## Chapter 4978

David was embarrassed when he heard what Fengxian said. He didn't expect that the heaven was different from the secular world!

In the secular world, people don't hit people who give gifts. As long as you give gifts, basically anything can be done.

"If you don't want it, don't be so nervous!"

David put away the immortal coins!

"Tell me, who are you, otherwise don't blame me for being rude."

The captain of the battle soldiers yelled!

At the same time, the soldiers on the city gate also changed their aura, and they showed their weapons one by one!

For a time, the killing intent was overwhelming.

David and the others instantly became the target of public criticism. Now if David said something wrong, he would probably be chopped into meat paste!

Feeling the killing intent of the soldiers around them, Fengxian and Bai Yi became nervous, and even the aura in their bodies was constantly surging.

Niu Ben was so frightened that his face turned pale, and he hid tightly behind Fengxian.

David was not so worried at the moment. Since the other party suspected their identity, it proved that they had not received the information from the main city.

If they knew their identity, they would not ask and would have taken action long ago!

Now we just need to find a way to deal with it. At worst, we can't go through this city first!

David glanced around and saw that the surroundings were already full of soldiers, and each of them was highly focused and ready to take action at any time!

The captain of the soldiers was waiting for David with a cold face!

“Misunderstanding, it’s all misunderstanding, listen to my explanation...”

David hurriedly followed the captain of the soldiers in front of him!

At the same time, he was drawing something on the ground without making a sound.

No one noticed the movements of David’s feet.

“Tell me, who are you?” The captain of the soldiers shouted coldly!

“We are not actually from Feihu City, but we heard that Feihu City has good treatment, so we want to come and seek refuge.”

David could only lie temporarily to fool the captain of the soldiers.

“You are talking nonsense. If you want to go to Feihu City, you can go to the main city. Why are you here on the mountain?”

Captain Zhan Bing didn’t believe David’s words at all!

“Of course we want to go to the main city, but you see our strength, and we have a child. I think the city lord Jie will definitely not want us.”

“So we thought about finding a remote small town to stay in first, and get the identity of Feihu City, so that we won’t be bullied.”

“We found that there is a small town on the mountain range in the Feihu City territory, so we thought about surrendering here.”

David could only make up stories to delay time!

At this moment, David’s feet did not stop, and he kept carving a strange rune on the ground!

“Don’t lie to me, do you really treat me as a child?”

Captain Zhan Bing was full of anger, and then waved his hand and said: “Come on, catch them all for me and hand them over to the city lord for personal interrogation.”

As the voice of the captain of the Zhan Bing fell, the surrounding Zhan Bing all burst out with aura and pressed towards David and them!

Seeing this, David winked at Fengxian and Bai Yi.

If there is really no other way, then we can only take action. We can't really be caught and sent to Jie Zhong.

At that time, our identities will definitely be exposed.

But just when these soldiers were about to take action, suddenly a very strong and domineering aura came from the city.

Then we saw a huge tiger walking out of the city!

On the tiger, there was a young man in gray clothes. The boy was very handsome, but the aura on his body was very domineering.

Especially those eyes, it seemed that he looked down on everything...

Seeing the newcomer, all the soldiers knelt down.

"Greetings to Master Huo..."

The captain of the soldiers lowered his head and dared not look directly into the eyes of the boy.

"What's going on? The city gate is in a mess?"

The boy asked coldly!

"There are a few people who are not from Feihu City, but they want to break into the city gate without permission. I am about to take them down and hand them over to the city lord for interrogation!"

said the captain of the soldiers!

The boy glanced at David, and David also looked at the boy, and then his brows frowned instantly!
