancient teleportation array!

But the array technique is completely different from medical skills. Even if it is a master of array, it does not mean that the medical skills are great!

David is quite capable and is a master of array. Even if he is also a pharmacist, can he reach the level of Medicine Venerable at such a young age?

After all, people's energy is limited, and one person can't practice everything to the extreme!

Chen Wenliang only thought that although David was a pharmacist, his level would definitely not be too high, and he would not be able to reach the strength of picking up the list!

And he was going to pick up the first disease on the list, which was looking for death!

Chen Wenliang didn't want David to die, so he spoke out to stop him!

Chapter 4149

"President Chen, I'm not being reckless. I've seen the symptoms on it and I'm sure of it."

David said to Chen Wenliang!

"Fellow Daoist Chen, you don't know that the first symptom is not as simple as it seems. We once had several presidents and two medicine masters discuss together to find a way to crack it, but none of them succeeded."

"There is also a fifth-grade medicine master who failed to solve the first symptom on the list. Now he has lost all his cultivation and has been drinking all day to relieve his sorrow. He just committed suicide a few days ago."

"This is really not a joke. If it weren't for the fact that fellow Daoist Chen helped me so much, I would never stop you."

Chen Wenliang persuaded earnestly!

The others also looked at David with shock on their faces. Being able to choose the first symptom on the medical list for treatment can be regarded as a newborn calf not afraid of a tiger!

“Who is this person?”

Zhong Qing looked at David and asked with interest!

“Zhong Yaozun, this person was brought here by my aunt from the Central Region. She said he is my aunt’s friend.”

“Maybe he is also a pharmacist!”

Zhen Huan said respectfully to Zhong Qing!

“This person is a pharmacist. He probably doesn’t have any strength, because he doesn’t know what the Doctor Searching List is. He just asked me a lot of questions about the Doctor Searching List.”

“I guess he is ignorant and fearless. He thinks he is great and wants to test it!”

Zhou Silang said on the side!

Just now, David asked a lot of questions about the Doctor Searching List, even asking about the remuneration, which proves that he doesn’t know much about the Doctor Searching List!

When Zhong Qing heard that David was a friend brought by Grandma Zhen, he jumped up and came to David!

When Chen Wenliang saw Zhong Qing, he immediately greeted him warmly, “Zhong Yaozun...”

Zhong Qing nodded in response, then looked at David and said, “Young man, this list of doctors is not something you can try to play with, especially the first symptom, which is not as simple as you see.”

“Since you are Zhen Ni’s friend, I can’t watch you die, so go back.”

“If you want to go to Medicine God Island, I can let you pass the test, you don’t have to take the risk.” “

Thank you, Senior Zhong, but I still want to try, and I have confidence in myself. I will go to Medicine God Island, even if there is no test, there is a quota, but I am very interested in the reward for the first disease now.”

David said truthfully!

“Immortal bone?” Zhong Qing was slightly stunned, then smiled and said: “It is said that immortal bone is comparable to the immortal weapon, and immortal bone ground into powder and eaten, it can have great effect, greatly increase people’s strength, but it is very difficult to grind immortal bone into powder, and immortal bone is not as good as you think.”

“Grind into powder? Eat?”

David was a little surprised!

And the Red Cloud Demon Lord was angry.

“Damn it, my old man’s bones have become a resource for these people to improve their strength.”

The Red Cloud Demon Lord cursed!

“Senior Zhong, I want the immortal bone for another use, not for eating. I appreciate your kindness, Senior Zhong! “

After David finished speaking, without waiting for Zhong Qing to say anything, he directly pressed his hand on the doctor-seeking list!

Soon, a light emanated from the first symptom!

A huge amount of information entered David’s sea of consciousness through the doctor-seeking list!

Here are the detailed information of the patients, as well as various physical conditions!

Zhong Qing and Chen Wenliang, who were standing aside, all sighed after seeing David unveil the list, and then fell back to the ground!

Since the list has been unveiled, no one can stop it, and it can only depend on David’s luck!

If it can’t be cured, then accept it!

After receiving all the information, David slowly fell to the ground!

Now David has mastered all the information on the symptoms, and even the other party’s personal information!

Now it depends on how to find a cure!

Chapter 4150

Everyone was watching David quietly, even Ouyang Wufeng was watching quietly, waiting for what David would do next!

Rumble...

Suddenly, there were bursts of roars from the horizon, and everyone's eyes moved away from David!

I saw a golden light coming from the horizon from far to near, and then the void trembled!

The figure of a middle-aged man in a purple and gold robe slowly appeared!

This person has a broad face, bright eyes, and the majesty of a superior! Seeing the middle-aged man who suddenly appeared, many people suddenly exclaimed, and even their breathing became rapid!

"Who is the one who can heal my son?"

The middle-aged man asked with a glance!

Although this middle-aged man was just a projected shadow, many people still trembled under this glance, and they didn't even dare to look directly at the middle-aged man!

Everyone's eyes were on David, and this time David became the focus!

When the middle-aged man saw David, his brows slightly frowned!

Because in his opinion, David was too young, how could he have such high medical skills!

But since the other party has already taken down the list, he should have certain strength!

"Little pharmacist, since you have taken down the list, do you have a way to heal my son?"

The middle-aged man asked David!

David looked directly at the middle-aged man in front of him. Because it was a projected shadow, David could not see the man's strength, but from the conversation alone, it can be seen that this middle-aged man is definitely a hegemon!

"I already have a way, but I need to see the patient to confirm it. The other is the fairy bone. I don't know if I will really give it to me after I heal your son?"

David asked the middle-aged man!

The middle-aged man was slightly stunned, and then laughed: "Hahaha, of course, what I, Xiao Yuanshan, say is a word of gold. If you don't believe it, you can ask everyone present."

"After you heal my son, I will immediately offer the fairy bone with both hands."

"Okay, give your sonBring it!"

David said!

Xiao Yuanshan looked at David, and the dangling figure slowly disappeared!

After Xiao Yuanshan left, there was an uproar at the scene!

"Damn, I didn't expect that the person with the first disease would be the prince of the Xiao Dynasty. It's incredible."

"Prince Xiao is gifted. I heard that he had reached the Mahayana realm many years ago, but he disappeared in recent years. I didn't expect that he was sick."

"Did Prince Xiao practice evil skills? Did he become possessed and become manic and bloodthirsty?"

"Don't talk nonsense, be careful of your life. There are many reasons for mania and bloodthirstiness, not necessarily possession."

Everyone was talking, and David was confused!

He didn't know what Xiao Dynasty was, let alone what prince!

"Hey, I didn't expect that the person with the first disease would be the prince of the Xiao Dynasty. No wonder he could take out the reward of fairy bones!"

Chen Wenliang sighed and said!

"President Chen, what is this Xiao Dynasty? Who is this Xiao Yuanshan? "

David asked puzzledly!

Chen Wenliang glanced at David, he really couldn't believe whether David was from the Heaven Realm or not!

"Fellow Daoist Chen, the Xiao Dynasty is a country, and its area is as large as one-third of the entire Western Regions."

"Other sects and families are already good enough to control a clan or a city."

"And the Xiao Dynasty has jurisdiction over hundreds of cities, which is the largest force in the Heaven Realm."

Chen Wenliang explained to David!

"Damn, so awesome?" David was a little confused when he heard it, so he hurriedly continued to ask: "Then who is this Xiao Yuanshan just now?"

"This person is the Xiao Emperor of the Xiao Dynasty, and the sick person should be his son Xiao Feng."

Chen Wenliang said!

"What realm is this person in? He can actually control such a large area in the Heaven Realm?"

David asked puzzled!
