## **Chapter 4931**

After hearing this, Bao Hu began to look at David, Xiu Rui and Hu Mazi, because only three of them were unfamiliar to him.

Bai Yi's son-in-law must be among the three.

"Which one of these three is it?" Bao Hu asked.

Bai Yi pointed at David: "This is..."

Bao Hu was stunned, and then laughed: "Old Bai, your son-in-law is only the first level of the fairyland, and he looks extremely thin. What are you proud of?"

"Don't look down on others. Don't look at my son-in-law who is thin, he is full of muscles."

"Just say whether you dare to compare..."

Bai Yi snorted.

"Dare, why not, I will pull out anyone and beat your son-in-law to death."

Bao Hu sneered. In his eyes, David's small body could be slapped away with a slap.

"Okay, since you dare to compete."

Bai Yi said, looking at David and said, "My dear son-in-law, are you okay?"

"Father-in-law, I'm fine. I'll see who can beat the shit out of me later."

David nodded affirmatively.

"Okay!" Bai Yi nodded.

The group then came to an arena, and Baohu said, “Old Bai, it’s still the same old rules. One hundred thousand immortal coins per game. If the immortal coins are not enough, you need to use resources to make up for it.”

“No problem!” Bai Yi nodded.

David heard that one game actually cost one hundred thousand immortal coins, and he couldn’t help but feel a surge of pressure.

You know, in the official arena, it’s only one hundred immortal coins, and only one thousand immortal coins will be given after ten games.

Two women can be bought for five hundred immortal coins.

Unexpectedly, in the black market, one hundred thousand immortal coins are asked at the first opening.

“Father-in-law, this...isn’t this bet too high?”

David asked in a low voice.

“Tall ass, this violent tiger won more than 100,000 immortal coins from me. You have to win a few more games so that I can get back what I lost before.”

“It would be best if I could be invincible and win back his black market directly, making this kid bankrupt.”

Bai Yi had high expectations for David.

“Let me try!” David was speechless!

“Old Bai, stop dithering, and let your son-in-law come on stage.”

“But I have to say something ugly in advance. Your son-in-law is too thin and weak. If he slaps to death, you can’t blame me.”

Baohu said with a sneer on his face.

“It’s not certain who will die!” David said, and jumped onto the stage.

At this time, Baohu looked at a tall and strong guy next to him: “Xiaohu, you go up, don’t show mercy, win these 100,000 immortal coins, and give you some.”

“Thank you, big brother.”

The little tiger was full of joy, and then jumped onto the stage.

David looked at the little tiger in front of him. He was more than three meters tall, and his fist was bigger than his head. This body shape is still called a little tiger?

Compared with the little tiger, David was too thin.

“Everyone, let’s have a competition with Linghufang. Anyone who wants to place a bet can do so now.”

“No matter how much money you bet, I think Baifangzhu will pay it out in the end.”

Baohu began to shout loudly.

All the cultivators who were originally in the black market came over one after another!

After seeing David and Xiaohu on the stage, they all laughed.

“Baifangzhu, is there no one left in your Linghufang? Why did you send such a skinny person to the stage?”

“It seems that Baifangzhu is not short of money. What’s the point of such a huge competition?”

“I bet one thousand immortal coins on Baohufang, and I will bet all my wealth...”

“I bet too, I bet too...”

Everyone bet like crazy on Baohufang to win, and they bet all their wealth. After all

, in this kind of sure win situation, who doesn’t want to make more money.

“Master...” Nuo Qing whispered in Bai Yi’s ear: “Too much has been bet, we may not be able to afford the compensation.”

“It doesn’t matter, I believe in my son-in-law.”

Bai Yi’s face was calm, but there was a hint of pride on the corners of his mouth.

## Chapter 4932

After all, he had seen David's strength last night. Only this strong contrast in size could make the opponent careless.

Baohu saw that everyone was betting on him to win, and looked at Bai Yi with more sarcasm.

"Old Bai, the competition has not started yet. If you are scared at this time, you only need to apologize to me, and you don't have to pay."

Baohu said to Bai Yi.

"Stop talking nonsense, let's get started." Bai

Yi said.

Baohu waved his hand, and four beams of light rose around the entire arena. Then these beams of light emitted rays of light, and finally connected into one, covering the entire arena.

David looked at the complicated magic circle and couldn't help laughing. The arena of Baohufang was far inferior to the official arena outside.

"Such a big place, but the formation on the ring is so complicated and old, and full of loopholes."

Hu Mazi sneered when he saw this.

Baohu glared at Hu Mazi coldly when he heard it. He was certainly not happy that he dared to say that his ring was broken.

However, he could not find many formation masters, and they were not very strong, so it was good enough to be able to set up this kind of formation on the ring.

"The formation is turned on, and the competition begins..."

Baohu shouted!

Xiaohu looked at David and grinned, "I'm sorry, little bas\*\*\*. If I defeat you, my big brother will give me money, and I can go play with women."

After Xiaohu finished speaking, he punched David!

That fist was bigger than David's head, and it fell from the sky and swooped down.

With the strength of this flesh, this punch actually made a sound of breaking through the air.

David looked at Xiaohu's punch, motionless, with contempt in his eyes.

Seeing this guy punch, David knew that even if he didn't move, he could break his arm.

"Isn't this guy scared silly?"

"Standing still, isn't this courting death?"

"If you can't win, you can dodge. What's the point of standing still?"

Everyone was very puzzled as to why David stood still.

"Master..." Nuo Qing frowned and called Bai Yi.

David is Bai Yi's son-in-law anyway. If he was really killed by a punch, it would be too embarrassing.

Bai Yi did not speak, but looked at David on the ring with a calm face.

Boom!

Xiaohu's punch hit David hard.

For a moment, the ring shook violently, and everyone thought that David would definitely be killed!

"Ah..."

A violent scream sounded, but the sound did not come from David's mouth.

It came from Xiaohu's mouth. Xiaohu's arm was bleeding, and the huge fist actually revealed white bones at this moment.

It turned out that Xiaohu's fingers were all broken, and the bones pierced the skin and exposed.

And David still stood there, motionless, with a mocking smile on his face.

"What?"

So people were shocked when they saw this scene. You know, Xiaohu's punch just now was enough to have a thousand pounds of strength. This is pure physical strength, without any magic breath.

A thousand-jin force can smash a person into a pulp, but when it hit David, David was not hurt at all.

Baohu also widened his eyes, his face full of disbelief.

Even Na Nuo Qing was stunned, and his performance was somewhat unexpected.

Bai Yi laughed, with a satisfied look on his face.

"Xiaohu, what's the matter?" Baohu roared.

"Brother, this guy's body is as hard as steel, I can't beat him..."

Xiaohu's bloody arm drooped, and he said very frustratedly.

"fu\*\*, useless thing, don't you still have one hand? Kill him for me, you must not admit defeat."

Baohu roared, this is 100,000 immortal coins.

Others were also anxious: "Kill him, kill him..."

After all, they all bet on Baohufang to win. If Xiaohu loses, they will all go bankrupt.

Seeing this, Xiaohu could only endure the severe pain, then raised his left hand, clenched it tightly into a fist, then gritted his teeth, roared, and smashed towards David.

## Chapter 4933

Maybe the severe pain stimulated Xiaohu's nerves, and this punch was even more fierce than before.

Everyone held their breath and watched Xiaohu's punch!

They hoped that Xiaohu could knock David down with one punch, because this punch was related to their entire property.

"Go to hell..."

Xiaohu roared and punched David's door. This

time, it seems that he wants David to die.

David looked at the furious Xiaohu and couldn't help but sneered, then raised his hand lightly.

David directly resisted Xiaohu's fist, making it impossible for Xiaohu's fist to move forward.

Xiaohu's huge fist was dragged by David's small palm. This drastic contrast made everyone feel that their breathing was almost stagnant.

"fu\*\* you..."

David gently let go.

I saw the tall body of the tiger soaring directly into the air, and then in a parabolic posture, it fell heavily to the ground, smashing a deep pit in the ground.

At this moment, everyone was silent, staring blankly at the tiger spitting blood.

"Who else?"

David looked around and asked in a very pretentious manner.

Bai Yi shouted excitedly: "Hahaha, my son-in-law is awesome, my son-in-law is mighty..."

"Nuo Qing, collect the money..."

Nuo Qing immediately led people to collect the immortal coins. Everyone looked at their money, which was taken away, and they felt distressed, but they had no choice but to accept the loss.

No one dared to make trouble in the black market. After all, the black market was not allowed. If a fight broke out in the black market, once the breath was leaked, the combat team would soon find out.

"fu\*\*, you waste..."

Looking at the tiger spitting blood, Baohu was furious, and punched it down, smashing the tiger to pieces, and went to see the king of hell.

Seeing Baohu's ruthless look, everyone stepped back a few steps.

“Bao Hu, it’s just a competition, there are winners and losers, how come you even killed your own brother?” Sorry, there was an error loading the chapter content . We

Bai Yi looked at Bao Hu and asked.

“It’s none of your business. Do you dare to compete again?”

Bao Hu asked angrily.

“Of course I dare. I’m just afraid that you don’t dare.” Bai Yi smiled faintly.

“Big Tiger...”

Bao Hu shouted, and an iron gate slowly opened. Then a man with a height of nearly ten meters, a huge body, and a full face of beard walked out!

Every step he took would make the whole Bao Hu Fang tremble.

Seeing the big tiger appear, Bai Yi’s face became solemn.

This guy’s palm is bigger than David’s whole body.

Seeing Bai Yi’s expression, Baohu snorted coldly: “Are you scared? Let me tell you, this big tiger is extremely powerful. He can move mountains and fill the sea with his physical strength. His punch is as strong as ten thousand pounds.”

“Not to mention fighting, if he steps on you, I’m afraid your son-in-law won’t even have a bone residue left.”

Bai Yi looked at David solemnly: “Son-in-law, can you still do it?”

“If not, we can stop the competition now. Although we haven’t made back our money yet, we have made back a lot.”

Bai Yi was afraid that David was not the opponent of this big tiger. After all, the opponent’s body was too big.

In a simple comparison of physical strength, the bigger the body, the more advantages it has.

“Don’t worry, father-in-law. Let alone a ten-meter body, I’m not afraid of even a giant as big as a mountain.”

David said confidently.

“You are not bragging, are you?” Bai Yi was afraid that David was deliberately bragging in front of him for the sake of face.

This is a matter of life and death. You can’t pretend, otherwise you will really lose your life.

“I believe in my own strength, I’m not bragging.”

David said loudly.

“That’s good, I don’t want my daughter to come to heaven and find out that you are dead, leaving her a widow, she will definitely fight me to the death.”

Bai Yi was afraid that David would die, so he couldn’t explain to Bai Qian.

## **Chapter 4934**

“Big fool, come on...”

David waved at the big tiger.

“Big tiger, kill him, don’t hold back.”

Baohu roared.

The big tiger nodded, then jumped onto the stage.

The big tiger’s huge body landed on the ring with a bang, and the entire Baohufang trembled. The dust on the ground was shaken into the air, forming a hazy mist under the light.

His copper bell-like eyes stared at David, with violent flames dancing in his pupils, and two streams of white air spurted out of his thick nostrils, as if an angry prehistoric beast was waking up.

“Little bug, I will crush you into a meat paste!”

The big tiger’s voice was like a rolling thunder, shaking the lanterns around the ring and making the flames flicker.

His voice was filled with cruel excitement, as if he had foreseen the scene of David being crushed into a pulp.

David just smiled contemptuously, with a dangerous arc at the corner of his mouth.

He slowly rolled up his sleeves, revealing his thin but well-defined arms, and then hooked his finger at Dahu: "Come, let me see how much weight you, a big fool."

His voice was not loud, but it was clearly heard throughout the Baohufang, with unquestionable confidence. Baohu

raised his head and laughed, his voice like a bell: "Boy, kneel down and beg for mercy now, and I can still leave you with a whole body!"

David smiled coldly, without responding, but just moved his wrist, and his knuckles made a crisp sound.

This seemingly casual action made Dahu's heart inexplicably tight, and his intuition told him that this seemingly weak opponent in front of him was by no means as simple as it seemed.

Da Hu took the lead. He moved his sturdy legs and rushed towards David like a moving hill. Cracks appeared on the ground under his stomping.

He looked up to the sky and let out a deafening roar. The sound waves impacted the protective barriers around the ring and rippled.

Then, his huge fist smashed towards David with a sound of breaking through the air. Wherever the fist wind passed, the air was squeezed into visible ripples and made a sharp explosion. Pinshu.com <https://www.vodtwla.cc>The

power of this punch was enough to flatten a small hill!

The people in the audience covered their ears one after another. Some of the weaker ones were even knocked to the ground by the fist wind, their faces pale.

Some people had closed their eyes, unable to bear to see David being smashed into a meat paste.

Bai Yi stood at the edge of the ring, with fine beads of sweat oozing from his forehead, but he felt a little relieved when he saw David's calm appearance.

He wiped the sweat off his face and whispered, "My dear son-in-law, you must hold on..."

However, David only slightly turned sideways, his movements were as graceful as strolling in a garden.

The huge fist brushed the corner of his clothes and hit the ring, immediately smashing a two-meter-diameter hole in the specially made obsidian ring, with gravel flying and smoke and dust filling the air.

“Too slow.”

David sneered, with undisguised sarcasm in his voice. His figure suddenly blurred, and the next moment he appeared behind Da Hu, so fast that he didn't even have time to leave a residual image.

“What?!”

Bao Hu stood up from his seat suddenly, his eyes wide open, looking at this scene in disbelief.

His fingers unconsciously crushed the armrest of the seat, and wood chips fell from between his fingers.

David jumped lightly and jumped onto Da Hu's shoulder, his movements were as light as a fallen leaf.

He squatted down, patted Dahu's stubbled cheek, and said frivolously: “Big fool, didn't your mother teach you to watch your back?”

Dahu roared and reached out to grab David on his shoulder, but only grabbed a ball of air. David had already dodged to his other shoulder and was having a lot of fun.

“Damn rat! Get down!”

Dahu was furious, and his huge palm slapped his shoulder, but he missed it every time.

His movements were as slow as a snail in David's eyes.

## **Chapter 4935**

After enough of the teasing, David jumped off the tiger.

The tiger was teased, his face full of anger, and he roared loudly, like a mad bull.

Then he punched David fiercely, but this time David did not dodge. Chen

Ping did not dodge, but grabbed the tiger's fist with his palm, and his palm collided with the tiger's fist.

In an instant, a dazzling light burst out, and a strong air wave spread out from the collision point. Everyone was knocked to the ground by the air wave and had to raise their hands to cover their eyes.

When the light dissipated, everyone was surprised to find that the tiger's huge fist was held tightly by David's palm, and it did not move at all.

"How is it possible!"

Baohu widened his eyes and exclaimed in disbelief.

You know, Dahu's physical strength is unique in the black market. In the past, he always crushed his opponents unilaterally. How could he have encountered such a strong opponent?

Dahu roared, his muscles tensed, veins popped, and he tried to break free from David's restraints.

But David just smiled coldly, and suddenly exerted force on his wrist, and Dahu's fist was twisted by him.

Then, David kicked Dahu's knee, and there was a crisp sound of "click". Dahu's body like an iron tower fell to the ground.

The whole audience was silent, and everyone opened their mouths and couldn't say anything.

They had never seen such a strong physical strength that could compete with an opponent of a huge size difference, and even have the upper hand.

"It's my turn."

David said softly, and although his voice was soft, it exploded in everyone's ears like thunder.

His figure flashed and disappeared in an instant.

The next moment, Da Hu was hit hard in the face. He was knocked flying and hit the wall at the edge of the ring. A huge human-shaped dent was left on the wall.

Da Hu struggled to stand up, but found that his body seemed to fall apart. Every movement was extremely painful.

David walked slowly in front of him and looked down at him: "Is that all you can do?"

Baohu's face turned pale and he roared: "Dahu, get up and kill him!"

Dahu gritted his teeth and tried his best to get up, but was stepped on the chest by David again.

David exerted a little force, and Dahu felt as if his chest was pressed down by a mountain. He had difficulty breathing and his eyes were black.

"Give up." David said.

Dahu's eyes were wide open, but he had to admit that he had no power to fight back in front of this seemingly weak opponent.

He nodded with difficulty to admit defeat.

David retracted his foot, and Dahu collapsed to the ground like a puddle of mud.

The whole audience burst into a deafening cry of exclamation, and everyone looked at David with fear and awe.

"Who else?" David looked around, his eyes like torches, "I want to fight ten by myself..."

Baohu's face was terribly gloomy, he gritted his teeth and said, "Okay, kid, you have guts! In this case, let's go together, I want to see how powerful you can be!"

As he said that, he waved his hand, and ten masters of Baohufang behind him jumped onto the ring.

The heavy footsteps of the ten masters were like the beating of war drums.

These people are all masters of physical training. The shortest one is more than two meters tall, with muscular body and metallic luster on the skin.

They surrounded David in a fan shape, with bloodthirsty light flashing in their eyes.

Bai Yi's face changed drastically, and he shouted anxiously: "My dear son-in-law, no! They are so many and powerful, you are no match for them alone!"

"Keep a low profile when you go out. I can't stop you if you pretend like this..."

Bai Yi was anxious. Although David's physical body was strong and his strength was abnormal enough, it was too outrageous to fight ten by himself.
