Chapter 4746

After all, they are high above, even the royal families of the sects in the Tianren Realm may not be in their eyes!

They can't see such a poor and remote place!

It's like a billionaire going to the mountain valley!

"The people here don't seem to be able to fly in the air. Their strength seems too weak. Why don't they practice?"

Zhou Tang also asked very strangely!

David could only roll his eyes speechlessly. This is really a waste of meat. These villagers have a hard time living. How can they have time to practice in seclusion every day!

And where do the resources for practice come from? It can't fall out of thin air, right?

Just when David and others were resting, four uninvited guests came outside Dashi Village!

"The manager of Dashi Village, get out of here, who told you to hunt?"

A monk wearing a gray cloth robe and holding a sword in his hand shouted!

Behind this monk, there were three people following, each of them looked like a fierce devil!

"Who are you? How does our hunting bother you?"

Ali walked over with great dissatisfaction!

Bang!

As soon as Ali finished speaking, the monk in long robes kicked Ali away!

"Little bas***, when you talk to our Demon Sealing League, you have to lower your attitude..."

the monk in long robes said coldly!

When he heard that it was someone from the Demon Sealing League, the old village chief walked over quickly, his face became very ugly, and his expression became nervous!

At this time, a large number of villagers gathered around, and when they saw Ali being beaten, they were very angry!

“Everyone, the child is still young and ignorant, I hope you can forgive him.”

“We just hunted some prey at the foot of the mountain, and did not go up the mountain. We know that the mountain is sealed!”

The old village chief hurriedly said good things!

“It’s not allowed at the foot of the mountain. All prey cannot be hunted in the future. And everything on the mountain belongs to our Demon Sealing League. No one is allowed to touch it!”

The monk in long robes said arrogantly!

When everyone heard this, they immediately started talking about it. If they were not allowed to do anything, would they just be able to wait for death?

“Too overbearing, not letting us hunt and collect herbs, leaving us to wait for death?”

Yun’er said very dissatisfiedly!

Yun’er’s voice immediately attracted the attention of the monk in long robes, and then he looked at Yun’er!

Just a glance, the monk in long robes was attracted by the old woman next to Yun’er!

“Demon cultivator? You actually have a demon cultivator here?”

The monk in long robes was overjoyed, and hurriedly shouted to the three people behind him: “Brothers, we have encountered a demon cultivator, we have made a fortune, hurry up and send a message to the boss!”

The monk in long robes shouted and went to the old woman!

Soon, the old woman was surrounded by four people, and the four people were all excited!

They joined the Demon Sealing League not long ago, and apart from collecting some resources and offering them to the Demon Sealing League, they had no merit!

Now they have encountered a demon cultivator. If they catch it and send it to the Demon Sealing League headquarters, they will definitely be rewarded and reused!

“What are you doing? Grandma is not a demon cultivator!”

Yun'er stood in front of the old woman and said nervously!

The old village chief also led everyone to stand in front of the old woman.

“Old thing, if you don't want to die, get out of the way, or I'll kill you all!”

The robed monk threatened the old village chief!

The old village chief and many villagers were all motionless, without much fear on their faces!

Since there is no way to survive, then we can only fight!

“Who is so awesome that he wants to kill everyone here?”

A joking voice came, and then David and Xuan Bin came over!

The robed monk was slightly stunned when he saw David and the others, but he didn't care too much!

After all, there was no aura fluctuation on David and the others, and it was impossible to tell how strong they were!

“Boy, you are not from Dashi Village by your clothes, so you'd better stop interfering and get out of the way.”

“We are from the Demon Sealing League, specializing in catching demon cultivators. If you dare to stop us, we will catch you all.”

The robed monk said with a look of awesomeness!
