Chapter 4196

David did not speak, but looked at Nie Hong coldly, with murderous intent in his eyes!

Feeling the murderous intent in David's eyes, Nie Hong shut her mouth and dared not look directly at David!

Now that the moral hat is put on, it is no longer effective!

"You should confess the truth. If I produce evidence, you two brothers and sisters will surely die."

David said coldly!

When Nie Lei heard it, he knelt down to David with a plop!Nie

Hong looked at her brother, and finally knelt down helplessly!

"Fellow Daoist Chen, we were wrong, we were wrong. It was because we were blinded by our own interests that we did such a thing."

"Please spare our lives, Fellow Daoist Chen. We will never dare to do it again."

"Then Su Tianshuo promised us that as long as he caught you, he would give part of the Hundred Years of Offerings of the Demon Sealing League to us brothers and sisters."

"We brothers and sisters have no family and no one to rely on. Although we have joined the Central Region Pharmacist Association, we are also at the bottom. We are not qualified to follow President Chen at this Pharmacist Conference."

"And Su Tianshuo said that if we don't agree, he will kill us brothers and sisters. On this Yaoding Mountain, killing one or two people will not be discovered by anyone. We have no choice but to ask Fellow Daoist Chen to spare us..."

Nie Lei kept kowtowed, tears streaming down his face!

When Nie Hong saw her brother like that, her eyes turned red and she cried!

"You two are too much. Do you want to betray Mr. Chen for your own benefit?"

“Thanks to Mr. Chen for being so kind to take you two with him, you two are worse than pigs and dogs!”

Nie Heng angrily scolded the brother and sister!

Originally, they all had the same surname, and Nie Heng had a good feeling about the brother and sister, but he didn't expect them to be this kind of people!

“David, kill them both. Keeping this kind of people will be a disaster sooner or later!”

Liu Ruyan also said angrily!

When Nie Lei heard this, he was so scared that he trembled all over and kept kowtowing!

That Nie Hong also knew that he was scared at this moment, and his face became very ugly, no longer the way he looked when he just put on the moral hat!

“Thinking that you two are also forced to do nothing, I will spare you!”

David looked at the two brothers and sisters kneeling on the ground, and finally spared them!

“Thank you, Mr. Chen, thank you, Mr. Chen...”

Nie Lei kowtowed desperately!

Then he pulled Nie Hong up and turned to walk down the mountain!

“Where are you two going?” David asked!

“This Yaoding Mountain is too dangerous. It is not a place for us brothers and sisters to stay. Let's go down the mountain.”

“And if we don't report our location to Su Tianshuo, he won't spare us. Let's run for our lives as soon as possible!”

Nie Lei said!

“Do you think you two brothers and sisters can get out of this poisonous fog?”

David continued to ask!

Nie Lei was silent. If they didn't have the detoxification pill and David's pill to absorb the toxins, they would not be able to get out of this poisonous fog with their bodies!

"You two should follow me, or continue to report your location to Su Tianshuo!"

David said!

"Don't dare, absolutely don't dare..."

Nie Lei waved his hand hurriedly!

It was good enough that David could spare them. How dare they tip off Su Tianshuo!

"I asked you to report, so you report. This is also to paralyze Su Tianshuo and let him not doubt you!"

"Su Tianshuo has united many people and plans to use the hands of Zhantian Fazong to reshuffle the pharmacists of the entire Tianren world."

"It is estimated that many pharmacists will die this time, so I must expose Su Tianshuo's conspiracy!"

The reason why David asked Nie Lei's brothers and sisters to continue to report was to paralyze Su Tianshuo!

Chapter 4197

As long as we can find a way to make Su Tianshuo reveal his conspiracy, I believe

that many pharmacists will not let Su Tianshuo go! "What? Su Tianshuo wants to target the pharmacists of the entire Tianren world, not just you?"

Liu Ruyan was shocked. She didn't expect that Su Tianshuo would have such a big conspiracy!

"Mr. Chen, let's go quickly. We must notify others as soon as possible. If Su Tianshuo succeeds, the entire pharmacist world will be a disaster!"

Nie Heng urged anxiously!

"Okay, let's go!"

After David finished speaking, he waved his hand, and suddenly a fire burned fiercely!

Soon, the dead bodies on the ground, as well as the Diao family pharmacists who were not dead, were all burned to ashes by the fire!

Looking at the raging fire in front of him, Nie Lei's forehead was full of cold sweat. Fortunately, David let them go!

Otherwise, they would become part of the raging fire and become ashes!

David's strength is not something they can shake at all!

They are so naive that they want to cooperate with Su Tianshuo to divide the Hundred Years of Offerings of the Demon Sealing League! If

David is really killed, I am afraid that they will not be able to get the Hundred Years of Offerings of the Demon Sealing League!

Without absolute strength, the best way to save your life is to keep a low profile!

David and his team are moving very fast, because they have elixirs, so they don't have to worry about being poisoned!

The fog quickly retreated in front of their eyes!

I don't know how long it took, David and his team finally walked out of the foggy area!

At this time, Su Tianshuo and others who were still in the fog were anxiously waiting for Diao Changmin!

"Chairman Su, let's leave this place first and look for the head of the Diao family!"

"Although the fog here is not poisonous, it will hurt the body if you stay for a long time."

"Our detoxification pills can't remove the toxins at all!"

Bao Longxing said to Su Tianshuo!

Su Tianshuo frowned, his face became very ugly: "Damn, this Diao Changmin, took all the family members away, what on earth does he want to do?"

"When he took people away in the end, did he say what he was going to do?"

“No, but he seemed to leave in a hurry, but I heard from others that Diao Changmin should have taken people away after receiving the report from the brother and sister.”

“Will this guy take his clansmen to catch David?”

Bao Longxing said!

Su Tianshuo listened, his eyes condensed slightly, his face was terribly cold!

“This Diao Changmin, I know what he did, he must have gone to catch David, this guy wants to take it all for himself, he has been thinking about the medicine cauldron on David all the way.”

“If he dares to eat alone, let me catch him, I must kill him...”

Su Tianshuo gritted his teeth, not to mention how angry he was!

Now the plan has not been implemented, and this kind of thing has happened in his team, how can he not be angry!

“President Su, why don’t you contact Nie Lei and his sister and ask what’s going on?”

Bao Longxing said!

“No, if we contact them rashly, it will be troublesome for David to notice it.”

“After a while, their brother and sister will take the initiative to contact again, and then we will know what the situation is. Let’s go now, no more waiting!”

Su Tianshuo didn’t plan to wait for Diao Changmin!

So many people are waiting in the poisonous fog. If the poisoning is too deep, it will be troublesome!

Bao Longxing nodded, then greeted everyone and began to move forward!

None of them knew that Diao Changmin and his clansmen had been killed by David at this time, and they were wiped out!

After penetrating the fog, Su Tianshuo and others all stopped, breathing heavily and resting!

Even with detoxification pills, the toxins in the body cannot be eliminated. Now they can only stop and rely on spiritual power to slowly force the toxins out!

Chapter 4198

Yaoding Mountain, halfway up the mountain!

David led Liu Ruyan and the others to continue climbing to the top of the mountain!

On the way, they also met many pharmacists sparsely, most of whom knew David and greeted David!

But David did not tell them about Su Tianshuo!

After all, David did not know whether these pharmacists were Su Tianshuo's people, and even if they were not Su Tianshuo's people, David said that the other party might not believe it!

Now David had to find Chen Wenliang and Zhen Yuandao and the others as soon as possible. Only by making these people believe it, and then slowly spreading the news, could it work!

"Fellow Daoist Chen, I have been looking for you all the way, why are you so slow?"

Just as David and the others were heading towards the top of the mountain, Chen Wenliang stopped him!

"President Chen, I was delayed by something, so I entered the mountain a little late!"

David was relieved when he saw Chen Wenliang!

Now that I meet Chen Wenliang, I can tell him about Su Tianshuo's conspiracy first.

"No wonder I didn't see you along the way." After Chen Wenliang finished speaking, he saw Nie Lei and Nie Hong, brother and sister, and said curiously: "You two are actually with fellow Daoist Chen, I even sent someone to look for you two." "

This Yaoding Mountain is not safe, with your strength, don't run around everywhere!"

"Got it, President!" Nie Lei and Nie Hong, brother and sister, were embarrassed and ashamed!

Just now they said that they were at the bottom of the Central Domain Pharmacist Association and no one paid attention to them. Now Chen Wenliang not only remembers them, but also sent people to look for them. It can be seen that he is not bad for the two people!

“President Chen, I have something to tell you, come with me!”

David called Chen Wenliang to a hidden place!

After all, Chen Wenliang also brought a lot of pharmacists with him, and David didn't know if there were any of them who were colluding with Su Tianshuo!

Like Nie Lei and Nie Hong, brother and sister, although they are also pharmacists of the Central Domain Pharmacist Association, they are colluding with Su Tianshuo!

“Fellow Daoist Chen, what's going on? It's so mysterious? ” Chen

Wenliang

asked puzzledly!

“President Chen, do you know what Su Tianshuo, the president of the Western Region Pharmacist Association, is up to?”

David asked!

“Intent? What intention?” Chen Wenliang was stunned!

“Let me tell you the truth. Su Tianshuo colluded with Zhan Tian Fa Zong to attack Yao Shen Island. He contacted many pharmacists and planned to reshuffle the pharmacist world in the Tianren world!”

“If we don't stop it this time, I'm afraid that many pharmacists will die on Yao Shen Island.”

David said!

“What?” Chen Wenliang's eyes widened, his face full of disbelief: “You said that Su Tianshuo is going to attack the pharmacists of the entire pharmacist world? He doesn't have the courage, right?”

“And how did you know about the collusion with Zhan Tian Fa Zong?”

David knew that no one would believe it easily, so he told Chen Wenliang the details of what happened!

But even so, Chen Wenliang still couldn't believe that Su Tianshuo had such courage!

David had no choice but to call Nie Lei and Nie Hong!

After Nie Lei and Nie Hong said it, Chen Wenliang believed it!

But this also gave him a headache. After all, even if he said it, no one would believe it!

After all, everyone on Yaoding Mountain is a competitor. Maybe everyone thinks he is exaggerating and deliberately scaring everyone to leave Yaoding Mountain!

“I can only persuade the many pharmacists of the Central Region Pharmacist Association to be careful, but other people may not believe what I say.”

Chen Wenliang said!

“I understand. Now we go to the Zhou family and the Zhen family. If we convince them, we will have bargaining chips against Su Tianshuo and others.” “

Even if other pharmacists don't believe it at that time, Su Tianshuo can't succeed at all.”

David said!

Chapter 4199

David nodded, and then followed Chen Wenliang and others to the top of the mountain!

I believe that most of the pharmacists will be there when they reach the top of the mountain!

But not long after David and his team moved forward, there were suddenly several loud noises!

Boom...

Crack!

Thunders suddenly fell from the top of the mountain and struck not far from David and his team!

At this time, several deep pits were instantly struck by thunder on the mountain, and the blasted gravel came towards everyone!

Seeing this scene, many pharmacists were shocked!

David waved his hand casually, and a barrier appeared to block the gravel, otherwise these gravel would definitely hurt people!

“What’s the situation? No one has broken through, how can there be a thunder tribulation?” Chen

Wenliang asked in confusion!

“This is not a thunder tribulation...”

David looked up at the sky. There was no thunder tribulation cloud in the sky, so this thunder was not a thunder tribulation!

“It’s not a thunder tribulation? What is it?”

Chen Wenliang asked!

“This should be a test, a test of the God of Medicine?” David said!

“Test? What does that mean? How can there be a test of the God of Medicine?”

Chen Wenliang was very puzzled. They had been here all the way, and they hadn’t seen any test of the God of Medicine!

“President Chen, didn’t you encounter any danger along the way?”

David asked curiously!

“No, I did encounter some monsters, but they were all killed. There was no other danger!”

Chen Wenliang shook his head!

“It seems that the tests encountered when going up the mountain from different directions are different.”

Pinshu.com <https://www.vodtw.la>

David told Chen Wenliang about what he had experienced!

Especially when encountering the light curtain and poisonous fog, these are also considered tests!

When Chen Wenliang heard this, his expression became solemn. He had never heard that there was a test on Yaoding Mountain. Now it seems that it is not so easy to get to the top of the mountain and get the inheritance of the God of Medicine!

“Mr. Chen, look...”

Nie Heng pointed to the sky and said!

From the top of Yaoding Mountain, wisps of blue light emerged. These lights gathered in the sky, and then countless lightning shuttled through the blue light, making crackling sounds!

It seemed that these thunder and lightning would soon strike down. With so many thunder and lightning, everyone was afraid that there was no place to hide!

“These troubles, we really can’t avoid them? I don’t know how powerful this thunder is, can we rely on our own cultivation to bear it!”

Chen Wenliang frowned and said!

Boom!

Just as Chen Wenliang’s voice fell, a thunder came down and hit a pharmacist directly!

The pharmacist vomited blood and fell to the ground with serious injuries!

Although he was not dead yet, he was seriously injured. If he came again, he would definitely die!

Everyone who saw this scene was scared!

Chen Wenliang directed everyone to start treating the pharmacist who was seriously injured!

But at this time, the thunder and lightning became more and more dense, and they could all come down at any time!

At this time, everyone had no idea, and they looked at Chen Wenliang with an extremely ugly face!

As the president, Chen Wenliang, they can only count on Chen Wenliang to give an idea!

But Chen Wenliang was helpless at this time, his face full of anxiety!

Faced with this sudden thunder test, Chen Wenliang seemed helpless, and the pharmacists were terrified and at a loss.

At this time, David’s eyes were extremely firm. He knew that in such a critical moment, someone must stand up and lead everyone through the difficulties.

“Don’t panic!” David’s voice penetrated the thunder and seemed unusually calm. “We must unite and face this test together. I believe that as long as we work together, we will find a way to crack it.”

Chapter 4200

But this area was covered by thunder, and there was no room to hide!

Boom!

Another thunder came down, and a pharmacist was hit again, and fell to the ground instantly!

This time, everyone panicked and rushed to escape!

“Don’t mess around, running around at this time will only lead to death!”

David hurriedly stopped them!

“Listen to Brother Chen, no one is allowed to mess around, no one moves!”

Chen Wenliang also stopped everyone from running around!

Running around at this time is the most unwise choice!

Rumble...

The thunder is still bombarding, but not every time it hits people!

When it hits the ground, a huge deep pit will be formed!

After several thunders bombarded, David’s eyes suddenly lit up!

He noticed that the thunder did not seem to attack indiscriminately, but selectively fell in certain areas.

This made him realize that perhaps there was a way to predict or avoid the bombardment of thunder.

“Everyone, pay attention, thunder seems to follow a certain specific trajectory.” David quickly analyzed, “We need to find this pattern and use it to avoid thunder.”

Upon hearing this, Chen Wenliang immediately organized the pharmacists to assist David in observation and analysis.

After some intense discussions, they found that thunder always prioritized attacking those with lower cultivation or weaker physique.

Perhaps this was the deliberate arrangement of the God of Medicine, so that those with low strength were eliminated!

This is also the reason why Ouyang Xing did not allow people with low cultivation to enter Yaoding Mountain!

Pinshu.com <https://www.vodtw.la>

These people entered Yaoding Mountain, fearing that they would not see the inheritance of the God of Medicine, and would be wiped out!

“All the pharmacists below the fifth level of the Tribulation Realm are gathered together, and the pharmacists with higher cultivation are surrounded. We need to form a shield to protect these pharmacists.”

David proposed that the pharmacists with higher cultivation form a circle to protect those with lower cultivation.

“Are you all ready? We are going to start the action!” David shouted loudly.

Under David’s command, the pharmacists acted quickly and arranged their formations according to the plan.

With a roar, another thunder fell, but this time, it was blocked by the pharmacists with higher cultivation and did not cause any damage.

Seeing this, everyone’s confidence increased greatly, and according to David’s instructions, they moved towards the top of the mountain step by step.

Although thunder continued to fall on the way, under the leadership of David, the pharmacists relied on wisdom and courage to escape danger again and again.

However, just after they traveled a distance, the thunder in the sky suddenly became more dense and violent, as if it was going to swallow up the entire Yaoding Mountain.

“Everyone be careful, this is the most critical moment!” David reminded loudly.

This thunder is also like the poisonous fog, the deeper it goes, the more powerful it is. Now is the critical moment. As long as they rush through here, they will withstand the test of thunder!

With several thick thunder and lightning roaring down, the powerful pharmacists around them burst out their spiritual power desperately to form a shield to protect the less powerful pharmacists in the center!

But after these lightning bolts, the shield shattered, and several pharmacists were directly knocked out, and fell to the ground seriously injured!

Seeing this scene, Chen Wenliang was shocked!

Seeing that the thunder in the sky was forming again and was about to strike again, everyone's face was full of fear!

"President Chen, you guys go, don't worry about us..."

said a pharmacist with lower strength!

"Yes, President Chen, you can run if you can, otherwise we will all die here!"

"The treasures of Yaoding Mountain are really not so easy to get, accept your fate!"

Many pharmacists are waiting for the arrival of death!
