Chapter 4996

“Brother, I’ll stay with you.” Fengxian said.

“Go quickly. The most important thing now is to protect Niu Ben. Don’t forget what we are here for.”

David waved his hand!

Fengxian nodded, then followed Bai Yi and took Niu Ben to leave!

But the people from the Eighth Palace did not give way.

“Make way...”

David exerted a little force, and the Huo Shizi immediately cried like a ghost. “Get out of the way

...”

Seeing this, the elder waved his hand.

Soon Fengxian and Bai Yi took Niu Ben away. After walking away, David secretly breathed a sigh of relief.

Without Niu Ben’s burden, he could let go of his hands and feet. If he couldn’t beat him, he would escape. David was still very confident in his ability to escape.

What’s more, there is Hu Mazi, who was once a master of the sixth heaven.

“Can we let our prince go now?” asked the elder!

“No, I want to use your prince’s life in exchange for some resources...”

David smiled slightly.

It’s not easy to get a king bomb in his hand, David must make good use of it.

“Boy, you are playing with fire!” The elder’s face was extremely ugly.

“What’s the big deal about playing with fire? Can you play with your sister?” Hu Mazi stepped forward and taunted the elder.

The elder looked at Hu Mazi, and suddenly his eyes flashed with a faint white light, and the white light instantly enveloped Hu Mazi!

“Master Hu, be careful...” David saw this and hurriedly reminded.

“It’s okay, he can’t do anything to me!”

Hu Mazi didn’t move!

The elder frowned slightly, suddenly stepped forward, and the white light in his eyes instantly turned golden.

At this time, the elder’s face became even paler!

As the golden light continued to cover Hu Mazi’s body, the elder’s face became more and more ugly.

“You...you are actually a reincarnation person?”

The elder retreated several steps and said.

“Yes, if it weren’t for reincarnation, I wouldn’t even look at a person like you before.”

Hu Mazi smiled coldly.

David was a little surprised. He didn’t expect that the elder of the Eighth Hall had such a skill. He could see Hu Mazi’s reincarnation identity at a glance.

“You are really good. Look at who I am.”

David took off his armor and let the elder take a look.

The elder glanced at David, and golden light instantly appeared in his eyes, but after a moment, the golden light turned purple.

The elder’s forehead was also sweating, and finally he sat down on the ground with a plop!

David was a little puzzled. He didn’t resist at all, just took a look. Is it necessary to be like this?

The elder slowly stood up and looked at David with confusion and doubt in his eyes.

“Who are you?” The elder asked David!

“fu**, you’ve been looking for a long time, but you can’t see anything?”

David was speechless.

“You have Xuanqi protecting your body, I can’t see through it.” The elder shook his head, then pointed at Hu Mazi and said, “But your status must be much nobler than his.”

“fu**, how can you talk like that? I’m just cheap, right?” Hu Mazi was anxious!

He was about to start fighting, saying that he was not noble, but Hu Mazi didn’t agree!

“Master Hu, don’t be angry, don’t care what others say.” Seeing this, David hurriedly persuaded.

“I’m not angry, this guy is not accurate at all.” Hu Mazi pretended to be calm!

But when he said he was not angry, he had already punched the elder.

Who knew that the elder retreated again and again, and didn’t fight with Hu Mazi at all.

Suddenly, he waved his hand to a dozen of his men and said, “Let’s retreat...”

“Elder, elder...”

Master Huo was dumbfounded. Why did he retreat before saving himself?

Besides, there are only David and Hu Mazi now, and there are so many people on their side. If they fight, they will definitely win!

How come he ran away after just two glances?

Chapter 4997

The great elder seemed to have not heard anything, and ran away with his people, not even saving the prince!

“Still want to run? No way!”

Hu Mazi shouted to stop the great elder and others!

“Master Hu, don’t chase the desperate enemy, let them go.”

David grabbed Hu Mazi.

David just wanted to leave Feihu City as soon as possible, and didn’t want to provoke the temple for the time being. Now his foundation in the heaven is not stable. If he invites all the people in the temple, it will be a bit troublesome.

“Then kill this kid?” Hu Mazi looked at the Huo Shizi and said!

“Don’t kill me, don’t kill me...”

Huo Shizi hurriedly begged for mercy.

“I can’t kill him. I still need to use his life to exchange for resources.”

David planned to use the life of Huo Shizi to exchange for some resources with the Lord of the Eighth Palace.

“It’s really boring. I came here for nothing and didn’t even stretch my muscles.”

Hu Mazi said dissatisfiedly!

“Let’s go to the border. You’ll have time to move then!”

David smiled slightly.

David knew that the border must be turbulent now. The armies of Rhino City and Flying Tiger City were facing each other!

At this moment, tens of thousands of troops were facing each other on the thousands of miles of border between Rhino City and Flying Tiger City!

The eyes of the Gadfly were cold, and his body was suspended in the air. Behind him, there were eight guardians!

“Anyone who surrenders in Flying Tiger City will not be killed...”

“Those who surrender will not be killed, those who surrender will not be killed...”

The eight guardians behind the Gadfly shouted with all their strength!

The shouts shook the sky, and everyone could hear them clearly.

At this time, Jie Zhong of Flying Tiger City also slowly took off into the air. Behind him were thirty-six monks wearing black armor and holding heavy swords!

These people were also Jie Zhong's guards, and they looked quite powerful!

"Gadfly, you dare to lead troops to provoke me, aren't you afraid that I will kill your son?"

Xie Zhong said to the Gadfly!

"Hahaha, if you have the guts, kill him. I'm afraid you can't find my son now, right? I tell you, my son has been taken out a long time ago."

The Gadfly laughed and said!

"Impossible, they will never escape from my Feihu City." Xie Zhong didn't believe it!

He had already ordered strict defense of all checkpoints along the way. It was impossible for David and others to return to Rhino City so easily with Niu Ben.

"Believe it or not." The Gadfly snorted coldly: "You sent spies to capture my son. I must regain my face today."

"Then stop talking nonsense, let's fight!"

Xie Zhong said! As soon as Xie

Zhong finished speaking, the thirty-six monks in black armor behind him all swooped down. These were actually second-grade monks in the scattered fairyland.

The thirty-six monks swooped down, and their momentum was like that of a mighty army, which was very oppressive to everyone.

Seeing this, Gadfly shouted: "Eight Dharma Protectors..." As soon

as the voice fell, the eight Dharma Protectors behind Gadfly rushed forward instantly, heading straight for those black-armored monks!

Although Gadfly only had eight Dharma Protectors, fighting against the thirty-six black-armored monks of Feihu City, they were not inferior in momentum at all.

Jie Zhong looked relaxed and proud, but Gadfly looked a little worried.

Gadfly was not sure whether his eight Dharma Protectors could defeat the other thirty-six people!

Feihu City was not strong before, but recently Feihu City has made great progress, plundering resources everywhere, and even snatching many slaves and resources from Cangxuan Continent.

Sure enough, after a fight, the eight Dharma Protectors of Rhino City were soon at a disadvantage.

Although the eight Dharma Protectors of Rhino City are also very powerful, they are still a little weak compared to the thirty-six monks of Feihu City.

After all, they were at a great disadvantage in terms of numbers.

Seeing this, the look on Gadfly's face became even uglier.

"How about we two give it a try?"

Jie Zhong said with a smug look on his face!

"Let's give it a try!" Although Gadfly didn't want to fight, he could only hold Jie Zhong back at this time to create a chance for David and the others to escape.

Chapter 4998

Soon, the Gadfly collided with Jie Zhong!

At the same time, Jie Zhong shouted: "Attack..."

Boom boom...

Tens of thousands of Feihu City soldiers rushed forward!

"Kill them all..."

Seeing this, the Gadfly knew that today was a life-and-death battle, so he also shouted angrily!

Tens of thousands of Rhino City soldiers also rushed out in a swarm!

The two sides instantly meleeeed together!

The strong wind swept the sand and gravel across the thousands of miles of border, making the already dim sky even more chaotic.

The setting sun was dyed into a strange dark purple by the smoke, like a bleeding one-eye, powerlessly overlooking this purgatory on earth.

The withered wild grass had long been trampled into mud by iron hooves, mixed with dark red blood, winding hideous veins on the muddy land.

Under the sky with blood clouds rolling, the armies of Rhino City and Flying Tiger City collided like two torrents.

Three hundred feet high, Jie Zhong flicked his finger, and thirty-six black heavy swords suddenly floated in the air.

The faint light bursting from the sword body intertwined into a mysterious array of runes.

In an instant, the air within a radius of ten miles twisted strangely, turning into countless sharp air blades, strangling the Rhino City camp.

Among the eight guardians of Rhino City, the white-haired Elder Xuanbing was the first to react. With a wave of his sleeves, the biting frost spread from his feet.

In the blink of an eye, a thousand layers of ice crystal barriers condensed on the ground, and the air blades hit the ice surface, erupting with a deafening roar, and ice crystals splashed, like a dazzling galaxy falling.

However, the monks of Feihu City immediately cast “Netherworld Fire Rain”, and the dark flames dragged their long tails across the sky. Wherever they went, the ice melted instantly and billowing white smoke rose.

“Form a formation!”

The formation masters of Rhino City roared in unison. Hundreds of monks formed seals with their hands, and a huge golden formation pattern appeared under their feet.

Suddenly, a golden beam of light shot up into the sky and turned into a golden shield, blocking most of the netherworld fire rain outside.

However, sporadic flames still penetrated the defense and fell into the group of Rhino City soldiers, instantly burning several monks to ashes, leaving only a pile of charred debris.

At the same time, the soldiers of Feihu City performed the “Black Python Strangling Formation”.

Dozens of monks formed seals with their hands, and countless black giant pythons suddenly sprang out of the ground, opening their bloody mouths and rushing towards the Rhino City soldiers.

The monks of Rhino City cast spells to fight back. Some summoned hurricanes to blow the giant pythons all over the place;

some condensed thunder and slashed at the giant pythons fiercely.

For a time, the light of the spell and the black shadow of the giant python intertwined, and the entire battlefield seemed to have become a huge furnace, with hot energy raging everywhere.

In the sky above the center of the battlefield, the duel between the Gadfly and Jie Zhong became more and more intense.

A dark demonic aura entangled Jie Zhong's body, and he transformed into a hundred-foot-tall demon wolf phantom, opening his bloody mouth and biting at Gadfly.

"You actually used demonic power to improve your cultivation."

Gadfly's expression was solemn, and a golden divine bull phantom appeared behind him.

The divine bull raised its head and neighed, rushing towards the demon wolf.

The two forces collided, and the space instantly twisted, forming a huge vortex, which sucked the surrounding clouds into it.

"Gadfly, you will lose today!"

Jie Zhong laughed grimly, and a black longbow suddenly appeared in his hand. He put an arrow on it and pulled the string. The arrow was condensed with terrifying black energy.

As the bowstring was released, the arrow turned into a black stream of light, cutting through the sky, so fast that it was almost impossible to catch with the naked eye.

Gadfly's face changed drastically, and he quickly cast the "Divine Bull Shield". The golden light condensed into a huge shield around him.

The arrow hit the shield, and a shocking explosion broke out.

The golden light and the black energy collided with each other, and the aftermath swept around like a hurricane.

The monks below were blown all over the place, and many weaker monks were directly swept into the air, with their lives and deaths unknown.

Chapter 4999

On the other side, the battle between the eight guardians of Rhino City and the thirty-six black-armored monks of Flying Tiger City also entered a white-hot stage.

Although the eight guardians were powerful, they gradually became powerless in the face of a large number of powerful opponents.

The “Blood Blade Guardian” wielded a blood-colored long sword and rushed left and right among the enemy group. Wherever the sword light passed, blood splashed.

However, soon five black-armored monks surrounded him and performed “Black Sword Combination” at the same time.

Five black sword lights shot at the Blood Blade Guardian like lightning.

The Blood Blade Guardian was unable to resist in a hurry, and was pierced through the body by the sword light. Blood gushed out, and he roared unwillingly and fell from the air.

“Senior Brother!”

The other guardians were filled with grief and anger, and fought even more frantically. But

the monks of Feihu City took the opportunity to launch a more violent attack. One of the guardians was hit by a black lightning while fighting with the enemy’s spells.

His body was instantly charred and his consciousness gradually blurred.

He used his last bit of strength to perform “self-destruction” and his body exploded.

The strong light and energy fluctuations swallowed up the surrounding enemies together, but he himself disappeared forever on the battlefield.

“Kill!”

The morale of the monks of Feihu City was greatly boosted, and they continued to attack frantically.

The defense line of Rhino City began to loosen, and more and more monks fell.

Seeing this, Jie Chong’s eyes flashed with a hint of ruthlessness, and his hands quickly formed seals, muttering something in his mouth.

A moment later, the sky was covered with dark clouds, and a huge black light column fell from the sky, suppressing the gadfly.

The Gadfly felt the terrifying power contained in the light column, and his face turned pale as paper.

He gritted his teeth and burned his own blood. The shadow of the divine bull became more and more dazzling and rushed towards the black light column.

The two collided and burst into a strong light. In the light, the Gadfly's figure was shaky and blood kept flowing from the corners of his mouth.

On the battlefield below, the monks of Rhino City had been defeated under the fierce attack of Flying Tiger City. The shadow of death enveloped everyone. Rhino City seemed to have reached a desperate situation...

"Father..."

At this time, Fengxian and Baiyi rushed out from the side of Feihu City with Niu Ben!

If it weren't for the border melee, it would be impossible for them to escape Feihu City so easily.

"Ben'er..."

Seeing his son, the Gadfly's expression suddenly became happy.

But just when the Gadfly was distracted, Jie Zhong actually bent his bow and shot a sword at the Gadfly!

The Gadfly couldn't dodge in time, was hit by a sword, and fell heavily to the ground!

"Father..." Seeing this, Niu Ben rushed over worriedly!

The Gadfly saw that his son was fine, and he smiled with relief in his heart.

Fengxian and Baiyi, both of them looked very ugly at the moment.

Now Rhino City is obviously at a disadvantage, and many monks from Feihu City are watching covetously in the air!

There are even more dark teams of soldiers on the ground!

Even if the two of them help, it will be a drop in the bucket and useless!

"I hope you two can send Niu Ben back to the city. I'll hold him here!"

Although the Gadfly was injured, he was not dead, so he said to Fengxian and Bai Yi.

“City Lord Niu, can you make it?” Bai Yi said worriedly!

“How about we hold you for a while, and when big brother comes, it will be easy. Then we can kill those people from Feihu City.”

Fengxian said to the Gadfly.

David’s current strength far exceeds theirs. As long as he can kill Jie Zhong and the thirty-six monks in black armor, Feihu City will be leaderless and will be defeated and retreat.

“Aren’t you with big brother?” The Gadfly asked.

“Someone is chasing us. My son-in-law is following Master Hu to block the pursuers. Otherwise, we wouldn’t have escaped so easily.”

Bai Yi explained.

Chapter 5000

Hearing this, Niufeng became worried about David’s safety!

After all, David came to Feihu City to save his son, and then he was in danger.

Although David’s strength is very strong, he is in Feihu City after all, and a hero cannot stand up to a large number of people.

If David has any accident, Niufeng will feel bad.

“Niufeng, don’t think about letting your son escape. You are doomed to fail now, and no one can escape.”

Xie Zhong said to Niufeng with a smug look on his face!

Now Niufeng’s eight guardians have almost no combat effectiveness, and tens of thousands of soldiers are more than half dead or injured. The overall strength is no match for Feihu City.

The Gadfly looked at Jie Zhong coldly, full of doubts, and said, "Jie Zhong, your Feihu City has never been a match for my Rhino City, but I didn't expect that in such a short time, the strength of Feihu City could be improved so much."

"Hahaha, I have a master behind me. From now on, my Feihu City will no longer be bullied by your Rhino City, and I will be the overlord of the entire beast tribe."

Jie Zhong laughed loudly.

"City Lord Niu, this Feihu City has the support of the Temple behind it, and Feihu City attacked the Cangxuan Continent and got a lot of resources and efforts, so the strength can be improved so quickly."

Bai Yi followed the Gadfly to explain!

When Gadfly heard this, he couldn't help but frown: "Jie Zhong, you are also a well-known city lord in the beast tribe, but I didn't expect that you are controlled by the human race. Do you still have any shame?"

"Bullshit, the people in the temple are all gods, they are not human race, how can I be controlled by a small human race?"

"Cangxuan Continent is the largest continent of the human race, and I have plundered a large number of resources and slaves."

"In the future, it will not only be the beast tribe, I will be the overlord of the entire heavenly realm..."

Jie Zhong became more and more excited, as if he could realize his ideal soon.

"Just you, you are worthy!" Gadfly spat fiercely.

"Since you don't accept it, then fight again!"

Jie Zhong shouted, and then the black-clothed soldiers under his command jumped up in an instant and rushed straight to Gadfly and his men!

"Fight..." Seeing this, Gadfly could only shout.

Now they have no choice but to fight to the death.

He miscalculated. He didn't expect the strength of Feihu City to grow so rapidly, and he suffered a great loss!

But just as the Gadfly finished speaking, there was a sudden tremor in the void, followed by two sword lights that flew past at a rapid speed.

Like a meteor, it instantly came from a hundred feet away.

The heads of the two black-clothed soldiers flew directly high up, and then fell heavily to the ground.

Brush...

At the same time, there were two more sword lights, and the heads of two more black-clothed soldiers fell.

Seeing this scene, Xie Zhong was a little stupid, and he didn't understand who had such means.

But he planned to stop it!

If this goes on, I'm afraid all these elite soldiers will be killed.

Seeing this, the Gadfly was overjoyed. When Xie Zhong was about to make a move, he also jumped up, regardless of his injured body, and burst out with the strongest combat power.

Boom!

With an explosion, Xie Zhong and the Gadfly retreated at the same time.

At this moment, more than a dozen black-clothed soldiers had died, and their combat effectiveness dropped a lot in an instant.

And they didn't even see who did it, and they were all dead.

It was an instant kill!

"Who is it? Who is it? Get out here!"

Xie Zhong's face changed drastically and he roared!

At this time, the figures of David and Hu Mazi slowly appeared, and at the same time, the figure of Master Huo also appeared.

Seeing this scene, Xie Zhong frowned: "Master Huo? You...you..."

Master Huo lowered his head and said nothing. It was unknown whether he was scared by the beating or lost consciousness.

"Brother, are you okay?"

The Gadfly saw David and hurried forward to ask.

“It’s okay, with the strength of Feihu City, it can’t hurt me!” David smiled slightly.
