Chapter 4176

“Of course, otherwise what else would it be for!” Ouyang Xing said with his eyes slightly fixed.

The sun shone on the land of Yaoshen Island, and the breeze blew gently, but it failed to calm the tense atmosphere at the moment.

“I don’t think so, right? You let everyone enter Yaoding Mountain, but you didn’t go in. I suspect there is a conspiracy.”

David looked at Ouyang Xing with a firm gaze, and did not flinch. “You don’t want to take advantage of the pharmacist conference and suppress the pharmacists of the entire Tianren world, and want to dominate alone?”

Ouyang Xing frowned slightly when he heard David’s doubts, and the smile on his face disappeared instantly.

Ouyang Wufeng on the side was very angry and shouted, “Fellow Daoist Chen, what evidence do you have that my father wants to suppress all the pharmacists in the Tianren Realm?”

His face flushed and he was very emotional. “Not only does my father not want to suppress them, he also took the initiative to offer the place where the Medicine God fell on the Medicine God Island, and wants to make the medical field in the Tianren Realm have greater development.”

“Now our Medicine God Island is facing the threat of destruction, and my father insisted on holding a pharmacist conference to allow everyone to go to Yaoding Mountain to benefit, and you still doubt him.”

“Wufeng...” Ouyang Xing glared at Ouyang Wufeng hurriedly, “Shut up and stop talking!” There was a hint of majesty in his voice, trying to stop his son from continuing to argue impulsively.

David looked puzzled and asked, “Threatened with destruction? What does that mean? Is Medicine God Island going to collapse? Then won’t all of us die here?”

His eyes were full of confusion and suspicion. He stared at Ouyang Xing closely, hoping to get a reasonable explanation from him.

Seeing that David was still in doubt, Ouyang Xing sighed and said, "Since you want to know, I won't hide it from you!"

His eyes became heavy and serious, "To be honest, the Zhan Tian Fa Sect also has its eyes on the Medicine God Meteorite of Medicine God Island." They have been trying to capture Yaoshen Island!"

Ouyang Xing's voice trembled slightly, as if he recalled the terrible threat.

"This time, Zhantian Sect has gathered thousands of disciples to deal a devastating blow to our Yaoshen Island!"

"It is estimated that they will arrive in three days, so I asked everyone to leave Yaoding Mountain within three days!"

"No matter how many secrets in Yaoding Mountain are discovered at this pharmacist conference, they are all great treasures of the entire pharmacist world."

"After you leave, I will destroy Yaoding Mountain. Even if it is destroyed, I will not let Zhantian Sect occupy it." Ouyang Xing's eyes were full of determination, as if he was ready to live and die with Yaoshen Island.

"Zhantian Sect? That sect of demon cultivators with powerful magic?" At this time, Liu Ruyan on the side said in surprise.

Her face turned slightly pale, and she had obviously heard of the reputation of this sect.

"Ruyan, do you know this sect?" David turned his head and asked anxiously.

Liu Ruyan nodded and said nervously: "This Zhantian Sect is a sect that specializes in magic, and all of them are magic cultivators. The disciples of the Zhantian Sect are evil, but because their magic is too strong, many people can't do anything to them."

"This Zhantian Sect not only specializes in magic, but also knows some medical skills, so they should want to occupy Yaoshen Island."

Liu Ruyan's voice trembled slightly, revealing her inner fear.

Ouyang Xing added: "They have coveted the resources of Yaoshen Island for a long time, especially the mysterious power and precious herbs contained in the place where Yaoshen fell, which are of great help to them in improving their magic and medical skills."

His eyes were full of worry, "and our Yaoshen Island has always been famous for its medical skills, and it is indeed relatively weak in magic defense."

Chapter 4177

“You are all demon cultivators on Yaoshen Island. Why do you want to not let this Zhantian Sect go even though we are all demon cultivators?” David asked curiously, frowning, trying to sort out the complicated relationship. After

hearing this, Ouyang Xing’s face suddenly became a little ugly. He glared at them and said loudly, “You said we are demon cultivators. Can you detect a trace of demon energy from us?”

His voice echoed in the air, with deep anger and dissatisfaction.

David was stunned, and then his spiritual sense spread out, carefully exploring Ouyang Xing and Ouyang Wufeng beside him.

However, to his surprise, there was not a trace of demon energy on the two people! This made David feel very strange, and he couldn’t help but fall into deep thought.

David had heard that the pharmacists on Yaoshen Island were driven to Yaoshen Island because they practiced magic and became demon cultivators, leaving them to fend for themselves!

But now, Ouyang Xing and his son did not have a trace of demon energy on them, which proved that they did not practice magic at all!

“Why don’t you have any demonic energy?” David asked in surprise, his eyes full of doubts and puzzlement.

“We are not demonic cultivators at all, so how can we have demonic energy? The reason why you heard that the pharmacists on Medicine God Island are all demonic cultivators is that they are just rumors from a long time ago.”

Ouyang Xing’s face was ashen, and his voice was full of helplessness and grief. “Many of us were squeezed out to Medicine God Island, not to practice magic! They squeezed us out to Medicine God Island, let us fend for ourselves, and made up lies and slander!”

David realized at this time that the rumors about Medicine God Island were all false, and they were all slanderous words passed down from the past!

He felt guilty and blamed himself for his previous misunderstanding.

“Ouyang Island Master, why don’t you explain it to everyone, we can help Medicine God Island resist the enemy together.”

“Besides, your Medicine God Island is not bad either. It may not be that easy for Zhan Tian Fa Zong to occupy Medicine God Island.” David said.

Hearing David’s words, Ouyang Xing sighed and said, “Hey, you don’t know that although Medicine God Island seems to be strong, many people come to Medicine God Island to seek refuge or seek medical treatment.”

“Once Medicine God Island encounters danger, these people will leave without hesitation. They will not risk their lives for Medicine God Island.”

“Many cultivators in the Heavenly Human Realm are selfish. This is also the background of the entire Heavenly Human Realm. There is no way!”

His eyes revealed deep helplessness and disappointment.

“If the Zhan Tian Fa Zong really attacks, only the many children of our Ouyang family can resist. That’s why I didn’t let the children of the Ouyang family enter Yao Ding Mountain, in order to prepare for defense and welcome the attack of the Zhan Tian Fa Zong at any time!”

“Besides, the Zhan Tian Fa Zong are all people who know magic, and we pharmacists can’t deal with them at all. We don’t know much about magic, so we can only resist passively.”

“I don’t know how long we can resist, so you only have three days. What you can get depends on everyone’s luck. You should enter Yao Ding Mountain quickly, time is precious!” Ouyang Xing looked sincere, and it can also be seen that he is very dissatisfied with the selfish atmosphere of the Tianren World.

Seeing that Ouyang Xing didn’t seem to be lying, David said, “Ouyang Island Master, I can help you. I also know some monks who practice magic, and I can ask them to help!”

David’s eyes were firm. He decided to step forward and help Yaoshen Island survive this crisis.

“Really?” Ouyang Xing was immediately excited when he heard David say that there were magic cultivators to help, as if he saw a ray of light in the darkness. “That’s great. With your help, our Medicine God Island may still have a glimmer of hope!”

Chapter 4178

“Of course, I just don’t know if they can arrive in three days. I’ll ask them to come as soon as possible!” After David finished speaking, he did not delay any further, but directly contacted Gu Tianchao.

David contacted Gu Tianchao with the sound transmission jade slip: “Gu Tianchao, Yaoshen Island is facing the attack of Zhantian Fazong. Quickly bring people from Liangyimen to support. You can use the teleportation array of the Pharmacist Association. Be sure to arrive as soon as possible!”

After receiving David’s order, Gu Tianchao immediately led people from Liangyimen to Yaoshen Island!

After David said a few words to Ouyang Xing, he took Liu Ruyan and Nie Heng into Yaoding Mountain!

In three days, David must make good use of every minute and every second!

Yaoding Mountain is mysterious and ancient, and the mountain is filled with rich spiritual energy and mysterious atmosphere.

After entering Yaoding Mountain, David found that there were many fairy herbs around Yaoding Mountain, and the grade was very high! These fairy herbs flashed with strange light under the sunlight, as if telling their preciousness and mystery.

“Wow, so many immortal herbs!” Nie Heng shouted excitedly, his eyes full of greed and surprise.

Liu Ruyan was also attracted by the scene before her eyes, and couldn’t help but exclaimed: “This is really a treasure land of immortal herbs!”

Nie Heng and Liu Ruyan saw these immortal herbs and happily began to pick them! There

were also many cultivators who were fascinated by the immortal herbs in front of them and stopped to pick them!

In this way, it would take a long time!

Some cultivators took a look and did not stop, and went to Yaoding Mountain! They knew very well that there might be more precious treasures and inheritances hidden in the depths of Yaoding Mountain.

“Okay, don’t pick them, we must hurry!” David said to Liu Ruyan and Nie Heng.

He knew in his heart that the purpose of entering Yaoding Mountain was to inherit the God of Medicine. They didn't come here for this little fairy grass.

"Okay!" Although Liu Ruyan and Nie Heng were a little reluctant, they still listened to David's words and stopped picking.

Just when Nie Heng saw a fairy grass and was about to pick it, the ground suddenly trembled!

Accompanied by the roar of a monster, a huge black monster snake rushed out from the ground, opened its bloody mouth and rushed towards Nie Heng!

The monster snake was huge, its black scales flashed with cold light, and its eyes were fierce and brutal.

David was quick-witted and suddenly grabbed Nie Heng and Liu Ruyan, and used the fire control step to dodge the monster snake's attack!

But there were still several monks who were happily picking fairy grass, and the sudden appearance of the monster snake caught them off guard!

A monk was quickly swallowed by the monster snake! He didn't even have time to scream before he disappeared in the monster snake's mouth.

"Monsters, how could there be monsters here?" There were also hurried monks who were so scared that they kept retreating, their faces were pale and their legs were weak.

"When we entered Yaoding Mountain, Daoist Master Ouyang reminded us that pharmacists with low strength should not enter Yaoding Mountain, as it would be dangerous, but no one listened." An experienced monk said, his face full of helplessness and regret.

"It seems that there are many monsters on Yaoding Mountain. It is really dangerous if you don't have strength!" Another monk said, his voice full of fear and regret.

The remaining monks were all embarrassed. Most of the people who were attracted by the fairy grass and stopped were also some pharmacists with low strength!

Originally, they didn't believe Ouyang Xing's words at all, but now the sudden appearance of the demon snake directly scared these people, and some even backed off!

"What should we do? Are we going to die here?" A timid monk said tremblingly.

Chapter 4179

“Don’t panic, let’s deal with this demon snake together!”

David shouted loudly, trying to stabilize everyone’s emotions.

However, the demon snake did not give them a chance to breathe and attacked again. Its tail swept over, bringing a gust of wind.

David dodged the demon snake’s attack with a flash, and at the same time, a ball of fire condensed in his hand and threw it at the demon snake.

The demon snake was hit by the flames and let out a painful roar, but it did not retreat, but attacked everyone more frantically.

In the end, David saw the opportunity and stabbed the demon snake’s vitals with a sword. The demon snake fell to the ground with a bang and turned into a ball of black smoke and disappeared.

“Finally solved!”

Everyone breathed a sigh of relief.

But this time, everyone also knew that the treasures in Yaoding Mountain were not so easy to get, and they might lose their lives if they were not careful!

“This Yaoding Mountain is full of dangers. If you feel that you are not strong enough, you’d better retreat, so as not to put your life in danger!”

David kindly persuaded several pharmacists.

After this psychological struggle, several pharmacists had the intention to retreat. After thanking David, they turned around and walked out of Yaoding Mountain!

David took Liu Ruyan and Nie Heng and continued to go deep into Yaoding Mountain!

At this time, a man and a woman among the cultivators just now ran towards David quickly!

“Fellow Daoist Chen, wait a minute...”

A male cultivator shouted at David!

David turned his head and looked at the man and woman, and asked doubtfully: “Are you okay?”

“Fellow Daoist Chen, we are also pharmacists from the Central Region and members of the Pharmacist Association. I see that you have a good relationship with our President Chen. I wonder if we can go with you?”

The male cultivator asked David!

“Go with me?” David frowned slightly!

Seeing this, the female cultivator hurriedly said: “We are following Fellow Daoist Chen, not with” “We are going to share things with Fellow Daoist Chen. Everything we get in Yaoding Mountain belongs to Fellow Daoist Chen!”

“We just hope to follow Fellow Daoist Chen and get some pointers from him, then we will benefit a lot.” “

Yes, yes, Fellow Daoist Chen is young and promising. He also cured Prince Xiao’s strange disease. We just want to learn some useful medical skills from Fellow Daoist Chen!” The male cultivator also hurriedly said!

David didn’t speak, his brows were still tightly furrowed!

David knew that the more people he brought, the greater the pressure he would face. After all, the strength of these two pharmacists was not strong, and he had to protect them himself!

“If Fellow Daoist Chen is embarrassed, then we won’t bother you.”

The male cultivator said a little disappointed when he saw this!

“President Chen also told us that he wanted us to learn more from Fellow Daoist Chen. After all, we are all members of the Central Domain Pharmacist Association. Our strength has increased, which is equivalent to the strength of the Pharmacist Association!” “

The female cultivator spoke!

David was speechless, it felt like this was a bit of moral kidnapping!

David did promise to follow the Central Domain Pharmacist Association, not to mention that Liu Ruyan and Nie Heng had also joined the Central Domain Pharmacist Association, so Chen Wenliang agreed without hesitation!

Now that these two people suddenly appeared, David didn't know what to do for a moment!

After pondering for a moment, David said: "Okay, you two follow me, but you also know the dangers of Yaoding Mountain. If there is any accident, I will not be responsible."

"No problem!" The two of them nodded happily!

David reluctantly took the two of them on the road!

Liu Ruyan and Nie Heng had no objection, after all, they were all members of the Central Domain Pharmacist Association!

Along the way, Liu Ruyan and Nie Heng talked with the two pharmacists. From the conversation, they learned that the two pharmacists were named Nie Lei and Nie Hong, and they were brother and sister!

They all had the strength of the seventh level of the Tribulation Realm. To be able to cultivate to the seventh level of the Tribulation Realm among pharmacists, it is considered very powerful!

Chapter 4180

"Daoyou Chen..."

Just as David and the others continued to go deep into Yaoding Mountain, they were suddenly stopped by someone!

David looked and found that it was Zhou Silang and Zhen Huan!

The two seemed to be waiting for him!

"Daoyou Zhou, why haven't you gone up the mountain yet?"

David asked in confusion!

"Daoyou Chen, my father wants to talk to you. My aunt and Zhong Yaozun are both here!"

Zhen Huan said to David!

She was probably afraid that David would not go, so she brought up Granny Zhen and Zhong Qing!

After all, David came for Granny Zhen,

so give her some face! When David heard that Granny Zhen and Zhong Qing were also there, he nodded and followed Zhen Huan

and the others! Liu Ruyan and Nie Heng, as well as the newly joined Nie Lei and Nie Hong siblings, also followed!

Zhen Yuandao followed Zhou Qian and the others, waiting in a small forest not far ahead!

Seeing David coming, Zhen Yuandao took the initiative to step forward: "Fellow Daoist Chen, why did you take so long to enter the mountain? You should know that those who reach the top of the mountain first will definitely have benefits." "

I was delayed by some things. I wonder what the head of the Zhen family wants to see me for?"

David asked!

"Fellow Daoist Chen, I'm looking for you to ask for a favor. I know that you have a good relationship with President Chen of the Central Region Pharmacist Association. Our two families hope to form an alliance with the Central Region Pharmacist Association."

"This way, if there is anything on Yaoding Mountain, we can take care of each other..."

Zhen Yuandao said directly!

David was slightly stunned, looked at Zhen Yuandao and said: "Master Zhen, do you know what will happen in Yaoding Mountain? Otherwise, the strength of your Zhen family and Zhou family should not be underestimated. Why bother to join forces with the Central Region Pharmacist Association?"

"And your Western Region Pharmacist Association has also participated. Even if it is an alliance, it should be an alliance with the Western Region Pharmacist Association, right?"

David knew that Zhen Yuandao must have something to hide. After all, at this time, no one wants to form an alliance. After all, if there is one more person, one more share of the treasure will be given away!

"Fellow Daoist Chen, to be honest, the reason why we formed an alliance with the Central Region Pharmacist Association is to deal with Su Tianshuo and his men! "

“We got the news that Su Tianshuo has joined forces with the Diao family and the Bao family in Yongle City and is preparing to attack us in Yaoding Mountain.”

“The strength of our two families is not enough to deal with them, so we want to form an alliance with the Central Region Pharmacist Association through Fellow Daoist Chen.”

“You can tell President Chen that we will never treat him unfairly. The Central Region Pharmacist Association can take half of the treasures obtained in Yaoding Mountain!”

“And when we return to Yongle City, our two families will have heavy gifts to give...”

Zhen Yuandao also knew that if he didn't offer some substantial benefits, who would form an alliance with them!

Hearing this, David frowned slightly. If many pharmacists in Yaoding Mountain had an internal fight, it would weaken a lot of their strength!

If the Zhantian Fazong really attacked Yaoshen Island at that time, how could they stop it?

“Master Zhen, is what you said true? How can you be sure that Su Tianshuo will deal with you? “

David asked!

“Of course it's true, that Su Tianshuo secretly met with the heads of the Bao family and the Diao family, obviously targeting us.”

“Our four major families are not harmonious, and there will be a war sooner or later...”

Zhen Yuandao said!

“Master Zhen, can't you talk about peace? Even if you can't talk about peace, don't fight on Medicine God Island.”

David said with a very ugly face!

“Why?”

Zhen Yuandao asked puzzled!

David sighed lightly, and then told Zhen Yuandao everything that Ouyang Xing had told him!

When they heard about the Zhantian Sect, everyone's face changed instantly!

“The Zhantian Sect is actually going to capture the Medicine God Island? I said that Ouyang Xing suddenly forced the Pharmacist Conference to be held on the Medicine God Island, and there must be something wrong.”

“Now it’s good, this is going to tie up many pharmacists in our Tianren Realm with the Medicine God Island, and follow them to fight against the Zhantian Sect!”

Zhou Qian said very dissatisfied!
