

A Man Like None Other Novel

Full Read Online **Chapter 4843** of the novel **A Man Like None Other**

Chapter 4843

At the same time, the entire world of heaven and man suddenly changed.

The originally clear sky suddenly darkened, and the dark clouds rolled and gathered, as if to swallow up the world.

The mountains and rivers trembled, and the earth cracked. The cracks spread in all directions like the fangs of a ferocious beast

. The wind whistled past, carrying sand, rocks, and plants, making a shrill whistling sound.

The birds and animals in the forest panicked and fled everywhere, as if avoiding some kind of catastrophic disaster.

“This... What’s going on?” Nan Batian was so shocked that his eyes widened. Looking at this earth-shaking change, his voice trembled unconsciously.

Li Chunfeng frowned, staring at the jade slip in David’s hand with a serious look, and said in a deep voice: “It must be this jade slip that caused the change in heaven and earth. It seems that there is a secret in it.”

Taoist Wuji stroked his beard, a trace of worry flashed in his eyes, and murmured: “Such a drastic change in heaven and earth is probably a sign that the great array of heaven and earth is about to appear in the world. David is making the

great array of heaven and earth appear.” “As long as

the great array of heaven and earth appears, we can find a way to break the array. At that time, we can return to heaven and no longer be trapped here.” Hearing Taoist Wuji say this, Nan Batian and Li Chunfeng were very excited!

They dreamed of returning to heaven!

At this time, David was completely immersed in the world of jade slips.

In the vast and boundless space of divine consciousness, ancient and mysterious pictures flashed like a revolving lantern. He saw the birth and changes of mountains, rivers, the orbits of stars, sun and moon, and the rise and fall of all living things.

In these pictures, there are faintly interwoven threads, which are the concrete manifestations of the laws of heaven and earth.

As he explored the jade slips more deeply, David felt as if his consciousness had merged with the entire world of heaven and man.

He could clearly sense the breathing of every inch of land, the flow of every breeze, and the joy, anger, sorrow, and happiness of every living being.

And in the depths of this world, a powerful and ancient force was slowly awakening, and that was the power of the great formation of heaven and earth.

“It’s almost there, the great formation of heaven and earth will soon appear.”

David silently said in his heart, his forehead was covered with sweat, but he was unaware of it.

He used all his strength to operate his consciousness, trying to establish a deeper connection with the great formation of heaven and earth that was about to appear.

Only in this way, when the great formation of heaven and earth appears, can it be broken faster and easier!

.....

Fire Burning Sect!

In a secret room, Wen Haotian felt the movement of the heaven and human world, and his expression became more solemn!

“The great formation of heaven and earth is about to appear...”

Wen Haotian murmured!

“Ancestor, the great formation of heaven and earth appears, and I don’t know whether it is good or bad. Someone must be trying to break the great formation of heaven and earth.”

In front of Wen Haotian, an old man with a gray beard said!

This person is the leader of the Fire Burning Sect, Wen Nanxing, and the father of Wen Shi and Wen Qing!

Wen Nanxing’s retreat was not because of injury, he was just healing Wen Haotian!

“There are good and bad, everything in the world is yin and yang, but if this great formation of heaven and earth is broken, it may not be a bad thing for us!”

Wen Haotian said, looking at the bronze coffin not far away!

“Ancestor, who is in the bronze coffin? Why do you inject spiritual energy into the bronze coffin every day?”

Wen Nanxing asked in confusion!

After these words came out, Wen Haotian’s face instantly became gloomy, and he looked at Wen Nanxing coldly: “How many times have I told you, don’t ask some things you shouldn’t ask, and don’t know things you shouldn’t know, it won’t do you any good!”

Feeling the chill from Wen Haotian, Wen Nanxing trembled with fear: “Ancestor, I was wrong, I won’t ask again!”

“I wonder if he can wake up on the day when the great formation of heaven and earth is broken?”

Wen Haotian looked at the bronze coffin blankly!
