Chapter 4688

Yun Li looked at the broken hilt in his hand, his face turned pale and blue, and finally, he could only sigh helplessly and said with a wry smile: "Your Dragon Slaying Sword is domineering. My sword is also a top-grade spiritual weapon. I didn't expect it to be so vulnerable under your sword."

"Can I take a look at your Dragon Slaying Sword?"

"Sure!" David threw the Dragon Slaying Sword to Yun Li!

Yun Li took the Dragon Slaying Sword and looked at it solemnly!

He just injected a little spiritual power into the Dragon Slaying Sword, wanting to thoroughly understand the Dragon Slaying Sword!

But just after injecting spiritual power, the Dragon Slaying Sword shook violently, and

then a sharp sword light came towards Yun Li's palm! Yun Li was shocked and quickly let go of his hand, and the Dragon Slaying Sword returned to David's hand!

"Does your Dragon Slaying Sword have a sword spirit?" Yun Li asked in shock!

"Of course, doesn't your precious sword also have a sword spirit?" David said!

But Yun Li shook his head and said, "It's different. Although my precious sword also has spirituality, it is not like your Dragon Slashing Sword, which can attack independently. Compared with your Dragon Slashing Sword, I am just a broken sword."

"You fought with me for so many rounds, and only won half a move. You are deliberately letting me go. With your strength, I am afraid that I will lose within three moves."

David smiled slightly, put away the Dragon Slashing Sword, and said indifferently: "You are too flattering. Swords have no eyes. Winning and losing are common. I have also benefited a lot from today's battle."

A complicated look flashed in Yun Li's eyes: "Don't comfort me. I am willing to accept the loss. I am not as good as others. I didn't lose this time."

David smiled without saying a word, but he was secretly proud in his heart.

He did hide his strength. After all, in this world of immortal cultivation, the more cards you have, the greater your chances of survival.

However, he did not want to embarrass Yun Li too much. After all, the two of them had no deep hatred, they were just sparring.

“Since the winner has been decided, why don’t we find a place to have a drink?” David suggested.

This Yun Li really made David feel that following other Protoss cultivators was different!

So David wanted to follow Yun Li for more contact, and then learn about the temple from the side. He knew that he would definitely fight with the Divine Condor in the future, so he had to know himself and the enemy!

Yun Li was stunned, and then laughed: “Okay! You are a straightforward person! If you lose, you lose. I am not someone who can’t afford to lose. Let’s go for a drink!”

The two smiled at each other, and the previous tension disappeared immediately.

Although the world of heaven and man is cruel, there are also many generous people. Although Yun Li lost, he lost convincingly, and he admired David a little more.

David followed Yun Li back to the imperial city of the Xiao Dynasty. At this time, Xiao Yuanshan followed the people of the Ten Palaces and was in a tense confrontation. The atmosphere was very depressing. Although no one took the initiative to attack, they were all on guard!

But when they saw David coming back with Yun Li, and the two were talking and laughing, they were all stunned!

“Yun Li...”

Shi Lan hurried forward and checked Yun Li’s body!

“Don’t worry, I’m fine, don’t be so nervous.”

Yun Li smiled slightly!

David looked at Xiao Yuanshan: “Emperor Xiao, relax a little, it’s okay...”

Feeling the alert look of everyone in the Xiao Dynasty, David hurriedly persuaded everyone to relax!

“Mr. Chen, this is...”

Xiao Yuanshan didn't understand what happened!

“We just chatted just now. Don't be nervous. Can Emperor Xiao find us a quiet place? I want to have a drink with Brother Yun.”

David said!

When everyone heard that David was going to drink with Yun Li, they were a little confused, and Xiao Yuanshan nodded and said, “Okay, I'll arrange it right away!”

Yun Li looked at Shi Lan and said, “We can't go back to the Ten Palaces, but we have to find a place to stay temporarily. I think the Xiao Dynasty is good. Let's stay in the Xiao Dynasty for the time being!”

Chapter 4689

Yun Li didn't care whether Xiao Yuanshan agreed or not, and actually wanted to stay in Xiao Dynasty!

“I'll listen to you!” Shi Lan smiled slightly. She didn't care. Everything was up to Yun Li!

“Brother Chen, can I stay temporarily in Xiao Dynasty?”

Yun Li asked David.

The Xiao Emperor of Xiao Dynasty is Xiao Yuanshan, but at this time Yun Li asked David without asking Xiao Yuanshan's opinion at all, which shows that Yun Li didn't take Xiao Yuanshan seriously!

“Of course!” David nodded, looked at Xiao Yuanshan, and said, “Xiao Emperor, you arrange a place for them to stay!”

“I understand, Mr. Chen!”

Xiao Yuanshan agreed and went to arrange it immediately, without any displeasure!

He, the Xiao Emperor, gave it directly to David, and he would not have any complaints!

“Go back, and keep your eyes open in the future. I live in the Xiao Dynasty. Don't cause trouble for the Xiao Dynasty!”

Yun Li looked at Zuo Tianzheng who had been hiding behind and said!

“Don’t worry, Your Highness!” Zuo Tianzheng nodded hurriedly, then turned and ran away!

He had been thinking about leaving for a long time, but he didn’t dare to leave without Yun Li’s permission!

And this Xiao Dynasty, even if Yun Li didn’t live here, Zuo Tianzheng would not dare to cause trouble for the Xiao Dynasty even if he had ten guts!

Soon, Xiao Yuanshan made arrangements, and the people brought by Yun Li rested!

David followed Yun Li in the room arranged by Xiao Yuanshan, put a few pots of spirit wine and some spirit beast meat, and ate and drank.

After three rounds of wine, when he was drunk, Yun Li suddenly lowered his voice and said, “Brother Chen I came to you this time, in addition to sparring, there is another thing I want to discuss with you.”

David raised his eyebrows and asked, “Oh? What is it?”

“Not only can you bypass my father and don’t kill him...”

Yun Li said to David!

David was stunned and said in disbelief: “Why should I kill your father? Can I kill your father with my strength?”

“Brother Chen, although you seem to be not strong enough to threaten my father, I know that you will surpass him sooner or later.”

“So I want to ask you, if my father offends you at that time, you spare his life and don’t kill him!”

Yun Li’s eyes were filled with pleading!

“You are so optimistic about me?” David smiled: “It seems that I really have to thank you, but as long as your father doesn’t make trouble for me, I can’t target him. After all, I have no grudges with the Ten Courts!”

“He will definitely make trouble for you. I know my father too well. He can’t let a small Mahayana cultivator challenge his authority.”

“If you kill Luo Ta, if my father doesn’t make trouble for you, he will lose all his prestige in the Ten Courts. Not only will he make trouble for you, but he will also continue to send people to kill you!”

Yun Li said without hesitation!

David frowned and said with a little displeasure: “Your father is causing trouble for me and wants to kill me, and you still want me to spare his life? Why don’t you ask your father to spare my life?”

“I also have a little problem, that is, I won’t offend others unless they offend me. If someone offends me, I will kill him...”

“Brother Chen, can’t you give me some face?” Yun Li asked!

“No, I just met you, and I am giving you face by not killing you.”

David shook his head!

He and Yun Li were not friends, but only acquaintances. When it comes to the two of them, they are still enemies. How can he give him face!

“Then can I owe you a favor?” Yun Li continued to ask without giving up!

“Your favor is worthless!” David said!

Yun Li was silent for a moment. After a moment, he looked around and confirmed that no one was paying attention. Then he whispered, “I recently got a treasure map. It is said that it is a cave left by a great immortal.”

“However, that place is full of dangers. If you are interested, we can join forces and give you a share of the treasure. This is my bargaining chip for asking you.”

Chapter 4690

“Are you kidding me? Even if an immortal had stayed in this world of heaven and man, it is impossible for him to leave any treasures. Besides, how could such a low-level plane world as the world of heaven and man attract an immortal!” David didn’t believe Yun Li’s words at all!

Yun Li laughed when he heard it, and then said, “Who told you that this immortal cave is in the world of heaven and man?”

“Not in the world of heaven and man? Then where is it?” David was stunned!

Yun Li pointed his finger at the sky!

“Heaven? The immortal cave you said is in heaven?” David looked at Yun Li in disbelief, and then said angrily, “Are you kidding me? I don’t even know when I can ascend to heaven in my current realm. What’s the point of you telling me this?”

This is equivalent to drawing a pie in the sky. It is not known whether it can be realized at all. Yun Li actually brought it out and said that he would share the treasure!

Yun Li looked at David and said in surprise, “Why? Don’t you know that you can enter heaven not only by ascending?”

“How can you enter the heaven without ascending?” David was confused. He really didn’t know!

“You really don’t know?” Yun Li stared at David!

“Stop talking nonsense, I don’t have time to guess riddles with you!”

David was a little anxious!

Seeing that David really didn’t know, Yun Li said, “Brother Chen, in addition to ascending to heaven, there is another way to enter heaven from the heavenly world, that is, climbing the ladder.”

“If you rely on cultivation to achieve ascension, after ascending to heaven, you will generally start from the fourth heaven, and under the fourth heaven, there are three more heavens!” “

And most of the cultivators in these three heavens are guided by various tests. I don’t know about other worlds, but in the heavenly world, there is a ladder that appears once a hundred years!” “

No matter what your strength is, as long as you can pass the nine tests of the ladder, you can ascend to heaven, but this way of reaching the top of heaven can only be the first heaven!”

Yun Li explained to David in detail!

After hearing this, David was very excited. It turned out that he could reach the top of heaven without practicing to ascend!

Then would he have a chance to reach heaven by relying on the realm of Mahayana and ascending to heaven through the ladder?

However, the ladder only appeared once every hundred years, and David didn't know if he could catch up!

If he had to wait for decades, David would have ascended long ago by practicing!

"How long will it take for the ladder to appear?" David asked impatiently.

"According to calculations, it should have happened in the recent period, but the place where it appeared cannot be determined."

"Every time the ladder to heaven appears, there will be a bloody storm. Many people want to ascend to heaven by climbing the ladder to heaven!"

"Especially those celestial cultivators trapped in the world of heaven and man, they have no other way except to return to heaven by climbing the ladder to heaven, otherwise they can only wait for the heaven and earth formation to disappear."

"So every time the ladder to heaven appears, those celestial cultivators trapped in the world of heaven and man will try it."

"I don't know how much of what I said, Brother Chen can understand!"

Yun Li didn't know that David actually knew about heaven and earth formation a long time ago, and the strange phenomenon of heaven and earth formation was still done by David!

"I can understand what you said, so in this case, wouldn't it be that many people can leave the world of heaven and man and enter heaven by climbing the ladder to heaven?"

David said with a frown.

The ancestor of the formation pattern only told him about breaking the heaven and earth formation at that time, and didn't mention the ladder to heaven at all!

No one had ever mentioned it to him, including the other celestial monks trapped in the celestial world!

Since there is such a shortcut, why not use it?
