

A Man Like None Other Novel

Chapter 4276

Yu Wenqiang was stunned, and then whispered: "Emperor Xiao, this Feng family is a member of the Fengmo League, they..."

"I don't care what alliance it is, this is an order, tell General Qian, if I don't hear the news of the destruction of the Feng family in five days, let him come to the imperial city to apologize in person!"

Xiao Yuanshan's face was cold, and his voice was unquestionable.

Yu Wenqiang's body trembled slightly, and then hurriedly nodded and said: "I understand, I will give the order immediately!"

Yu Wenqiang left, and Xiao Yuanshan looked at David and said: "Mr. Chen, you can stay here for a while without worrying, don't worry, it's just a Feng family, you don't have to take it to heart!"

David and Zhen Yuandao were all shocked to see that Xiao Yuanshan's words destroyed a family! But

this is strength. As long as you have enough strength, no difficulty is difficult!

"Emperor Xiao, thank you very much!" David bowed to Xiao Yuanshan!

David also planned to join forces with Chen Wenliang and the people of the Central Region Pharmacist Association to go with him to take back Hu Huang City and destroy the Feng family!

Now, it seems that it is useless.

Xiao Yuanshan personally arranged David and the others, and then personally brought the immortal bone!

This is a leg bone. It is obvious that the bone has been there for a long time and has become jade!

The crystal clear leg bone is like white jade!

The moment David took the immortal bone, he knew that this was the skeleton of the Red Cloud Demon Lord!

The Red Cloud Demon Lord was also very excited at this moment. As long as his skeleton could be gathered together, he could be reborn and no longer have to be depressed in David's sea of consciousness!

Now the Red Cloud Demon Lord wants to move around, and he still needs to rely on David's body, but David's body can't satisfy the Red Cloud Demon Lord, and he can only control and perform two moves!

If he can be resurrected, the Red Cloud Demon Lord will definitely find someone to fight!

"Xiao Huang, can I ask you a question, where did you get this... this immortal bone?"

David really wanted to know where Xiao Yuanshan got the immortal bone. If he knew the address, he could try his luck there!

"This is the Blood Bone Sect asking me to do something and then giving it to me. As for where they got it from, I don't know." Xiao Yuanshan said truthfully! "Blood Bone Sect?" Chen

Ping was slightly stunned. He didn't seem to have heard of this sect! "The Blood Bone Sect is a group of demon cultivators who use human bones and human blood to cultivate and have been active in the Tianmo Mountain area of the southern region." "

And the people of the Blood Bone Sect will also collect the many immortal bones left behind during the war between gods and demons as resources for cultivation." "Later, they were hunted down, and the Blood Bone Sect could only run to the territory of my Xiao Dynasty to seek refuge, and specially sent this immortal bone."

Xiao Yuanshan followed David to explain! "Is the Blood Bone Sect still in the Xiao Dynasty?" David seemed a little excited when he heard it! In this case, the Blood Bone Sect probably still has the skeleton of the Red Cloud Demon Lord.

If the Blood Bone Sect can gather the skeleton of the Red Cloud Demon Lord, after the Red Cloud Demon Lord is reborn, won't he become the overlord of the Heavenly Human Realm?

What the Sealing Demon League, what the Mu Family, what the Flame Demon... Let the Red Cloud Demon Lord piss them to death! "No longer, they left the Xiao Dynasty a long time ago, and only protected them in my Xiao Dynasty for a few decades."

"I guess they went back to the Heavenly Demon Mountain again, after all, there are more immortals who died there." Xiao Yuanshan said! "Oh!" David looked depressed! "Mr. Chen, you are looking for the Blood Bone Sect, do you still want the immortal bone?"

Although this thing is good, it is not so easy to practice with the immortal bone, and it can only be used as a weapon!" Xiao Yuanshan saw David's expression and hurriedly said! "I just asked casually." David hurriedly smiled! After chatting for a while, Xiao Yuanshan left and sent someone to send a large amount of cultivation resources to David!

Chapter 4277

Looking at the piles of resources, David was not in the mood to practice. Now that he could not find the cause of the illness of the spirit beast, David always felt uneasy!

Lying on the bed, looking at the bright moonlight outside, David did not understand why these sick spirit beasts were sick!

He had already examined the bodies of these spirit beasts, and there was no disease in the body!

Just when David was tossing and turning, feeling a little depressed, he suddenly heard a burst of low voices!

The voice was very light, but very low, as if it came from underground!

David hurriedly got up, then walked out of the room, pricked up his ears, and listened carefully.

Following the direction of the sound, David actually came to the courtyard of the sick spirit beast! Chen

Ping saw that the sick spirit beasts, under the moonlight at this moment, looked panicked, curled up in the corner, and kept making low wails.

David was very puzzled. There was nothing in the yard. These spirit beasts seemed to see something terrible and became terrified!

David walked into the yard. Although there was a formation blocking it, this formation was simply child's play for David. David easily passed through the formation and walked in!

After seeing David, the spirit beasts had no reaction. They curled up one by one and kept rubbing the ground with their claws!

David frowned slightly, then slowly squatted down and gently touched the ground with his hand!

Just as David's hand just touched the ground, suddenly a burning sensation came, and the ground seemed to shake twice!

David stood up suddenly and stared at the ground. He knew that there must be something under the ground, but his consciousness could not penetrate the ground and find out what was inside!

David tried to wave his palms towards the ground, but the ground did not react, which made the spirit beasts even more panicked!

At this moment, David was even more certain that there was something under the ground. With David's current strength, if he slapped it, a deep pit would definitely appear on the ordinary ground!

"Is there a formation on the ground?"

David tried to find out if there was a formation carved on the ground, but after searching for several times, David did not find any traces of formations, and there was not even a pattern on the ground!

"Too strange..."

David fell into deep thought!

Just as David was thinking, the moonlight slowly shone into the yard. Under the illumination of the full moon, David actually found that there were faint patterns on the ground!

The pattern was very faint, so faint that it was almost impossible to detect. If it weren't for the illumination of the moonlight, David would not have been able to find that there was a pattern on the ground!

But just when David was going to take a good look at what this pattern was and how to crack it, the moonlight suddenly weakened, and the faintly visible pattern disappeared instantly!

David looked up at the full moon. He knew that only when the full moon was in the sky would the array pattern be illuminated and revealed!

But the time was very short, and it was impossible for anyone to crack it!

Not to mention cracking it, if you don't pay attention, no one will find that there are array patterns on the ground!

It is estimated that Xiao Yuanshan has not known that there are array patterns on the ground in this yard for so many years!

It seems that the spirit beasts in this yard are sick one by one, and it should be related to the things underground!

I just don't know what is hidden under this formation?

But now the array pattern is gone, no matter how David uses his spiritual sense to perceive it, he can't find it!

If you can't find the array pattern, it will be impossible to crack it. If you can't crack it, you don't know what will be underground. If you don't know what it is, the disease of this spirit beast can't be cured!

If it doesn't work, you can only move these spirit beasts away and raise them somewhere else. Maybe the disease on your body will slowly get better!

Chapter 4278

"Boy, don't you already understand the divine runes? You can lay down the divine runes on the ground. This will definitely conflict with the original formation, and the original formation will be revealed!" The

Red Cloud Demon Lord said to David!

When David heard this, his eyes suddenly lit up and he said, "Yes, why didn't I think of it? I didn't expect that the senior also knew about the formation technique."

"I've been in your sea of consciousness all day, and I've learned a little bit!" The Red Cloud Demon Lord smiled!

David hurriedly laid down a divine rune. Although he didn't know what level the formation laid by the other party was, David tried his best to lay down the divine rune! If

the divine rune is too simple and there is no threat, there is no way to make the original formation conflict!

As the divine rune laid down by David slowly fell, the ground soon shook gently, and those spirit beasts kept roaring!

Sure enough, when the divine pattern laid by David fell to the ground, the ground suddenly flashed with array patterns. This time, the array patterns were obviously much brighter, and the whole picture of the array could be clearly seen!

David did not dare to delay at all, and immediately began to crack the array pattern!

It only took a quarter of an hour for the array pattern to crack David. This also shows that although the array pattern is very concealed, it is not a high-level array!

When the array pattern was cracked, the ground suddenly collapsed, and then a dark hole pointing downward appeared in front of David!

At the entrance of the cave, there were constant heat waves coming in, and those spirit beasts became even more terrified!

After taking a look, David walked into the cave!

After walking in, David found that the space was distorted and he actually entered another space!

It seems that this is not underground, but a separate space!

Those array patterns are the key to open this space!

This space is not very large, but it is extremely hot inside, just like being in a fire!

Fortunately, David has the origin of fire, and he also has the extremely cold ice flame, so he is not afraid of heat at all, let alone being burned to death!

David looked around, wondering where the heat wave here came from!

But just as David was looking around, a flame suddenly attacked David!

David frowned, waved his hand, and a fire came out instantly, and then the flame collided violently!

Boom!

With a loud bang, the heat wave rolled, and the whole space was filled with flames!

And David only found out at this time that in the corner of the space, a little guy was staring at him covetously!

This little guy has horns on his head, shaped like a lion, and flames are burning around his body!

At a glance, this little guy actually has similarities with the little swallowing beast in David's storage ring!

"Is this another little swallowing beast?"

David looked at the little guy in front of him and said in confusion!

"What the hell is this Heaven Devouring Beast? This is a Fire Kirin. It is no match for my Heaven Devouring Beast. It is the mount of the Fire Spirit Star Lord. I didn't expect that this stupid mount would also fall in the Heavenly Human Realm."

"It looks like this little Fire Kirin has just been hatched. No wonder those spirit beasts are sick and can't find the reason. I think they are scared."

The Red Cloud Demon Lord said with a smile!

In this way, not only his mount fell in the Heavenly Human Realm, but also the Fire Spirit Star Lord's. No one will laugh at anyone then!

"The Fire Spirit Star Lord's mount?"

David looked at the little Fire Kirin in front of him, and suddenly remembered that the Fire Spirit Star Lord had to see the Heaven Devouring Beast in his storage ring.

When he took it out and said it was a Kirin beast, the Fire Spirit Star Lord was obviously unhappy and said that it was a Heaven Devouring Beast, the mount of the Red Cloud Demon Lord!

It seems that the Fire Spirit Star Lord at that time was also looking forward to his mount being reborn or giving birth to offspring!

Chapter 4279

"Catch this little Fire Kirin, it's just right for you to use as a mount. When this guy grows up, he can be your bodyguard."

"I guess no one in the Heaven Realm can deal with this Fire Kirin..."

The Red Cloud Demon Lord instigated David to catch the little Fire Kirin!

When David heard this, he also wanted to catch it, but just as he got close, the little Fire Kirin suddenly opened its mouth again, and a thick flame sprayed towards David!

David hurriedly dodged and looked at the little Fire Kirin. He didn't expect that this little guy had a very bad temper!

"It's too difficult to catch. Even if you catch it, it's probably difficult to tame it..."

David said with a headache!

"It doesn't matter, let my Heaven Devouring Beast take care of it. My Heaven Devouring Beast is a rare magical beast that can scare this Fire Kirin to death!" The

Red Cloud Demon Lord said!

"Senior, the Sky-Swallowing Beast is awesome, but it only eats and sleeps. It is disobedient, and I can't make it wake up."

David was speechless. This Sky-Swallowing Beast was indeed powerful, but David had no way to control when it would wake up!

But as soon as David finished speaking, the storage ring shook, and the little Sky-Swallowing Beast actually woke up and appeared directly in front of him!

It seemed to have sensed the existence of the little Fire Kirin, so it woke up!

Seeing the Sky-Swallowing Beast in front of him, the Fire Kirin suddenly had fear in his eyes!

The little Sky-Swallowing Beast swaggered towards the little Fire Kirin!

The little Fire Kirin tucked its tail between its legs and dared not spit fire anymore!

Let the little Sky-Swallowing Beast go over and slap its head with its claws, but the little Fire Kirin did not move!

Seeing this, David also walked over and stroked the little Fire Kirin. The little Fire Kirin stopped moving and was not hostile to David!

"This is really a case of one thing defeating another..."

David couldn't help but sigh when he saw this!

"The Fire Qilin of the Fire Spirit Star Lord is just trash. This guy is just bragging, and he has a bad temper. He always feels that he is great."

The Red Cloud Demon Lord mocked the Fire Spirit Star Lord!

After hearing this, David didn't dare to say much. No matter whether the Fire Spirit Star Lord was trash or not, he was afraid that he would be killed by the Fire Spirit Star Lord with a glance!

But speaking of bad temper, it seems that these immortals in the heavens have a very explosive temper...

"Boy, why don't you take advantage of the little Fire Qilin just hatching and quickly recognize the master. As long as you recognize the master, it will be your mount."

"Otherwise, when it grows up, it will be difficult to recognize the master. Maybe it will be taken away by the Fire Spirit Star Lord!"

The Red Cloud Demon Lord reminded David!

"Senior, how can you recognize the master?"

David didn't know how to follow these auspicious beasts to recognize the master!

"Essence and blood, as long as you feed this little fire unicorn with your essence and blood, it will drink your essence and blood, and it will be considered as a successful master!"

said the Red Cloud Demon Lord!

When David heard this, he forced out dozens of drops of essence and blood from his eyebrows without hesitation. These essence and blood floated in the air and drifted in front of the little fire unicorn!

"Drink, drink, as long as you drink my essence and blood, you will be mine."

David kept saying to the little fire unicorn!

The little fire unicorn looked at David's essence and blood, and seemed to know what David wanted to do. It didn't open its mouth at all, nor did it lick David's essence and blood!

"This...what's going on?"

Seeing that the little fire unicorn didn't drink its essence and blood, David was very puzzled!

"Hahaha, it's probably because you are too weak and unworthy of being its master. You are a little cultivator in the Tribulation Realm. You want the unicorn beast to recognize you as your master. You are probably the first one in the world!" The

Red Cloud Demon Lord laughed!

“What should I do then?”

David looked embarrassed.

At this moment, the little Sky-Swallowing Beast suddenly raised its claws and slapped the little Fire Kirin on the head twice!

Then it signaled the little Fire Kirin to drink the blood!

Under the power of the little Sky-Swallowing Beast, the little Fire Kirin had no choice but to open its mouth, stick out its tongue, and lick David’s blood clean!

At the moment when the little Fire Kirin swallowed David’s blood, David suddenly felt that he seemed to have some kind of telepathy with the little Fire Kirin!

Chapter 4280

The little Fire Kirin also stared at David blankly. Although there was disdain in his eyes, he had no choice but to come to David and gently rubbed David!

The little Fire Kirin must be unhappy to let a little cultivator in the Tribulation Realm be his master, but with the Sky Devouring Beast staring at him, he could only accept it!

David gently stroked the little Fire Kirin, feeling very happy. With this mount, he would have an extra helper in the future!

Even if there was no airship, David could ride the Fire Kirin around without wasting his spiritual power!

However, this little Fire Kirin was still too young, and David didn’t know how many resources were needed to feed it!

A Sky Devouring Beast tortured David enough, and many things were swallowed by this guy. Now there is another little Fire Kirin!

David also needs a lot of resources to practice himself. The resources he needs are many times more than those of other Tribulation Realms!

Three huge consumptions together, where can the huge resources come from?

However, at this point, David can only take it one step at a time. If it doesn't work, he can only rob resources! There are no rules in the world of heaven and man. It's all about the survival of the fittest. It's okay to find some sects and families and rob some resources! But

David can't get over the hurdle in his heart yet!

After putting the little fire unicorn and the little swallowing beast into the storage ring, David left the space!

After leaving, the space shattered instantly and disappeared, and even the array pattern on the ground disappeared with it!

After the little fire unicorn was put into the storage ring by David, the spirit beasts in the yard obviously became much gentler, and they were no longer afraid and irritable!

It seems that it was this little fire unicorn that caused these spirit beasts to be frightened and then became ill!

After a few days of recuperation, these spirit beasts will definitely recover!

David returned to his room, looking at the piles of resources, and only then did he feel like practicing!

He closed his eyes slightly, and the Concentration Heart Technique was running. A large amount of spiritual energy was swarming into David's body!

I don't know how long it has been, and I don't know whether it is day or night!

David only felt his body trembling slightly, and golden light shot out from the room. The sky was covered with dark clouds, like the end of the world!

"This is Brother Chen's breakthrough..."

Looking at the dense thunder clouds in the sky, Zhen Yuandao said in surprise!

"The breakthrough of the Tribulation Realm, a small realm, actually triggered such a thunder tribulation. No wonder David, a mere sixth-grade in the Tribulation Realm, can fight against a master of the Mahayana Realm alone."

Zhong Qing was also shocked and said as he looked at the thunder clouds in the sky!

"How many days?"

Xiao Yuanshan asked!

“Emperor Xiao, five days...”

Yu Wenqiang said on the side.

“In five days, he actually broke through. Although it is only a small realm, this movement is not weaker than the breakthrough at the peak of the Tribulation Realm.”

Xiao Yuanshan sighed!

“Emperor Xiao, General Qian reported that Fox Emperor City has been taken back and the Feng family has been destroyed, but this matter has alarmed the Demon Sealing League. It is estimated that the Demon Sealing League may take action against us in the future.”

“General Qian is afraid that the people of the Demon Sealing League will attack Fox Emperor City, so he personally led people to guard there, waiting for Mr. Chen to go there before returning.”

Yu Wenqiang knew that the reason why Xiao Yuanshan asked him about the time was not just to talk about David’s cultivation speed!

Since the order to destroy the Feng family in five days has been issued, it must be done!

If it cannot be done, the consequences will be very serious!

Although Xiao Yuanshan looks harmless, very kind, and polite to people!

But he rewards and punishes his subordinates clearly, otherwise how can he be in charge of such a huge Xiao Dynasty!
