Chapter 4981

At this moment, David remembered everything.

No wonder he felt familiar with the boy, this guy looked very similar to Huo Zhao.

When he was in the land of no return, David fought with Huo Zhao. At that time, Huo Zhao was not in his original form, but was summoned.

Even so, David was no match for Huo Zhao. In the end, he defeated Huo Zhao by relying on the possession of the Red Cloud Demon Lord.

Now this boy is very likely Huo Zhao's son.

Thinking of this, David became nervous. He had just arrived in the heavens not long ago. Would he meet someone from the temple?

He had a deep hatred for the temple. If the temple knew that he was in the heavens now, they would definitely hunt him down at all costs.

David now only wanted to leave the Flying Tiger City as soon as possible and not reveal his identity.

The most important thing now is to improve your strength. When your strength is improved, you will not be afraid of the temple hunting you down!

Another thing is to find Sonya and Ning Zhi as soon as possible.

The two were also led to the heaven by the avenue. If the two were in the human race, it would be fine, but if they were in the beast race or the demon race, it would be troublesome.

David didn't know yet that the blood of Sonya and Ning Zhi had already become demons.

In this way, David and the others followed behind the Huo Shizi obediently.

Looking at the pretentious look, although David wanted to beat Huo Shizi, he still held back.

Soon, Huo Shizi came to a mansion, which was decorated very luxuriously. After stopping at the door, Huo Shizi waved his hand and said, "You all go back, I want to go home!"

"Yes!" This team of soldiers all stopped!

After Huo Shizi entered the mansion, a white light soon flashed in the mansion. As the white light soared into the sky, Huo Shizi's figure disappeared directly.

Looking at the white light, David frowned slightly. This guy actually had a teleportation array in his yard. It seemed that he had used the teleportation array to teleport himself to the small town on the mountain.

If my guess was correct, Huo Zhao was probably in that small town.

"Okay, let's all go."

A soldier waved his hand, and everyone dispersed. These

soldiers were unwilling to behave themselves. Now that they were disbanded, they could take off their heavy armor and rest comfortably.

One by one, the soldiers took off their armor, but David and the other four kept wearing it.

"Brother, we are all disbanded. Why are you still wearing armor? Don't you want to take a rest?"

At this time, the soldier who had just spoken to David came over and said!

"Oh, I'm afraid that Master Huo will suddenly come out, and it will be too late to summon us at that time."

David lied!

If they took off their armor, they would be recognized at a glance.

"Master Huo will not appear in a short time. Didn't you see that he has already used the teleportation array to go home? This mansion is just his temporary resting place. He won't stay here."

"Take off your armor. It's so uncomfortable to wear it on your body..." Unexpectedly,

this guy was quite enthusiastic. He stepped forward to take off David's helmet and armor.

"Brother, I'd better wear it. I'm too ugly and I'm afraid I'll scare you!"

David hurriedly stopped him.

"How ugly can it be to scare me..."

The guy said this and took off David's helmet.

But as soon as the helmet was taken off, an extremely terrifying and ferocious face appeared, as if it had been burned by a fire.

"fu**..." The soldier was startled and the helmet in his hand fell to the ground.

"I said I was afraid to scare you, but you didn't listen."

David hurriedly put on the helmet.

"It's too scary. Have you been burned by fire?" The soldier took a deep breath, his face full of lingering fear!

But at this moment, a sudden and sharp voice sounded, and the soldier's face suddenly changed.

Chapter 4982

"There is a prisoner escaping from the prison. It's a female cultivator of the human race. All soldiers should be ready for battle immediately."

An anxious voice sounded in the air.

"Damn it, you want to tire me to death!"

The soldiers who had taken off their armor hurriedly put on their armor again, and then ran around the city nervously.

David and the other four also took advantage of the chaos to run around the city.

Originally, David planned to go to the small town in the mountains to take a look. Now that he knew that the eighth master of the temple, Huo Zhao, was in the small town, he would

not provoke him. Now he could only find a way to leave Feihu City from another direction, so as not to alarm Huo Zhao.

“Let’s take this opportunity to find a place to hide first. It’s too stuffy wearing this armor!”

David said!

“Okay, let’s find a place to hide first.”

Crazy Immortal also agreed.

The four of them found a hidden place and planned to take off their heavy armor.

But just when they were about to take off their armor, a sharp sword suddenly came.

This sudden sword startled David and the other four.

David’s mind went, and the Dragon Slaying Sword appeared instantly, directly blocking the sword.

At this time, David and the other four discovered that there was a woman in black hiding in this place. The woman in black was holding a long sword and glared at David and the other four.

Looking at the realm of this woman, she was a first-grade scattered fairyland, and she exuded the breath of the human race.

It seems that the prisoner who just escaped should be this woman in front of him.

After being blocked by a sword, the woman attacked David and the others again.

However, the woman did not burst out all her breath, but was very restrained. It was probably because she was afraid that her breath would be exposed too much and discovered by more people.

Seeing that the woman was timid, David smiled coldly, stepped forward, and did not dodge at all, allowing the woman’s sword to directly cut on the armor.

The armors of these soldiers were extremely hard, and David had a strong body, so even if the armor was broken, David was not afraid at all!

David stepped forward, grabbed the woman's wrist, and then with a force, the long sword in the woman's hand fell to the ground.

It was easy to subdue the woman.

"Beasts, you beasts, you will not die well."

The woman struggled desperately and yelled!

"Don't yell, if you yell again, the four of us will take turns to take turns with you..." David threatened the woman.

When the woman heard it, she was really scared and shut her mouth.

Bai Yi blushed and said, "Xiansheng, don't talk nonsense. We two can't play with a woman with our identities."

"Father-in-law, I just scared her, why do you take it seriously?"

David was speechless.

It seems that Bai Yi really wants to play!

The woman was a little confused when she heard a Xiansheng and a father-in-law.

At this time, David took off his helmet, revealing his face, and then injected a breath of human race into the woman's body.

The woman noticed David's human race breath, and her eyes widened immediately, her face full of disbelief.

"You...you..."

The woman looked at David in shock, and didn't know what to say for a while.

"We are not soldiers from Feihu City. We sneaked in and are trying to escape now."

David said to the shocked woman.

When the woman heard this, she felt relieved and the hostility on her face disappeared instantly.

"Brother, we can't even protect ourselves, why should we care about her?"

Fengxian said to David!

“Shut up, you are the eldest brother, and I am the eldest brother?” David said coldly!

“You are the eldest brother, I listen to you!” Fengxian said hurriedly!

“Girl, who are you and how did you get caught by Feihu City?”

David asked the woman.

Since the woman is in the realm of scattered immortals, it is impossible that she was just led here by the avenue.
