## Chapter 4151

You know, the larger the area under jurisdiction, the more resources you can get!

With the profit-seeking character of the people in the Tianren Realm, if there is no absolute strength to protect such a large area, it will be eaten away!

“I don’t know about this, but many years ago, Xiao Yuanshan broke through to the Mahayana realm in just a hundred years and became the youngest genius in the Tianren Realm.”

“I heard that his son’s talent is higher than Xiao Yuanshan, but he didn’t want to get this disease.”

Chen Wenliang said!

David thought, this Xiao Dynasty that suddenly appeared seemed to be very powerful. If he really couldn’t cure it, it would be difficult to run away!

“Look, what is that...”

Suddenly, someone shouted!

Everyone looked towards the horizon and saw a strange light coming rapidly!

Soon, as the light approached, everyone discovered that three flying tiger monsters as big as mountains were pulling a huge chariot and coming quickly! The one

driving the three flying tiger monsters was Xiao Yuanshan who had just left!

On this chariot, an iron cage was made of hard black iron, each of which was one meter thick!

There were dozens of iron chains around the iron chains, and the ends of the iron chains were all tied to a man!

The man’s eyes were scarlet and his teeth were sharp, like a devil!

The entire chariot was shrouded in formations, and colorful lights flashed around!

“Is the person in this cage Prince Xiao? I heard that Prince Xiao used to be a romantic and suave man, how come he has become like this now?”

“It’s terrible, like a devil...”

“No wonder Xiao Yuanshan took out treasures like immortal bones as a reward and wanted to save his son. What has he become?”

Seeing this scene in front of them, everyone couldn’t help but whisper!

“Ouyang Wufeng from Medicine God Island pays homage to Emperor Xiao...”

Seeing Xiao Yuanshan’s true form coming, Ouyang Wufeng hurriedly stepped forward. “Come forward and salute!”

Xiao Yuanshan just hummed casually, put his eyes on David, and then said: “Little pharmacist, I brought my son here, you can treat him.”

“As long as you cure my son, not only can I give you the immortal bone, but you can also become a guest of honor in my Xiao Dynasty.”

David glanced at Xiao Feng in the iron cage, and then said: “I need to go forward and check it myself to find the root cause.”

“No problem, but my son has an unstable temperament, you need to pay more attention.”

“I will open the iron cage and guard it aside, you must not anger him.”

After Xiao Yuanshan finished speaking, he was about to remove the formation around the iron cage!

“No need to remove the formation. If your son becomes manic, without the control of the iron cage and the formation, many pharmacists here will suffer.”

David stopped Xiao Yuanshan and said!

“If you don’t remove the formation, how can you go up to check it?”

Xiao Yuanshan was stunned!

“I have my own way...” David walked to the front of the iron cage, took a look at the formation, and gently pressed his palm on it!

The formation was accompanied by a tremor, and it slowly disappeared!

After David got on the carriage, the formation miraculously reappeared!

Seeing this scene, everyone's eyes widened, their faces full of disbelief!

You know, they are all pharmacists here, how can anyone see the art of formation?

David is also a pharmacist, but he didn't expect to know the formation, and he could open and close the formation so easily!

Seeing this, Xiao Yuanshan frowned and his face became a little ugly!

It is true that every profession has its own specialties. Now David has shown a strong ability in formation, which means that his medical skills must not be very good!

But there are very few people who have mastered both the art of formation and medical skills!

The more powerful the formation art David shows now, the more disappointed Xiao Yuanshan is!

What he wants is a pharmacist who can treat his son, not a formation master!

## Chapter 4152

At this moment, David looked at Xiao Feng inside the iron cage.

Xiao Feng looked up at David slightly, and then lowered his head again!

At this time, Xiao Feng was conscious and had no symptoms of mania and bloodthirstiness!

His expression looked very haggard. After all, no one would feel too good if they were locked up like this!

"Daoyou, can you release the breath in your body and don't suppress it deliberately, so that I can better check the cause."

David said calmly to Xiao Feng in the iron cage!

Xiao Feng looked up again, with a bit of pity in his eyes, and said, "Boy, don't waste your energy. While I don't want to kill anyone now, you may still have a chance to survive."

“I advise you to leave. My illness is not something you can see.”

“Since I have unveiled the list, I must treat you, otherwise my cultivation will be wasted.”  
Chen

Ping shook his head!

“You can still live even if you waste your cultivation, but if you treat me, you will die...”

Xiao Feng said!

“No need to say more, I believe that it is very painful for you to suppress it, just treat it as an indulgence, kill me, I will not blame you!”

David could see that Xiao Feng was very painful to suppress the mania in his body!

However, Xiao Feng’s suppression made it difficult for David to analyze the real cause of the disease!

“Hey...”

Xiao Feng sighed, and the breath in his body began to slowly emanate!

At this time, David felt that Xiao Feng’s breath was very majestic, worthy of being a genius!

Even in this situation, the slightly emitted breath made people’s scalps numb!

Even through the iron cage and the formation, those pharmacists felt this breath, like there were mountains, constantly exerting pressure on their bodies!

“You check it, but I still advise you to hurry up, and another point is not to touch me, but before you check it, I want to ask you for something!”

Xiao Feng said softly to David!

“What is it?” David was a little surprised. He didn’t understand why Xiao Feng would ask him for help. What!

“After the examination, give me a poison pill and let me die. I don’t want to live like this anymore.”

Xiao Feng’s voice was like a mosquito, and only David could hear it!

David was stunned, then smiled slightly and said, “How can you be sure that I can’t cure you?”

“Can’t cure it!” Xiao Feng shook his head: “More than a dozen pharmacists have treated me, and all of them died without exception.”

“I don’t want to kill people casually anymore, and I don’t want to live in this cage forever. I beg you, give me a poison pill and let me die decently.”

Although Xiao Feng’s eyes were scarlet, he was very sincere and didn’t say it casually!

“Okay, I promise you, if I can’t cure you, I will give you a poison pill.”

David nodded!

Xiao Feng laughed, with a smile on his pale face: “Thank you...”

David condensed his spiritual energy, and then formed a white spiritual mist, which directly drilled into Xiao Feng’s body!

It only took a few breaths for David to jump off the frame!

Xiao Feng was stunned, and his brows frowned slightly!

Xiao Yuanshan’s face was grim. Seeing that David had finished the inspection in just a few moments, his trust in David weakened even more!

Especially the conversation with Xiao Feng just now. Although the two people spoke in low voices, Xiao Yuanshan heard them all.

The reason why Xiao Yuanshan didn’t say anything was that he was waiting. He wanted to see what David would do!

If David really dared to poison his son, he would kill David without hesitation!

Chen Wenliang and others were also a little curious when they saw that David just checked it and was not careful at all!

“Where did this guy, a pharmacist, come from? It’s fine if he just took the list, but he didn’t even check it carefully. Is he kidding with his own life?”

“Young man, you are too pretentious. It won’t be long before he cries.”

“Every year, people die because of pretentiousness, but this guy is probably the first one who dares to pretend in front of Emperor Xiao.”

Everyone talked about David, and they were all sarcastic!

## Chapter 4153

Even Ouyang Wufeng shook his head slightly, thinking that David was too perfunctory!

Zhong Qing sighed lightly: "Very good seedling, but it's a pity that he doesn't know how to keep a low profile."

Zhong Qing could see that David was very talented, but it was a pity that he was too pretentious. Such a good talent was wasted!

Liu Ruyan and Nie Heng were nervous. Seeing David jumped off the frame, they all went to meet him! If

someone attacks David, they will protect David at the risk of their lives!

"Chen Daoyou, don't you need to check it in detail?"

Chen Wenliang walked over and said to David!

"I checked it and already know the cause of his illness. There is no need to check it more."

David smiled slightly!

"In such a short time, you found out the cause of the disease?"

Chen Wenliang felt very incredible!

It took only a few breaths for David to know the cause of the disease!

"President Chen, as a pharmacist, you should understand that seeing through the cause of the disease is not about the length of time."

"The more you can see through the cause of the disease at a glance, the more you are absolutely sure of the treatment!"

David said!

"That's right!" Chen Wenliang nodded: "Fellow Daoist Chen, don't you know if you need my help? This time I came to participate in the Pharmacist Conference, I brought a lot of fairy herbs and elixirs. If you need them for alchemy, I can give them to you!"

"Thank you, President Chen, I have some on me, enough, just find me a secluded place for me to make alchemy."

David said!

“That’s easy!” After Chen Wenliang finished speaking, he looked at Su Tianshuo and said: “President Su, I hope you can let your pharmacist association’s alchemy room go and let Fellow Daoist Chen use it!”

“No problem...” Su Tianshuo nodded!

Seeing David was so confident, Xiao Yuanshan asked, “Little brother, what is the cause of my son’s illness? More than a dozen pharmacists have come to see him, but no one can explain it clearly.”

“Emperor Xiao, I’m sorry I can’t tell you now. I will tell you after I cure your son.” David kept it a secret and didn’t tell Xiao Yuanshan!

Xiao Yuanshan was slightly stunned, and then nodded and said, “Okay, then I’ll wait...”

“David, are you sure?”

Liu Ruyan asked worriedly!

“Don’t worry, you wait for me here, I never do anything I’m not sure of!”

David gently stroked Liu Ruyan’s head!

Under the leadership of Chen Wenliang, David entered the alchemy room of the Western Region Pharmacist Association!

Then the heavy iron door was closed, so that outsiders could not spy on David’s alchemy!

After all, alchemy is also the secret of every pharmacist, and they don’t want to be seen!

Sitting in the alchemy room, David sacrificed the Shennong Ding and began to prepare the elixir!

“Boy, let me tell you, this guy is not possessed by a demon soul. His manic and bloodthirsty disease is not caused by a demon soul.”

The Red Cloud Demon Lord said to David!

The Red Cloud Demon Lord can’t see a doctor, nor does he know any medical skills, but he can detect whether there is a demon soul in Xiao Feng’s body!

Many people who are possessed by the devil will suddenly become manic and bloodthirsty, and their whole appearance has changed!

“Of course I know. If it was just a devil’s possession, it wouldn’t take so many years for no one to see through it!”

David smiled slightly!

“Then tell me, what disease does this guy have?” The Red Cloud Demon Lord was also very curious!

What kind of disease can make a person suddenly sober and suddenly become manic and bloodthirsty?

“Heart disease...”

David smiled slightly!

“Heart disease?” The Red Cloud Demon Lord was stunned: “What do you mean?”

“It doesn’t mean anything, it’s a heart disease. This Xiao Feng is not physically ill, but has a heart disease.”

“He is disturbed by the devil in his heart, causing mental disorder, so that sometimes he is sober, and sometimes he is manic and bloodthirsty.”

“This disease is also called intermittent psychosis...”

David said!

## Chapter 4154

“Mental illness?” The Red Cloud Demon Lord was stunned. He didn’t know what mental illness was at all!

After all, as a person in the heaven, both his consciousness and sea of consciousness were very huge. It was impossible for him to

have any mental illness! Even ordinary cultivators could not have mental illness. After all, every cultivator would cultivate his own consciousness.

Mental illness only occurs in ordinary people, and only in the secular world!

Many mental illnesses are caused by a direct collapse under mental pressure!

That's because ordinary people have not cultivated their consciousness and can't withstand the pressure!

It's impossible for a cultivator

to have mental illness! But now David actually diagnosed a Mahayana cultivator like Xiao Feng with mental illness!

If other pharmacists were here, they would definitely scold David to pieces!

David began to refine the elixir, and soon two elixirs slowly rose from the Shennong Ding!

One white and one black, they were actually elixirs of different colors!

"Two kinds of elixirs, does the mental illness you mentioned need to be treated with two different elixirs?"

The Red Cloud Demon Lord asked curiously!

"Of course not, only one is needed, but both are effective, it depends on his choice!"

David smiled slightly!

Put away the Shennong Ding, and the door of the alchemy room slowly opened!

Everyone's eyes were focused on David!

"Fellow Daoist Chen, how is it?"

Chen Wenliang asked!

"I have refined the elixir, and now I can give it to Prince Xiao to take!"

"My elixir, the medicine will cure the disease..."

David said confidently!

"Okay, then go and let Prince Xiao take it." Seeing David so confident, Chen Wenliang asked David to quickly give the medicine to Xiao Feng!

But when David walked towards Xiao Feng, he was stopped by Xiao Yuanshan!

"Wait, I want to check the elixir you refined before you give it to my son."

Xiao Yuanshan was afraid that David would really make a poison pill for his son!

“No problem!” David took out the two pills he had made!

Xiao Yuanshan was not a pharmacist, so of course he would not check them. So he looked at Su Tianshuo and Ouyang Wufeng on the side and said, “President Su, Mr. Ouyang, please identify the ingredients of this pill.”

The two were flattered by Xiao Yuanshan’s invitation and immediately came up!

The reason why Xiao Yuanshan did not let Chen Wenliang identify it was that he saw that Chen Wenliang was familiar with David and was afraid that Chen Wenliang would not tell the truth!

Su Tianshuo and Ouyang Wufeng looked at the two pills, one white and one black!

Then they sniffed hard, and then used their spiritual sense to explore for a long time!

In the end, the two people’s faces became full of doubts, and they looked at each other!

“You two, what are the ingredients of these two pills, can they cure my son’s illness?”

Xiao Yuanshan asked!

Ouyang Wufeng licked his lips, looking like he wanted to say something but stopped!

Su Tianshuo on the side said, “Emperor Xiao, these two pills are not for treating manic bloodthirstiness.”

“This white pill contains the ingredient of forgetfulness grass, which can cause amnesia and make people forget everything.”

“And this black pill is a poison pill, and it is a high-level poison pill. After taking it, thousands of ants will bite your heart and you will die in pain!”

As soon as Su Tianshuo finished speaking, a violent aura burst out from Xiao Yuanshan’s body. David was caught off guard and was directly knocked out by this terrifying force!

The others were also confused and didn’t understand what David was doing. Even if there was no way to cure it, you couldn’t give people poison pills?

And this is the prince of the Xiao Dynasty. Giving him poison pills, isn’t this pure death?

“Poison pill? How is it possible?”

Chen Wenliang didn’t believe that David could refine poison pills, so he also came over to check!

Even Zhong Qing jumped forward and looked at the two pills carefully. After all, who would believe that someone would dare to give poison pills to the prince of the Xiao Dynasty at this time!

## Chapter 4155

After the inspection, Zhong Qing also looked at David in disbelief!

Chen Wenliang frowned and said in disbelief: "Friend Chen, did you make the wrong pill? How did you make a poison pill?"

"This pill is extremely poisonous. I'm afraid there is no medicine to cure it. You actually used a poison pill for Prince Xiao. What is your intention? Do you want to put many of our pharmacists into an unkind and unjust place and let the people of the Xiao Dynasty hate us forever?"

Su Tianshuo glared at David and asked loudly!

Wow!

When they heard that it was really a poison pill, all the pharmacists were shocked. They didn't understand what David was doing?

If you can't cure the disease and don't see through the cause of the disease, then just make some insignificant pills to take. It won't cure it and won't kill people!

This is to directly refine a highly toxic pill. What is this for?

Does David have a grudge with the people of the Xiao Dynasty?

Xiao Yuanshan's face was extremely ugly, with a strong murderous intent in his expression!

Although he overheard the conversation between his son and David, he never expected that David would actually dare to refine poison pills for his son!

"Boy, what is your intention?"

Xiao Yuanshan asked David coldly!

"Intention?" David smiled slightly: "Of course I want to cure your son's illness, this is my intention."

“Humph, you refine poison pills for my son, and you dare to say it is a cure?”

“I think you just want to harm my son. Although I, Xiao Yuanshan, never kill innocent people, you must die today!”

Xiao Yuanshan’s face was full of anger, and the terrifying murderous aura on his body was filled!

The faces of the people around him all changed drastically, and they all fled to the distance!

“Emperor Xiao, I think Fellow Daoist Chen must have made a mistake. He has no reason to harm Prince Xiao.”

“There should be some misunderstanding here, right?”

Seeing this, Chen Wenliang hurriedly persuaded Xiao Yuanshan!

With Xiao Yuanshan’s strength, David would be wiped out with a wave of his hand!

“Father, this is my idea. It has nothing to do with other people, let alone this little pharmacist. Don’t kill him.”

At this time, Xiao Feng in the iron cage spoke!

The poison pill he asked David to refine was now discovered by his father. He wanted to kill David, so he couldn’t just sit back and watch. He had to tell the truth! When

everyone heard what Xiao Feng said, they were all stunned, and then they understood what was going on!

No one thought that this was actually Xiao Feng’s own request!

It seems that Xiao Feng was also tortured and wanted to die!

After all, being locked in an iron cage and chained, what’s the point of living like this for a lifetime!

It’s better to die!

It is estimated that David couldn’t cure Xiao Feng at all, and Xiao Feng had such a request, so David agreed!

“Son, why are you so stupid? I’ve said that I will definitely heal you no matter where you are.”

“You just lost your freedom temporarily, why are you looking for death?”

“Even if you asked for it, this kid actually dared to refine a poison pill for you, I can’t let him go!”

Xiao Yuanshan certainly knew that it was his son’s request. After all, he heard the conversation between David and Xiao Feng clearly!

“Father, if you really feel sorry for me, let me die. I’m really in so much pain, so much pain...”

Xiao Feng said with a painful expression!

Then, Xiao Feng’s eyes suddenly turned blood red, and he suddenly opened his mouth wide, and the breath on his body burst out instantly!

A shrill roar came out of his mouth!

The whole person fell into madness and kept shaking the iron cage!

“Let me out, let me out...”

Xiao Feng roared, the whole person was like a monster!

Seeing this scene, everyone was shocked. They didn’t expect Xiao Feng to be so terrible when he was sick!
