Chapter 4566

Officials are allowed to set fires, but ordinary people are not allowed to light lamps
“Why do we have to check before entering the city?” David asked!

“Of course, it is to prevent other tribes from entering the Beast City. In the past, people from the human race or the demon race entered the Beast City and were all imprisoned.”

“Also, people with brutal temperaments cannot enter the Beast City to prevent unrest!”

“There are many rules in the Beast City. You have been to the Beast City less, so you have to pay more attention.”

The youngest sister reminded David! Chen

Ping nodded after listening. Now he can be considered to have a little understanding!

All the cultivators in this Beast City are beasts, and most of the large areas outside the Beast City are beasts!

However,

there will also be some cultivators from the human race and the demon race! It should be that when this area was drawn, some cultivators from the human race and the demon race were also drawn in it!

The entire area is blocked by an illusion array. Whether it is a human cultivator or a demon cultivator, they can't leave this place!

“You are wrong, I am not human, how could I be human?”

“Look at my figure, and the aura of the beastman, how could I be human?”

At this time, there was a quarrel at the gate of the city!

A huge strong man was arguing with the guards of the Beast City!

The guards hurriedly surrounded the strong man, and the strong man was still arguing!

“Although you are full of the aura of the beastman, it can’t cover up the aura of the human race deep in your body.”

“Don’t dream of being able to get in, just surrender obediently!”

A guard leader said coldly!

David took a look at the strong man, the strength of the eighth level of the Tribulation Realm, he was also considered a master!

“Since you slandered me as a human, then I won’t enter the city, right?”

The strong man said, and was about to turn around and leave, and no longer enter the city!

“Sorry, you have to go with us!”

said the guard leader!

“Why should I go with you? I won’t go with you, what can you do to me?”

“You are a bunch of guard dogs, but you are only at the fifth level of the Tribulation Realm, do you still want to stop me?”The

sturdy man laughed loudly, and his aura burst out instantly!

Boom!

Under the aura burst, the guards around were instantly blown away!

And the aura of the human race was also directly exposed under the explosion of this sturdy man!

He is a human cultivator!

After shaking the guards away, the sturdy man left quickly, wanting to escape from this place!

Seeing this, the guards did not chase him, but watched the escaping sturdy man quietly!

“This sturdy man is finished. Since he is directly a human, why bother to sneak into the city?”

The youngest sister said to the escaping sturdy man!

Just as the youngest sister's voice fell, a white light suddenly flashed, and this white light went straight to the sturdy man!

Puff!

This sturdy man of the eighth level of the Tribulation Realm had no time to react at all. He was directly penetrated by the white light. His huge body fell to the ground, his spirit and form were destroyed, and he died directly!

Until his death, the sturdy man still had his eyes wide open and his mouth wide open, with an incredible expression.

After all, it is not easy to kill a cultivator of the eighth level of the Tribulation Realm in seconds!

After the strong man died, a monk in white slowly fell from the tower, then took out a storage bag from the strong man, and then waved his hand gently, and the strong man's body instantly turned into ashes!

“Why bother...”

The white-robed monk shook his head slightly, and then jumped back onto the tower!

Flying is not allowed within a hundred miles of the Beast City, but this white-robed scholar can come and go freely!

“Who is this person? How can he fly?”

David asked puzzled!

“This is the gate commander of the Beast City. Of course he can fly. The rules of the Beast City are set for ordinary monks, not for these soldiers in the City Lord's Mansion.”

The youngest sister followed David and said!

“Only the state officials are allowed to set fires, but the people are not allowed to light lamps?”

David was speechless!

Chapter 4567

“Hush, keep your voice down, or you’ll be caught in jail.” The youngest sister hurriedly signaled David to keep his voice down!

“Why do these people prevent the human and demon monks from entering the city?” David asked!

“The human and demon monks are dissatisfied and often conspire to gather and want to overthrow the city lord, so they prevent them from entering the city.”

The youngest sister said!

David understood when he heard it. Most of this area is the beastman, so all kinds of resources will definitely tilt towards the beastman!

The human and demon personnel occupy a minority, and they must not have enough food and warm clothes in this place!

Over time, resistance will be formed, and the beastman will suppress it!

This situation will happen whether it is the secular world, the heavenly world or the future heaven, after all, this is the law!

“Let’s go, it’s our turn...”The

youngest sister pulled David and then walked towards the beast city!

David shielded all the breaths, only exposing the breath of the beast tribe. Even so, David was still a little uneasy!

It was obvious that the strong man just now was also like this, but he was detected by the other party and lost his life!

David also had to be careful, after all, this beast city was different from other places! If he

really encountered danger at that time, there would be no one to help him!

I am afraid that Mr. Shi can’t find this place, then it will be troublesome, wouldn’t I be dead?

So David was very careful at this moment, his heart was in his throat!

But when the youngest sister took David into the beast city, David’s hanging heart was put down!

It seems that the other party still hasn't found him, otherwise it wouldn't be so easy to enter the city!

Not long after the youngest sister followed David into the city, several monks in white robes soon came!

Several monks had smiles on their faces and looked very close!

But when several monks just approached, the youngest sister acted a little impatient and said: "Go away, go away, we have a place to live, and we understand the rules of the beast city, and we don't need to lead the way!"

Seeing the expression of the youngest sister, several monks were stunned, and then the smiles on their faces disappeared. They rolled their eyes at the youngest sister and left!

David was very surprised and asked the youngest sister: "What do these monks do?"

"These people are soliciting customers, and then explain the rules of the Beast City, but these guys are all liars, you can't trust them!"

"They are all masters who take advantage of others. If they catch a monk who is not familiar with the Beast City, they can squeeze him clean."

"Don't look at their smiling faces and very close appearances. They are more evil than each other. Fortunately, you met me and let me bring you here, otherwise all the resources and treasures on you will be cheated by them."

The youngest sister followed David to introduce!

"These liars, doesn't the Beast City care? Doesn't the Beast City have a law enforcement team, and the rules are strict?"

David asked in confusion!

"Rules are for people like us. Those guys just now, they all pay tribute to the City Lord's Mansion, how can they be controlled."

The youngest sister was obviously angry when she said this!

David couldn't help but smile. It seems that this world of heaven and man is no different from the secular world!

It's nothing more than the cultivators in the world of heaven and man who live longer!

In terms of human relations, it's the same as the secular world!

“According to what you said, is there enough money to rescue your brother from the prison?”

David asked!

“Of course, as long as there are enough purple gold spirit coins, my brother can be rescued from the prison and can be granted medical parole.” “But

I don’t have money, I can only spend some money to give to the prison boss to make my brother suffer less.”

The youngest sister said with tears in her eyes!

“How many purple gold spirit coins are needed to save your brother?” David asked!

“Five hundred purple gold spirit coins are simply astronomical figures. I can’t get enough in my lifetime.”

The youngest sister said!

Chapter 4568

“Five hundred?” David almost laughed out loud!

Five hundred purple gold spirit coins are nothing to David, a drizzle, a drop in the bucket!

But for the youngest sister, it is an astronomical figure!

Whether in the secular world or the heavenly world, there is always a gap between people!

Some people would sell their belongings for a medical fee of one hundred thousand, but they can’t get it together and can only wait to die!

Some people eat one hundred thousand for a mouthful of caviar and say it doesn’t matter!

This is the gap, and it has been like this in all dynasties!

“Five hundred purple gold spirit coins are indeed a bit more, but this is the rule of Beast City, there is no way.”

“Wait until I sell this fairy stone, and then go to the prison to make some arrangements, so that my brother will suffer less.”

The youngest sister thought that David was scared by the five hundred purple gold spirit coins!

“Let’s go, didn’t you say you know a place where the purchase price of fairy stones is high? Take me to have a look.”

David said!

The youngest sister nodded, and then took David to turn around in the Beast City!

The youngest sister knew that David had never been to the Beast City, so she introduced some buildings in the Beast City to David!

There are also places selling elixirs, refining weapons, trading shops, and some better inns, where there are arena competitions...

Listening to the youngest sister’s introduction, David also roughly understood a lot about this Beast City!

“Little sister, how do you know so much about the Beast City? And why was your brother arrested?”

David found that the youngest sister did not live in the Beast City, but was very familiar with everything in the Beast City!

In addition, David didn’t know why her brother was arrested!

“My brother and I often come to Beast City to sell some fairy herbs and spirit stones, so we are very familiar with Beast City.”

“My brother was arrested because... because...”

The youngest sister hesitated and seemed not to want to say it!

“Okay, if you don’t want to say it, then don’t say it. Let’s go!”

David did not force it. As for why the youngest sister’s brother was arrested, David didn’t really want to know!

The youngest sister took David around and finally walked into a not very big alley, and then stopped in front of a courtyard that looked ancient!

“The price of fairy stones is the highest here.”

The youngest sister pointed at the courtyard and said!

David saw that the door of the courtyard was closed, and there was no business!

“No one is here either?”

David said! The youngest

sister did not speak, but went forward and began to knock on the door!

After knocking three times, the door was opened!

The one who opened the door was a child who looked like a teenager!

However, David knew that in a place like the Heaven and Human Realm, it was impossible to tell a person’s true age just by looking at their appearance!

Perhaps the child in front of him had lived for hundreds of years!

After the child opened the door, he looked around, and then asked the youngest sister:
“The sky and the earth are boundless...”

“The deep sea is boundless...”

The youngest sister also followed suit!

“Come in!” The child stepped aside and let the youngest sister take David in!

David looked at this scene, and the whole person was confused!

Why did the youngest sister follow the child like a secret code?

Isn’t it just selling a fairy stone, why is it so mysterious?

After David walked into the courtyard, he looked around very cautiously.

“Don’t be nervous, it’s very safe here, not to mention that in the Beast City, no one dares to use force!”

The youngest sister saw David’s caution and said!

“Where did you bring me to? This doesn’t look like a place for business?”

“You even exchanged secret signals, making it like a secret base!”

David whispered to the youngest sister!

“Don’t worry, it’s okay, I’m familiar with this place.” The youngest sister said!

Seeing this, David said nothing more, and followed the youngest sister into the room led by the child!

The room is not big, but there is a shielding formation in this room!

Chapter 4569

After entering the room, nothing you do inside will be detected, and nothing you say will be heard!

David was very puzzled. It was just selling a fairy stone. Why was it so mysterious?

There was even a shielding formation!

Not long after, a middle-aged man with a bloated figure walked in, and then sat opposite David and the others!

“Little sister, did you get the fairy stone?”The

middle-aged man asked the little sister!

“Uncle Qian, I got it originally, but it was taken back. I almost got caught.”

The little sister said with regret!

“Since you didn’t get the fairy stone, what are you doing here?”

Uncle Qian frowned and said in a somewhat reproachful voice!

“Uncle Qian, although I didn’t get the fairy stone, I still have other fairy stones here!”

The youngest sister said, taking out the fairy stone that David gave her, and then continued: “And my friend also has fairy stones, and I want to sell them to you!”

After the youngest sister said this, Uncle Qian noticed David and then looked at David!

Just when David was a little surprised, why this guy kept looking at him, suddenly a divine sense enveloped him!

This was to explore his background, and David didn’t indulge him!

The divine sense burst out instantly, directly blocking the other party's divine sense back, and then David's divine sense directly entered Uncle Qian's body and explored Uncle Qian!

When David's divine sense entered Uncle Qian's body and explored it, David frowned slightly, but soon relaxed!

Because David discovered that deep in Uncle Qian's body, there was actually the breath of the human race!

You must know that this beast city does not allow races other than the beast race to enter!

And this Uncle Qian in front of him, although the surface is the breath of the beast race, but deep in his body, he hides the breath of the human race!

Uncle Qian looked very ugly at the moment, staring at David intently!

He didn't expect that David's consciousness was so powerful!

You should know that he is a fourth-grade cultivator in the Mahayana realm, while David is only a ninth-grade cultivator in the Tribulation Realm!

Although this divine sense cannot be completely divided by realm to determine strength and weakness, the realm is so different that his divine sense should not be so vulnerable!

Moreover, David's divine sense has entered his body to explore, which makes Uncle Qian's eyes full of murderous intent!

David can also sense the murderous aura that suddenly appeared on Uncle Qian. It seems that the other party is going to kill him to silence him!

The youngest sister on the side still doesn't know anything and stares blankly!

"This Taoist friend, although the shielding formation in your room can cover up some breath leakage, if you take action, your formation can't hide it."

"You know the rules of the Beast City better than me, so I advise you to think twice..."

David said to Uncle Qian with a smile!

When Uncle Qian heard this, the breath that permeated his body slowly fell, and the murderous intent gradually disappeared!

"What are you doing here?" Uncle Qian asked!

“Selling fairy stones!” David said!

“Uncle Qian, don’t worry, we really sell fairy stones, and David is also entering the Beast City for the first time, he doesn’t know anything.”

The youngest sister beside him also found something wrong at this moment, so she hurriedly said!

Uncle Qian nodded, then took the fairy stone from the youngest sister’s hand and took a look at it and said: “Five purple gold spirit coins...”

“Uncle Qian, such a big fairy stone, shouldn’t it be worth seven purple gold spirit coins before? Why is it five now?”

The youngest sister frowned slightly!

“It was before, and now it is now. Recently, the inspection is more strict.”

“You go to the official major purchasing points, your fairy stone is worth at most three purple gold spirit coins!”

Uncle Qian said!

The youngest sister bit her lip, and finally said helplessly: “Okay, sell it to you...”

After Uncle Qian threw five purple gold spirit coins directly to the youngest sister, he casually threw the fairy stone into the storage bag!

Chapter 4570

“Please take out the fairy stones that this Taoist wants to sell!”

Uncle Qian asked David!

David’s consciousness entered the storage bag, and then he picked out the largest fairy stone.

This fairy stone is as big as a millstone and weighs ten thousand pounds!

Fortunately, the celestial world is full of cultivators, and this ten thousand pounds of fairy stones are as light as feathers in their hands!

If it were in the secular world, such a heavy stone would definitely require a crane! Chen

Ping didn't really want to sell the fairy stones. After all, these fairy stones are a good resource for David to practice!

Now David is not short of money, but resources!

David took the fairy stones out of the storage bag. The reason why he still kept the storage bag of Narota and didn't put these fairy stones into the storage ring was that he was afraid that the little swallowing beast would swallow all his fairy stones!

Looking at the fairy stone that David took out, Uncle Qian and Yaomei were both stunned, looking at it with shocked eyes!

"This... Such a big fairy stone?"

Yaomei opened her mouth wide, her eyes were about to pop out!

And Uncle Qian's body was also trembling slightly, and he stepped forward and gently stroked the fairy stone!

"How many purple gold coins can you give for this fairy stone?"

David asked Uncle Qian!

Uncle Qian did not answer David, but after looking at the purple gold coins, he suddenly slapped David with a palm!

Uncle Qian's speed of attack was very fast, and it was a sudden attack!

The two people were originally very close, and Uncle Qian suddenly attacked again, which made David unable to react!

Bang!

This palm directly made David fly backwards, and his body fell heavily on the formation!

Buzz!

The formation made a buzzing sound, then flashed white light, and then disappeared!

This kind of formation can only shield part of the breath and sound. The aura that suddenly burst out like this can't be resisted by this shielding formation at all!

"Uncle Qian, what are you doing?" The youngest

sister was startled, and then quickly ran to David: “Are you okay?”

The youngest sister helped David up, took a deep breath, and then shook his head and said: “I’m fine!”

Although Uncle Qian’s sudden attack made David unable to react for a while, Uncle Qian obviously did not use his full strength. He was probably afraid that his breath would be exposed, breaking the rules of the Beast City and being caught by the law enforcement team!

In addition, David’s physical body was already very strong, so this palm only knocked David away, and he was not injured!

Uncle Qian was also a little surprised to see that David was fine!

“Youngest sister, this man is from the City Lord’s Mansion. You brought him here to harm me!”

Uncle Qian said to the youngest sister with an angry face!

“Someone from the City Lord’s Mansion? Impossible? I met him outside the Beast City!”

“Uncle Qian, what evidence do you have that he is from the City Lord’s Mansion?”

The youngest sister looked at David in disbelief!

“This fairy stone is enough to explain that there has only been one fairy stone of this size in the entire Beast City, and it was discovered by a cultivator in the cave by chance eighty years ago.”

“This fairy stone was exhibited in the Beast City back then, but was later collected and has never been seen again!”

“Now that this kid has such a large fairy stone in his hand, he must be someone from the City Lord’s Mansion, who came here to investigate secretly.”

Uncle Qian looked at David very vigilantly and said!

When the youngest sister heard this, she immediately let go of David and kept a distance from David!

“Are you really from the City Lord’s Mansion?”

The youngest sister also looked at David with anger, she felt that she had been deceived!

David was also a little speechless at this time, he didn't expect this situation to happen!

If what Uncle Qian said was true, it seems that this Beast City is connected to the people of the God Clan, because this fairy stone was found in the Rota storage bag!

"I'm not from the City Lord's Mansion, don't get me wrong..." David followed Uncle Qian to explain!

"Huh, why should I believe you?" Uncle Qian snorted!

"Based on this..."

After David finished speaking, a breath of air instantly went towards Uncle Qian!
