Chapter 4977

After settling several people, David's figure disappeared in an instant.

David quickly ran towards the depths of the mountains. Without Niu Ben's drag, David's speed was much faster, and only a residual image could be seen.

As David continued to go deeper into the mountains, two cities soon appeared in front of him!

These two cities almost spanned the entire mountain range, blocking the way up the mountain.

There was only one passage in the middle of the two cities!

These two cities were like two doors.

Seeing this scene, David felt even more that the small city on the mountain was definitely not ordinary, and there must be a big shot there!

Even the main city where Jie Zhong was located did not have two cities to respond to the defense, and now the two cities that suddenly appeared must be protecting the seemingly inconspicuous small city on the mountain!

There are a large number of soldiers standing on these two cities, and there is a huge disc on each city gate. David doesn't know what it is for!

But it is obvious that the scale and strength of these two cities are definitely stronger than other cities.

The most important thing is that there is no way to go around and get on the mountains.

And above these two cities, there are still many soldiers patrolling everywhere, and the defense is extremely tight.

After observing for a while, David quietly retreated!

"How about it, can we cross the mountains in front and reach other beast tribe areas?"

Seeing David coming back, Bai Yi asked David!

David shook his head with a serious face and said, "There are two cities blocking the way ahead, and we must break through."

"Brother, can't we go around?"

Fengxian asked.

"No, we must break through. If we can't break through, we can only go back. In that case, we will definitely encounter pursuers."

David said!

"Xianshu, how about the scale of these two cities? Is it easy to break through?" Bai Yi asked worriedly when he heard it.

"It's not easy to break in. There must be tens of thousands of soldiers in these two cities."

"Now we can only hope that their information is not communicated and we can get through!"

David said!

After all, they are all beastmen, and it is normal for them to come and go in and out of the city gate.

But David was afraid that their news had been passed here by Jie Zhong a long time ago. In that case, they would probably be recognized as soon as they showed their heads.

"Try it, be prepared for a fight!"

Bai Yi nodded.

The four people walked towards the two cities. When they arrived at the foot of the city, they saw a large number of soldiers standing on the city gates, each with a solemn expression and a cold chill.

David took a deep breath and then walked towards the city gate!

"Stop..."

A team of soldiers stopped David and asked coldly, "Where are you from?"

"We came from the main city and want to see a few friends."

David said, and actually took out a bag of fairy coins, intending to bribe the captain of the soldiers guarding the city gate.

After all, this trick has been tried and tested in the secular world, and no one does not love money.

But who knows, David just took out the fairy coins, and the captain of the soldiers frowned.

“Who are you? Surround them...”

Clatter...

David and his men were instantly surrounded by a team of soldiers.

David was stunned for a moment. He didn't understand what the captain of the soldiers meant. Did he dislike the lack of fairy coins?

“Do you dislike the lack? I still have some here. Give them to the brothers...”

David took out another bag of fairy coins.

This time, the captain's expression became even more angry.

“You are humiliating me. You are definitely not from our Feihu City. Who are you?”

The captain of the soldiers directly drew his weapon.

“Brother, there is no such rule in our beast tribe. Why are you giving gifts? Isn't this a slap in the face?”

The Crazy Immortal said speechlessly when he saw David's action!
