Chapter 4815

As David finished speaking, a ball of flame flew out from David's storage ring, and then before everyone could see clearly, the flame rushed towards the dozens of spirit beasts!

The originally ferocious spirit beasts, after seeing the flame, were terrified, turned around and ran away!

No matter how the Lingmen gang members summoned, these spirit beasts were all disobedient and desperately fled!

Whoosh whoosh whoosh...

I saw that the flame chased up at a very fast speed, but in just a breath, dozens of spirit beasts, all fell one after another, like dumplings, falling to the ground!

When the flame returned to David, everyone realized that the flame was actually a Qilin beast!

Fire Qilin, a real beast!

is many times more powerful than those spirit beasts!

Although this Fire Kirin is still just a cub, it is easy and enjoyable to deal with these spirit beasts!

"Divine beast?" Everyone in Lingmen was stunned!

They have been raising spirit beasts for thousands of years, but have never seen a divine beast!

The leader of Lingmen also widened his eyes, and his body shook like a motor!

David looked up at the Lingmen gang members and swung the Dragon Slaying Sword in his hand!

Boom!

Suddenly, thousands of sword beams slashed towards the Lingmen gang members, covering the sky and the sun, and the world was dark!

The Lingmen gang members did not dare to be careless and tried their best to block it!

More than a dozen Lingmen gang members gathered all their strength together to form a huge shield!

At the moment when the sword beam touched the shield!

The shield was broken, and more than a dozen Lingmen gang members were all pierced by the sword beams. Under a flash of white light, they all turned into dust and disappeared!

With one sword, more than a dozen Lingmen gang members disappeared!

This sword completely shocked everyone!

You should know that these dozen Lingmen gang members are all the elites of Lingmen, and there are some immortal monks among them!

Just like that, they all disappeared!

“No...”

Seeing this, the leader of Lingmen screamed loudly!

These are the elites of Lingmen, but they were all killed by David.

The leader of Lingmen seemed to be crazy, with scarlet eyes, and rushed towards David fiercely!

You should know that Lingmen mainly raises spirit beasts, and its strength is not very strong. It is very disadvantageous for the leader of Lingmen to fight David head-on!

But he no longer considers these. Now the leader of Lingmen only wants to kill David!

“Don’t overestimate your own abilities...”

David snorted coldly, and actually put away the Dragon Slaying Sword, and rushed towards the leader of Lingmen!

Bang bang bang...

The violent collision of the flesh made a series of explosions!

This kind of movement has already attracted many Taoist monks, who are watching in mid-air. Lian Sanmen is looking for David for revenge. No one wants to let go of such a wonderful thing!

But when everyone saw that David, a third-grade Mahayana, actually followed the master of Lingmen and collided with the power of his physical body, they were all shocked!

You have to know that a genius can fight beyond his level, a large part of which is due to his own skills or the assistance of the magic weapons in his hands!

And this kind of collision without skills and weapons, relying on the physical body, how could David, a third-grade Mahayana, be better than the master of Lingmen!

But what appeared in front of everyone was that every time David followed the master of Lingmen, he burst into a roar!

The fighting spirit on his body was getting higher and higher, but the physical body of the master of Lingmen had already been shattered and was struggling to support it!

At this time, Ming Shao, who was sitting in the tavern, slowly looked up and looked out the window!

This was the first time he looked out the window after the fight started!

In his eyes, this kind of fight was no different from a child playing house!
