Chapter 4979

Because David found that the boy did not have the aura of the beast race.

Even Fengxian and Bai Yi were surprised.

The boy actually had the aura of the human race. How could a human boy suddenly appear in the territory of the beast race?

And it seemed that his status was very noble.

Could it be that Jie Zhong of Feihu City had surrendered to the human race?

“They are just a few minions. There is no point in interrogating them. Just kill them...”The

boy’s eyes were full of disdain, as if killing David and the others was easier than crushing ants.

“Yes!” The captain of the battle soldiers nodded, and then ordered: “Kill them...”

But just when those battle soldiers were about to attack David and the other four!

Suddenly, a white light flashed under the feet of David and the others!

Everyone felt a black screen in front of their eyes, and when they looked again, they found that David and the other four were gone.

Clearly in front of them, surrounded on all sides, but he suddenly disappeared.

The captain of the battle soldiers’ face instantly became extremely gloomy! His

spiritual sense was radiating, but he could not detect any breath of David and the others, as if they had disappeared out of thin air!

“Hurry up and find them, hurry up and find them...”

The captain of the battle soldiers seemed to be humiliated and ordered the soldiers to find David and the others!

But the young man frowned slightly at this moment, and there was finally a hint of surprise in his eyes!

“No need to look for them...”

The boy walked to where David was standing and looked down at the runes on the ground.

“They have already left through the teleportation array. I didn’t expect that among these inconspicuous guys, there is actually a master of formation hidden.”

“You can secretly set up a teleportation array without making any sound.”

The boy was very interested in David at this moment.

The captain of the battle soldiers stepped forward to take a look, and then said: “Sir, this kind of small teleportation array will not teleport too far. I believe they have already set up another teleportation array nearby. It may be too late to chase them now.”

“Well, go after them, remember to capture them alive, this kind of talent may be useful to us!”

The young man nodded!

“Yes, sir...” The captain of the battle army immediately led tens of thousands of battle soldiers and began to search around.

David and his men had already returned to the place where they had rested. It turned out that David had already laid a temporary teleportation array in this place.

If they really encountered danger, they could activate this temporary teleportation array and teleport them back.

Fortunately, David made careful arrangements, otherwise they would have been arrested now!

“Brother, you actually prepared the teleportation array in advance, you are really as good as a god!”

Crazy Immortal praised David!

Bai Yi frowned at this moment, and said in disbelief: “How could there be human beings in this Feihu City? And it looks like a very high status?”

“Could it be that Feihu City has surrendered to the human race?” David said!

“It’s impossible. In this layer of heaven, the human race is the weakest. How could Jie Zhong be so stupid as to surrender to the human race?”

Bai Yi shook his head.

“Who cares? Let’s find a way to leave here!” said Feng Xian!

“We are afraid that we have no way to retreat now.” David said solemnly after scanning the circle with his spiritual sense!

He found that tens of thousands of soldiers were searching for them on a large scale, and it was impossible to go back. Jie Zhong must have led his troops to find them.

Now David and his men are really like turtles in a jar...

“Xiansheng, I will lead those soldiers away, and you take the opportunity to escape. If we are together, no one can leave!”

Bai Yi said to David!

“Father-in-law, don’t be so pessimistic. Maybe there are other ways.”

David said!

“What other ways can there be?” Bai Yi asked!

“Now there are tens of thousands of soldiers searching for us. We can mix in the team of these soldiers. As long as we hide our breath, we will not be discovered.”

David said!
