Chapter 5011

But such an outburst obviously came at a huge cost. Blood began to seep out of David's seven orifices, and spider-web-like cracks appeared on the surface of his skin.

The woman in white gritted her teeth and rushed to his side, picking up two sneak attackers with a shot: "Do you want to die?"

David turned a deaf ear to her, with only killing in his eyes

. The soldiers of Feihu City saw David's crazy killing, and a fearless courage surged in their hearts.

They shouted, waved their weapons, and rushed towards the enemy again.

On the battlefield, shouts, screams, and the collision of weapons intertwined to form a tragic war song.

The blood continued to flow, and the corpses piled up higher and higher. The whole battlefield was filled with a strong smell of blood and the breath of death.

Fengxian looked at the tragic scene in front of him, and his heart was filled with sadness.

He knew that if they continued like this, they would be wiped out sooner or later.

But he also understood that at this moment they had no way out and could only fight to the death!

Bai Yi transformed into a nine-tailed fox, biting the soldiers of Feihu City and the men in black with his mouth and claws.

A trace of determination flashed in Bai Yi's eyes, and he secretly decided in his heart that even if he had to sacrifice all his life, he would avenge Nuo Qing and fight for a glimmer of life for the brothers in Rhino City!

As for David, his eyes had become empty, and only the obsession with killing remained in his heart.

He didn't know how long he could hold on, but he knew that as long as he had a breath left, he would not stop killing until all the enemies were killed to avenge Xiu Rui and Nuo Qing!

The battle continued, and both sides tried their best in this tragic fight.

No one knows how this battle will end, and no one knows how many of them can leave this Shura battlefield alive...

Seeing this, the woman in white sighed helplessly, then pointed the spear in her hand to the sky, and a purple lightning instantly sank into the void!

Suddenly, a deafening thunder came from the sky, and dark clouds gathered at a speed visible to the naked eye.

A purple lightning as thick as a bucket struck down, turning dozens of Feihu City soldiers into charcoal.

Everyone was shocked by this change and stopped temporarily. They saw a bronze chariot slowly descending from the clouds. On the chariot stood an old man in a purple robe, holding a thunder seal, and he was intimidating without anger.

Xie Zhong's face changed drastically: "Who are you?"

The purple-robed old man looked at the battlefield and did not answer Xie Zhong. When he saw David, he frowned slightly: "My friend, your spiritual power has been overdrawn. If you fight again, you will die."

David raised the Dragon Slashing Sword with a grim smile: "What's the harm in dying!"

Before he finished speaking, he suddenly spit out a mouthful of black blood, knelt on one knee, and barely stabilized his body after the Dragon Slashing Sword was inserted into the ground.

The woman in white hurriedly supported him and found that his meridians had been broken in many places.

"Elder Lei, help him..."

The woman in white looked at the purple-robed old man and said!

Obviously, this purple-robed old man was summoned by the woman in white!

The purple-robed old man sighed, and the thunder seal was waved again, and countless thunders fell like rain.

It accurately struck the heads of the black-clothed men of the Eight Palaces and the soldiers of the Flying Tiger City, and screams came one after another.

Xie Zhong saw that the situation was not good, and hurriedly ordered a retreat.

The battlefield finally returned to calm temporarily, but the corpses and pungent smell of blood reminded everyone of the fierceness of this battle.

Hu Mazi staggered over, looked at David who was almost unconscious, and said with a wry smile: "You kid..."

Before he finished speaking, his face suddenly changed drastically, and he turned his head abruptly to look into the distance: "Not good! This breath..."

On the horizon, a jet-black fog was spreading at an alarming speed. Countless twisted figures could be vaguely seen in the fog, and the grass and trees withered wherever they passed.

The Gadfly looked solemn: "It's the Soul Devouring Demon Army of the Demon Dragon Hall of the Demon Clan. It seems that they want to take advantage of the fire!"

The woman in white tightly grasped the broken gun, frowned slightly, and looked at the purple-robed old man in a hoarse voice: "Can we... still fight?"

Chapter 5012

Before the white-clothed woman finished her words, the overwhelming black fog had already swept a hundred feet away, and the creepy sound of bones rubbing against each other could be heard in the fog.

Fengxian's face suddenly changed, and his body trembled violently: "It's the vanguard of the Soul Devouring Demon Army!"

Hundreds of skeletons wearing broken armor slowly walked out of the black fog, with green ghost fire dancing in their empty eye sockets, and the bone knives in their hands glowing coldly.

What's more terrifying is that each skeleton is wrapped with dozens of black lines as thin as hair, and the other end of these black lines extends to the depths of the fog sea, as if controlled by some terrifying existence.

The gadfly staggered to his feet with his broken arm, spitting out a mouthful of blood foam: "Damn it... I can still kill!"

The remaining Rhino City warriors gathered spontaneously and protected the injured David in the center.

Bai Yi struggled to stand up and picked up a blood-stained long sword from the ground, but the tip of the sword was trembling slightly.

Mazi gritted his teeth and took out a yellowed talisman paper. This was his last life-saving talisman: "Everyone, I'm afraid I'll have to die here today."

The purple-robed old man suddenly threw the thunder seal into the air. The thunder seal swelled to a size of ten feet in the wind, and countless electric snakes roamed on the surface: "I have spent a hundred years of cultivation to attract the Nine Heavens Thunder. How long can I delay!"

At this critical moment, David suddenly twitched violently, and the Dragon Slaying Sword made a harsh buzzing sound.

The woman in white hurriedly held him down: "Don't move! You are too seriously injured..."

Before he finished speaking, David's eyes widened – they were no longer human eyes, but vertical pupils like those of a beast, with strange blood-red flames beating deep in the pupils.

What was even more terrifying was that the cracks on his skin began to ooze out golden liquid, which condensed into tiny blood beads in the air and floated strangely.

A sharp hissing suddenly came from the depths of the fog sea, and all the skeleton soldiers stopped at the same time and turned in unison in the direction of David.

Seeing this, the purple-robed old man's face changed drastically: "Not good! He is awakening the power of his blood!"

David slowly floated up, and those suspended blood beads gathered towards him as if summoned, condensing into a pair of faint golden wings behind him. Pinshu.com

The Dragon Slaying Sword also began to flash with golden light, as if responding to David.

The fog sea suddenly churned violently, and the outline of a huge monster was vaguely visible.

It was a bone dragon as big as a mountain, with purple soul fire burning in its empty eye sockets, and dense black spikes nailed on each vertebra.

The bone dragon opened its huge mouth, but what came out was not a dragon roar, but the wailing of thousands of wronged souls.

The purple-robed old man's thunder seal cracked under the impact of the sound wave, and a trace of blood flowed from the corner of his mouth: "It's the Soul Devouring Dragon Lord... The Demon Dragon Palace actually sent out such a being..."

The completely transformed David suddenly let out a dragon roar, and the golden blood wings behind him wrapped him up, and the whole person turned into a golden dragon.

This was the first time David's bloodline awakened. Every time he activated the power of the dragon, there would be a golden dragon phantom behind him.

But now, it was David himself who completely turned into a golden dragon!

David directly turned into a golden light and rushed straight towards the bone dragon.

The moment the two collided, the shock wave that erupted shattered all the skeleton soldiers within a radius of 100 feet.

The golden light and the black fog entangled wildly in the air, and every collision caused a slight distortion in the space.

The people on the ground were overturned by the violent air waves, and the woman in white barely inserted the broken gun into the ground to avoid being blown away.

She was horrified to find that space cracks had begun to appear in the center of the battle, and tiny black lightning was jumping on the edge of the cracks.

The purple-robed old man was a little shocked and said, "The power of the golden dragon's bloodline is too terrible. No wonder the young lady wanted to save him..."

The white-clothed woman looked incredible: "He...he is actually the blood of the golden dragon?"

Chapter 5013

"Miss, don't you know?" The purple-robed old man was stunned!

“I don’t know!” The woman in white shook her head!

The purple-robed old man smiled bitterly: “This golden dragon bloodline is indeed powerful, but this bloodline needs to devour a lot of vitality every time it awakens. If it can’t be controlled...”

Before he finished speaking, the battle in the air suddenly changed.

The bone dragon tore open half of David’s body with one claw, but the splashing blood did not fall, but turned into countless blood needles and pierced into the bone dragon’s body in the opposite direction.

What’s more terrifying is that the joints hit by the blood needles actually began to melt, and the purple soul fire was dyed into a dirty blood color.

Seeing this, the soul-devouring dragon master suddenly slapped the ground with his palm! The

ground suddenly shook violently, and the land under everyone’s feet softened strangely and turned into a viscous plasma-like substance.

Dozens of blood chains sprang out from the ground, dragging the surviving Rhino City soldiers underground. After the screams stopped abruptly, bubbles gurgled in the blood plasma.

Bai Yi watched his legs slowly sinking in horror: “What...what kind of evil magic is this?!”

The purple-robed old man hurriedly pinched his fingers, and the remaining energy of the thunder seal formed a shield to lift everyone up: “It’s not evil magic, it’s the blood prison of the Demon Soul Hall!”

The bone dragon in the air let out a painful wail, and the contaminated part of its body was spreading rapidly.

Hundreds of thick black tentacles suddenly stretched out from the depths of the fog sea. These tentacles were covered with suction cup-like mouths, biting the blood light of David’s incarnation frantically.

Every bite brought a large burst of blood rain, but the blood immediately corroded the tentacles and produced bursts of green smoke.

The entire battlefield seemed to have turned into a nightmare picture, the sky was divided into two halves by blood mist and black mist, and the ground was a churning sea of blood.

The white-clothed woman's face was solemn, and a drop of blood dripped into the spear, and the seemingly decorative patterns on the spear were glowing.

She suddenly injected all her strength into the gun, and a pure white light suddenly burst out from the tip of the gun.

Wherever the light went, the sea of blood retreated and the black fog dissipated. The purple

-robed old man was shocked: "Miss, this holy light of breaking demons is for you to save your life, how can you use it carelessly?"

The woman in white did not answer, and the entire spear suddenly flew out of her hand, turning into a white rainbow and penetrating into the center of the battle group.

The world suddenly became quiet for a moment.

Then, a white light brighter than the sun burst out, and everyone temporarily lost their vision.

When the light dissipated, there was only a black hole of nothingness with a diameter of nearly 100 feet in the air, which was slowly healing.

The bone dragon and David disappeared without a trace, leaving only the spear stuck in the ground, with cracks all over the gun body.

The woman in white staggered to the gun, and the moment she reached out to touch it, the gun body turned into powder and scattered.

A drop of crystal liquid fell from the scattered powder and condensed into a small transparent crystal in her palm. The crystal seemed to contain a pulsating blood thread...

As the dazzling white light dissipated, the entire battlefield fell into a strange silence.

David's figure slowly fell from midair. The golden dragon scales around his body had disappeared, and he turned back into a human form. The golden flame in his vertical pupils also extinguished little by little.

He fell heavily to the ground, and the cracks on the surface of his skin oozed red blood beads. The whole person seemed to have been drained of all his strength, and even his fingers could not move.

However, at the moment when the power of his blood was converged, a more gloomy breath quietly erupted from deep inside his body.

It was pure Dao pattern evil spirit, as black as ink, with a piercing chill, wandering in his meridians like a living thing.

David suddenly opened his eyes, and two strange black runes appeared in the depths of his pupils. The runes twisted and squirmed, as if they had life.

In the distance, the Soul-Devouring Demon Army of the Demon Dragon Palace, which was originally full of murderous intent, suddenly stopped its attack.

Chapter 5014

In the hollow eye sockets of the leading bone dragon, the purple soul fire was beating violently. It slowly lowered its head, and its huge bone claws slightly bent in front of David, making a strange gesture of courtesy.

In the sea of fog, the Soul Devouring Dragon Lord issued a hoarse questioning voice: "Dao pattern evil spirit... You are a beastman, how could you have the Dao pattern evil spirit of the Yin Demon?"

David barely propped up his body, and the Dao pattern evil spirit in his body overflowed uncontrollably, forming a circle of black fog around him.

"The Yin Demon is my good buddy, it's normal for me to have Dao pattern evil spirit in my body!" David said.

"You are talking nonsense, the Yin Demon has disappeared for many years, how can he be your good buddy, you are just a guy of the first rank of the scattered fairyland."

"Tell me the truth, if you don't tell the truth, don't blame me for being ruthless!"

The Soul Devouring Dragon Lord glared at David and roared!

He didn't believe that David, this guy, would be a good buddy of the Yin Demon.

Even if David is of the Golden Dragon bloodline, with this kind of strength, it is impossible for him to recognize the Yin Demon. Moreover, the Yin Demon has disappeared for thousands of years. It is said that it fell during the war between gods and demons! The

words of the Soul Devouring Dragon Lord immediately made the bone dragon and the skeleton soldiers slowly move forward, ready to attack at any time.

“Look at what this thing is!” David took out the God King Bow directly!

The God King Bow appeared, and the Dao pattern evil spirits between heaven and earth instantly gathered towards the God King Bow!

“God King Bow?” The Soul Devouring Dragon Lord widened his eyes!

But at this time, several bone dragons were ready to attack David!

“Stop.”

The Soul Devouring Dragon Lord spoke hoarsely, with a hint of terrified metal tremor in his voice, “Stop everything.”

The bone dragon was silent for a moment, the soul fire flickered, and finally slowly retreated.

The sea of fog was surging, and countless skeleton soldiers retreated like a tide, and actually stopped attacking.

Fengxian and others stared at this scene in amazement, and they could not understand why the notorious Soul Devouring Demon Army would retreat because of David’s words.

“I didn’t expect you to be a friend of Senior Yin Mo. I’m sorry for offending you!” The Soul Devouring Dragon Lord politely arched his hands to David, and then asked: “Senior Yin Mo has disappeared for thousands of years. I wonder where he is now?”

“Yin Mo has returned to the heavens. I plan to go to play with him in a while!”

David said!

“It turns out that Senior Yin Mo is still alive. It’s a miracle!” The Soul Devouring Dragon Lord sighed.

“You suddenly attacked. Did you know that Rhino City and Flying Tiger City were fighting? Do you want to take advantage of the fisherman?” David asked!

The Soul Devouring Dragon Lord nodded: “Yes, the hall master sent me to take advantage of the war between the two major cities of the beast tribe and directly take over the territories of these two cities.”

“Give me a face, don’t move Rhino City, that’s my brother’s. As for Flying Tiger City, you can take it by the way!”

David knew that even if the Demon Dragon Hall did not intervene, they would not be able to take over Flying Tiger City!

There are still eight palaces behind Feihu City, and the strength of Rhino City is almost exhausted, so we must recuperate!

“Okay, then I won’t be polite!”

After the Soul Devouring Dragon Lord finished speaking, he instantly led the bone dragons and the Soul Devouring Demon Army and rushed into Feihu City!

Xie Zhong originally thought that he had escaped a disaster, and he was breathing heavily in the main city to celebrate!

But the next moment, more than a dozen cities in Feihu City were attacked by the Soul Devouring Demon Army at the same time!

The soldiers of Feihu City had suffered heavy losses in a battle, and they had not been repaired yet!

This time, they were no match for these Soul Devouring Demon Army, and they were killed without a single piece of armor left.

Even the best monks in Feihu City were also slaughtered.

After Xie Zhong got the news, he spat out a mouthful of old blood and almost died directly!

There was no way, he could only ask Huo Zhao for help!

Otherwise, Feihu City would fall into the hands of the demons!

Chapter 5015

After receiving the news, Huo Zhao immediately led the people of the Eighth Palace to the main city of Feihu City!

The patrol envoy had already left, and he had to go back to reshape his body!

When the Eighth Palace Huo Zhao led the army to arrive, he saw the scene of the Demon Dragon Palace’s army approaching.

He was furious and shouted loudly: "With my temple here! I will never allow the Demon Dragon Palace to set foot in Feihu City!"

The Soul Devouring Dragon Lord frowned when he saw Huo Zhao suddenly appear.

"Are you from the Temple?" The Soul Devouring Dragon Lord asked.

"Yes, I am the Lord of the Eighth Palace of the Temple." Huo Zhao nodded: "This Feihu City has been occupied by my Eighth Palace. If you, the Demon Dragon Palace, want to occupy the territory, you should choose another place."

"I think that Rhino City is good. Now Rhino City has long been strong on the outside but weak on the inside. You only need to make a little move to occupy Rhino City!"

Huo Zhao actually wanted the Demon Dragon Palace to occupy Rhino City!

If the Soul Devouring Dragon Lord hadn't met David and knew David's identity, he would have really wanted to occupy both Feihu City and Rhino City!

"This heaven is where our three tribes compete for supremacy. You God Clan have always said that you are the fourth race, why do you still want to compete with us for territory?"

"Can your temple also take a fancy to a city of the beast tribe?"

The Soul Devouring Dragon Lord was going to flatter Huo Zhao, making Huo Zhao embarrassed.

"Stop talking nonsense, either get out or fight."

Huo Zhao snorted coldly!

The unique arrogance of the God Clan would not allow him, the Lord of the Eighth Palace, to be servile to the demon clan!

"fu**, then fight, who is afraid of who!"

The Soul Devouring Dragon Lord roared!

The war was about to break out.

The monks of the eight halls began to form a battle array to meet the enemy. The light of spells, flying swords, and magic weapons illuminated half of the sky.

The bone dragon of the Demon Dragon Hall roared loudly, and countless skeleton soldiers rushed out of the sea of fog. The two sides started a fierce battle over Feihu City.

“The Demon Dragon Hall followed the people of the Temple to fight!” Fengxian

looked at the direction of the main city of Feihu City and said with a look of watching the excitement!

“It’s just a dog biting a dog, a mouthful of hair...” Hu Mazi laughed!

But the gadfly was worried, with panic in his eyes!

“What’s wrong?” David looked at the gadfly and asked!

“Brother, I’m afraid that this Demon Dragon Palace is not the opponent of the Temple. If the Demon Dragon Palace retreats, Feihu City is still occupied by the Temple, then my Rhino City will be in danger.”

“I believe it won’t take long for these eight palaces to recuperate and will definitely take Feihu City to retaliate. By then, I will be unable to resist.”

The gadfly said worriedly!

Although Feihu City’s strength has been greatly damaged, Rhino City is not much better!

After some time, Huo Zhao will definitely bring people to revenge!

By then, Rhino City will be in danger!

“You are right, we can’t let the people of the Temple win!” David nodded!

“We are already exhausted now, how can we still help the Demon Dragon Palace?”

said the woman in white!

They followed the people of Feihu City and the Eighth Palace to fight. After the fight, they did not have any rest, and followed the Demon Dragon Palace to fight again. Now everyone has reached their limit!

“I have a way!” David’s eyes suddenly lit up: “Gadfly, go and bring that Huo Shizi here. Whether Huo Zhao can retreat depends on the weight of his son in his heart!”

When the Gadfly heard it, he hurriedly brought Huo Shizi here!

In this way, David and his people took Huo Shizi directly to the main city of Feihu City!
At

this time, the Eighth Palace and the Soul Devouring Dragon Lord were in a difficult fight!

But the Soul Devouring Dragon Lord was more and more frightened, because he knew that the Eighth Palace Lord Huo Zhao was just a small role in the temple!

The entire Eighth Palace is nothing in the temple!

And this temple is not the largest force in the entire God Clan!

In this way, if they really provoke the people of the temple for a city, then their Demon Dragon Palace is afraid that they will be in danger!
