Chapter 4928

The next morning!

David walked out of the room with his father-in-law!

At this time, there was no sound in Hu Mazi's room, and Hu Mazi walked out with two big dark circles under his eyes.

Xiu Rui also came out of the room. When he and Hu Mazi saw an old man coming out of David's room, they were all stunned!

"Damn, David, you kid won't be a perverted fan of this, right?"

Hu Mazi took a look at the old man and said.

"Master Hu, what nonsense are you talking about? This is my father-in-law, who was also a cultivator in the heavenly world."

David introduced the old man to Xiu Rui and Hu Mazi, and then introduced him to the old man: "Father-in-law, these two are my friends, Xiu Rui, Hu Mazi..."

"Hello, I am Fox King Bai Yi." The old man said lightly.

After the introduction and greeting, David said to Bai Yi: "Father-in-law, can you take us to the black market..."

"Sure..."

Bai Yi nodded!

"Black market? What black market? Selling women?"

Hu Mazi was immediately interested when he heard it!

"Master Hu, two women are enough. You are not afraid of being exhausted if there are more!"

David was speechless.

The four people walked out of the inn and led by Bai Yi to the black market.

“David, when did you play the game of humans and beasts in the world of heaven and man? You actually messed with the father-in-law of the beastman.”

Hu Mazi asked David in a low voice.

“If you can speak, speak well. If you can’t speak, don’t say it. What is human and beast?”

“Although they are all beastmen, they have long transformed into human bodies and are already human beings.”

“Now the whole Rhino City is beastmen, so don’t you want to play with the women here?”

David said!

“Think about it, of course I do. Even if the women here don’t transform into human bodies, I want to have a taste...”

Hu Mazi said with a smile.

David rolled his eyes when he heard it, and stopped chatting with Hu Mazi.

This guy dares to say anything sometimes.

Bai Yi took David and the others around the city for more than an hour, and finally stopped at a courtyard that looked very dilapidated.

Outside this courtyard, soldiers patrolled from time to time.

The courtyard was dilapidated, as if no one had lived there for a long time.

Bai Yi looked around and found that no one was paying attention, so he took David and the others into the dilapidated courtyard.

After entering the courtyard, Bai Yi stretched out his right hand and gently pressed in the void.

With a flash of white light, everyone felt a black screen in front of their eyes, and then they appeared in a huge passage.

Fortunately, Bai Yi was in front, otherwise David and the others would definitely be scared by this sudden change.

Passing through the huge passage, soon everyone saw a bright light in front of them. In this area, many people shuffled through it, and there were also guards wearing black leather clothes and holding weapons.

Everything is for sale here, and the place is bustling with people.

Not far away, on a high stage, two people are fighting desperately.

Around the stage, a group of people with red eyes are shouting loudly. These are gamblers who have placed bets.

At the top of this huge area, several houses suspended in the air are constantly shuttling back and forth, and people can be seen moving in the rooms.

David and his friends were very curious, and then followed Bai Yi to continue walking forward!

But when they walked in front of those wild-clothed guards, those guards suddenly stood up straight, and then shouted to Bai Yi respectfully: "The owner..."

Bai Yi nodded slightly, which made David and his friends stunned.

And those people in the black market, after seeing Bai Yi, also shouted: "The owner of the white house..."

David walked to Bai Yi with some confusion, and then whispered: "Father-in-law, are these people familiar to you?"

"And those guards, why do they call you the owner?"

Bai Yi smiled slightly: "Because this black market is called Linghufang, and I am the owner of this black market, of course they call me the owner."

"What?" David's face was full of shock.

He never thought that Bai Qian's father, his father-in-law, had such a big black market in this Rhino City.

Then wouldn't he be able to rely on his father-in-law's strength to do whatever he wants in this black market? Hu

Mazi and Xiu Rui also hurried forward and asked the shocked David: “David, your father-in-law has such a big power, why didn’t you tell me?”

David was speechless for a while, what did he say?

He just knew that he had such a father-in-law.

He just knew that his father-in-law also had such a big black market.

“Come with me...”

Bai Yi said, and then he jumped lightly and entered the floating room directly!

David and the others followed him into the room.

After entering the room, they found that it was magnificent, and through the window of the room, they could clearly see the situation of the entire black market.

“My dear son-in-law, is my place okay?” Bai Yi smiled slightly.

“It’s great. I didn’t expect my father-in-law to be so awesome. He has built such a big power in just a few hundred years.”

David praised Bai Yi.

But Bai Yi smiled and said, “It’s just running a black market. The power is nothing. There are more than ten black markets of this scale in the whole Rhino City.”

“Speaking of which, I just work for those wealthy nobles. Those people have some things that are difficult to handle on the table, so they leave them to us to deal with.”

“Speaking of power, who in the whole Rhino City can compare with the city lord...”

David was very moved when he heard it, mainly because the Rhino City was too big. There were more than ten black markets of this scale.

“Father-in-law, what about the Long family in Rhino City? I seem to have offended someone from the Long family last night.”

David thought of Long Qi, so he asked.

“The Long Qi you defeated last night, don’t look at him pretending to be powerful, the Long family is not powerful. If the Long family dares to cause trouble to you, I can deal with it.”

“You don’t have to think about it. If you are really powerful, do you still cheat in the ring and enter the City Lord’s Mansion?”

“The families that are really powerful in Rhino City don’t have to go through so much trouble. They have sent their family members to the City Lord’s Mansion long ago.”

Bai Yi said with a disdainful smile.

David thought about it and it was right. Why would a family that is really powerful cheat in the ring?

Just like the children of a big family in the secular world, who would follow a group of ordinary people to take the civil service exam and find ways to cheat?

Just a phone call, a meal, and the quota is set for you, and it’s a carrot post, almost without naming the name.

“So it’s pretending to be powerful, then I don’t have to be afraid.”

In fact, David has always been worried about Long Qi’s revenge.

After all, he was unfamiliar with the place, and Hu Mazi and Xiu Rui were both human. If their identities were exposed, they would not be able to gain a foothold in Rhino City.

“I will protect you in the future. As long as you don’t act too arrogant and offend any big shots, nothing will happen.”

“But your two human friends must not reveal their human identities, otherwise no one can protect them.”

Bai Yi said to David!

“Don’t worry, father-in-law, I will make them cautious.”

“I’ll go to the ring and try to beat them a few times!”

David was a little bit eager and couldn’t help it.

Although David might not be an opponent if he used his real strength, these people were just noobs in his eyes based on physical strength and physical toughness.

“Why are you trying? This is your own place. If you go up and beat everyone away, no one will come in the future. Isn’t this ruining your own business?”

Bai Yi taught David a lesson.

Chapter 4930

“Ah, then you brought me here, didn’t you come here to fight?” David asked in confusion.

“It’s a fight, not a fight for my own family. I’ll let you get to know the family first. This will be my family’s business in the future, and you can help me take care of it.”

“Before, I was alone, and I was busy all day long. Now that you are here, I should be more relaxed.”

“The immortal coins and resources earned every day in this black market should be enough for you to practice.”

“I will take you to other people’s black markets to smash the place later, don’t embarrass me!”

Bai Yi warned David!

“Father-in-law, don’t worry, I will never embarrass you.”Chen

Ping patted his chest and promised.

At this moment, David suddenly found that this father-in-law had a bit of the feeling of the underworld godfather in the secular world.

Before I knew it, I had become a son-in-law of the underworld, and I was also bringing trouble to the place...

Damn, life in this heaven is no different from the secular world.

For fame, for resources, for the seven emotions and six desires, fighting and killing...

“Nuo Qing...”

At this time, Bai Yi shouted!

Soon, a middle-aged man in white clothes appeared, and then said respectfully:
“Master...”

“Go and arrange the staff. We will go to Baohufang to mess up the place. Last time, Baohu won a lot of fairy coins from us. This time we have to get them back.”

“This is my son-in-law. He will be the second in command of Linghufang. You should get to know him.”

Bai Yi said to Nuo Qing.

Nuo Qing glanced at David, with some doubts and confusion in his eyes.

How could a guy who was in the first rank of the fairyland become Bai Yi’s son-in-law?

And he also became the second in command of Linghufang?

However, Bai Yi was present, so Nuo Qing could only say to David: “I hope that the son-in-law will help you more in the future.”

“Okay, okay...” David nodded repeatedly!

Nuo Qing left to gather people.

Bai Yi took David, Hu Mazi and Xiu Rui to the black market again, so that David could get familiar with it.

After Nuo Qing gathered people, Bai Yi led everyone to leave the black market and headed towards Baohufang.

Bai Yi took David and the others and soon arrived at Baohufang. Baohufang was also in a very hidden place, surrounded by formations.

Through the formation, they were teleported into Baohufang. It seemed that these black markets were the same. In the underground of Rhino City, the entrances and exits were hidden by formations.

Entering Baohufang, David found that the scale of Baohufang was a little larger than Linghufang, but the various facilities and conditions were not very sophisticated and looked a little shabby.

“Old Bai, you are not convinced, and you want to mess up the place?”

At this time, a tall, muscular middle-aged man came over.

“Bao Hu, you smashed my place last time and won a lot of immortal coins and resources. This time, of course, I will smash your place again.”

Bai Yi looked at Bao Hu and said.

“No problem, I welcome you to smash my place at any time, as long as you have the ability.”

“But you don’t seem to have strong subordinates, right? And I heard that you went to the official arena to look for candidates.”

“Are you not old and confused? Now the official arena is a joke, full of cheaters, where can you find real warriors.”

Bao Hu sneered and looked at Bai Yi with mocking eyes.

“Bao Hu, don’t be too happy too early. Today, I will let my son-in-law meet you, the warrior of Bao Hu Fang.”

Bai Yi said coldly!

He saw the strength of David’s body last night, so he still had confidence in David.

“My dear son-in-law? When did you have a daughter?” Baohu was puzzled: “I have known you for hundreds of years, but I don’t see that you have a daughter.”

“My daughter is not in heaven, and my dear son-in-law was just led here through the avenue.”

Bai Yi said proudly.
