## Chapter 4970

The moment the runes merged into the city formation, the entire city trembled violently, and the black-robed monks turned pale, vomited blood and flew backwards.

“My name is David. I came to see your city lord to give him face. If anyone stops me, don’t blame me for killing him!”

David’s voice resounded through the city like a bell, and the aftermath shook the clouds to crack.

These black-robed monks made way with ugly faces.

When David and his men passed through the last city, the eaves of the city lord’s mansion were already in sight.

The vermilion gate slowly opened, and a middle-aged man in a golden python robe stood with his hands behind his back. It was Xie Zhong, the lord of Feihu City.

He swept his eyes over David and the other two and said, “Who are you three? Why have I never seen you in Rhino City?”

The three stepped into the courtyard, and then an ancient jade slip flew out of David’s sleeve: “City Lord Xie, it doesn’t matter who we are. What’s important is that we can negotiate with you on behalf of City Lord Niu.”

Xie Zhong took the jade slip and his pupils shrank suddenly. The atmosphere in the courtyard froze instantly, only the evening breeze rolled up the fallen leaves, circling between the two.

Xie Zhong certainly recognized this jade slip, which was the identity symbol of the Gadfly. With this jade slip, he could make any promise on behalf of the Gadfly.

“In that case, let’s talk...”

Xie Zhong returned the jade slip to David and said!

“Talking to you, can you make the decision?” David asked!

“Nonsense, I’m the mayor of Feihu City. If I can’t make the decision, who else can make the decision?” Xie Zhong

snorted coldly.

“Although you are the mayor of Feihu City, the person who can make the decision is probably not here, right?”

David finished speaking, looking towards the west.

Because to the west of the City Lord’s Mansion, there is a mountain range heading west, and there are more than a dozen cities along the way, all of which are the sphere of influence of Feihu City.

But David found that the dozens of cities in the entire Feihu City formed a formation. Although at first glance, these cities protected the main city in the middle.

But David noticed that the center of the formation was on the mountain range. There was a city with a very large area on the mountain range. It was a small city that was looked down upon by people.

But the center of the entire huge formation was on this small city, which was obviously unreasonable.

So David speculated that Xie Zhong was only the city lord in name only, and the person who really controlled Feihu City must be in that small city.

“What are you talking about? I don’t know what you mean at all. If you don’t want to talk, then please.”

“Anyway, the son of the gadfly is in my hands, and I have plenty of time to wait for him to talk.”

Xie Zhong seemed very angry and said with a cold face!

Seeing Xie Zhong’s expression, David believed even more that his guess was absolutely correct!

“Of course I want to talk, otherwise why would we come here to travel from afar!”

David said!

“Okay, since you want to talk, let’s go in!”

Jie Zhong said, and walked into the room first!

“Brother, be careful of fraud...”

Feng Xian saw this and reminded David.

“Xiansheng, we should be careful. This Jie Zhong is obviously playing tricks on us and sent people to test us at the checkpoint.”

Bai Yi also reminded David.

“You two wait outside, I will go in and take a look. If there is any danger, you will retreat immediately and don’t care about me.”

David said to Feng Xian and Bai Yi.

“Brother, who do you think I am? I will not let you get into danger even if I risk my life.”

Feng Xian said loyally.

Bai Yi glared at David and said, “Xiansheng, if I run away by myself, how can I explain to my daughter? Just go and talk. At worst, the three of us will fight together.”

David nodded, and then followed Jie Zhong into the room!

If it was only Jie Zhong, David would not be afraid at all. With Jie Zhong’s strength, David could still deal with it.
