## Chapter 4732

Seeing this, Hua Zhang Weng's eyes turned, and he hurriedly stepped forward and said to David: "Fellow Daoist Chen, I have a dual cultivation partner. Although she is a little older and less powerful than me, but..."

Hua Zhang Weng saw that Mo Shaying asked his father to earn the fairy stone, so he also thought of his wife!

"Okay, let her come..." Before Hua Zhang Weng finished speaking, David agreed!

"Okay, okay!" Hua Zhang Weng was full of excitement, and then continued: "I also have a sister-in-law, too..."

Mo Shaying also hurriedly said: "I also have a third aunt, too..."

"Okay, as long as they are ninth-grade cultivators in the Mahayana realm, they can come..."

David hurriedly made a gesture and said to Mo Shaying and Hua Zhang Weng! All

these aunts and uncles came out, and David didn't have time to listen to their introductions one by one!

As long as they are ninth-rank cultivators in the Mahayana realm, they will be of some help to David!

And these people are the ones who need the fairy stone the most.

Mo Shaying and Hua Zhangweng happily hurried to contact the aunts and uncles!

Lin Kefan's face turned blue with anger at this moment, but there was nothing he could do!

After all, Mo Shaying and Hua Zhangweng did not betray him, they just let their family follow David!

"Fourth uncle, it seems that your life in Sun Moon City is not easy..."

David looked at Lin Kefan and smiled slightly!

Lin Kefan's face was full of embarrassment: "Indeed, our Sun Moon City has been a little short of resources recently..."

If it weren't for the shortage of resources, Lin Kedong would not have accepted the killing order of the Ten Palaces to kill David!

He, Lin Kefan, would not have deliberately concealed his identity and deceived David for a little resource!

After all, they are all princes and people of status. It is shameful to do such things!

But Sun Moon City is short of resources, so we can only find ways to collect resources everywhere!

.....

Ten Palaces!

Huo Qing was lying in his room, playing with an object in his hand. Only by looking closely could he see clearly that the object Huo Qing was playing with was actually a child's head!

Because of the long-term play, the child's head exuded a dazzling luster!

At this time, the thin old man pushed the door in. The only person who could enter Huo Qing's room without knocking on the door was this old man. Even the Ten Palace Masters needed to knock on the door!

"What happened?" Huo Qing raised his eyelids and asked!

"The fairy stone was given to Lin Kedong, and he also attacked David, but Lin Kedong was beaten and almost died..."

said the old man!

"How did he almost die? Why didn't he die? What happened?"

Huo Qing became interested and sat up and asked!

"Just when David was about to kill him, the fourth prince of Sun Moon City, Lin Kefan, arrived and rescued Lin Kedong."

The old man explained!

"This Lin Kefan is such a bad guy!"

Huo Qing spat fiercely. If David killed Lin Kedong, it would be a big deal!

At that time, Sun Moon City would definitely not let it go. In this case, they would just watch the joke. Sun Moon City would kill David!

“After Lin Kedong was rescued, several powerful ninth-grade Mahayana masters were bribed by David with fairy stones.”

“I guess David is also expanding his power and wants to fight against our temple!”

The old man whispered!

“Humph, just relying on a second-grade Mahayana cultivator like him, he dares to fight against the temple?” Huo Qing snorted coldly: “Even if he gathers all the cultivators in the Heavenly Realm, he doesn’t have the strength to fight against the Temple.”

“If they only deal with the Ten Palaces, maybe these people can be useful. If they want to deal with the entire Temple, they can dream...”

The Ten Palaces are the weakest in the Temple. Even the worst can be ranked in this Heavenly Realm!

It is conceivable how terrifying the power of the halls above the Ten Palaces would be!

It is a foolish dream for a cultivator from the Heavenly Realm to fight against the entire temple!
