Chapter 4911

“Of course, you guys come with me!”

Niu Li nodded!

“Sister, I still want to play for a while. We finally got out. If we go back, our parents will definitely not let us out again.”

Niu Ben said reluctantly!

“You still dare to say that, if these three Taoist friends just now were not beastmen, you would be in danger. I will just take you to see the outside world. After I go back, my parents will definitely say me!” After

Niu Li finished speaking, she drew a circle with her fingers in an instant, pulled Niu Ben up and walked in!

Seeing this, David and the others hurriedly followed!

David and the others only felt their bodies lighten, and then they appeared thousands of miles away!

The girl kept drawing circles with her fingers in the void, and David and the others jumped through space again and again!

In just a few breaths, David and the others came to the foot of a high mountain!

There is no green grassland here, and large areas of rocks are exposed on the ground!

Then looking into the distance, I saw a huge city standing at the foot of the mountain that was thousands of miles tall!

The city was huge, and the city gate alone was probably a hundred feet high!

Compared with the Sun and Moon City in the Heavenly Realm, this Rhino City is hundreds of times larger!

In front of this huge city, there is a moat that is a hundred miles wide, and there is black water flowing in the river!

At the top of the city gate, there is also a huge rhino statue!

The rhino's horn is hundreds of meters long!

Just looking at the city in front of you can scare people half to death, let alone going in!

Even from such a distance, the terrifying aura in the city can still be sensed!

Hu Mazi and Na Xiurui's faces became very ugly at this time!

Because the two of them concealed their auras and pretended to be beastmen, if there were strong people in the city who saw through them, it would be troublesome!

Niu Li looked at the frightened look of Hu Mazi and Xiu Rui, and said, "Don't be afraid, we are all very friendly as beastmen."

"In this city, there are many cultivators like you, all of whom are guided here in various ways."

"In the three heavens of this heavenly world, there are very few natives. My parents were also unable to ascend and were guided here by the avenue."

"Later, we cultivated to the realm of scattered immortals. With our two siblings, we can inherit the immortal bones of our parents."

Niu Li dispelled David's concerns. After all, David and his friends had just been guided to a strange place by the avenue, and their realm was not strong, so they would definitely be nervous and scared!

"Thank you, if it weren't for you, we would probably have to sleep outdoors!"

David said with a smile!

"You're welcome, follow me into the city!"

After Niu Li finished speaking, she waved her palm towards the city!

Soon, a white light shot out from the city and shone on Niu Li!

With the white light flashing three times, a huge barrier slowly moved away in the void in front of David and his naked eyes!

If it weren't for the abnormal movement of this barrier, David and his friends wouldn't have noticed it!

If the three of them flew straight over, they would definitely hit it!

“Okay, this is the city’s defense formation. Only when it is opened can we get in!”

Niu Li said, and took off directly!

David and his friends also flew into the city!

Hu Mazi and Xiu Rui were extremely nervous at the moment, only David seemed to be fine!

After all, the beastman’s aura on David was real!

On both sides of the city gate, there stood two teams of guards in armor!

After seeing David and his friends coming, the guards all stood solemnly and raised their weapons high!

This scared David and his three friends, who thought they were going to attack them!

But they heard the guards shouting loudly: “Welcome the princess, the prince...”

“Princess? Prince?”

David and his three friends were stunned, and then looked at Niu Li and Niu Ben!

Chapter 4912

They didn’t expect that these two people were actually the princess and prince of Rhino City!

In other words, their parents were the city lords of Rhino City?

Niu Li gently stroked her palm, and a soft white light enveloped the guards!

“Thank you, Princess!”

The guards became obviously excited and happy, and then quickly opened the city gate!

Just after Niu Li and Niu Ben entered the city, David and the others followed behind, but were stopped by a guard!

“Stop, what are you three doing? Where are you from?”

The guard looked at David and the other three cautiously and asked!

“We are also beastmen, and we are here to play in the city...” David replied!

“I know you are beastmen, but you can’t go in without a pass!”

The guard stopped David and the others and said!

Before David could speak, Niu Li, who was entering the city in front, turned around and said, “They are my friends, let them in!”

The guard immediately stepped aside when he heard it, and then said apologetically, “I’m really sorry, I didn’t know you were the princess’s friends!”

“Fuck, you look down on people!”

Hu Mazi squinted his eyes and cursed the guard!

The guard could only listen, with a smile on his face, they dared not offend the princess’s friends!

After following Niu Li’s siblings into the city, Niu Li gave David a very small token, and then said, “You guys go around the city first, I want to take my brother home and tell my parents, otherwise my parents will definitely be anxious!”

“This token can communicate and locate, I know your location, I will find you then!”

David nodded, took the token, looked at it carefully, and found that there was nothing special about the token!

The only difference is that the token contains fairy spirit!

After Niu Li’s siblings left, David took Hu Mazi and Xiu Rui around the city!

Looking at the bustling streets, David found that the city of the heavenly world was not much different from the heavenly world, and there were all kinds of shops on both sides of the street!

Sure enough, in this city, David found many monks in the immortal realm, and they were obviously led here through the avenue!

However, cultivators like David who are at the first level of the Immortal Realm are really rare!

The worst cultivators encountered are all at the eighth level of the Immortal Realm. After all, if you can be guided by the Great Dao, you must have some strength!

“This heaven doesn’t seem to be as good as imagined...”

David said with some emotion!

How many people have practiced desperately to ascend to the heaven, and even abandoned their wives and children to fight for resources!

Just to be able to ascend to the heaven!

But now David and his friends have come to the heaven and found that the heaven is not as good as imagined!

Just when David was strolling with Hu Mazi and Xiu Rui, he suddenly found a huge stage in front of him, with many people gathered there, and there were bursts of shouting!

“What is going on in front? It won’t be a circus?”

Hu Mazi asked curiously!

When David heard this, he couldn’t help but give Hu Mazi a blank look and said, “Master Hu, can you use your brain? This is the beast world, all beasts, will they organize a circus?”

The people here are all beasts, they are all kinds of animals, but because of cultivation, they have become human forms!

Now they have become human forms, and then they are doing some animal performances?

Is this possible?

“Let’s go and have a look, maybe there will be striptease!”

Xiu Rui said as he looked at the crowd in front!

“Fellow cultivator, do you have striptease in your Wuxu world?” David asked curiously!

“Of course there is, those strippers are very powerful, after all, the conditions for them to earn resources are very simple.”

“Just do a striptease, twist your butt, and you can earn resources. I’m so envious that I want to become a woman!”

Xiu Rui said!

When David heard this, he couldn't help but smile, but in some ways, women do have advantages over men!

"Let's go and have a look, what good things are there!"

David took Hu Mazi and Xiu Rui towards the stage!
