Chapter 4854

The sound of metal clashing shook the sky. Lin Chong's right hand, which was formed into a sword, collided with the spear, and sparks flew everywhere.

The ground beneath their feet collapsed with a bang, and the mountains and forests within a radius of a hundred miles were turned into dust in the aftermath of the energy.

"Stubborn!"

Lin Chong suddenly put his fingers together to form a palm, and the sun and moon marks on his palms burst into dazzling light.

The red-gold sun and the silver-white full moon intertwined and rotated behind him, forming a yin-yang Tai Chi diagram. The terrifying energy fluctuations made the bones of the unicorn middle-aged man make crisp sounds like popping beans.

David was still recovering quickly, and the various resources in the storage ring were absorbed as if they were free!

He had to recover as quickly as possible, otherwise he would be in danger, because that young master Ming had not moved, and he didn't know if this guy could still recruit people!

At the same time, David kept paying attention to Lin Chong. The strength that Lin Chong burst out also exceeded David's imagination!

A force that can be ranked third in the world of heaven and man is not ordinary!

Fortunately, Sun and Moon City is a branch of the Tianlong Temple, otherwise David would not know how to deal with the situation in front of him!

"Sun and Moon shine together, suppress!"

As Lin Chong shouted, the Yin-Yang Tai Chi diagram was pressed down.

The unicorn middle-aged man screamed in despair, and the black mist around him was crushed into nothingness. The resentful spirit on the blood-colored spear was burned by the sun and screamed.

Just when the Tai Chi diagram was about to crush him, the ground suddenly cracked into a huge abyss, and countless white bone hands broke out of the ground, and they actually held up the suppression of the Yin-Yang Tai Chi diagram.

“Want to leave?”

Lin Chong sneered, and a ray of golden light suddenly shot out from his fingertips.

The golden light seemed weak, but when it touched the ground, it turned into thousands of sword threads, instantly cutting all the bone hands within a radius of 100 feet into powder.

The one-horned middle-aged man took the opportunity to fall into the abyss, but Lin Chong's figure appeared at the edge of the abyss like a ghost.

“You want to play earth escape in front of me?”

Lin Chong stretched out his hand and pressed on the edge of the abyss, and the terrifying sun flame spread along the veins of the earth. The

entire Wuwang Land suddenly shook violently, and the one-horned middle-aged man's shrill screams came from deep underground, followed by a charred figure being blasted out of the ground like a cannonball.

“Emperor Lin, your reputation is indeed well-deserved...”

The one-horned middle-aged man was on fire, his horn was broken in half, and his one eye was fixed on Lin Chong.

Suddenly he laughed wildly: “But do you think this is the end?”

Before he finished speaking, he actually grabbed his heart with his bare hands.

In Lin Chong's suddenly changed eyes, the body suddenly swelled like a ball, and the blood-colored lines on the horn lit up a dazzling red light.

“No! It's going to self-destruct!”

David stood up suddenly, but it was too late to stop it.

The whole body of the one-horned middle-aged man exploded with a bang, and countless blood-colored light spots flew around like fireflies, but turned into hideous ghost faces the moment they touched the ground.

“Hehehe...”

“Emperor Lin, enjoy the curse of the four underworlds!”

Countless ghost faces suddenly pounced on Lin Chong, but screamed when they touched him three feet around him.

I saw the sun and moon marks appearing between Lin Chong’s eyebrows. The moment those ghost faces touched Yang Yan, they turned into green smoke. Only a very few penetrated the defense and attached themselves to Lin Chong’s arms.

“Damn it!”

Lin Chong’s face changed slightly, and ice crystals instantly formed on his right arm.

Seeing this, David immediately crushed a jade talisman, and then the fire instantly covered the entire sky, burning the remaining ghost face to ashes.

“Emperor Lin, I’m here to save you...”

Although David had not fully recovered, he had to help Lin Chong at this time!

“Mr. Chen, no need!”

Lin Chong suddenly put his fingers together to cut off the eroded sleeves, revealing his iron-like muscles. The

sun and moon marks spread from the center of his eyebrows to the entire right arm, and those black lines melted like snow under the burning of the sun.

“These jumping clowns in the Four Underworld Mansion, do you really think that this emperor’s Sun and Moon Golden Rainbow Art is a decoration?”

He looked at David, “Mr. Chen, you should adjust your breath, there are still aftershocks here.”

Just as David was about to speak, the earth suddenly shook again.

Chapter 4855

Dozens of figures with black mist all over their bodies rushed out of the abyss, and the leader turned out to be that Ming Shao.

He was seen standing on the bone warship, followed by four coffins emitting a terrifying aura.

“Emperor Lin has good means, but unfortunately...” Ming Shao smiled sinisterly, “You fell into the trap!”

Ming Shao has never taken David seriously. He feels that the biggest threat comes from Lin Chong!

The emperor of Sun and Moon City, the third most powerful force in the world of heaven and man, that is not just a casual remark!

Lin Chong’s strength is not low, so Ming Shao is a little afraid!

But now, after two major battles, Lin Chong has already been exhausted!

“Despicable guy, compared to your father, you are really not as good as him except for pretending.”

Lin Chong looked at Ming Shao with a face full of anger!

“It’s too late for you to say anything now...”

Ming Shao sneered!

He waved the skull scepter, and the four coffins burst open.

The monstrous evil spirit rushed into the sky, and four mummies wearing underworld armor slowly stood up, with dark green phosphorescent flames jumping in their empty eye sockets.

“Evil corpses?” Lin Chong’s pupils shrank, “How dare the four underworlds summon ancient evil corpses?”

“Hehehe, Emperor Lin has good eyesight.” The underworld young master pointed the scepter at David, “Today, not only will your Sun and Moon City be destroyed, but I will also take the head of this kid David!”

“I want to teach him a lesson. In this world of heaven and man, I am the only one who can pretend to be cool...”

Four evil corpses suddenly shot over, and frost condensed in the void wherever they passed.

Lin Chong’s yang fire surged, but it was suppressed by 30% the moment he came into contact with the evil corpses.

What's more terrifying is that each evil corpse has hundreds of resentful spirits sealed in it, and the shrill screams made the eardrums of the people fighting instantly hurt.

David stood up with all his strength, and the bow of the king of gods kept buzzing.

But when he tried to draw the bowstring, he suddenly felt a sharp pain in his chest.

David knelt on one knee, his face as pale as paper, and beads of sweat rolled down his forehead.

The price of desperately using the God King Bow has appeared. If this kind of magic weapon is not used properly, it will backfire!

At this moment, although David had the God King Bow in his hand, it was difficult to exert its power due to the disorder of spiritual power in his body.

He gritted his teeth and tried to force the spiritual power to operate, but it caused a surge in his chest and almost spurted out a mouthful of blood.

Seeing this, Lin Chong's heart tightened and he glanced at David distractedly.

At this moment, a corpse from the underworld took advantage of the flaw, swung its dry arm emitting a faint green light, and smashed Lin Chong hard.

Lin Chong dodged sideways, but was still brushed by the cold power on his shoulders. A thin layer of frost instantly formed on his clothes, and his skin also turned purple.

"Humph, Emperor Lin, today is the day you die!"

The young master of the underworld stood on the white bone warship and laughed triumphantly.

The skull scepter in his hand was waving more and more rapidly, commanding the four evil spirits of the underworld and the dozens of skeleton warriors to surround Lin Chong and David.

Lin Chong took a deep breath, and the light of the Sun and Moon Golden Rainbow Art around him surged again, trying to break through the heavy siege.

He quickly formed seals with both hands, and the nine golden crows behind him shone brightly.

Each golden crow made a loud cry, and the blazing sun flames were like surging waves, one after another, impacting the evil spirits around.

"The sun and the moon rotate, and the world shakes!"

Lin Chong shouted, and a golden light column containing endless masculine power rushed into the sky, instantly enveloping a demon corpse.

The demon corpse screamed in pain in the sun flame, and the underworld armor around it began to melt. The resentful spirits sealed in the body also broke free from their restraints and turned into nothingness in the sun flame.

However, the other three demon corpses took advantage of the moment when Lin Chong's old strength had just been exhausted and his new strength had not yet been born, and launched an attack at the same time.

The black spears, bone blades, and chains in their hands were filled with cold and gloomy air, stabbing at Lin Chong from different directions.

Lin Chong's eyes were stern, and his figure was erratic like a ghost, dodging the attacks in the midst of danger.

David took advantage of the fact that Lin Chong attracted the attention of most of the enemies, endured the severe pain in his body, sat cross-legged, and recovered quickly.

David used all his strength to operate the Concentration Heart Technique, madly absorbing the surrounding evil spirits, so that he could recover and also help Lin Chong relieve some of the pressure!

Chapter 4856

"Emperor Lin, I'll help you..."

At this time, Taoist Wuji came galloping, holding the head of the red-haired old ghost in his hand!

Seeing Taoist Wuji coming, Lin Chong breathed a sigh of relief!

He knew that if he continued to fight, he would definitely not be able to bear it!

The continuous battles had consumed most of his strength!

"Master, be careful, this kid's evil corpse is very powerful, and you have to beware of that kid's dirty tricks!"

Lin Chong warned Taoist Wuji!

“I understand!” Taoist Wuji nodded!

That Ming Shao has always been waiting for the opportunity to work hard. Now that Taoist Wuji has killed the red-haired old ghost, he must have consumed a lot of strength!

“Another one is looking for death, great...” Ming

Shao laughed!

As for the death of the red-haired old ghost, this Ming Shao didn't care at all!

These are just servants of the Four Underworlds. If they die, they die. There is nothing to be sad about!

Taoist Wuji held a whisk in his hand and started fighting with those evil corpses!

However, as soon as they started fighting, Taoist Wuji felt exhausted, because the opponent's evil corpses were indeed too powerful, and there were many of them!

Taoist Wuji could only grit his teeth and hold on!

Ming Shao stood on the bone ship, watching everything quietly!

He could wait until everyone was exhausted and kill them one by one, like a cat teasing a mouse!

The mouse will not be eaten until it is exhausted!

“Mr. Chen, we are here...”

Li Chunfeng and Nan Batian also came. Although the two were a little embarrassed, they also killed the red-robed old ghost and the red-faced old ghost!

“You two go and help Taoist Wuji, and try to hold on for a little longer.”

David said to Li Chunfeng and Nan Batian!

The two nodded and joined the battle directly!

With the addition of the two, Taoist Wuji instantly relieved a lot of pressure, but it was too difficult for the three of them to win!

The three of them had just experienced a big battle, and now they were fighting with these evil corpses, which was a bit strenuous!

On the other hand, the young master Ming looked at everyone with a smile on his face!

He hasn't made a move yet. If this young master Ming makes a move, Taoist Wuji and the others will definitely be defeated immediately!

David gritted his teeth and desperately operated the Condensation Heart Technique to make himself recover quickly!

He always thought that with the Sun and Moon City, and also accepted Li Chunfeng and Nan Batian, he was invincible in the world of heaven and man!

But now facing the four Hades, it is already so strenuous!

There is also a Fire Fen Sect. David has a headache just thinking about it. With his current ability, can he still rescue the leader of the Refining Sect from the Fire Fen Sect, the first in the world of heaven and man?

The melee continued, and the Wuwang Land was on the verge of collapse. If it were not for the support of the Heavenly Ladder, the Wuwang Land would have been broken and disappeared long ago!

At this moment, at the end of the Heavenly Ladder, a teenager of seventeen or eighteen years old, holding a sword in his hand, was sitting on the last step of the Heavenly Ladder!

Behind the teenager, a white-haired old man, with a smile on his face, was surging with the power of heaven!

"Master, these guys didn't enter the Heavenly Ladder to train, but fought each other. They broke the Heavenly Ladder. What should we do?"

The teenager asked the old man!

"Don't worry, it can't be broken. After this time, I will never guide the monks of the Heavenly Realm again. A bunch of fools, let them practice and ascend by themselves!"

The old man shook his head with a little disappointment!

"The one called Ming Shao is too pretentious, and the disciple wants to teach him a lesson. "

The teenager was also very unhappy with Ming Shao!

"No..." The old man hurriedly stopped him!

"Master, are you also afraid of the Four Underworlds?" The boy asked puzzled!

“The Four Underworld Palaces are nothing. I can destroy them with just a breath.”

The old man looked disdainful, then glanced at David and said, “That young man surnamed Chen is not to be trifled with. If he ascends to heaven, I will let him go...”

The young man: “.....”
