Chapter 5046

Seeing this, the white-robed woman snorted coldly: "Arrogant guy."

She turned to the three black-robed old men behind her and said: "Let's go too, don't let them get ahead."

The green-robed man hesitated for a moment, and finally caught up with Tianci's team.

After all, in this unknown environment, it is always safer to follow a strong person than to act alone.

David stood in place, his eyes swept around, and the corners of his mouth rose slightly.

"Interesting..."

He whispered to himself, and then followed.

This chaotic space seems to be disordered, but David can vaguely sense some kind of pattern.

His spiritual sense is far superior to that of the cultivators of the same level, and even more acute than the fifth-grade strong men in the scattered fairyland.

...

Deep in the chaos.

After walking for about half an hour, the fog in front of them suddenly became thinner, and a broken stone platform appeared in front of everyone.

On the stone platform, there are three coffins. These three coffins are all blood red, and there are mysterious special symbols on them.

On both sides of the stone platform are two warriors wearing armor and holding swords!

However, these two warriors are only stone sculptures, but the sculptures are lifelike, just like living people.

Seeing this scene, everyone is puzzled, wondering who is in the coffin.

David is also full of curiosity, because he used his spiritual sense to explore and found that he could not detect any scene in the coffin at all, and this blood-red coffin exudes a strong smell of blood.

So everyone keeps a distance from the broken stone platform, after all, no one knows whether it will be dangerous.

There is weirdness everywhere in this ruins, so everyone is very cautious.

Mo Qingyun instinctively approached David, hiding half of her body behind David.

She was also a little panicked in her heart. Now only standing next to David can give her a sense of security.

Tianci was furious when he saw this, because Mo Qingyun followed David too closely.

However, in front of Elder Tong and the people of Shura Palace, Tianci did not dare to be presumptuous. He could only suppress his anger and squeeze out a smile, saying, "It seems that there is some secret in this coffin. We should send someone to investigate first."

Everyone looked at Tianci, especially the woman in white robe, who rolled her eyes and said, "Then you go and investigate..."

Tianci shook his head: "I won't go!"

After that, he looked at David and said: "You go and explore..."

David was stunned and said: "Why don't you go?"

"I'm afraid of danger." Tianci said without hesitation.

"Then I'm afraid of danger too." David was a little unhappy.

"If you don't go, I will beat you to death. My strength is stronger than yours."

"Between exploring and death, choose one." Tianci asked.

"fu**..." David was speechless for a while.

"Brother Tianci, he..." Mo Qingyun wanted to plead for David.

"Sister Qingyun, don't say it, he is just a follower, don't protect him everywhere."

Tianci was a little unhappy.

Seeing this, Mo Qingyun looked at David helplessly.

David knew that in this society, the weak are the prey of the strong. Who made him only have the realm of the first grade of the scattered fairyland?

The white-robed woman on the side glanced at David and smiled playfully.

“What’s the difference between a first-grade Sanxian realm person coming here and following him to seek death?”

The white-robed woman laughed.

David just smiled and said nothing, but walked straight towards the broken stone platform.

“I’ll go with you...”

Seeing this, Mo Qingyun chased after David.

“Sister Qingyun...”

Tianci wanted to stop him, but found that Mo Qingyun had already followed David.

Tianci’s face turned green, his eyes widened with anger, and he gritted his teeth.

“Why are you going with me? What if there is danger?”

David looked at Mo Qingyun and asked.

“If there is danger, we will deal with it together. Even if we die, we will have a companion on the road to the underworld.”

Mo Qingyun smiled slightly.

David also laughed: “With me here, you won’t die...”

David’s heart was calm, he knew he would not die.

Because if he died, there would be no more stories in the future.

“Don’t you like that sissy guy?” David asked!

“Needless to say, it’s disgusting to see him.” Mo Qingyun nodded.

Then he said helplessly: “But Tianyuan Pavilion is very strong. In order to get in touch with Tianyuan Pavilion, I must marry him.”

“Have you ever thought about resisting?” David asked!

“I don’t have that strength!” Mo Qingyun shook his head.

“Wait for an opportunity, I’ll kill that sissy guy, and you’ll be free.”

David said as he followed Mo Qingyun.

“You are not his opponent!” Mo Qingyun said.

“Maybe I’m not his opponent now, but I have helpers, killing him is easy.”

David smiled slightly, and then asked the Red Cloud Demon Lord: “Senior, if you kill that sissy guy, will you kill me?”

“Your body can withstand it. Not to mention that guy, I can kill everyone here.” The Red Cloud Demon Lord said.

“That’s good!” David smiled!

“Who are you talking to?” Mo Qingyun looked confused.

“An old friend...”

David smiled.

The two chatted and walked, and soon they arrived at the broken stone platform.

At this time, David began to sacrifice the Dragon Slaying Sword and was on guard with all his heart, especially the two warrior sculptures. He always felt that the two sculptures might attack him at any time.

The dragon-slaying sword in David’s hand was actually trembling slightly, probably because he sensed the existence of danger.

In the distance, Tianci looked at David and Mo Qingyun coldly. The two were talking and laughing, and all of them fell into his eyes. He wanted to kill David immediately.

But even if he was angry, Tianci remained vigilant. If they found that something was wrong, they would run away immediately.

Although there are treasures in the ruins, they are also accompanied by dangers.

This is why many people know that there are ruins, but few people come to explore them. If they are not well, people will die.

If people are dead, what is the use of treasures?

Especially the ruins in front of them are very strange, which makes everyone feel cautious. As long as there is a little movement, they will run away immediately, and dare not be careless.

David followed Mo Qingyun and stood in front of the stone platform. The eyes of the two warrior statues were looking straight at them.

This made David's cold light explode, and he felt a little scared.

"Let's go..."

Mo Qingyun pulled David and walked towards the stone platform step by step. Their pace was very slow.

But when they walked to the three coffins, David was surprised to find that the eyes of the two warrior statues had turned around at some point, still staring at them.

David shook his head, thinking that he had seen it wrong, but when he looked carefully, the eyes of the two warrior statues really turned.

This time, David's heart was even more hairy, and the hand holding the dragon-slaying sword was trembling slightly.

"Miss Mo, have you found anything wrong with these two warrior statues?"

David asked Mo Qingyun!

"No!" Mo Qingyun shook her head.

Her attention was on the three coffins, and she didn't pay attention to the warrior statues.

Seeing this, David didn't say anything else. Since Mo Qingyun didn't know, then don't tell her, so as not to scare her.

David concentrated his mind, took a deep breath, and then focused on the three coffins.

There were three blood-red coffins. Upon closer inspection, one could actually see blood flowing on the surface of the coffins.

Chapter 5048

“Could it be that this coffin is made of blood?”

David was shocked when he took a closer look.

The coffin smelled very bloody, and there were some special symbols on it. Those symbols were moving slowly, like leaves floating randomly in the river.

There was some mysterious energy around the coffin, which kept penetrating into the coffin, as if it was being absorbed by the things inside the coffin.

David and Mo Qingyun looked at the three coffins carefully and felt it was particularly magical.

Just when the two were motionless, Tianci couldn't sit still.

He thought the two had discovered something, but he didn't dare to go forward rashly.

“You go and take a look...”

Tianci said to the man in green! The

man in green frowned: “Why don't you go?”

“If you don't go, I'll kill you. Between death and as we advance to take a look, you choose one!”

Tianci said to the man in green!

The man in green's face suddenly became extremely ugly. Although he was very angry, it didn't help. After all

, he was not Tianci's opponent at all. Even if he could beat Tianci, the other party still had Elder Tong, and he couldn't escape alone.

After hesitating again and again, the man in green could only think of taking a step forward. After taking two steps, the man in green turned his head and looked at the woman in white.

His eyes were full of desire for help, but the woman in white seemed not to see it.

In this society, no one sympathizes with the weak.

If you want to be respected, there is no other way except to become stronger.

This is the only way out.

The man in green had no choice but to slowly walk towards David and the others!

At this moment, David and Mo Qingyun were still immersed in the three coffins and did not notice the man in green at all.

Although David and his men had already passed by, the man in green was still very cautious.

When the man in green walked to the front of the stone platform, he couldn't help but look at the warrior statues on both sides.

At this time, the eyes of the warrior statues seemed to be staring at David and Mo Qingyun. After the man in green took a look, he stepped onto the steps.

But just as he stepped onto the steps, a sudden gust of wind came. The man in green was shocked and hurriedly waved his sword to resist.

At this moment, the two warrior statues seemed to come alive, and the two swords slashed at him in unison.

Boom!

In an instant, the man in green was directly knocked out and fell heavily at the feet of Tianci and others.

The knife in the man in green broke inch by inch, and the whole arm was also drooping weakly.

With just this one blow, the man in green was useless.

The weapon was gone, and the arm was also useless...

So everyone was shocked, and even David and Mo Qingyun couldn't help but turn their heads and look back.

When David saw that it was the two warrior statues that attacked, his face was extremely solemn. He had long felt that the two warrior statues were a little strange.

The man in green was a fifth-grade cultivator in the Tribulation Realm. How could he be crippled by a single blow?

The strength of these two warrior statues was too awesome.

David was alert with the Dragon Slaying Sword, and Mo Qingyun did not dare to be careless. She had never thought that the two warrior statues would attack.

However, David followed Mo Qingyun and waited for a long time. The two warrior statues just looked at the two with their eyes and did not attack.

The man in green slowly stood up, his eyes full of anger. He was very puzzled. He also followed David's path. Why were David and the others fine, but he was attacked?

Tianci and others were also puzzled. They couldn't understand what was going on.

"Elder Tong, do you know why this is happening?"

Tianci asked!

Elder Tong shook his head, "There is no formation on the two statues, and it is even more impossible to think that they are controlled. Why did they suddenly attack? I don't understand?"

Chapter 5049

"Why did you attack me but not the other two?" the green-clothed man asked somewhat dissatisfiedly.

"I just don't like you!" the woman in white robe smiled coldly.

"You..."

the green-clothed man was very angry, but he didn't dare to do anything to the white-clothed woman.

The other party was from the Shura Palace, and his strength might be higher than his. He was injured now, let alone fighting. If something happened later, it would be difficult for him to escape.

"Maybe it's because of the woman. Otherwise, you can try it?"

Tianci said to the woman in white robe!

Just now, David followed Mo Qingyun, who was also a woman, so the warrior statue did not attack.

Now only the woman in white robe is a woman, so Tianci asked her to try.

"If that's the case, you can try it. The two statues won't attack either. Aren't you also half a woman?"

The woman in white robe sneered!

"You....."

Tianci's face flushed with anger.

He hated it most when others said he looked like a woman. Although he dressed like a woman every day, he didn't allow others to say that.

Perhaps this kind of sect genius has a perverted mentality.

"Is it because of a woman? We just need to let those two people come back and let that boy who is a first-grade immortal realm person go there by himself, and then we will know, right?"

The woman in white robe smiled faintly!

Tianci heard it and immediately said to David and Mo Qingyun: "Sister Qingyun, both of you should come back..."

Mo Qingyun didn't speak and didn't move.

David looked at Tianci and said: "What do you want to do?"

"I'm just afraid that you two will get hurt, and I have no ill intentions, but if you two don't come back, I will be angry."

"I think you should know the consequences of my anger..."

Tianci threatened David and Mo Qingyun.

Mo Qingyun was a little scared and gently pulled the corner of David's clothes.

The scene of Tianci killing someone just now was still in Mo Qingyun's mind.

"Don't be afraid, we'll just go back!"

David comforted Mo Qingyun, and then the two of them walked back.

Seeing the two of them walking back, Tianci's eyes were filled with murderous intent, and he really wanted to kill David with one palm.

But now David is still useful, and he wants to use David as a guinea pig.

"You are walking back..." Tianci said to David!

"Damn, you are a bit bullying..." David was a little annoyed.

"Die, or walk back, you choose!"

Tianci threatened David.

David glanced at him coldly. At this moment, in David's heart, this Tianci has been sentenced to death.

He will find a chance to kill this guy sooner or later.

But now is not the time, David can't turn his face.

David took a deep breath and planned to go back again.

"I will accompany you..." Seeing this, Mo Qingyun was about to accompany David back again.

But Tianci grabbed him and said, "Let him go by himself..."

"Don't worry, I will be fine."

David smiled at Mo Qingyun, and then walked towards the stone platform again.

But this time, David's eyes were always on the two statues.

As long as the two statues appear, he must dodge quickly.

Even a fifth-rank cultivator in the Sanxian Realm couldn't withstand a blow, so David didn't dare to try.

David walked up to the stone platform tremblingly. The two statues did not attack except that their eyes followed and turned, staring at David.

"Huh?"

Tianci frowned slightly.

The others were also puzzled, not understanding what was going on.

“It seems that it has nothing to do with whether it’s a woman or not?”

said the woman in white robe!

“Why is this? Why only attack me?” The man in green was a little collapsed at this time.

“Maybe I’m more handsome than you, so it’s okay!”

David said with a smile while standing on the high platform!

At this time, David’s heart also relaxed a lot of vigilance.

“Bullshit, I’m much more handsome than you!” The man in green was furious.

Chapter 5050

“You try again...”

Tianci said to the man in green!

The man in green had an extremely gloomy face. If he could beat Tianci, he would definitely kill this guy.

Unfortunately, he is not Tianci’s opponent now.

He regretted coming in. It would be better if he didn’t enter here in the first place.

Now he wants to escape, but he has no chance, because Tianci’s breath has locked him in long ago, in order to prevent him from escaping.

As long as he dares to have the slightest idea at this moment, Tianci will definitely attack without hesitation.

This guy is bloody and cruel.

But if he continues to walk over now, the warrior statue suddenly attacks, and he feels that he can’t bear it.

Just when he was in a dilemma, David said loudly: “If you think you are more handsome than me, then come over?”

“These two statues will not attack handsome guys...”

“What are you waiting for?” Tianci asked the man in green coldly.

“Mr. Tianci, can’t you let others go? I have tried once and was seriously injured.”

The man in green said in resistance.

“Why? If you don’t try, do you want me to try it myself?” Tianci said with his eyes fixed.

“You can...”

The man in green glanced around and couldn’t let the elder Tong go, and then stopped his eyes on the black-robed old men behind the woman in white.

“You can let them go...” said the man in green!

“Why? You are afraid of Tianyuan Pavilion, but you are not afraid of our Shura Palace?” The woman in white had a murderous intent in her eyes.

The man in green shuddered and was too scared to speak.

“Hey...” The man in

green sighed, his face was ashen, but in the face of coercion, he could only bite the bullet and walk towards the stone platform again.

With every step he took, he stared at the two warrior statues, fearing that they would suddenly rise up.

However, the moment he stepped onto the stone platform——Pinshu.com

Boom! Boom!

The two statues suddenly opened their eyes, and the long swords in their hands chopped down fiercely!

“Damn it!”

The man in green roared, frantically urging all his spiritual power to resist.

However, his defense was like paper in front of the statue’s attack, and was instantly chopped to pieces!

“Puff——”

Blood spurted wildly, and the man in green was chopped and flew out directly, hitting the ground heavily, with a hideous wound on his chest, and his breath was extremely weak.

“Why... why only attack me?” He roared angrily and unwillingly.

Everyone looked at each other, all in confusion.

Why did the statue only attack the man in green, but not David?

Tianci frowned, his eyes swept back and forth between David and the statue, and finally said coldly: “It seems that the attack mechanism of these two statues is not simply based on gender or strength.”

“What is that?” The woman in white robe frowned.

“Maybe... it’s blood?” Tianci narrowed his eyes and stared at David, “There may be something special about this kid.”

David’s heart moved, but he remained calm on the surface. He shrugged and said: “Maybe it’s just good luck?”

“Humph!” Tianci snorted coldly, obviously not believing it.

But now, the man in blue is seriously injured, and others dare not try easily. The only one who can get close to the stone platform is David!

“Go, open the three coffins!” Tianci ordered.

David glanced at him and said lightly: “Why should I listen to you?”

“Don’t listen?” Tianci’s eyes were full of murderous intent, “Then I will kill you now!”

Mo Qingyun nervously pulled Tianci’s sleeve and whispered: “Brother Tianci, don’t be impulsive...”

Mo Qingyun was afraid that Tianci would really attack David!

Now Tianci plus the two elders, David is definitely not a match.

“I’ll try...” The woman in white robe looked at Tianci with disdain, and then walked towards the stone platform!

The woman in white robe walked very slowly, and every step she took caused ripples in the void.
