Chapter 4832

“If you leave here with me, what will happen to the other challengers on this floor?”

David asked!

“They will be teleported out, and the passage on this floor will be closed, but everyone will have a pass mark on their body.”

“Wait for the next hundred years, this first floor will have a new guardian.”

Nan Batian said!

“That’s good, follow me!” David heard that in this way, Lin Keting would be teleported out of the ladder, and would not encounter any danger, and he would not have to look for her!

“As you command...” Nan Batian saluted!

At this moment, Nan Batian no longer had the slightest contempt for David, but was afraid of David’s identity and origin. Being able to erase the power of a golden immortal at will, that strength is definitely not ordinary!

Especially the spirit sword and divine beast in David’s hand, none of which can be possessed by ordinary Mahayana cultivators!

“Senior, you only have one-third of your strength now. If you go to the Heaven Realm, you will definitely be suppressed and your cultivation will be further reduced.”

“In addition, the resources of the Heaven Realm are hardly suitable for the cultivation of the immortals in the Heaven Realm. I

have some immortal stones here. Although they are not as good as the immortal stones in the Heaven Realm, they can also be used for your cultivation and keep your current realm from being reduced!” David directly took out a storage bag with 100,000 immortal stones in it!

Nan Batian took the immortal stones and said in shock: “Mr. Chen, this... is this suitable?”

“Of course it is suitable. You are following me now, and the resources you need must be provided by me.”

David threw the storage bag to Nan Batian!

Nan Batian was very excited. In this world, he has no resources at all, and he consumes his own spiritual power every day!

If there is no resource replenishment, he knows that it will not take long before his body will be exhausted!

“Mr. Chen, I, Nan Batian, will follow you to death...”

Nan Batian said with a fist!

Pinshu.com <https://www.vodtwla.cc>

“In the Heaven Realm, I don’t need you for the time being, but after I get to the Heaven Realm, maybe I should ask you for help!”

David now has Mr. Shi in the Heaven Realm, who can cover

the sky with one hand! But when he gets to the Heaven Realm, David is not so awesome!

“No problem, as long as I can return to the Heaven Realm, Mr. Chen can find me if he has any questions!” Nan Batian said, patting his chest!

“Let me ask you something, do you know who are the guardians of the other levels of this ladder? How strong are they? What worlds are those levels?”

David asked!

Nan Batian shook his head: “I don’t know about that, but I’m sure that the guardians in this ladder must be prisoners like me.”

“As for the world of each layer, it will change. Just like the world of this layer, it is estimated that when the ladder appears in the next hundred years, this world will no longer exist. It will be a new world.”

“Because the resources and monks in this world are almost exhausted, there is no challenge.”

Seeing this, David didn’t say anything else, but he hoped that the fourth layer would not change the world, because Yun Li said that there was an immortal cave on the fourth layer. If the world changed, then this immortal cave would definitely not exist!

“Mr. Chen, there are two people approaching, they are also monks from the heavenly world, and they are probably here to challenge me.”

At this time, Nan Batian frowned slightly!

“Don’t be afraid, you are no longer a prisoner, nor a guardian. If they dare to make a move, I will come forward.”

“In the heavenly world, everyone knows my name...”

David said arrogantly!

But what David said was true, especially after the battle at the Dao Sect, almost all of the cultivators who entered the Heavenly Ladder knew him!

“Mr. Chen is awesome!”

Nan Batian gave a thumbs up!

## Chapter 4833

Soon, two figures rushed towards David and the others. Both of them seemed to be burning with flames, and they were wearing masks on their faces!

When David saw the two people, his brows frowned instantly!

Especially the woman in the middle of the two. When he saw her for the first time, he actually felt very familiar!

“Brother Ning...”

The two came in front of David, and David followed Ning Zhi and clasped his fists!

Ning Zhi was stunned when he saw David with Nan Batian, and then he also clasped his fists and said: “Fellow Daoist Chen, have you succeeded in the challenge?”

David nodded, then looked at Sonya beside Ning Zhi and asked: “Brother Ning, who is this person next to you...”

“Oh, this is my senior sister...”

Ning Zhi said!

“Why does your sister look so familiar?” Chen

Ping stared at Sonya, then stretched out his hand and said, “Hello...”

David wanted to follow Sonya to get in touch with her, and then carefully feel the other person’s breath!

But Sonya took a step back and looked at David very vigilantly!

“I’m sorry, my sister is very weird and won’t get in touch with men.”

Ning Zhi hurriedly explained!

After hearing this, David could only smile helplessly. He could never have thought that the person under the mask was Sonya, whom he had been thinking about day and night!

“Fellow Daoist Chen, since you have succeeded in the challenge, you can go to the second floor. We still need to challenge!”

After Ning Zhi finished speaking, he looked at Nan Batian coldly and was about to take action!

Nan Batian glanced at David, did not speak, but hid behind David!

“Brother Ning, you don’t have to challenge him. After you get out, you can go directly to the second floor.”

“I have subdued him. He is mine...”

David said!

“What?” Ning Zhi was stunned and looked at David in disbelief: “How can you subdue him? Is it still possible to subdue him?”

“Of course, they are also monks with flesh and blood and thoughts, not robots!”

David said!

But after saying that, David smiled helplessly. He said robot, and the other party didn’t know what it was at all!

After all, only the secular world knows what a robot is!

But David didn’t know that the person opposite was Ning Zhi, who also came from the secular world. Of course, he knew what a robot was!

“Fellow Daoist Chen, don’t lie to us? “

Ning Zhi still didn’t believe it!

“Why are you lying to you? If you don’t believe it, you’ll know when you go out!”

David grabbed Nan Batian, and his mind flashed. They instantly appeared outside the ladder to heaven!

Seeing David really leave with Nan Batian, Ning Zhi was numb!

“fu\*\*...”

Ning Zhi cursed, how could he kill David this time?

As Nan Batian left the ladder to heaven, the world on the first level of the ladder to heaven began to be shrouded in white light!

All the Tianren world cultivators who entered the first level felt a strange surge in their bodies at this moment, and then a pass mark appeared!

And all these Tianren world cultivators were teleported out by a huge force!

“What happened? How did I get out?”

“I haven’t challenged yet, why was I sent out?”

“Can I pass the level without beating the first level?”

All the monks who were sent out were confused!

Lin Keting was also confused, looking around blankly, and then saw David’s figure and ran over! Lin Chong

, Taoist Wuji and others were also confused!

They didn’t understand why these people were teleported out in a short time after entering the first level!

And the light gate on the huge stone steps of the first level of the ladder gradually disappeared!

“Mr. Chen, what happened?”

Lin Chong followed Taoist Wuji and others to David and asked!

“Don’t be nervous, it’s okay, it’s okay!” David saw the nervous look of Lin Chong and Taoist Wuji, and hurriedly said!

## Chapter 4834

Nan Batian, who was standing aside, looked at Lin Chong and Taoist Wuji, who were so strong and respectful to David. He felt lucky that he had followed the right person!

“David, what’s going on? Why were we all sent out?”

Lin Keting asked David!

“The guardian of the first floor was brought out by me, so of course the people inside had to be sent out as well.”

David said!

“Mr. Chen, is this the person you are talking about?”

Lin Chong looked at Nan Batian!

Taoist Wuji also glanced at Nan Batian, and asked with a puzzled look: “A person from the heaven?”

David nodded: “His name is Nan Batian, and he is also a cultivator from the heaven. Because he made a small mistake, he was imprisoned on the first level of the ladder to heaven, acting as a guardian.”

“I have broken the prison seal in his body, so I brought him out...”

“Break the prison seal?” Taoist Wuji was shocked: “If you break the prison seal casually, you will be punished by heaven. If the other party is a person with strong strength, the power of heaven is very terrifying!” Taoist

Wuji is also a cultivator from the heaven, so he knows these very well!

“Not very strong, just a little golden immortal, the power of heaven is very weak...”

David said casually!

“What? Little golden immortal?”

Everyone looked at David, all stunned!

When did the golden immortal count as nothing in David's eyes?

Ning Zhi, who was not far away, wanted to hit his head hard when he heard David's words!

"Mr. Chen is really amazing. My prison seal was branded by a golden immortal, but Mr. Chen easily broke it and blocked the punishment!"

Nan Batian's words also proved that David was not bragging!

At this time, no one was talking, because they didn't know what to say!

At this time, some people started to go straight to the second floor, and some people came to David and said humbly: "Mr. Chen, I don't know if you are going to the second floor. If you go, take the guardian of the second floor, so that we can also benefit from it!"

David collected the guardian of the second floor, and all those who entered the second floor can also get the pass mark!

"Of course I have to go. There are nine floors of the ladder to heaven, so there are nine guardians. I want to collect them all!"

David looked up at the ladder towering into the sky and said!

Although everyone knows that David is bragging, many people are still very excited!

If you follow David's ass, can you also pass the nine floors of the ladder to heaven and ascend to heaven?

"I want to go to the second floor too!"

Lin Keting also became excited!

Since David is so powerful, she will not be in any danger if she follows David!

"Ting'er, don't make trouble. Although you are not in danger on the first floor, it does not mean that you can be safe on the second floor."

Lin Chong yelled at Lin Keting!

"No, I will go!" Lin Keting hugged David's arm!

Seeing this, David smiled helplessly: "Let her go. With me here, there shouldn't be any danger below the fourth floor."

"I will also protect Mr. Chen!"

Nan Batian also hurriedly spoke up at this moment!

Although Nan Batian couldn't challenge the guardian of the second floor, he could still deal with those monks in the second-floor world!

Seeing this, Lin Chong nodded and agreed to Lin Keting's entry into the second floor!

David took Lin Keting's hand, followed by Nan Batian. The three of them jumped up and went straight to the second-floor stone steps!

"Junior brother, what should we do? Follow him and wait for the clearance?"

Sonya asked Ning Zhi!

Ning Zhi was so angry that his face turned green. In the end, he could only sigh helplessly and said, "It can only be like this. I want to see how many floors David can get to..."

After that, Ning Zhi and Sonya also jumped up, and the two of them went to the second-floor stone steps!

## Chapter 4835

David and his team stepped into the second level!

The world of the second level seemed to have improved a little bit compared to the first level, but it was only a little bit!

Because the world of the second level also looked extremely desolate, the spiritual energy of heaven and earth was thin, and there were no resources!

Nan Batian looked at this scene and said with a wry smile: "I don't know how many challengers have set foot on the first and second levels. Even if there are more resources, they are not enough for them to fight for."

"And the monks in this world are all slaughtered like prey, and without resources, the lives of the monks will be greatly reduced, and they will die slowly..." "

I believe that in the next hundred years, this world will also be destroyed, and then a new world will be replaced!"

The entire universe and galaxy have countless worlds, and a small world is nothing in the eyes of those great immortals in the heavens!

"Let's go, see and ask where the guardian of the second level is!"

David looked at the endless mountains and was also a little confused, not knowing where to go!

"Mr. Chen, I think we should split up to find out, so it will be faster!"

Nan Batian said!

"Okay, I have a sound transmission jade slip here, no matter who finds out first, just contact the other party directly!"

David gave a sound transmission jade slip to Nan Batian!

Nan Batian nodded, and after taking the jade slip, his figure disappeared instantly!

"Let's go too..."

David pulled Lin Keting and flew over the mountain!

From time to time, David and his friends would encounter a cultivator, but this cultivator was also a challenger from the heavenly world!

In this second-level world, there seemed to be no cultivator!

"This is impossible, have all the cultivators on the second level been killed?"

David frowned slightly!

Just as David followed Lin Keting to find the cultivators in the second-level world, two figures were approaching them quickly!

The two people who said this were the sisters Hong Yao and Lan Yao who had entered the second floor!

"Mr. Chen, you came to the second floor so quickly?"

Hong Yao asked in surprise after seeing David!
