

A Man Like None Other Novel Chapter 4901

Full Read Online **Chapter 4901** of the novel **A Man Like None Other**

Chapter 4901

While they were talking, there was a sudden earthquake not far away!

A white light suddenly burst out from a cage!

Boom!

With a loud noise, a figure broke out from the old cage!

“Damn it, who set up a cage at the end of the road? It’s so fu**ing wicked!”

Hu Mazi came over cursing!

Xiu Rui looked at Hu Mazi in shock, his body trembling slightly, and said, “Fellow Daoist Chen, is this the friend you are looking for?”

“Yes!” David nodded, then looked at Hu Mazi and said, “Master Hu, where is this place?”

“How should I know, but this must be in the heaven, but which wicked thing set up a cage here, I don’t know!”

Hu Mazi looked around and said!

“Master Hu, since you have awakened your memory, can you tell me about the rules and order of the heaven, as well as the realm level?”

David asked Hu Mazi!

“There is no order in the heaven, the strong are respected. If you have a high realm and strong strength, then that is the rule, that is the order.”

“Who do you think made the laws of heaven? It was not made by those supreme saints. They are awesome, so this is the rule, and it has become the rule!”

“One day, if you become the master of the universe, this heaven is nothing, the supreme saint is nothing, and you can kill them with a slap!”

Hu Mazi said very dissatisfiedly!

“Stop flattering me quickly, and tell me about this heaven!” David was speechless for a while! If

it weren't for the Red Cloud Demon Lord's action just now, he couldn't even get out of the cage, and he said that the master of the universe was too far away, so he should understand the current things!

“You should have known that there are thirty-six heavens in this heaven?” Hu Mazi said!

“Yeah!” David nodded!

“The thirty-six heavens in the heaven are divided into the lower twelve, the middle twelve, and the upper twelve. In each of the twelve heavens, the third heaven is a small plane!”

“The cultivators who are led by the avenue or other means to enter the heaven all enter the three heavens of the heaven. The immortals in the three heavens are all scattered immortals, and they are all wild cultivators who have not received the immortal scroll.” “

So the cultivators of all kinds below the three heavens are looked down upon. This is why some cultivators would rather practice and ascend slowly than be guided by the avenue!”

“And those cultivators who practice on their own and ascend to the heaven directly ascend to the fourth heaven. This kind of immortal is an earthly immortal and the weakest in the heaven.”

“Next are human immortals, celestial immortals, upper immortals, true immortals, golden immortals, Daluo golden immortals, immortal monarchs, immortal kings, immortal emperors, saints...”

“These realms are also divided into nine grades, but when they reach the heaven, if they are promoted to a higher realm, they will not suffer from thunder tribulations, but need to ascend to the immortal platform. The promotion of each major realm requires passing the immortal platform!”

“You are only in the realm of immortal transformation now, not even a scattered immortal. just bear with it slowly...”

Hu Mazi patted David on the shoulder and said!

“Master Hu, how many heavens were you in before reincarnation? What realm were you in?” David asked!

“Hey, I'm already at the peak of human immortals, and I will soon become a celestial immortal and leave the sixth heaven...”

“It’s a pity that I was cheated by a woman. It’s a pity that I have cultivated for thousands of years...”

Hu Mazi said with a face full of grief and anger!

Xiu Rui, who was standing aside, didn’t dare to fart after listening to Hu Mazi’s words!

Human immortal?

How awesome is that? He tried his best but couldn’t ascend, and finally had no choice but to enter the heaven by climbing the ladder. Now even if he comprehends ascension, he can only become a scattered immortal.

The earthly immortals are all garbage in the heaven, and no one will even open their eyes to look at these scattered immortals!

David listened to Hu Mazi’s words but forgot to ask Nan Batian and the others what realm they were in, and which heaven!

Chapter 4902

“Senior, what realm are you in?”

David asked the Red Cloud Demon Lord!

“I’m not in any realm, don’t ask...” The Red Cloud Demon Lord said angrily!

This made David a little confused. He just asked about the realm, why was he so angry?

But since he was not allowed to ask, David didn’t ask!

“Let’s leave here first!” David said!

Hu Mazi and Xiu Rui both nodded!

The three of them flew towards the sky together. Because there was black fog all around and they had no sense of direction, they could only fly upwards to see if they could get out of this place!

Fortunately, there were no restrictions here, and David and his team could fly at will!

Along the way, the three rushed upwards, and Hu Mazi took the lead. I don't know how many cages they crashed!

It seems that after this guy awakened his memory, his strength has also increased significantly!

David is no match for him now!

Just like that, the three of them didn't know how long they had been colliding, but it seemed as if there was no edge here, the surrounding scene was still a black fog, and there were cages everywhere!

"If this goes on, we can't find the exit, and we'll be exhausted!"

Hu Mazi rolled his eyes and said!

"This won't work. We must find a way to find the exit. We can't get out aimlessly like this!" David felt that this was not a solution, so he said

! "But we don't know where the exit is." Xiu Rui said!

"I'll see if I can burn this broken place with fire!"

David decided to use his own fire to burn this place directly!

Although they were in it and it was very uncomfortable to be burned by the fire, if they could burn this place with a fire, they could leave, and it would be worth it!

"Fellow Daoist Chen, if you set a fire, you won't burn us all to death, right?"

Xiu Rui asked!

Although he was much stronger than David, he didn't dare to despise David at all!

"Don't worry, you can't burn to death!"

After David finished speaking, flames suddenly rose from his palms, and the flames of various fires fused together, emitting rolling heat waves.

David swung his sword with all his might, and the world was instantly filled with flames! The

fire burned violently!

At this moment, around them, there was no longer the black fog, but a group of flames.

Not long after, screams began to sound. It should be the people locked in the cage who could not bear the heat of the flames!

“Fellow Daoist Chen, there should be a lot of people locked up here, right?” Xiu Rui asked!

“David, your fire will not burn everyone in the cage to death! “

Hu Mazi asked!

“No, my fire is only aimed at the demons. If it is a human cultivator, it will not be hurt by this fire!”

David said!

David knew that all the people locked up here were human cultivators, so he had considered it!

The fire that was just released was only aimed at the demons!

The screams were also the screams of the demon cultivators!

Along with the screams, waves of cold air kept coming, as if resisting the heat!

But this cold air could not resist the terrifying fire around at all!

In just a few breaths, the cold air disappeared!

In front of David and the others, a vortex suddenly appeared, and the ultimate fire was attracted by the vortex, forming a fire tornado!

David’s eyes lit up: “Let’s go, this may be the exit...”

After that, David took Hu Mazi and Xiu Rui and ran straight to the vortex!

At the same time, the ultimate fire around disappeared, and David and the others’ bodies also fell into the vortex!

“Be careful, the evil spirit here is very heavy!”

David reminded Hu Mazi and Xiu Rui!

Just as David’s voice fell, suddenly a group of black fog rushed out from all around the vortex, and there were ghost faces in the black fog, which looked very scary!

“Humph, you still want to stop us?”

David snorted coldly, and instantly sacrificed the Dragon Slashing Sword, which was still burning with raging fire!

These evil things are most afraid of the ultimate fire.

Boom boom boom!

David swung out several swords in a row, and the sword energy carried the ultimate fire, instantly defeating those ghost faces!

Chapter 4903

David and his team entered the vortex smoothly, but just after entering, densely packed, extremely ugly ghost faces appeared all around!

These ghost faces were all wrapped in black fog, and there were claws like tentacles around them!

“Don’t stop...”

David’s indestructible golden body was activated, and his whole body was instantly wrapped in golden light, and a shield formed by the ultimate fire appeared around them!

Xiu Rui’s face was very ugly at the moment, although he was at the peak of the immortal realm!

But he has been trapped here for hundreds of years, and his body has not recovered yet! And

this is the heaven, he dare not be presumptuous as he is at the peak of the immortal realm!

Hu Mazi followed at the end, looking at the densely packed ghost faces around him, and cursed angrily: “Damn it, if you have the guts, show your true form, who are you trying to scare with these things?”

After Hu Mazi finished speaking, he saw three talismans appear in his hand, and then threw the talismans in his hand!

Boom!

Suddenly there was a huge roar, and extremely strong energy burst out

all around! Accompanied by a ray of light, the vortex was extremely bright!

At this moment, David and the others could see clearly that the densely packed ghost faces turned out to be a guy with a dead aura all over his body and a battle axe in his hand!

These tentacles and ghost faces, like hair, grew on this guy!

David and the others were as small as ants in front of this guy!

“Damn, what is this? Could it be that this cage was made by this guy?”

David looked at the guy who was taller than a mountain, and couldn't help swallowing his saliva!

Boom! Without waiting

for David and the others to react, the guy directly waved the battle axe in his hand and smashed towards David and the others!

At this moment, the terrifying aura came towards him, and at the same time, those tentacles and ghost faces also attacked at the same time!

In this vortex, the space was already small, and coupled with this terrifying attack, David and the others had nowhere to hide!

Xiu Rui was shocked by this scene and his eyes widened. He began to regret coming out of the prison!

You know, if you die after coming out, you might as well live in prison. Maybe after a long time, you may be released!

“Stupid idiot, what's the use of being tall!”

Seeing this, Hu Mazi cursed angrily, and then suddenly struck forward with his right palm!

A blue ice symbol appeared in Hu Mazi's palm!

As the ice symbol burst, the surroundings were instantly filled with an extremely cold feeling!

Boom!

All the breath, as well as the countless tentacles and ghost faces, were instantly frozen at this moment!

The mountain-like guy in front of him still kept swinging the battle axe!

Time seemed to stand still at this moment!

Hu Mazi then gently stretched out his hand and pointed at a tentacle!

Kakaka...

accompanied by a burst of shattering sounds, all the frozen things in front of him turned into powder!

Xiu Rui looked at Hu Mazi with a shocked face!

He was so shocked that he couldn't speak!

David was also a little surprised. He looked at Hu Mazi and said, "Master Hu, not bad, you have some skills..."

"Nonsense, I am almost a celestial being. Although I have been reincarnated, those skills are still in my mind."

"After coming to the heaven, I only need a little time to go back to the past..."

Hu Mazi said in a pretentious manner!

"Then I have to watch Master Hu protect me!" David said with a smile!

"I can protect you, but you have to get me some women. You have good luck with women; get a few more and give me some!"

Hu Mazi said!

"fu**!" David rolled his eyes!

Xiu Rui, who was on the side, was speechless when listening to the conversation between Hu Mazi and David!

"I'm kidding you, I won't touch your woman." Hu Mazi patted David: "Let's go, this guy is just a puppet, not the owner of this cage..."

David nodded, and several people rushed forward quickly through the vortex channel!

Chapter 4904

Soon, light appeared in front of everyone's eyes. David was very excited at this moment!

He thought he would be able to escape from this broken place soon. He had just arrived in the heaven, and before he could even see it, he was locked in this cage!

David really wanted to see what the heaven looked like!

After a few breaths, a white light flashed before the eyes of several people, and then their feet stepped on the ground!

This time, they could stand on the ground, no longer suspended in the air!

David looked around, then his eyes condensed slightly, and his face became ugly!

It turned out that they did not leave and come to the vast land of the heaven, but entered a palace!

The palace was surrounded by those oil lamps, and the wicks were dancing with flames, like elves dancing!

In front of the palace, there was a high platform with a person sitting on it!The

whole palace was gloomy and terrifying, and the figure on the high platform exuded a sinister aura!

"This should be the owner of the cage!" Xiu Rui said!

"It should be!"

David nodded!

"You dared to break the cage and escape the sanctions, it's so bold!"

"You haven't reached the ascension, but you took a shortcut and ascended to the heaven. This is against the way of heaven. You must be punished."

A majestic voice came from the high platform!

At the same time, a very strong pressure enveloped David and the others!

"fu**, who do you think you are? You dare to punish others on behalf of the way of heaven?"

Hu Mazi was furious. He waved his hand directly, and the pressure disappeared instantly!

“Huh?” A puzzled voice came from the figure!

“Who are you? If you are punishing on behalf of the Heavenly Dao, why do you only punish the human cultivators?”

David asked with cold eyes looking at the figure on the high platform!

“I can punish whoever I want, why do you care?”

The figure was very dissatisfied, and then a stronger pressure came!

Hu Mazi was about to curse and fight, but was stopped by David: “Master Hu, don’t worry about it, let me meet this pretentious guy!”

After speaking, David stood in place, and suddenly golden light jumped on his fingertips, and he pointed casually!

“Finger of the Immortal...”

Boom!

The pressure exploded directly the moment David’s finger of the immortal touched it!

The whole palace was shaking, and the terrible energy almost caused the entire palace to collapse!

“You actually know immortal arts?” The figure was puzzled!

Then the figure jumped up from the high platform, and at the same time, a series of blood-red blades came towards David!

David’s whole body was instantly wrapped in an indestructible golden body, and then he took out the Dragon Slashing Sword and kept waving it!

Bang bang bang...

These blades were all blocked by David one by one, and then turned into powder!

After blocking those blades, David’s Dragon Slashing Sword took advantage of the situation and slashed, and a violent sword energy instantly bombarded the figure!

Xiu Rui looked at David with his eyes wide open, and was so shocked that he couldn’t speak!

A first-grade immortal realm cultivator, the strength he displayed was terrifying!

“Interesting!”

Seeing David's sword coming, the figure immediately waved his hand to gather a shield and directly blocked the sword energy!

David still wanted to swing his sword, but Hu Mazi said, “Stop fighting, you are not his opponent!”

The opponent did not use his full strength, but David had already exploded to the extreme!

There was a big gap in the strength of the two sides, and there was no point in fighting!

David's eyes were cold, but he knew that this was in the heaven, not the heavenly world. In a place like the heaven, anyone who came out randomly might not be his opponent!

After all, the difference in strength was too great. He was still a cultivator, and he might have been an immortal long ago. Even if he was a scattered immortal, he was not comparable to a small cultivator!

“You are the most talented person I have seen in all these years.”

The figure on the high platform said!

“It's useless for you to praise me. If you don't explain it to me today, I will destroy your palace and abolish your cultivation!”

David said coldly!

Xiu Rui looked at David in shock. He didn't understand David's confidence in speaking to others like that!

Chapter 4905

Hu Mazi also frowned slightly: “David, take it easy, I didn't say you can definitely beat him?”

“Master Hu, don't worry, we have people in heaven, I have many friends in heaven!”

David said nonchalantly.

I don't know if the figure on the high platform was frightened by David or for some other reason, he has not spoken all the time, as if he is thinking about something!

Then, the figure slowly walked down from the high platform!

After approaching, everyone found that this person was wearing a pitch-black robe and a mask, with only his eyes exposed!

David was speechless when he saw it. He remembered that anyone who wears a mask and has no face to see people is not a good thing!

David was angry when he thought of being fooled by Ning Zhi!

"Which plane of the world are you from?" the man asked David!

"I come from the world of heaven and man!"

David said.

"I come from the world of Wuxu." Xiu Rui said.

"I know you. You have been locked up for hundreds of years!" The man said to Xiu Rui!

Xiu Rui was immediately embarrassed!

"Your grandfather is from the sixth heaven of heaven."

Hu Mazi said to the masked man with disdain!

"Sixth heaven?" The masked man was stunned and then looked at Hu Mazi: "It is indeed a body of immortal bones; then how did you lead it out from the avenue?"

"What the hell do you care about me, I will come from wherever I want!"

Hu Mazi directly used the words of the masked man just now to retort him!

The masked man was so retorted by Hu Mazi that he couldn't say a word!

Hu Mazi is indeed a body of immortal bones; as for whether it is the sixth heaven, he doesn't know!

But he didn't dare to provoke him. If Hu Mazi was really an immortal from the sixth heaven, then he would be touching a tiger's butt if he provoked Hu Mazi!

“You have only reached the first level of the immortal realm, and you can be guided by the avenue. It seems that you really have some skills.”

“I just heard that you know a lot of people in heaven. Who do you know? Tell me!”

the masked man asked!

“It’s better not to say it. I’m afraid you won’t know them even if I tell you. The main reason is that your realm is too low and you can’t see them at all!”

David said calmly.

But what David said was also true. This was just the first heaven in the heaven. According to Hu Mazi, all the people below the third heaven in the heaven were scattered immortals, and there were also some monks led by the avenue!

There were no more powerful characters. The powerful immortals looked down on these people below the third heaven!

So even if David said it, the person in front of him would definitely not know him!

“So awesome, why don’t you tell me a few!”

The masked man felt that David was just bragging! He

was just a first-grade cultivator in the immortal realm. Even if he had good talent, how could he know the big shots in the heaven?

“Do you know the Wuji Shengzong in the heaven?”

David asked!

The masked man heard it and then shook his head!

David looked at the masked man and asked, “Are you a demon?”

“Yes, I am a demon!” The masked man nodded!

“That’s easy. I know the blood demon, Yin demon, wind demon, and array demon in the heaven.”

“And the Red Cloud Demon Lord of the Ninth Heaven, that’s my good buddy!”

David said to the masked man.

“What nonsense, are you deceiving me here?”

The masked man snorted coldly when he heard it!

David was stunned, and then said: "It's no use for me to lie to you. I know them, and the Red Cloud Demon Lord is really my good buddy!"

"It seems that you have just arrived in heaven and don't know the rules of the heaven. How could there be a Demon Lord in the Ninth Heaven? The Demon Lord is in the 20th Heaven. The highest one in the Ninth Heaven is the Heavenly Demon."

"You are fooling a child here, and the Demon Lord of the Ninth Heaven, do you think that any demon fairy can become a Demon Lord?"

The masked man scolded David directly!

"Ah?" David was a little confused, and then his consciousness entered the body, looking at the Red Cloud Demon Lord and said, "Senior, what's going on?"

"What's going on?" The Red Cloud Demon Lord pretended to know nothing and asked.

"I'm asking you, what realm are you in? Is what this guy just said right?"

David asked!
