Chapter 4556

After two days and two nights of flying, David felt a little tired!

He fell back to the ground and began to replenish his spiritual power!

Fortunately, David now has a lot of resources, so he is not afraid of consumption.

After replenishing, David took the map and looked at it carefully again!

“It is said that we have arrived at the circled area, but it seems that there is no change around?”

David looked around, the dense jungle, and the roar of monsters!

It was the same as other places in Tianmo Mountain, and there was nothing special!
Chen

Ping jumped up and flew forward again!

But at this time, David did not find that in the void, there was a barrier that seemed to exist and not exist, and it merged with the surroundings and could not be seen at all!

David’s body passed through the barrier, and there was no abnormality at all!

But when David passed through the barrier, his body suddenly fell, and then the surroundings turned into a dark space!

David frowned and retreated rapidly. He didn’t know where he had accidentally broken into, so he had to retreat immediately!

But after retreating for a long time, David found that the surroundings were still gray and there was no change!

David stopped, stabilized his body, and adjusted his breathing to make himself not nervous!

Then David looked around, and the world was shrouded in a gray atmosphere, and there was no reference at all!

David couldn't tell the direction at this moment, and didn't know where he was!

"Is this an alien space? Fortunately, I have the Tianming Eye, otherwise I really can't see anything."

David said, and a flash of light flashed on his forehead, and an extra eye appeared!

The Tianming Eye opened, and David looked around!

This time, David was a little panicked, because after the Tianming Eye was opened, he still couldn't see anything, and the surroundings were still gray!

"This... what is this place? Why can't I see anything?"

David looked around with his Tianming Eyes, while his consciousness continued to spread around!

He hoped to sense something with his consciousness!

Even if he could sense a monster! But

David's consciousness had spread to the limit, and he still couldn't sense anything, as if there was only David in this world!

This is like the beginning of chaos, when heaven and earth merged into one!

David took a long time to stabilize, then found a direction and walked forward!

In this gloomy space, it was silent all around, and David could only hear the sound of his footsteps and heartbeat.

David kept walking like this, as if this space would never end!

After walking for nearly an hour, David stopped!

Because he knew that if he kept walking like this, there would be no end at all!

David looked around, then squatted down and wanted to find a way out from underground!

Since it was all gloomy around, he could try to look from underground!

When David squatted down and checked the ground, he was surprised to find that there was not a single footprint under his feet!

Logically speaking, David should have left a string of deep footprints along the way, but at this time David found that there was not a single footprint on the ground!

This discovery surprised David slightly, and then he stepped down vigorously, and a footprint half a meter deep appeared!

But a strange thing happened. The footprint half a meter deep slowly disappeared in front of David!

Seeing this scene, David breathed a sigh of relief and sneered, "It turned out that someone had set up an illusion array, which could make me fall into the illusion array unknowingly. It seems that the person who set up the array is still quite capable."

David already has the origin of illusion. With his array technique and the origin of illusion, the person who can make him fall into the illusion array unknowingly must be very powerful!

Chapter 4557

David took out the Dragon Slaying Sword, and then stabbed it towards the ground!

Since someone wanted to trap him with an illusion array, David would break the array with force, and let the person who set up the array take a good look, no illusion array can trap him!

The Dragon Slaying Sword instantly sank into the soil, and then David used force to pick it up, directly scratching a deep gully on the ground!

He wanted to see if the illusion array could continue to restore the gully!

But just when David used force to pick up the Dragon Slaying Sword, a stream of liquid suddenly spurted out from the ground!Chen

Ping hurriedly retreated, so that he was not splashed!

But when the liquid fell, David was surprised to find that the liquid was actually blood. The scarlet blood was very conspicuous in this gray space, and it also exuded a bloody smell!

At this moment, David was a little confused. He didn't understand why the ground would spurt blood when he just stabbed it hard with a sword?

Could it be?

David's eyes widened suddenly. At this moment, David actually had a strange idea. He was not on land now, but on the body of a monster, and this monster was huge.

Just now, David stabbed with a sword, which should have pierced the skin of the monster, so there was blood splattering!

Thinking of this, David hurriedly jumped up and didn't dare to stand on the ground with his feet!

If there was really a huge monster under his feet, David couldn't believe how huge this monster was!

But when David was suspended in the air, he suddenly felt very weak, as if he was a little powerless!

"What's going on? I just replenished it?"

David was a little surprised. He didn't understand why the spiritual power in his body was consumed so quickly!

David hurriedly ran the Condensation Heart Technique, wanting to replenish some spiritual power. After all, he now has a lot of resources!

But when the Condensation Heart Technique was running, David strangely found that he couldn't replenish any spiritual power!Whether

it is spiritual stones, fairy grass or other beast pills, these things cannot be absorbed!

David was shocked. If he could not replenish it, the spiritual power in his body would be exhausted sooner or later. At that time, let alone flying, even walking would be exhausted!

David did not dare to fly anymore, but fell directly to the ground. Regardless of whether there was a monster under his feet, he could only walk, because flying consumed too much spiritual power!

"It seems that we need to find the eye of the formation to break the formation..."

David did not dare to use his spiritual power at will now, let alone break the formation with brute force!

David held the Dragon Slaying Sword and then walked forward step by step. As long as there was no danger, David tried not to use the spiritual power in his body!

I don't know how long he walked, David no longer had the concept of time and space!

At this time, David did not dare to emit his spiritual consciousness at will, just like an ordinary person, walking slowly!

Every step, David walked very carefully, for fear of alarming the monster under his feet!

If the monster under his feet wakes up, wouldn't he be dead!

"Boy, don't be so careful. There is no monster under your feet."

At this time, the words of the Red Cloud Demon Lord rang out!

David ignored the Red Cloud Demon Lord, as if the Red Cloud Demon Lord did not exist and did not speak to him!

"fu** , you kid, you actually ignored me, then I will not pay attention to you in the future!"

Seeing that David ignored him, the Red Cloud Demon Lord was suddenly a little angry!

However, David still walked forward step by step, with a very tired expression on his face.

After walking for a distance, the surroundings were still extremely dark, but in front of David, there was a light, which was like a candlelight in the dark night, bringing hope to people!

David laughed and walked quickly towards the light!

Chapter 4558

Soon a palace appeared in front of David. The palace was very majestic and looked very grand!

And the light came from the palace!

David walked into the palace, and after looking around, he continued to walk towards the depths of the palace!

The light was in the main hall in the middle of the palace. Although the doors and windows on all sides were tightly closed, the light seemed to be able to penetrate everything!

David directly pushed open the door of the main hall and stepped in. In the middle of the main hall, there was a candlestick with a candle lit on it!

The light emitted by such a candle could actually allow David to see it from a long distance, and it could also penetrate the houses one by one. It was so strange!

But at this time David didn't seem to find anything strange, and walked towards the candlelight!

"Is there anyone? Is anyone there?"

David shouted as he walked!

Since there is candlelight, there must be someone here!

"There is no one here, only you..."

At this time, an old voice came from all directions of the hall!

David stopped, looked around, and then asked: "Aren't you a human? If you are not a human, how can you speak human language?"

The other party was obviously stunned for a moment, and then laughed: "I am not a human, I am a god, the god who controls your life and death. After you come here, your life and death are controlled by me." As

soon as the voice fell, a breath suddenly appeared around the hall, and then came forward to wrap David, causing David to struggle desperately, and the spiritual power in his body was constantly consumed!

The opponent did not seem to want to kill David, but to consume David's spiritual power, so that David would finally lose the ability to resist!

"Let me go, let me go, who are you?"

David struggled, with horror in his eyes!

"I said, I am the god here, since you are here, you must listen to me!"

The old voice was a little proud!

David kept begging for mercy and struggling desperately. The spiritual power in his body was rapidly lost. In the end, David didn't even have the strength to move!

David fell to the ground weakly, gasping for breath, and his forehead was covered with cold sweat!

At this time, the breath had disappeared, and the candlelight in the hall became brighter!

Three figures slowly appeared in the hall, one of whom was an old man in a robe, looking at David proudly!

“Which one is this?”

The old man asked a middle-aged man in a green robe beside him!

“Zang Lao, it’s already 9,847, and it’s just one step away from 10,000 people.”

The middle-aged man in the green robe said!

“These humans are really stupid enough. The more mysterious the place, the more they like to come. The more they are not allowed to come, the more curious they are.”

“If this continues, within three years, we will be able to gather 10,000 people. By then, we can refine the Wanxin Pill, which is really a good thing.”

The old man said with a smile!

David was lying on the ground, observing the three people in front of him. The three people did not have the aura of human cultivators, but were full of demonic aura!

Moreover, these three people were not the real bodies, but just a phantom!

In this way, the place where David is now must be an illusion array, so these three guys are just phantom projections, and they did not put their real bodies into the illusion array!

“Brother Lu, go and dig out the heart of that kid. Be careful. If that kid dies, the heart dug out will be useless.”

The middle-aged man in green robe said to the people around him!

Brother Lu nodded, holding a shiny knife in his hand, and it seemed that he was familiar with it!

David saw that Brother Lu took it and walked over, so he stood up from the ground with a smile on his face!

“Do you still have the strength to stand up?”

Zang Lao asked David in surprise!

Chapter 4559

“Standing up is nothing, I can still do it...”

David waved his hand gently, and thousands of rays of light suddenly lit up from all directions!

These rays of light instantly broke the grayness around!

At the same time, the three people were also wrapped in light and couldn't move!

“This... How is this possible, haven't you used up all your spiritual power?”

Zang Lao's eyes were full of shock!

Just now, David had clearly used up all his spiritual power and didn't even have the strength to stand up. How could he suddenly burst out with such a terrifying aura?

David had the Dragon Slaying Sword in his hand at this moment, with a sneer on his face: “Who said that if my spiritual power is used up, I will be slaughtered by others?”

“Okay, okay, I'll see how much spiritual power you can still burst out.” After

Zang Lao finished speaking, suddenly the gray fog in the hall surged, and then a huge ghost face appeared!

This ghost face roared and swallowed towards David!

David looked at the ferocious and roaring ghost face with disdain in his eyes!

Until now, the other party still thought that he still had spiritual power in his body!

But they didn't know that in addition to spiritual power, David also had other powers in his body!

The power of the dragon, various origin powers!

The power of the three tribes, and the immortal power in the body!

All these powers are in one person, and no one would think of them.

David just deliberately consumed his spiritual power to make the other party show up!

This illusion array is indeed quite advanced, so David thought of this way to make the other party show up.

Just now, when the Red Cloud Demon Lord spoke to David, David ignored him, and it was also for this reason!

When he saw that David's spiritual power was exhausted, the person behind him really showed up!

But what David didn't expect was that the other party didn't seem to have any strength!

"It's useless. As long as you show up, everything here is meaningless to me!" After

David finished speaking, the Dragon Slashing Sword in his hand slashed!

A golden dragon appeared, roaring, flames rising, and sword beams were like meteors!

"This..."

Seeing this, the old man Zang and others were shocked!

They underestimated David and never thought that there was such a terrifying power in David's body!

Several people wanted to run, but it was too late!

The gray ghost face was penetrated by the sword light and disappeared in an instant!

And the three people were also engulfed by the flames under this terrifying sword light!

Accompanied by screams, the three people also disappeared in the flames!

This is a distortion of the surrounding scene, and then the palace in front of him disappeared!

David saw himself standing on the ground, surrounded by green mountains and green waters, and in the Tianmo Mountain, and the grayness was gone!

The illusion was broken, and David returned to reality.

In front of David, the three people just now all fell to the ground, pale, and obviously seriously injured!

David just destroyed their phantoms, which also hurt their bodies!

The three people looked at David with fear in their eyes. They didn't know what David would do to them!

"You three monsters have harmed so many people here."

"Who of you set up this illusion?"

David looked at the three people and asked in a cold voice!

The three people looked at each other, but all chose to shut up,

and no one spoke! Although the three people were very scared, no one spoke.

Seeing that none of the three people spoke, David was very surprised. After all, the three guys looked very scared!

"If you don't say anything, I have plenty of ways..." After

David finished speaking, the power of the dragon surged in his body, and then his palm gently brushed over!

The terrifying aura made all three guys stunned!

"You...you are not human?"

The old man looked at David in shock and asked!

"Who said I am not human?" David asked back!

Chapter 4560

"But, but the breath in your body is the breath of the terrifying beast race..."

The Tibetan old man asked in confusion!

"Then you are looking at this..." After

David finished speaking, a demon fire was shot out, burning around the three people!

"Demon race breath, are you a demon cultivator?"

The green-robed middle-aged man said in shock! At

this moment, the three guys were all stunned. They had never felt the breath of the three major ethnic groups in one person!

This is incredible. Now they don't know whether David is a human or not!

"Can you answer what I said just now?"

David asked coldly!

"This... this illusion array is..."

The green-robed middle-aged man opened his mouth and wanted to say!

But just as he opened his mouth, he was glared at by the Tibetan old man and said, "Shut up, do you want to be exterminated?"

This sentence instantly shut the green-robed middle-aged man's mouth.

Seeing this, David hit the old man with a beam

of fire! The fire burned, and the old man screamed!

The pain was so painful that it was scary to hear the sound!

The middle-aged man in green robe was so scared that he was sweating and his body was shaking.

"Speak, if you don't, you will be like him!"

David said coldly!

"We won't tell, just kill us!"

Brother Lu gritted his teeth and shook his head!

Boom!

A beam of fire also burned on Brother Lu, burning him and making him scream like a ghost!

The green-robed middle-aged man in the middle was shaking even more severely!

David knew that this guy was the breakthrough!

"If you don't tell me, I will burn you with fire for three days and three nights, and let you taste the pain of the flames."

David walked over, then looked directly at the green-robed middle-aged man and said!

The green-robed middle-aged man didn't dare to look into David's eyes, and cried with trembling body: "Please, let me go, I am also following orders."

"That illusion array was not set by me, nor did I trick you here, it has nothing to do with me."

"Then let me ask you, who are you?" David asked softly!

He knew that at this time, he needed to proceed slowly and gradually to find out the news!

"I...I..." The green-robed middle-aged man looked at his burning companions on both sides, swallowed his saliva and said, "We are from the Beast City."

"Beast City?" David frowned slightly, and then asked, "Why don't I know there is a Beast City? Where is this Beast City?"

"This...this...I can't say..." The green-robed middle-aged man shook his head hurriedly: "We came out secretly. If the city lord knows, we will all be wiped out."

"Please let me go, I have an eight thousand year old mother and a three hundred year old child, please..."

The green-robed middle-aged man kept kowtowed to David!

David almost laughed out loud when he heard what the green-robed middle-aged man said!

An eight thousand year old mother is fine, after all, it is normal for a cultivator in the heavenly world to live to eighteen thousand years old!

But what the hell is that three hundred year old child?

"Okay, I won't ask you where the Beast City is, but you should tell me what's going on with this Beast City, right? I'm very curious, because I've traveled to the Demon Mountain dozens of times, and I haven't seen any city in this area!"

David didn't dare to ask too much, so he said!

"After the war between gods and demons, our Beast City has been hidden, and all the subjects of the Beast City are not allowed to leave casually."

"This illusion array was also set up by our city lord to prevent people from mistakenly entering the Beast City."

“The three of us secretly used the illusion array to hunt humans in order to refine the Wanxin Pill.”

Seeing that David was also easy to talk to, the middle-aged man in green robe relaxed his vigilance a little!

“Is it possible that this Beast City is full of beasts and there are no other races?” David continued to ask!

The middle-aged man in green robe shook his head: “No...”
