Chapter 4826

“Why is this?” David asked in confusion!

“Now you go to challenge, that person is at his strongest. You wait for others to challenge, then it will be the easiest!”

said the old man!

David smiled. Even if the challenge of the first level is difficult, his strength is not easy to grasp!

“Daoyou, you don’t have to laugh. Do you think that our world is barren and there are no masters, you can win easily?”

said the old man!

David nodded and did not deny it!

“You are wrong. The person you want to challenge is not from our world, but came to our world not long ago.”

“When this person comes, we know that the natural disaster is about to start.”

“Maybe this will be the last time. I am afraid that our world will be destroyed!”

The old man looked at the barren wasteland and said with emotion!

“Why is this?” David was stunned!

“It is obvious that our world has been chosen to become a trial field. When this trial is over, our mission will be completed, and this world will no longer have any need to exist.”

“In the eyes of those powerful people, our world is nothing more than a speck of dust...”  
After

the old man finished speaking, tears actually flowed from his eyes!

David was silent. He didn’t know how to comfort the old man!

“Enemy attack...”

Suddenly someone shouted, and then everyone in the town jumped into the air in panic!

Some women and children stayed in the town and hid at home!

In the distance, two black spots were approaching quickly, and soon they came to the sky above the town!

Both monks were in the eighth level of the Mahayana realm!

But in the eyes of these monks in the town, these two people are insurmountable strong men!

“Damn, this place where no one shits, there are no resources at all, and finally we found a town with people.”

“Brother, it’s just right for us brothers to search and see if we can get anything!”

After the two said this, they fell directly towards the town!

Seeing this, many monks in the town tried to stop it!

But the other party turned a blind eye, and one of them waved his hand casually, and a terrifying breath fell from the sky!

The monks in the town fell one after another, and no one could stop it!

The disparity in strength was too great!

The two fell into the town, and one of them snorted coldly and said, “Hand over all the resources on you, and we can spare your lives!”

The other also hurriedly said, “Send a few beauties over, so that we can have a good time!”

The monks in the town all glared at the two, but no one dared to speak!

“What are you two? Is it good to bully the weak?”

At this time, David followed the old man and slowly came to the street in the middle of the town!

“Who the hell dares to say that to our brothers?”

One person cursed, turned his head and saw David!

When the two saw David, their faces turned green!

In the eyes of these small town monks, they are supreme masters!

But in David's eyes, they are ants!

The two knew David and knew his true strength. When they were in the Dao Sect, they were in the crowd and saw David kill the leader of the Ling Sect and the great elder of the Tang Sect!

"Mr. Chen... Mr. Chen, I didn't expect you to be here too!"

The two monks were trembling with fear.

"You two just want to gain experience and pass the level, why do you have to hurt people's lives? The resources on these people are no longer useful to you!"

"Get out of here quickly, don't bully the weak anymore!"

David waved his hand and said!

The two monks nodded repeatedly, and then ran away without looking back!

Seeing this scene, all the monks in the town knelt down to worship David!

The old man was also surprised. He didn't expect David to be so powerful. Even the people from the natural disaster were afraid of David!

"Daoyou, please save our lives!"

The old man also knelt down!

Chapter 4827

"Old man, please get up quickly." David helped the old man up and casually drew a formation pattern in the air, and then the whole town was shrouded in golden light!

"Old man, I have laid out defensive formations around this town. If you encounter danger, as long as you don't leave the town, no one can hurt your life!"

David said!

“Thank you, thank you...” Many monks in the town thanked him!

“Old man, I want to challenge, can you tell me where the person being challenged is?”

David asked!

The old man pointed to the southwest and said: “It should be in that direction. It is a man holding a giant axe and nearly 100 meters tall.”

David got useful information and did not stay for too long, but went straight to the southwest!

At this moment, David spread his consciousness and began to capture the breath of the man the old man said!

After all, to be able to be the person being challenged, the opponent’s strength must not be too low, otherwise it would be meaningless!

Soon, David locked onto an area and landed directly!

David looked around with a vigilant look!

Boom...

Suddenly, there was an earthquake, and the whole land began to shake!

David hurriedly jumped into the air, and then when he looked down, he saw that the ground had cracked into a deep gully, and then a man holding a huge axe slowly walked out!

The man was in tatters, like a beggar. He was a hundred meters tall, but his aura was very terrifying!

The man looked up at David and grinned: “A third-grade Mahayana Realm dares to be the first to challenge. He has the courage...”

“I just can’t find any resources in this shitty place, so I’ll take some from you.”

David stared at the man, his face became very ugly!

“Damn, is the first level so perverted? How did everyone else pass the first level?”

David frowned, very puzzled!

Even the sisters Hongyao and Lanyao passed the first level, how did the two of them defeat the behemoth in front of them?

“Boy, this is my first time too. I don’t know how others passed it!”

The man said, and then suddenly chopped David with an axe!

“fu\*\*!” David was numb. It felt like the challenge in this ladder was different every time!

With the man’s axe, the sky and the earth exploded, and it was terrifying!

David had no way out. Unless he didn’t want to challenge the second floor, he had to defeat the person in front of him!

Now he had to fight hard.

David offered the Dragon Slaying Sword in his hand, and then directly blocked the man’s axe!

Boom!

With a loud bang, David’s body was shaken back thousands of feet, and his hands were numb!

David looked at the man in front of him in shock, his face full of disbelief. Is the first floor so strong?

Is it specifically aimed at him?

David stabilized his body, holding the Dragon Slaying Sword with both hands, and a trace of solemnity flashed in his eyes.

He took a deep breath, and the spiritual power in his body surged wildly, and the sword body glowed with a dazzling light.

Facing this huge monster that was a hundred meters tall and holding a huge axe, he knew that he must not be careless in this battle.

“Come again!” David shouted, and his body was as fast as lightning, rushing towards the man in an instant.

The Dragon Slaying Sword cut through the sky, bringing up a sharp sword energy, directly pressing against the man’s chest.

The man grinned, and swept the huge axe across, bringing up a gust of wind, colliding with David’s sword energy.

With a loud bang, the world seemed to be torn apart, and the air waves swept around, and the ground collapsed again.

David was shocked back dozens of feet, but he did not retreat, instead his eyes were more eager to fight.

He felt the man's terrifying power, but also caught a trace of mysterious rhythm from it.

Every swing of the huge axe seemed to contain some kind of rules of heaven and earth, which made him feel vaguely.

## Chapter 4828

"So that's it..." David muttered to himself, with a flash of enlightenment in his eyes.

He was no longer in a hurry to attack, but began to observe the man's movements carefully, trying to understand the mystery behind the power.

Seeing that David no longer took the initiative to attack, the man snorted coldly, raised his huge axe high, and chopped it down suddenly.

Wherever the axe blade passed, the space seemed to be torn apart, bringing up a dark crack, directly approaching David.

David's face was stern, and his figure flashed, narrowly avoiding the attack.

He felt the destructive power contained in the axe blade, and his heart became more vigilant, but at the same time more excited.

He knew that this was a rare opportunity. If he could understand it, his strength would surely be improved.

"Come again!"

David shouted again, waving the Dragon Slaying Sword, the sword energy was like a rainbow, and collided with the man's huge axe again.

This time, he no longer simply fought head-on, but tried to merge his spiritual power with the sword's will, looking for the mystery hidden in the battle.

Boom! Boom! Boom!

The battle became more and more intense, and the world was filled with violent energy fluctuations.

David's figure kept flashing in the air, and the sword energy of the Dragon Slaying Sword intertwined with the man's giant axe, bursting out with dazzling light.

As the battle continued, David's movements became more and more smooth, and his sword intent became more and more condensed.

He felt that he seemed to have touched the edge of a certain realm, a mysterious state beyond simple strength.

"It turns out that strength is not just brute force, but the understanding and application of the rules of heaven and earth..."

David's mind suddenly became clear, and a gleam of brute force flashed in his eyes.

He no longer passively defended, but took the initiative to attack. The sword energy of the Dragon Slaying Sword became more and more fierce, and each strike carried a mysterious rhythm.

The man felt the change in David and his face changed slightly.

He didn't expect that this seemingly weak cultivator in front of him would continue to grow in the battle and even begin to threaten him.

"Boy, that's interesting!"

The man sneered and swung his axe more violently, trying to suppress David with his absolute strength.

However, David was no longer the same person as when he first entered the battle.

His sword intent became more and more condensed, and each strike carried a kind of power of the rules of heaven and earth. When colliding with the man's axe, he was able to gain the upper hand.

Boom!

It was another fierce collision, and David's Dragon Slashing Sword and the man's giant axe were shaken away at the same time.

David took advantage of the situation to retreat, with a flash of confidence in his eyes. He knew that he had found a way to defeat the man.

"Next, it's time to end!"

David shouted in a low voice, and the spiritual power in his body surged wildly. The sword energy of the Dragon Slashing Sword suddenly surged, turning into a huge sword shadow, and approached the man.

The man felt the terrifying power contained in the sword shadow, his face changed drastically, and

he hurriedly raised his giant axe to resist. However, this time, his giant axe failed to completely block David's sword energy.

Boom!

The sword shadow slashed down, and the man's giant axe was shaken away, and his figure was forced back hundreds of feet.

He looked down at a shallow sword mark on his chest, and a flash of shock flashed in his eyes.

"You are not a third-grade Mahayana realm, you have hidden your realm, and I didn't expect to hurt me?"

The man looked at David in disbelief, with a hint of fear in his tone.

"You just found out, it seems a little late!"

David smiled faintly!

"You, you hid your realm and made me careless. You are so mean..."

The man was very dissatisfied!

David smiled slightly, his eyes full of confidence: "Go on, it's just the beginning."

Before he finished speaking, he swung his sword again, and the sword energy was like a rainbow, directly approaching the man.

This time, his sword intent was more condensed, and every strike carried a kind of power of the rules of heaven and earth, making it difficult for the man to resist.

The battle became more and more intense, and David's sword intent became stronger and stronger.

He felt that he seemed to have touched the edge of a certain realm, which was a mysterious state beyond simple strength.

In the end, David slashed down with a sword, and the man's giant axe was completely shaken away, and his figure was forced to retreat thousands of feet.

He looked down at the deep sword mark on his chest, and a trace of helplessness flashed in his eyes.

"Boy, you win."

The man sighed: "You can go to the next level..."

Chapter 4829

"That's all?" David was surprised.

"Why, do you still want to kill me?"

The man's face immediately darkened and said!

"Don't get me wrong, senior, I don't mean that, I just think it's a little simple."

David hurriedly explained!

"Hmph, if I recover my strength, I can kill you with one finger."

The man snorted coldly!

"Senior, may I ask, you are not a cultivator from this world, why do you appear here as a passer-by?"

David was very curious, where are these passers-by from, and how are they selected!

Hearing David's question, the man sighed: "Who said I am not from this world, it's just that my era is too far away, and many people don't remember me."

"Could it be that the senior is the great power of this world?" David was shocked when he heard it!

"I can't be considered a great power, but I have ascended to heaven with my own efforts..." The man looked up at the sky, his eyes full of yearning!

"Then why did you come back? And your strength, although good, is far from that of the immortals in heaven."

David asked truthfully!

“Don’t ask more, these have nothing to do with you. Since you have passed the level, I will leave a pass mark on you.”

After the man finished speaking, a red light from his palm hit David!

David instantly felt that there was indeed an extra mark in his body!

“Senior, are you going to stay here and not leave? This world is afraid that it will be abandoned, and then the whole world will be destroyed.”

David really wants to know what this ladder to heaven is all about!

Now he is increasingly finding that this ladder to heaven is the masterpiece of a great power, and they are all just controlled pawns!

Seeing that David was still asking, the man sighed and said, “We will never meet again, so it’s okay to tell you...”

“I was suppressed here by the Great Dao, and I have been branded with a prisoner mark, so there is no way to leave here.”

“To put it bluntly, my current identity is a prisoner, a prisoner who accepts punishment...”

The man’s words stunned David for a moment. He didn’t know that there were prisoners in the heavenly world!

“Then can you leave this world of the ladder? If you can leave, can’t you return to the heavenly world?”

David asked!

The man shook his head: “I can’t leave here. Even if I can leave, there is no way to return to the heavenly world. I know that you are all from the heavenly world. The heavenly world is shrouded by the great formation of heaven and earth. The heavenly monks trapped in it can’t return.”

“And in the heavenly world, it is also suppressed by the Great Dao. It’s better to stay here comfortably...”

“Senior, the great formation of heaven and earth has loosened a little. I believe it won’t take long to break the great formation of heaven and earth!”

David said!

“How is it possible? The Heaven and Earth Array was set up by an ancient great power. Who can break it as a cultivator in the Heaven and Human Realm?”

The man did not believe what David said!

“I can!” David said, and took out the four jade slips: “These are the four jade slips of the Heaven and Earth Array. I have cracked two of them now. As long as I crack the remaining two jade slips, the Heaven and Earth Array will appear, and then I can break it!”

Seeing these four jade slips, the man’s eyes finally had a trace of heat, and he looked at David and said, “Do you want me to leave here, and then take advantage of the opportunity to break the Heaven and Earth Array in the Heaven and Human Realm and return to the Heavenly Realm?”

“Yes!” David nodded! “

Why did you save me? And I have a prisoner seal on my body. I must break the prisoner seal first, and I can leave as a prisoner!”

The man asked!

“Nothing, just simply want to do something good!”

David smiled slightly!

Looking at David’s appearance, the man smiled and said, “If you really save me, I am willing to be your obedient and obey your orders for three hundred years!”

Chapter 4830

Of course the man knew that David would never do something good. As the saying goes, no merit, no reward. Since David wanted to save him, he had to pay something!

He is now a prisoner, and he has no resources or treasures on him. The only thing he can do is to obey David and work hard for David!

“Since the senior is so honest, I can’t refuse. But can you tell me how I can break your prison seal and why you are imprisoned here?”

David asked!

“Can I not tell you? Shame on you...” The man blushed!

“If you don’t tell me, I don’t know how to help you!” David spread his hands!

“Okay!” The man took a deep breath: “When I was in heaven, I met a very beautiful female fairy, so...”

“So what? Did you do it to her?” David asked!

“No, no, I don’t have the courage. That female fairy is the daughter of the Golden Fairy. How could I have the courage? I just secretly watched her take a bath...”

After speaking, the man’s face became even redder!

“Just for this, you were marked with a prisoner seal and imprisoned here?”

David said!

The man nodded, looking embarrassed!

“Not worth it, too worthless!” David shook his head!

“Hey, in the heaven, the scattered immortals like us who climbed to the heaven step by step have the lowest status. It’s hard to find a partner for dual cultivation.”

“I couldn’t help it, so I did such a ridiculous thing. You won’t laugh at me, right?”

The man looked at David and asked!

“No, how could I? I am a very cultured person and will never make fun of others.”

“Unless I can’t help it...”

“Hahaha...”

David couldn’t help laughing!

“fu\*\*!” Seeing David laughing, the man’s face turned green: “You are laughing at me, do you have a dual cultivation partner?”

“Of course I do, and I have more than twenty dual cultivation partners, I can hardly count them!”

David was still laughing.

It’s really funny to be imprisoned in such a place just to peek at a woman taking a bath.

“Boasting...” The man glanced at David!

David didn't say anything, but he waved the Dragon Slaying Sword lightly, and the sword spirit Zhongli appeared in front of them!

“Sword spirit...” The man exclaimed!

“Master!” Zhongli snuggled into David's arms!

“Senior, do you want me to be intimate with you in front of you?”

David asked!

“I won't watch it. You are so young, but you have this kind of spiritual sword, and the third rank of the Mahayana realm has the strength to cross a major realm. There must be someone behind you, you are just a rich second generation, I won't compare with you!”

The man turned his head to the side and stopped looking at David!

I worked hard for thousands of years and finally climbed to the heaven, but I am not as good as a second-generation brother who can easily reach this height!

People die when compared to people, and goods are thrown away when compared to goods...

Some people have worked hard all their lives to reach the heaven, while some people are born in the heaven!

This is fate, which has been determined at the moment of birth!

David patted Zhongli and asked her to return to the Dragon Slaying Sword. Then he asked the man, “Senior, how can I help you break your Prison Seal? Also, is your strength suppressed a lot?”

The man nodded, “I only have one-third of my strength left now, otherwise none of you can get through the first level from me.”

“As for breaking the Prison Seal, it depends on your ability!”

The man said, and slammed the axe down on the ground! A

burst of red light instantly appeared on the ground, and then a blood-red talisman slowly appeared. The whole wasteland was covered with the talisman, and blood-red liquid flowed in every line of the talisman!

“This is the Prison Seal, and the red liquid inside is my blood. Now I have to remove this Prison Seal from my body!”

said the man!

“Simple, just this talisman, I can break it with a wave of my hand!”

David smiled faintly!

“Aren’t you bragging?” the man asked!
