Chapter 5101

Seeing this scene, the others were stunned for a moment. You know, the man in green clothes just now was a sixth-grade scattered fairyland, but he was killed by David with one sword, and he didn't even have room to fight back!

These people began to retreat, looking at David in horror! But

David ignored it, and frowned at the void!

Because he felt that several auras had locked him, and these auras were very terrifying.

"If a fight breaks out later, you run away quickly..."

David said to Mo Qingyun!

"I won't abandon you!" Mo Qingyun shook his head!

"If you run away, I will have nothing to worry about. If you stay here, I will be distracted!"

David said!

Mo Qingyun knew that what David said was also right, so he nodded: "Did you notice anything?"

"Someone is coming, and he is very strong!"

As soon as David finished speaking, the void around him began to tremble, and then three figures slowly appeared!

With the appearance of the three figures, the air around him was frozen by an even more terrifying pressure.

Mo Qingyun tightly grasped the corner of his clothes, his fingertips were cold, and the scattered cultivators who had originally surrounded him in the distance had already retreated thousands of miles away in fear, looking up at the void one by one, with extreme fear written on their faces.

"Buzz——"

The space cracked inch by inch like broken glass, and three figures slowly stepped out with dazzling golden light.

The old man in the lead was wearing a dark purple Bagua Taoist robe, with a pattern of stars embroidered on the corners. With every step he took, a light golden rune would appear under his feet.

His face was haggard, his hair was white like snow, but he tied it with a dark green bamboo hairpin.

His eyes were half open and half closed, as if he was half asleep, but the occasional flash of brilliance made the casual cultivators below feel as if they were pierced by ten thousand years of black ice.

He was leaning on a dragon head cane in his hand, and the dragon head's eyes were actually two dark red gems, with a faint blood light flowing. When the cane landed, ripples appeared in the void.

The most terrifying thing was the breath he exuded, like a silent abyss for eternity, seemingly calm, but hiding a terrifying power that swallowed everything.

The burly middle-aged man who followed closely behind was a completely different style.

He was naked from the waist up, his bronze skin was covered with hideous scars, each scar was like a dormant dragon python, his muscles were as hard as iron, full of explosive power.

He just stood there, and the surrounding space made an overwhelmed "crackling" sound.

The middle-aged man wore a pair of black animal leather pants, and a broken blade was hung around his waist. The blade was dark and dull, but it exuded a murderous aura that made the soul tremble.

His face was rough, his thick eyebrows were upside down, and his pair of big copper bell eyes stared at David, his eyes were full of undisguised greed and violence, like a prehistoric beast seeing its prey.

The beautiful woman who appeared last had a strange charm.

She was wearing a fiery red long skirt, and the hem of the skirt was embroidered with red spider lilies with gold thread. When she walked, the fragrance floated, which was soul-stirring.

Her appearance was extremely beautiful, her skin was whiter than snow, her eyebrows were as black as distant black, and her peach blossom eyes were watery, as if they could drip water, but deep in her eyes was a cold murderous intent, like a poisonous snake spitting out its tongue.

Her hair was black and shiny, tied up with a blood-colored jade hairpin, and a few strands of hair hung beside her cheeks, adding a bit of weirdness.

She was playing with a blood-colored bell in her hand. Every time the bell swung lightly, it emitted a kind of lewd sound that pierced the soul, causing many low-level casual cultivators to cover their ears on the spot and groan in pain.

When the three of them appeared, the spiritual energy of the entire world seemed to be solidified, and the terrifying pressure of the ninth level of the scattered fairyland poured down like the Milky Way in the sky, pressing all the creatures below to make it difficult to breathe.

Chapter 5102

“It’s... it’s them!”

A casual cultivator with white hair and beard in the distance suddenly screamed, his voice filled with unbelievable fear, “The Taoist master ‘Xuan Ji Zi’ from the Tian Yan Sect! And the barbarian king ‘Lie Shan’ from the ancient barbarian tribe! And... Madam ‘Mei Xin’ from the Blood Shadow Palace!”

“Oh my God! How could these three appear at the same time? They are all ninth-grade casual immortals. In the Three Heavens, they are people who can change the color of the world with just a stomp of their feet!”

“It’s over, it’s over, David is dead now! The treasures of the ancient ruins actually attracted these three evil stars!”

“I heard that Taoist Xuanjizi is the best at deducing the secrets of heaven. I’m afraid he has already figured out that David has a treasure; King Lieshan is bloodthirsty and likes to snatch treasures; Madam Meixin is even more bizarre, and countless masters have died under her bell...”

The discussion spread like a tide, and everyone looked at David and Mo Qingyun with sympathy and fear, as if they were already in the hands of the three giants.

David listened to the discussion of the crowd and frowned even more. He didn't expect that the news that he had ancient relics and treasures on him would attract the top masters of the three heavens!

Mo Qingyun's body trembled slightly. She could clearly feel the three heavy breaths like mountains, each of which was far more than the previous black-clothed old man.

She subconsciously shrank behind David, but her fingertips tightly grasped the corner of her clothes, and her eyes were full of worry: "David..."

David took a deep breath, protected Mo Qingyun behind him, and held the Dragon Slaying Sword across his chest. The sword body flashed a cold light in the sun.

He looked at the three giants in front of him, knowing that today's battle was inevitable.

The Taoist Xuanjizi spoke first, his voice was as hoarse as a broken gong, but it was clearly heard by everyone: "Little guy, hand over the treasures of the ancient ruins, and I can leave you a whole body."

His eyes fell on David, as if he was looking at a dead object, and his indifferent look made it seem as if David's resistance was in vain.

The Mountain Splitting Barbarian King growled impatiently, his voice like a bell, shaking the void: "Why are you talking nonsense to him! Just grab it! I want to see what a little ant of the fourth rank of the scattered fairyland can do!"

The scars on his body began to glow red, and his muscles bulged. It was obvious that he was ready to take action.

Madam Meixin laughed softly, her voice was so sweet that it made people's bones soft, but her words were chilling: "Little brother, why are you so stubborn? Give the treasure to your sister, your sister loves you..."

As she spoke, the blood-colored bell in her hand shook gently, and a wisp of invisible sound waves shot towards David, trying to disturb his mind.

David's eyes condensed, and the spiritual power in his body circulated, instantly resisting the lewd sound.

He looked at the three people expressionlessly, and said in a deep voice: "I'm afraid you three have made a mistake. How can I have any treasures from ancient ruins on me? I'm just a casual cultivator. Why do you seniors have to make things difficult for a junior like me?"

"Hmph!"

The Taoist Xuanjizi snorted coldly, with a gleam in his eyes. “Little guy, are you playing tricks in front of me? You think your tricks can be hidden from us? Your image has already spread throughout the three heavens. Do you think I’m blind and can’t see it?”

The Mountain-Splitting Barbarian King was even more direct. He took a step forward suddenly, and the whole space shook violently. He roared: “Stop talking nonsense! If you don’t hand it over, I’ll beat you into a pulp!”

Madam Mei Xin smiled and shook her head: “Little brother, it seems you won’t cry until you see the coffin... In that case, sister will have to search it myself.”

As she spoke, her figure flashed, and turned into a red shadow, and instantly appeared in front of David. Her slender jade fingers, with a fishy and sweet fragrance, touched David’s brow directly.

Chapter 5103

“Be careful!” Mo Qingyun exclaimed.

David’s pupils shrank, and before he could think, the Dragon Slaying Sword instantly blocked in front of him.

“Ding——”

With a crisp sound, as if metal and iron were clashing, Madam Mei Xin’s fingertips touched the sword, but it made a sound like hitting diamond.

David only felt a feminine but extremely domineering force coming along the sword, which made his arm numb and his blood surge.

“Hmm? Interesting.”

Madam Mei Xin raised her eyebrows in surprise, retracted her fingers, and saw that her fingertips were intact, but stained with a faint layer of blood.

“A fourth-grade scattered fairyland has such a strong body and spiritual power? No wonder he can get the treasure of the ancient ruins.”

Madam Mei Xin said in surprise!

At this moment, the Mountain Splitting Barbarian King had already rushed up with a roar, and his fist as big as a casserole with a whistling sound that tore through the air, smashed fiercely into David's face.

Before the fist arrived, a violent force had already distorted the space around David.

"Come on!"

David did not retreat but advanced, and the Concentration Heart Technique in his body was running wildly, and the spiritual power poured into the Dragon Slashing Sword like a surging river.

He shouted, and the Dragon Slashing Sword turned into a streak of white light, slashing towards the Mountain Splitting Barbarian King's fist.

"Boom—"

A shocking collision sounded, and the violent energy shock wave spread out from the two people as the center. Seeing this, the casual cultivators below offered up their defensive magic weapons and flew back in embarrassment.

At the moment when the Mountain Splitting Barbarian King's fist collided with the Dragon Slashing Sword, spider-web-like cracks appeared in the space, and a terrifying air wave blew away the surrounding clouds.

David felt an overwhelming force coming from the sword, and he felt like he was hit by a mountain. With a "puff", he spat out a mouthful of blood and flew backwards uncontrollably.

"David!"

Mo Qingyun screamed and tried to rush forward, but was blocked by a rune barrier casually created by the Taoist Xuanjizi, and could not get close at all.

"Hahahaha! You are vulnerable!"

The Mountain Splitting Barbarian King laughed wildly at this, and the murderous intent in his eyes became stronger, "Little ant, die for me!"

He said, and raised his fist again, ready to give David a fatal blow.

At this moment, David's eyes flashed with cold light, and a golden light burst out from his right hand!

"Holy Light Fist..."

“Boom—“

After a loud noise, the two figures separated instantly!

I saw that the whole arm of the Mountain Splitting Barbarian King was torn apart, and blood spurted out!

“What a powerful force...” The Mountain Splitting Barbarian King looked at David with an unprecedented solemnity!

David was not feeling well at the moment. Following two scattered fairyland ninth-grade masters in succession, he had already suffered physical injuries!

However, the aura around David did not weaken at all!

The power of the dragon, the power of the three tribes, the power of the origin...

All the forces that could be mobilized were mobilized by David at this moment. Facing three scattered fairyland ninth-grade masters, David dared not be careless or pretend!

“Damn, this kid has some skills, come together...”

Seeing this, the old Taoist Xuanjizi joined the Mountain Splitting Barbarian King and Madam Meixin to attack David together!

David did not respond to the attack of the three people, and he became powerless to fight

back! His body was hit hard and flew backwards!

Wiping the blood from the corner of his mouth, David’s eyes were full of fighting spirit!

“Buzz...”

Two dull buzzing sounds were heard, and the void behind David was shining brightly, and two groups of black mist flew out of David’s body.

Two warriors appeared, with simple faces, holding huge battle axes, and engraved with mysterious runes. Each of them exuded the terrifying aura of the eighth level of the scattered fairyland.

“Huh? War puppets? Or two puppets of the eighth level of the scattered fairyland?”

A trace of surprise flashed in the eyes of the old Taoist Xuanjizi, “Interesting, it seems that this little guy really has some tricks.”

When the Mountain Splitting Barbarian King saw the two warriors, he was not afraid, but became more excited: "Come at the right time! It's just right for me to practice!"

Chapter 5104

He roared, turned around and rushed towards one of the warriors, and smashed his fist again.

At the same time, Madam Meixin also rushed over with a sweet smile, shaking the blood-colored bell in her hand wildly, and countless blood-colored sound waves intertwined into a large net, covering the other warrior and David.

The old Taoist Xuanjizi stood in the distance, tapped the dragon-headed cane in his hand lightly, and countless golden runes suddenly appeared in the void, forming a huge Bagua formation diagram, covering David and the two warriors, obviously trying to trap them. For

a moment, three ninth-grade masters of the scattered fairyland attacked at the same time, cooperating tacitly, and suppressed David and the two warriors.

The violent power of the Mountain Splitting Barbarian King continued to bombard the warrior's body, making a loud "dong dong" sound.

Madam Meixin's bloody sound waves penetrated everywhere, trying to disintegrate the warriors' defense.

The Bagua formation diagram of the Taoist Xuanjizi kept shrinking, limiting their space for movement.

David resisted the attack while dealing with the formation attack of the Taoist Xuanjizi, and was immediately caught in a bitter battle.

The wounds on his body kept increasing, and the blood stained his clothes red, but his eyes became brighter and brighter, and he swung the Dragon Slaying Sword in his hand faster and faster, and every swing was full of unstoppable sword intent.

"David!"

Mo Qingyun was so anxious that tears came out of her eyes outside the barrier. She desperately beat the rune barrier, but it was of no use at all.

She could only watch David fight bloody battles under the siege of the three powerful men, "Hold on! You must hold on!"

The scattered cultivators in the distance were stunned. They had never seen such a tragic battle.

A fourth-grade scattered fairyland could actually hold on for so long under the siege of three ninth-grade scattered fairyland masters, and even sacrificed two powerful war puppets. This simply subverted their cognition.

"This... What kind of monster is this David? He is a fourth-grade Loose Immortal Realm! Even if he is an ordinary ninth-grade Loose Immortal Realm, he will be killed instantly when facing three ninth-grade ones, right?"

"Too terrifying! The sword in his hand, and the two war puppets, are not ordinary things! The treasures in the ancient ruins are probably more amazing than we imagined!"

"Look, although he is injured, his eyes are not afraid at all, but more and more fierce! Does this kid have a trump card?"

Just as David gradually fell into a disadvantage and many cracks appeared on the bodies of the two warriors, a sharp light flashed in the eyes of the old Taoist Xuanjizi, and he said in a deep voice: "It's almost done, let's end it!"

He suddenly paused with the dragon head crutch in his hand, and the Bagua formation diagram instantly burst into a thousand feet of golden light, and countless runes were made into swords and shot towards David.

The Mountain Splitting Barbarian King and Madam Meixin also exerted their strength at the same time. The Mountain Splitting Barbarian King smashed the shoulder of a warrior with a punch, and Madam Meixin's blood-colored bell made a piercing scream, and the movement of the other warrior suddenly stagnated.

"Not good!"

David was shocked, and at the critical moment, he gritted his teeth and a trace of determination flashed in his eyes.

He knew that if he didn't use the trump card again, he would really have to explain it here today!

"Senior! Help me!"

David roared in his sea of consciousness.

"Hahaha... You, you finally beg me?"

“It’s been so long since I’ve possessed you and you can relax!”

Deep in his sea of consciousness, the Red Cloud Demon Lord said with a hint of joking: “Just to see how much power your body can withstand!” As soon

as the words fell, David’s sea of consciousness suddenly burst out with a destructive aura, and a jet-black energy surged out of his body like a volcanic eruption, instantly enveloping his whole body.

“This... What is this aura?”

The Taoist Xuanjizi’s face suddenly changed, and for the first time, he showed a look of horror in his eyes, “It’s more terrifying than the ninth level of the scattered immortal realm! This kid... He actually has such a terrifying existence hidden in his body?”

Chapter 5105

The Mountain Splitting Barbarian King and Lady Meixin also stopped their hands, looking at David, who was wrapped in black air, in doubt. The breath made them feel the threat of death.

“Roar...”A

roar like from the Nine Nether Hell came out of the black air, and then the black air slowly dissipated, revealing the figure of David.

But David at this time was no longer the same as before.

His hair turned into a burning red, and each strand stood upside down. There was a strange red light flashing in his eyes, and his face was covered with mysterious black lines, like a demon totem.

His body swelled up a circle, his muscle lines were full of explosive power, and his skin showed a bronze metallic luster.

The most terrifying thing was the breath he exuded, which was a terrifying pressure that combined destruction, tyranny, and majesty. It changed the color of the world, and the void was constantly broken and reorganized.

“This... This is...”

Mo Qingyun looked at David, who was both familiar and unfamiliar, with tears blurring her eyes. She could feel the terrifying power in David's body, but she could also feel David's still firm will.

Everyone was shocked when they saw the sudden change in David!

"This kid is possessed by a demon, everyone be careful!"

Xuanjizi Laodao hurriedly reminded!

"I didn't expect that this guy still has the soul of a demon in his body. Isn't he afraid of being backlashed and killed?"

Madam Meixin was very puzzled!

Although being possessed can indeed greatly increase strength, once the body can't withstand the power of being possessed, the body will be destroyed!

Just as everyone was shocked, David slowly raised his head, and red light burst out in his eyes.

A cold arc appeared at the corner of his mouth, and his voice became hoarse and majestic, with a sneer: "Three ants, dare to bully my brothers, looking for death?"

Before he finished speaking, his figure flashed and instantly appeared in front of the Mountain Splitting Barbarian King.

Seeing this, the Mountain-Splitting Barbarian King roared, gathered all his strength, and punched out: "Whoever you are, die!"

However, David just casually raised his hand and punched him.

"Bang..."

A muffled sound, lower than any previous collision, but more terrifying.

The moment the powerful fist of the Mountain Splitting Barbarian King touched David's fist, it actually made a sound of bone breaking.

He was like being hit by a high-speed train, screaming and flying backwards, spitting out several mouthfuls of blood in the air, and hit a mountain in the distance heavily, smashing the entire mountain.

"What?"

Taoist Xuanjizi and Madam Meixin cried out at the same time, their eyes full of incredible fear.

They knew the physical strength of the Mountain Splitting Barbarian King. Even if they confronted him head-on, they might not be able to injure him so easily, but the possessed David in front of them actually did it with one punch!

“It’s your turn!”

David’s eyes flashed red, and he looked at Madam Meixin.

Madam Meixin’s face turned pale, and she no longer had the charm she had before. She screamed and turned around to run away, shaking the blood-colored bell in her hand wildly, trying to interfere with it with sound waves.

But David was faster, and his figure appeared behind her like a ghost, and he slapped her with one palm.

“Ah...”

Madam Meixin let out a shrill scream, and her body flew out like a kite with a broken string.

The blood-colored bell in her hand shattered with a “click”, and a huge palm print appeared on her back, her bones were broken, and blood spurted wildly. Seeing this,

the old Taoist Xuanjizi was scared to death. He knew that he was no match for him, so he immediately pinched the magic formula and tried to detonate the Bagua formation to block it, while preparing to escape.

“Want to run?”

David snorted coldly, and the red light in his eyes turned into two lasers that shot out and instantly pierced through the Bagua formation.

Then, he took a step forward and appeared in front of the old Taoist Xuanjizi. The Dragon Slaying Sword flashed, and with the sword intent of destroying the world, he slashed towards the old Taoist Xuanjizi.
