Chapter 4201

Rather than dying here, it's better to run away as soon as possible!

Chen Wenliang's face was full of embarrassment. He couldn't abandon these pharmacists, but he couldn't stop them!

At this moment, David looked up at the thunders condensed in the sky, and seemed to make a difficult decision!

"President Chen, I will attract those thunders myself, and you take people to leave this area quickly!"

David decided to go to the air alone to attract the power of thunder!

He now has the power of the origin of thunder and lightning, and perhaps these tests of thunder power can't hurt him at all!

"Fellow Daoist Chen, you must not do that. If you resist the power of thunder by yourself, won't you die in vain?"

Chen Wenliang hurriedly stopped David! Liu

Ruyan was also shocked and said, "David, don't make trouble. How can you resist these thunders by yourself!"

"Mr. Chen, don't worry about us, just go!"

Nie Heng said to David!

"Don't worry, I won't die. You guys hurry up and leave here!"

After David finished speaking, his body jumped up!

In the air, David's body began to emit lightning around him, like lightning snakes shuttling!

These lightnings continued to spread towards the sky and began to attract the thunder to strike at themselves!

Everyone was stunned when they saw this scene!

“What are you still standing there for, let’s go...”

Chen Wenliang reacted and yelled!

This is David using his life to buy them time. If they delay any further, they will be sorry for David!

The pharmacists reacted and hurriedly took the injured pharmacist and ran desperately towards the outside of the thunder!

Boom...

a deafening noise startled everyone!

Everyone was stunned instinctively, and then looked up at the sky!

I saw several extremely thick lightnings, bombarding David, and David’s whole body was submerged in lightning!

Seeing this scene, Liu Ruyan’s tears instantly flowed out!

“David... ..”

She didn’t know what happened to David, because she couldn’t see it clearly!

All the pharmacists were also nervous, praying silently, praying that David was okay!

“Go, don’t stop...”

Chen Wenliang suddenly pulled Liu Ruyan!

Stopping at this time would be courting death!

Everyone rushed again, and at this time David, gritting his teeth, said more about the power of lightning in his body!

The raging lightning wandered on his body, making him very painful!

The origin space was opened, and the lightning origin star was desperately running, absorbing the power of lightning in David’s body!

Boom...

Another few lightning strikes, David's whole body was shaking!

David's expression became ferocious, he gritted his teeth, and his body began to swell visibly!

It seemed that the whole person was about to explode!

"Absorb quickly, quickly..."

David shouted in his heart, asking the origin star to absorb faster!

Otherwise, these lightning forces will burst David's body!

It's just a test, David doesn't understand why this medicine god is so powerful!

Doesn't want people to inherit his heritage?

Chen Wenliang led people out of the area covered by thunder, and everyone fell to the ground. The feeling of exhaustion and the feeling of surviving a disaster made them almost exhausted!

Liu Ruyan looked up at the sky, looking at a ball of light in the sky that was brighter than the sun!

She knew that David was in this ball of light, and she didn't know what kind of pain he was enduring!

This kind of terrifying thunder will make people disappear into ashes!

Even a master of the Mahayana realm will lose a layer of skin!

After taking a breath, many pharmacists also looked nervously at the air, everyone was extremely nervous!

Chapter 4202

The huge ball of light was also gradually fading, and finally only a figure was seen floating in the air!

"Mr. Chen, Mr. Chen is still here..."

Nie Heng shouted when he saw this!

“Miracle, it’s really a miracle...”

Chen Wenliang couldn’t help but sigh!

With this kind of thunder, I’m afraid that people would have been wiped out long ago, but David is still here!

I just don’t know what’s going on with David now, is he seriously injured, or is there only a body left!

Brother and sister Nie Lei and Nie Hong looked at David in the air, their eyes full of shame. In order to protect them, David could try his best and his life!

But the two of them, for their own selfish interests, betrayed David and wanted to kill David. Are they still human?

“David...”

Liu Ruyan jumped up and went towards David!

“Miss...” Nie Heng wanted to stop her, but failed!

Liu Ruyan rushed over regardless, but David fell straight to the ground at this time!

Boom!

His body hit the ground heavily, and a deep pit was smashed directly on the ground!

Liu Ruyan’s face was full of tension, and she hurried to check!

The expressions of the others also suddenly tightened, and everyone stared with bated breath, their hearts beating.

They didn’t know what happened to David, and they were all sweating for David!

Liu Ruyan hugged David and saw that David’s eyes were closed and there was a burnt smell on his body. Tears fell like rain!

“David...”

Liu Ruyan hugged David and came to Chen Wenliang and others! “

Chen Daoyou...”

Seeing David like this, everyone gathered around!

Chen Wenliang hurriedly checked, and then shouted loudly: “Everyone take out all kinds of herbs on your body and treat Chen Daoyou!”

Hearing Chen Wenliang’s words, everyone opened their storage bags without reservation and took out everything that could be useful!

Chen Wenliang began to refine the elixir and threw all the immortal herbs into the alchemy furnace!

He knew that David was very weak now and needed a lot of elixir to replenish his spiritual power!

This kind of elixir does not have any technical content, but it requires a lot of immortal herbs!

After giving the refined elixir to David, David slowly opened his eyes!

“David, you are awake...”

Seeing David wake up, Liu Ruyan said happily!

“Friend Chen, you are finally awake. If you have any problems, we are afraid that we will feel guilty for the rest of our lives.”

Chen Wenliang was relieved to see David wake up!

“I said, I won’t die...” David got up and checked his body. The lightning power in his body was absorbed by the origin star!

“Thanks to President Chen, you have collected all the immortal herbs from everyone and refined the elixir for you, so you woke up!

Liu Ruyan said!

“This...” David didn’t expect that Chen Wenliang would do it!

“Our lives were saved by Brother Chen, so what’s the big deal about taking out some immortal herbs!”

Chen Wenliang said with a smile!

“President, the injured people are now starting to get worse!”

At this time, a pharmacist ran over and said to Chen Wenliang! When

Chen Wenliang heard it, he hurried over to check, and David followed him!

More than a dozen pharmacists were injured by thunder. Although it was not fatal, if they were delayed like this, they would all be ruined!

“Hurry up and treat them...”

Chen Wenliang said!

“President, we have taken out all our immortal herbs, and now there is no way to treat them! “

A pharmacist reminded!

Chen Wenliang was stunned, and then he remembered that he had just given all the immortal herbs to David!

David checked the injuries of the pharmacists and said to Chen Wenliang: “President Chen, there are immortal herbs on Yaoding Mountain. You take people to find some. It’s not too late now!”

“Okay, I’ll go now!”

Chapter 4203

About a quarter of an hour later, Chen Wenliang brought people back. Although he did bring back some immortal herbs, it was not enough to treat the dozen pharmacists!

“We can save as many as we can, and the others can only leave it to fate!”

Chen Wenliang said helplessly!

“These immortal herbs are enough!” David said after taking a look!

“These are enough?” Chen Wenliang was a little surprised!

“It would be difficult to refine more than a dozen pills with these immortal herbs, right? Unless each one is a perfect pill, and there can be no failure.”

A pharmacist said!

After all, there is a certain chance of failure when a pharmacist refines pills, and the refined pills are not very perfect, and the grades are different!

Therefore, to refine an elixir, you need to prepare several immortal herbs for the pill, and then rely on the number of immortal herbs to make up for the low grade of the pill!

For the same kind of elixir, low-grade ones need five pills to recover, while high-grade, even perfect-grade elixirs, only one pill is enough!

However, not everyone can refine this kind of perfect-grade elixir.

David did not speak, but took out the Shennong Ding directly!

At this time, David did not need to guard against anyone!

And after this incident, he also believed that these people would not take his Shennong Ding!

When they saw David's Shennong Ding, everyone exclaimed! They

stood there in a daze, their faces full of disbelief!

They are all pharmacists, and they are very familiar with this kind of medicine cauldron!

They can clearly feel that the Shennong Ding that David took out is an ancient medicine cauldron!

Although they don't know that the medicine cauldron is the Shennong Ding, it is definitely not an ordinary thing!

David threw the immortal grass picked by Chen Wenliang and others into the Shennong Ding!

With the flames of orchids burning in the Shennong Ding, a strong fragrance came to the nose!

About an incense stick of time, the flame in the Shennong Ding went out!

David took out more than a dozen pills from the Shennong Ding!

Each one was very full, and the luster was dazzling!

"Perfect-level pills, really perfect-level..."

Everyone was excited to see the pills that David had refined!

“President Chen, give these pills to those injured pharmacists!”

David gave the pills to Chen Wenliang, and then put the Shennong Ding away!

“Okay!” Chen Wenliang nodded!

After giving the pills to the injured pharmacists, it was obvious that these people looked much better!

However, these people couldn't go up the mountain with them!

If they encountered any danger, they couldn't hold on at all!

So these people could only stay where they were, or wait until they were fully recovered and go down the mountain together!

After explaining everything, David followed Chen Wenliang and continued to go to the top of the mountain!

But after walking a distance, they found that the Yaoding Mountain in front of them had turned translucent!

A stone staircase appeared in front of everyone. It seemed that if they wanted to climb to the top of the mountain, they could only take this stone staircase. The rest of the place was translucent, and no one dared to take a step forward!

“It seems that this should be the final test. If you can climb this stone staircase, you can find the inheritance of the God of Medicine.”

Chen Wenliang said as he looked at the stone staircase!

“Yes, but this is definitely the most difficult. Let's try it first. If you are a pharmacist with lower strength, don't go up this stone staircase.”

David looked at the stone staircase carefully and said!

“Let's go up and try it first. If there is no danger, let others go up!”

Chen Wenliang took the initiative to call David to walk up the stone staircase together!

Now Chen Wenliang has the highest strength. Although David's realm is not the highest, his strength is unmatched!

Chapter 4204

After explaining it twice, David followed Chen Wenliang up the stone steps!

As soon as they stepped onto the stone steps, the two of them suddenly felt a pressure from heaven and earth, and their originally relaxed bodies sank in an instant!

David and Chen Wenliang looked at each other, and then the two of them walked up!

These stone steps are completely illusory. It's like stepping on air when you step on them!

And they have to suffer the pressure

of heaven and earth! This kind of unreal footing and the body under great pressure will make people collapse soon!

It seems that all the strength in the body can't find a point to release!

After walking about a dozen steps, Chen Wenliang couldn't hold on any longer. His body was short, and the whole person fell from the stone steps in an instant!

"President Chen..."

Seeing Chen Wenliang fall, everyone rushed up and helped Chen Wenliang up!

Chen Wenliang panted and said, "It's too difficult. If it's just the pressure of heaven and earth, I can still resist for a while, but there is no root under my feet, and my body can't exert force!" Chen

Wenliang's words also made many pharmacists who were eager to try give up the idea!

After all, Chen Wenliang couldn't climb up, so others didn't have to try!

After looking at Chen Wenliang, David continued to climb up!

Although the pressure of heaven and earth was very heavy, David's body had been resisting it. After walking for thousands of stone steps, David stopped!

At this moment, in front of David, the stone steps had become blurred, and the entire Yaoding Mountain seemed to merge with the sky!

David couldn't tell whether he was standing on Yaoding Mountain or floating in the air!

Soon, a touch of golden light fell, and then wrapped David up!

David's whole body exuded golden light, like an immortal, making everyone look up!

"Mr. Chen succeeded, he successfully reached the top..."

Seeing this, Nie Heng shouted happily!

"Fellow Daoist Chen really reached the top of the mountain. Did he find the inheritance of the God of Medicine?"

Looking at the golden light all over the sky, Chen Wenliang was also extremely excited!

this moment, everyone who was still halfway up the mountain couldn't help but look up at the direction of the top of the mountain!

"Old Zhou, has anyone reached the top of the mountain and found the inheritance of the God of Medicine?"

Zhen Yuandao looked up at the direction of the top of the mountain and said very unexpectedly!

"It's very likely that we have to hurry up!"

Zhou Qian frowned slightly and quickened his pace!

And Su Tianshuo and others also stopped at this moment, staring blankly at the golden light that suddenly appeared!

"President Su, what's going on? Has someone already reached the cave?"

Bao Longxing asked with a puzzled face!

"I don't know either, but there must be a reason for the golden light on the top of the mountain. We have to go and see it quickly!"

After Su Tianshuo finished speaking, his pace instantly quickened!

As the golden light slowly dissipated, David's figure unexpectedly disappeared!

At this moment, Chen Wenliang, Liu Ruyan and others were all stunned!

"Where's David?"

“Where did Fellow Daoist Chen go?”

“Why is he gone?”

Everyone was at a loss, looking for David everywhere, but they couldn't find him at all!

David appeared in the darkness at this time, and he couldn't see anything around him. Only stone steps appeared under his feet!

However, these stone steps were not upwards, but extended downwards. David himself didn't know where the stone steps extended to!

“Where is this?”

David was speechless. He couldn't see where the stone steps led to. It was all dark!

It was like leading to hell!

After stabilizing his mind, David walked down the stone steps!

David himself didn't know how long he had walked until he felt his feet touching the ground, and the stone steps in front of him disappeared!

Chapter 4205

“Who are you?”

David looked at the golden figure in front of him and asked carefully!

“You come to me and ask who I am. Isn't it a bit strange?”

The figure slowly spoke and slowly turned his body around!

David understood immediately after hearing it, and hurriedly bowed and said: “Junior pays homage to Senior Medicine God...” Chen

Ping knew that the person in front of him should be a wisp of residual soul left when Medicine God fell.

“You are the only one who has seen me in so many years, so my inheritance will also be passed on to you.”

“However, if you want to get my inheritance, you must worship under my door.”

The figure said slowly!

“Still want to become a disciple?” David frowned slightly!

He wanted to get the inheritance, but he didn't want to become a disciple. Although the strength of this Medicine God was not bad, David always felt that he was still a little short of being his master!

“What? You don't want to?” The figure was slightly stunned!

If it were someone else, the Medicine God would have happily knelt on the ground when he asked to become a disciple and accept the inheritance!

After all, in the eyes of these cultivators, the Medicine God is an immortal, an immortal from the heaven!

Being able to worship an immortal as a teacher is probably the dream of all cultivators!

But David is different!

David has met more and more people from the heaven, and each of them is extraordinary!

Even the God Pattern Ancestor and the Array Demon, I am afraid that their strength and status in the heaven are higher than this Medicine God!

Not to mention the Red Cloud Demon Lord in his sea of consciousness!

And the Wuji Holy Sect, that is also a sect in the heaven, and the entire world of heaven and man was opened up by the Wuji Holy Sect!

Pinshu.com <https://www.vodtw.la>

These are all immortals in the heaven, and David has not become a disciple. Now let him worship a little Medicine God, David will definitely hesitate!

“Senior, you suddenly proposed to become a disciple, I haven't thought about it for a while!”

David said euphemistically!

After hearing this, the God of Medicine was a little unhappy: “Boy, I am a straightforward person, so I like to be straightforward. If you hadn't passed the test and had

extraordinary qualifications, I would not accept you as my apprentice even if you knelt down and begged me.”

“And if you worship me as your master, I can give you a great gift, as well as my inheritance. At that time, your medical skills will be beyond the reach of everyone.”

“I can let you improve your medical skills and alchemy ability in a short time, and even improve your realm and impact a higher realm!”

“Don’t think that pharmacists can only make medicine and their realm will be slow to improve. That’s all because the current pharmacists are ignorant and incompetent!”

After the God of Medicine finished speaking, he raised his hand and swept it lightly. The surrounding darkness disappeared instantly, and rays of light fell from the sky, illuminating the place very brightly!

David then discovered that the place where he was at the moment was actually the interior of Yaoding Mountain. The entire Yaoding Mountain was hollow. After climbing to the top of the mountain, you can see a bottomless abyss!

At this time, David was in this abyss, and the light shone down from the top of the mountain.

Just as the entire bottom was illuminated, David discovered that the entire Yaoding Mountain had become transparent!

He could even see Chen Wenliang, Liu Ruyan and others through the mountain!

There was also Su Tianshuo who kept climbing the mountain, and even the Zhou family and the Zhen family appeared in front of David!

All the pharmacists in Yaoding Mountain were presented in front of David!

Their every move was seen clearly by David!

However, none of them could have imagined that David was actually inside Yaoding Mountain at this moment, observing them!

“Have you seen these pharmacists? They are all trash. There is no one with talent. Even if they practice for a lifetime, they will not achieve anything great.”

The God of Medicine glanced at the people on Yaoding Mountain, his face full of disappointment!

“Senior, everyone’s talent is of course different, but talent does not represent everything. Even if a person with dull talent is willing to work hard, he will succeed.”
