

A Man Like None Other Novel

Full Read Online **Chapter 4906** of the novel **A Man Like None Other**

Chapter 4906

“I am in the ninth heaven of the heaven, at the level of the Heavenly Demon. This Lord Chiyun is just my nickname when I travel around the world. I have never said that my level has reached the level of the Demon Lord!”

“That’s what you think, don’t say I’m showing off...”

Lord Chiyun said with a little embarrassment.

“No, no, the Heavenly Demon is already very awesome!”

David said hurriedly.

No wonder Lord Chiyun refused to tell me his level at the beginning and got angry when asked!

It turned out that he was afraid of being exposed for showing off!

But even with the strength of the Heavenly Demon, in a place like the Heavenly Realm, it is like the existence of the ruler of heaven and earth!

“The Red Cloud Demon Lord is just a name. The guy I know is the Nine Heavens Demon.”

“My name is David now. If I change my name to Chen Shengzhe, does that mean I am invincible in the heaven?”

David smiled at the masked man!

“Then you said you know the Wind Demon, the Yin Demon, and the Blood Demon. Do you have any evidence?”

the masked man asked!

“You want evidence?” David sneered, and suddenly punched the high platform behind the masked man!

“Holy Light Fist...”

Boom...

With a deafening sound, the high platform in the palace instantly turned into powder!

Then David waved his palm lightly, and waves of Dao pattern evil spirits in his body instantly filled his body!

Feeling the evil spirit in David's body, the masked man was shocked!

"You...how come you have the aura of the demons? Are you a human or a demon?"

The masked man was shocked!

"What do you think?"

David smiled coldly, and then the dragon crystal on his chest began to flicker. Behind David, a huge golden dragon slowly appeared!

But in an instant, David took back the dragon energy, as if nothing had happened!

"Orcs?" The masked man was stunned at this moment!

"How can you have the aura of three tribes? Which tribe do you belong to?"

The

masked man questioned David!

"Who do you say I am? I am who I am. So if you only imprison the human race here, then you have imprisoned the wrong person!"

David laughed!

The masked man truly realized how awesome David was at this moment!

Let alone strength, the aura of the three races in David's body is not something that ordinary people can possess!

"You are the only person I have ever seen who has the aura of all three races. You are very popular here."

"You can wander around the first layer of the entire heaven at will..."

"You must know that there are large clan boundaries here. The human race has its own area where the human race lives, the demon race has its own area, and the beast race has its own area!"

“They generally don’t leave their own boundaries. If they accidentally run to other clan areas, it’s very dangerous.”

“After all, resources are limited, and each clan protects the resources of its own boundary!”

“And you have the aura of the three clans, so you can go everywhere, and no one will stop you!”

The masked man followed David and said!

“So, it’s okay for me to leave you?”

David asked!

“Of course, you can be a member of our demon clan, so I have no reason to imprison you!” The masked man nodded!

“Then let me ask you, why do you want to imprison the human cultivators, and let the demons and beastmen go?”

David asked curiously!

“This is the demon clan realm, and the avenues are randomly guided. I must keep the human cultivators when you are sent to me.”

“Of course I will let the demons go. As for the beastmen, since the beastmen have already handed over resources, the beastmen can also be let go!”

The masked man explained!

“In that case, in the realms of other races, there will also be your demon cultivators who are guided by the avenues and then imprisoned?”

David asked!

The masked man nodded: “Yes, that’s right. Every few hundred years, we will exchange the trapped people!”

“Then let me ask you, before we entered, did you meet a man and a woman who were also led by the avenue?”

David wanted to ask if Ning Zhi and Sonya were also imprisoned here!

“Then I don’t know, after all, the place where the avenue leads is different each time!”
The masked man said truthfully!

Chapter 4907

David couldn't help but sigh after hearing what the masked man said. It seemed that it would not be so easy to find Sonya and Ning Zhi!

"Can we leave this ghost place now?"

David asked the masked man!

"Of course, of course, please go slowly..."

The masked man was very polite!

It's not okay to be rude. Although David's realm is not high, he has the aura of three tribes. Obviously, there are people behind him!

He also knows so many big demons. As for the true and false, the masked man doesn't want to distinguish!

And that sesame, with a fairy bone and rough words, if you really provoke him, you will not have a good result!

"If we leave this place, will we be in your demon clan domain? In that case, will someone target us?"

sesame asked!

"Leaving here does not necessarily mean going to the demon realm. I will send you back to the Avenue of Reception. As for where you can be teleported to, I don't know!"

The masked man said truthfully!

"That's good, send us away!"

Hu Mazi nodded!

The masked man raised his right hand and then waved forward!

Whoosh!

A white light suddenly appeared in front of David and the others, just like the white light in the ladder to heaven!

Looking at the white light, David and the others realized that they were intercepted in the Avenue of Reception and were directly put into the cage!

It seems that those monks in the low-level worlds, who dream of coming to the heaven through the Avenue of Reception, are not a good thing!

It is better not to take shortcuts on the road of cultivation!

After the three of David walked into the white light, they felt a blur in front of their eyes in an instant, and then countless stars passed by them!

This time, David did not faint, so he could clearly see the stars that passed by!

At this moment, he seemed to be in the galaxy of the universe!

“How spectacular! Is this the feeling of being the master of the universe?” Chen

Ping was shocked!

When you become the master of the universe, you can crush a world at will, or even wipe out a piece of the universe at will. That feeling must be very cool!

Just when David was still immersed in the universe, his eyes suddenly went black!

Then a white light flashed, and a large grassland appeared in front of David and his friends!

The blue sky and the green grassland, but there were no cattle and sheep. If there were cattle and sheep, David would probably mistakenly think that he had returned to the prairie of the secular world!

There is no spiritual energy between heaven and earth here, and it is replaced by fairy energy!

Although David is only the first level of the fairyland, his Ningxin Jue can also refine the fairy energy, so it has no effect!

“Master Hu, when we were teleported just now, did you see the universe and the galaxy?”

David asked!

“The universe and the galaxy?” Hu Mazi and Xiu Rui were both stunned!

Then the two shook their heads and said, “I didn’t see anything, it was all black in front of me. Did you see the universe?”

David felt a little strange when he heard it. It was impossible that he was the only one who saw the universe and the galaxy?

“I didn’t see it either, just asking!”

David couldn’t explain it, so he simply said that he didn’t see it either!

“Where is this place? I don’t know if it’s the human race’s domain. If it’s the place of other races, we’re afraid we’ll be in trouble!”

Xiu Rui said worriedly.

“It’s so beautiful here, it must be the place of the human race. Look at this grass, look at this sky...”

“And the air here is fresh, with bursts of floral fragrance. It’s really a paradise on earth!”

David likes this place very much!

“If you like it, then stay here and see if you can meet a few human beauties.”

Hu Mazi smiled!

“Forget it, let’s go. Let’s find someone to ask where this is first.”

David jumped up and flew in the air!

Chapter 4908

Flying in this heaven is indeed much more comfortable, and the consumption is extremely low!

“The territories of each race are not divided according to the environment, you’d better be careful!”

Hu Mazi flew to David and said!

“Master Hu, you are wrong, you two should be careful, you forgot that I have the aura of three races, no matter what race or territory he is, I am the master!”

David said with a faint smile!

When Hu Mazi heard it, he rolled his eyes immediately: "I am not afraid, I have a concealment talisman, I can change the aura of any race I want."

When Xiu Rui heard it, his face was full of embarrassment, because he had nothing and could not hide his breath!

"Master Hu, if this is not the human race's realm, I hope that if I encounter danger, Master Hu can give me a concealment talisman!"

Xiu Rui said with a flattering face and followed Hu Mazi!

"Of course, but I can't give it to you. You need that thing to exchange!"

Hu Mazi said!

"What do you want? I've been locked up for hundreds of years, and I don't have any good things on me. Just take whatever you like!"

Xiu Rui took out his storage bag and said!

Hu Mazi didn't even look at it and said, "Who wants your junk? You want the invisibility talisman, so exchange it for a woman."

"Woman?" Xiu Rui was stunned!

"Yes, a woman!" Hu Mazi nodded!

Xiu Rui had a bitter face and smiled awkwardly, "Master Hu, stop joking. I don't have a woman!"

"But if Master Hu doesn't mind, do you think I can do it?"

Xiu Rui suddenly looked at Hu Mazi with burning eyes, and didn't forget to stroke his hair!

"fu**, you disgust me..."

Hu Mazi threw a concealment talisman to Xiu Rui and said, "Stay the fu** away from me, my heart can't take it!"

Hu Mazi accelerated and moved away from Xiu Rui!

Xiu Rui took the concealment talisman and put it away with a smile!

"Fortunately Master Hu didn't agree. If he agreed, I would have suffered..."

Xiu Rui laughed!

“Are you that kind of person?” David also looked at Xiu Rui with some disgust and asked!

If Xiu Rui is really that kind of person, he must leave immediately and must not let this guy follow him!

Maybe one day when he sleeps, his butt will be gone!

“Don’t get me wrong, fellow Daoist Chen, I’m joking with Master Hu!”

“Look at my masculine energy, how could I be that kind of person!”

“I have a wife and children in the Wuxu world, please don’t get me wrong!”

Xiu Rui hurriedly explained, he was really afraid that David would abandon him!

In this place where I don’t know what realm, if he is left alone, it will make no difference to let him die!

“That’s good, your words really make my chrysanthemum tight...”

David said!

Xiu Rui could only laugh foolishly!

As they were talking, the three of them had been flying for more than an hour, but they found that they had not seen a single person in more than an hour, not even an animal!

“Master Hu, we must have flown thousands of miles, why can’t we see anything?”

“Will we fly to the end and there will be nothing?”

David asked!

“Damn, where are we? This heaven is vast, do you think it’s the same as the secular world?”

“Hundreds of hells in the secular world are not enough for a corner of this heaven.”

Hu Mazi explained!

“fu**, it’s too big!” David was speechless: “Then will we fly to the second heaven? Where is the second heaven?”

“With your strength, you can’t reach the second heaven. In fact, the thirty-six heavens of heaven are all in the same space, but the spatial dimensions are different. It’s not like climbing the ladder, layer by layer.” “

If you want to enter the second heaven, you must be able to cross the spatial dimension. You can’t even perceive the space of the first heaven now, how can you go to the second heaven?”

Hu Mazi laughed!

Full Read Online **Chapter 4909** of the novel **A Man Like None Other**

Chapter 4909

“Can people from the second heaven come to this heaven?”

David asked!

“Of course they can. Not to mention the second heaven, even the supreme saints of the thirty-six heavens can come to the first heaven, but they can’t come!”

“In their eyes, you are not even an ant. What are you doing here?”

“Think about yourself. Would you go to the world of ants to show off? Would you feel good if you stepped on dozens of ants to death?”

“And what can you get in the world of ants?”

“Nothing but wasting time!”

Hu Mazi said!

“That’s true, but if people from the second heaven can also come to the first heaven without any restrictions, wouldn’t it be very dangerous for people from the first heaven?”

David was a little puzzled. If there were no restrictions, how dangerous it would be!

“This is the heaven, you may lose your life at any time. Now a celestial being from the Ninth Heaven has come to the First Heaven and can directly destroy everyone in the First Heaven!”

“I remember that many years ago, the Third Heaven was completely wiped out by a golden immortal, but as time passed, cultivators would reappear in the Third Heaven, and the Third Heaven would still be the Third Heaven!”

“After that time, the golden immortal was punished by the Heaven, as if his body and soul were destroyed. The heaven has its own rules. Even if you can destroy a world at will, you can’t do that!”

Hu Mazi explained to David!

After all, David knew too little about the heaven!

Xiu Rui was listening on the side and supplemented his knowledge of the heaven!

“Swoosh...”

Just when David and the others were chatting vigorously!

Suddenly, a sharp arrow came quickly, and there was a trace of cutting through the void behind the sharp arrow!

“fu**...”

David and the other two were shocked. They were attacked by someone without paying attention!

Fortunately, although this arrow is extremely sharp, its speed is not particularly fast!

After David and the other three barely dodged it, they instantly looked in the direction where the sharp arrow came from!

At the same time, David held the Dragon Slashing Sword and had already slashed it out with one sword!

But when David slashed out with one sword, he found that a child’s head was sticking out from where the sharp arrow had just come from!

There was a horn on the child’s head, and a pair of big black eyes were secretly looking at David and the others!

David was stunned, and then he turned his wrist, and the sword energy directly changed direction, brushed past the child, and then blasted a deep pit on the ground!

The child was also startled, and then shouted: “Sister, there are human beings breaking into our territory...”

Seeing this, David instantly realized that this was not the human race’s domain, but the beast race’s domain!

So David exuded the beast race’s breath in his body!

Hu Mazi and Xiu Rui also hurriedly put the hidden talisman on their bodies!

Along with the child's shouting, a girl who looked only eighteen or nineteen years old came running quickly!

When she saw David and the other two, she slapped the child and said, "Who told you to run around? You three are obviously from our tribe, but you said you are from the human race?"

"I..."

The child looked aggrieved, but looking at David and the other two, he did not detect the breath of the human race!

"Three Taoist friends, I'm really sorry. My brother is still young and is not familiar with distinguishing breath. I'm really sorry."

The girl stepped forward and apologized with David and the other two!

"It's okay, but this kind of thing can't happen again in the future. Just now, your brother attacked us. If we hadn't dodged in time, we would have been injured."

David followed the girl and said!

When the girl heard it, she pulled the child over with a cold face and said, "Why don't you apologize, you reckless guy, if you hurt someone of the same tribe and are reported to the city lord, we won't be able to enter the city!"

"I'm sorry, I didn't mean it..."

The child hurriedly apologized with David and the others!

Chapter 4910

"It's okay, it's okay, it's still a child!"

David hurriedly stroked the child's head!

David didn't know that the child's realm was higher than his. He was in heaven as soon as he made a move, with a body of immortal bones!

This is why some people are born in Rome, while others can't get to Rome even after struggling all their lives!

Hu Mazi looked at the child with horns on his forehead, and curiously stepped forward to touch the horns on the child's forehead, and said with a smile: "It's fun, follow the chicken..."

David glared at Hu Mazi, and Hu Mazi shut up instantly, fortunately he didn't say the last word!

The girl looked at David and the other three, and said in surprise: "You three are from the world below, and were led by the avenue, right?"

David nodded: "Yes, how did you see

that?" "You are still in the realm of immortality. Of course, you were led by the avenue from the world below. The children born in our heaven are all immortals!"

David was speechless and could only smile awkwardly!

"Don't be angry, I'm not trying to hit you. Many cultivators here who were led by the avenue from the world below have become immortals, and some have even reached higher planes."

"Speaking of which, you three are lucky. You were directly teleported to the realm of our beast tribe. If you were teleported to the realm of other tribes, you would be in danger."

"You may also be locked up and imprisoned. It looks peaceful here, but it is much more dangerous than the world below!"

The girl comforted David!

David smiled, then asked: "We just came all the way here, running for nearly an hour, how come we didn't see anyone? We didn't see the city, there are too few people in this beast tribe domain, right?"

Listening to David's words, the woman suddenly covered her mouth and smiled, "This area of hundreds of thousands of miles is the beast tribe domain, and this area of tens of thousands of miles is our Rhino City's territory. How far can you run in an hour, just to see people!"

"Hundreds of thousands of miles?" David was shocked. One domain is hundreds of thousands of miles. How big would it be if the three domains were added together?

Even if I fly to death, I probably won't be able to fly to the border!

“Such a big place, you are afraid that you will never be able to go to other places in your life, right?”

David asked in shock!

The

girl continued to smile and said, “Why not? This place is more than 10,000 miles away from Rhino City. I came here to play with my brother.”

“How long did it take you to get here?” David asked curiously!

“Well... a few breaths?”

The girl said after thinking for a moment!

“A few breaths?” David was shocked!

“We can all jump in space, so we don’t need to fly around. Don’t you know how to do it?”

After the girl finished speaking, she gently made a circle in the air with her palm. The whole person disappeared in the circle in an instant, and then appeared again in an instant!

David looked at this scene, took a deep breath, and was numb!

In the world of heaven and man, that kind of magical space jump has become something that everyone can do in a place like the heaven!

And people can fly thousands of miles in one step, but they have to fly for an hour!

“I don’t know the names of you two sisters yet!”

David wanted to get close to the girl to see if he could learn something from her!

It would never be wrong to be friends with these natives of the heaven!

“My name is Niu Li, and my brother is Niu Ben.”

The girl said, looking at David and said, “I don’t know your names yet!”

“My name is David, this one is Hu Mazi, and this one is Xiu Rui!”

“Can you take us to Rhino City? If we fly there by ourselves, it will probably take a long time!”

David hoped that the girl could take them there!

If they fly such a long distance, they will be exhausted to death!
