Full Read Online **Chapter 4842** of the novel **A Man Like None Other**

## Chapter 4842

Nan Batian's arms were bulging with veins, and his fists as strong as iron slammed down: "Mr. Chen, take the punch!"

The strong wind rolled up the gravel and hit David's chest, but he took advantage of the momentum to spin

around, and his body was emitting a faint golden glow. As the two punched and kicked each other, the whole mountain was shaking, and a flock of birds were startled to cover the sky and the sun.

"The body is like a cauldron, and the mind is fire."

Nan Batian suddenly stopped laughing wildly, but David felt that his internal organs were tempered by flames. He opened his mouth and spit out a ball of turbid air, which condensed into a materialized strong wind vortex in the air.

David followed Li Chunfeng and Nan Batian alone, which made Lin Chong and Taoist Wuji tremble with fear!

Due to David's madness, under the training of Li Chunfeng and Nan Batian, David's strength has improved by leaps and bounds!

In fact, Nan Batian and Li Chunfeng still like David very much. Although they promised David to serve for three hundred years, it was only after this period of training that they discovered David's talent and understanding, which was rare in a thousand years!

Moreover, David was not like the second-generation brother they imagined. His strength came entirely from his own hard work. Sometimes David was beaten all over his body, but he had no intention of retreating!

Buzz...

One day, when Li Chunfeng and Nan Batian were still tempering David, suddenly the sky and the earth moved, and black clouds rolled in!

The two people who saw this scene were directly stunned!

"Is this a thunder cloud?"

Li Chunfeng said with a shocked face!

“Who is going to break through? It won’t be Mr. Chen, right?”

Nan Batian looked at David standing with a sword, and couldn’t believe it!

“This thunder cloud is so terrifying, it shouldn’t be Mr. Chen, he is only the third level of the Mahayana realm, how could he possibly cause such a terrifying thunder cloud?”

Li Chunfeng said in disbelief!

“You two should stay away, so as not to be affected by the thunder cloud, that is the thunder cloud caused by David’s tribulation!”

Taoist Wuji said to Li Chunfeng and Nan Batian!

“Is it really Mr. Chen’s? Can he withstand such a terrifying thunder cloud?”

Li Chunfeng was shocked!

“You forgot that Mr. Chen even withstood the power of the Golden Immortal. This thunder tribulation must be no problem. Let’s stay away!”

Nan Batian said, pulling Li Chunfeng away!

As the thunder tribulation clouds rolled, lightning rolled in the clouds.

Boom!

Suddenly, a thunder tribulation came down with a bang!

David stood motionless, without any resistance!

Just like that, the thunder tribulation ended, and David’s body exuded a faint smell of burnt, but it was not greatly damaged!

David was able to withstand the thunder tribulation with his body, and it also had a lot to do with Nan Batian!

You must know that Nan Batian and Li Chunfeng are both immortals in the heavenly realm!

David has now reached the realm of the fourth grade of the Mahayana realm. No one can say for sure what his specific strength is!

After the breakthrough, David did not move for a long time. He only saw his eyes slightly closed, as if sensing something!

“What is Mr. Chen doing?”

Nan Batian was puzzled!

“Mr. Chen seems to have realized something after this breakthrough!” Li Chunfeng said, “Don’t disturb him!”

As everyone watched with bated breath, David’s aura became more and more ethereal, as if quietly in harmony with some mysterious rhythm between

heaven and earth. After a moment, he slowly opened his eyes, and a glimmer of wisdom that saw through the secrets of heaven flashed in his eyes. He said in a deep voice: “I have glimpsed some of the laws of heaven and earth. The mystery is far beyond imagination.”

After that, David raised his hand and took out the third of the four jade slips.

The jade slip was warm and slightly cool in his hand, and the runes on it seemed to flicker slightly like spirituality, as if echoing the power of the law that David had just realized.

David took a deep breath and slowly probed his consciousness into the jade slip.

In an instant, the jade slip bloomed with dazzling brilliance, and a majestic and ancient aura spread out like a surging tide.
