Chapter 5136

Hu Mazi nodded, and then everyone followed David and left!

If the mysterious organization came again, David didn't know if he could deal with it, so he left first!

"Mr. Chen, where are we going next?"

Yun Wuya asked!

"Go to Tianyan Sect. It should be only ten thousand miles away from Tianyan Sect, right?"

David said!

"Yes, this ancient tribe is only ten thousand miles away from Tianyan Sect. It won't take a few days to get there."

Yun Wuya nodded!

David led everyone to Tianyan Sect, but after just one day, David's face changed slightly!

"The breath in front is not right..."

David looked ahead vigilantly!

I saw blood-colored lightning in front of me, constantly bombarding a certain place!

Yun Wuya just took a look and said hurriedly: "Mr. Chen, that is a blood-colored thunder tribulation. Someone is going to break through the third heaven and go to the fourth heaven."

"This also indicates that from a scattered immortal to a ground immortal, he will become a legitimate immortal!"

"This thunder tribulation looks a bit scary!" David looked carefully at the blood-colored thunder tribulation in front of him. His current strength should be enough to go to the fourth heaven!

But David didn't know about this thunder tribulation, so he said: "Let's go and see..."

"Mr. Chen, this thunder tribulation is very terrifying. Not everyone who goes to the fourth heaven can succeed. If you fail, the thunder tribulation will rage, and we are afraid of risks!"

Yun Wuya reminded David!

"It's okay, I can also subdue a thunder tribulation that is more powerful than this..."

After David finished speaking, he went straight to the blood-colored thunder tribulation!

Seeing this, Hu Mazi and the others could only follow him. Yun Wuya gritted his teeth and followed him!

When they were a hundred miles away from the thunder tribulation, they could feel the terrifying power of the blood-colored thunder tribulation, which made it difficult for David and the others to move forward!

"Boom boom..."

A blood-colored thunderbolt fell from the sky!

But at the same time, a stream of energy suddenly rushed up into the sky and directly blocked the blood-colored thunderbolt!

David was shocked. He didn't expect that there was such a powerful person in the third heaven?

Looking closely, David saw that under the thunderbolt, a middle-aged man wearing a light blue robe and holding a brush in his hand, who looked very elegant, was staring at the thunderbolt in the sky. The middle-aged man's eyes were full of fighting spirit!

Behind the middle-aged man, countless top cultivators sat cross-legged one by one, and a breath emanated from these people's bodies and continued to flow into the body of the middle-aged man!

David saw that the middle-aged man was at the peak of the realm of scattered immortals, and the aura he exuded was very powerful, stronger than that of the Seventh Palace Master!

The most important thing was the top cultivators behind him, many of whom were at the seventh or eighth level of the scattered immortal realm, and there were five ninth-level cultivators in the scattered immortal realm!

These people all looked ready to die, and desperately transferred the breath in their bodies to the middle-aged man!

“What are they doing?” Hu Mazi saw this and said in confusion!

“They are going to use the power of the whole clan to escort this middle-aged man to the fourth heaven.” Yun Wuya said!

“The power of the whole clan? Can’t this middle-aged man withstand the blood-colored thunder tribulation with his strength alone?”

David said curiously!

Logically speaking, the man is at the peak of the scattered immortal realm. If he is improving his realm, he will be an earthly immortal!

But to reach the earthly immortal, you must go to the fourth heaven. After all, the third heaven is not in the same plane world as the fourth heaven!

Thirty-six heavens, each three heavens is a plane world.

“This blood-colored thunder tribulation depends not only on the realm, but also on the strength of the physical body, and even more on the strength.”

“There are only a handful of cultivators who can ascend to the fourth heaven.

” “So some families, in order to have an earthly immortal in their family, have to use the strength of the entire family.”

“But this is also dangerous. Once it fails, the whole family will suffer.”

Yun Wuya said!

After hearing this, David couldn’t help but sigh. This is a gamble on the fate of the entire family!

Chapter 5137

Rumble...

Another blood-colored thunderbolt came down. The pen in the middle-aged man’s hand suddenly burst into golden light, and then he swung it vigorously!

A golden aura formed in the air, but when it touched the blood-colored thunderbolt, it was directly shattered, and the thunderbolt came down with a bang! The

monks behind the middle-aged man showed fear and despair in their eyes!

They knew that if they failed, everyone would be doomed!

Looking at the rolling thunderbolt, the middle-aged man took a deep breath, and his body instantly turned into a stream of light!

This guy actually wanted to use his body to resist this blood-colored thunderbolt!

For his family and for his people, he could only succeed, not fail.

Boom!

The stream of light instantly tore the thunderbolt apart, and hope ignited in everyone's eyes again.

But just as hope was ignited, countless blood-colored thunderbolts came again!

The middle-aged man roared desperately, and the pen in his hand kept waving out golden light one after another, isolating the tribesmen below!

He knew that it was not terrible if he failed, but the terrible thing was that the whole tribe would suffer!

There were more and more blood-colored thunder tribulations, and the breath of the middle-aged man began to weaken!

The tribesmen below, one by one, desperately transported the breath in the man's body!

Some tribesmen vomited blood and fell to the ground, and the whole person collapsed and died!

In this way, after more than a dozen blood-colored thunder tribulations, the breath of the middle-aged man was constantly decreasing!

"Life, this may be the life of my Wuyou tribe!"

"Patriarch, that's all... that's all..."

Someone has consumed his lifelong cultivation, and after saying that, he fell to the ground and died!

The middle-aged man looked at the dying tribesmen one by one, sighed lightly, and his eyes were full of gloom.

If they lose, all their tribesmen will disappear!

In order to bet on a land of immortals, now the lives of the whole tribe are at stake!

Is it worth it?

The middle-aged man was confused at this moment!

However, the middle-aged man's eyes suddenly saw David. He found that when David faced the blood-colored thunder tribulation in front of him, he was calm and fearless!

"This young man, can you help me break through this blood-colored thunder tribulation?"

The middle-aged man asked David!

David shook his head. He didn't know if he could withstand this blood-colored thunder tribulation, so how could he help the man!

After hearing this, the middle-aged man frowned slightly. Although David was only at the fifth level of the scattered fairyland, he always felt that David's strength was definitely extraordinary!

Otherwise, facing the blood-colored thunder tribulation, even the peak of the scattered fairyland would change color instantly!

"All clansmen listen to the order, take out your storage bags!"

The middle-aged man said loudly!

Tens of thousands of clansmen didn't know why they did this, but they all did it obediently and took out their storage bags!

The middle-aged man waved his hand, and the tens of thousands of storage bags flew directly in front of David!

"These resources are for you to help me break through the blood-colored thunder tribulation!"

The middle-aged man said anxiously!

If no one helps, he can't break through at all. At that time, the entire Wuyou clan will be finished and no longer exist!

David took a look at the storage bags, didn't speak, and shook his head!

It's not worth taking risks for these things!

The middle-aged man frowned, and then spoke again: "This young man, I can not break through this blood-colored thunder tribulation, but please save a few of my clansmen, so that my Wuyou clan will not be destroyed."

After speaking, the middle-aged man waved his hand, and dozens of young men and women all flew up and came directly in front of David!

David took a look at the terrified young men and women in front of him, and then asked curiously: "How do you know that I can block this blood-colored thunder tribulation and save your clansmen?"

"Feeling!" The middle-aged man said: "But if the young master can't block the blood-colored thunder tribulation, all my clansmen will be destroyed, and I don't blame you, these storage bags are still yours!"

Chapter 5138

David smiled, looked at the middle-aged man and said, "All your clansmen have been destroyed. Whether I help or not, these storage bags are still mine. Are you all dead? Can you still stop me?"

The middle-aged man was stunned when he heard it, and he had no response.

If all of them died, all the things on their bodies would still belong to David, and he would not need to help at all.

"If you want to help, help. If you don't want to help, forget it. We are not afraid of death!"

A young man in a white gown glared at David with displeasure!

This young man was also among the dozens of cultivators, and he was also an eighth-grade cultivator in the scattered fairyland. He was so young that he had such a cultivation. He was indeed very talented!

David glanced at the dozens of cultivators, all of whom were young people with talented monsters!

It seems that this is to preserve the fire for their Wuyou tribe.

“Don’t be rude...” At this time, a girl stood up, her face slightly pale, but her eyes were full of calmness.

“My fellow Taoist, I’m really sorry, we are rude. It’s your right to help or not.”

After the girl finished speaking, she looked at the dozens of cultivators and said, “This may be the fate of our Wuyou tribe. Accept it and fight with the clan leader!”

“Fight...”

Dozens of cultivators planned to follow the clan leader to fight against the blood-colored thunder tribulation again.

The middle-aged man sighed lightly, with a helpless look on his face. He originally wanted to leave a fire for the tribe, so that the Wuyou tribe could grow stronger in the future!

But now, I’m afraid there will be no more Wuyou tribe in the future, and the entire Wuyou tribe will disappear in the long river of history.

“Wait a minute...”

David suddenly said!

Hope flashed in the middle-aged man’s eyes, and Hu Mazi pulled David and said, “David, you have to think clearly. This bloody thunder tribulation is very terrifying. Can you help these people block it?”

“It’s impossible to help everyone block the thunder tribulation, but these dozens of monks can still give it a try!”

David said!

“Young Master, are you willing to help us?” The middle-aged man asked expectantly!

“I’m not helping, but trading.” After David finished speaking, he stepped out directly and entered the thunder tribulation area!

David’s palm was facing up, and a golden light shot up into the sky, and then a golden shield formed around him!

This golden shield enveloped all the dozens of monks!

Seeing this, the middle-aged man smiled, and there was no more entanglement in his eyes!

Thunder tribulation after thunder tribulation came down, and the aura burst out by the middle-aged man began to become illusory. All the other tribesmen have reached the last moment at this moment!

They no longer had the ability, and could only watch the thunderbolt strike down, and then take away the lives of people one by one!

Originally, they thought that the power of the whole clan could resist the blood-colored thunderbolt, and send their clan leader to the fourth heaven, reaching the realm of earthly immortals.

But now, they thought too simply!

At this moment, countless energies were bursting out in David's body, supporting the golden shield!

One after another thunderbolt hit the shield, but did not penetrate it!

Dozens of monks watched their people screaming and being harvested by the thunderbolt!

"What are you doing? Save them quickly..."

Seeing this, the young man in white yelled at David!

He thought that David could only save more people if he expanded the shield!

David ignored him and began to resist the thunderbolt with all his heart.

The girl glared at the young man in white and said, "Shut up."

The middle-aged man looked at his people being swallowed by the thunderbolt, and finally gave up!

"Ah..."

With a roar, the middle-aged man was burning.

"Patriarch..."

After seeing this scene, dozens of monks under David's golden shield all burst into tears!

Chapter 5139

The middle-aged man was reduced to ashes, and all the tribesmen were swallowed by the thunder!

After an unknown amount of time, the thunder disappeared, and the scene fell into a deathly silence! The

corpses on the ground were full of blood!

David removed the golden shield, his face was pale, and he looked very weak!

To save these dozens of people, David almost consumed all his strength. To save others, David simply didn't have that much ability!

"Why, why didn't you save our patriarch, you obviously could!"

The young man in white glared at David and began to accuse David!

Hu Mazi and the others rushed over, and then Hu Mazi slapped the young man in white.

"Remember, he can save you, but he can also kill you!"

Hu Mazi said, then helped David and said, "Are you okay?"

"It's okay!" David shook his head, but suddenly frowned, and looked into the distance with vigilance!

"They are coming..."

David said with a serious face!

"Let's go..." Hu Mazi also felt it, and immediately took David and left instantly!

Seeing this, dozens of monks from the Wuyou clan also followed instantly!

Just as these people left, three figures wrapped in black robes appeared. Looking at the corpses on the ground, the three of them smiled with satisfaction.

Then the three of them divided the work and began to collect the souls of the dead from these corpses!

David and his men escaped for thousands of miles before they stopped!

At this moment, David was panting heavily. He had just consumed too much and had no time to replenish it. He had to run such a long distance!

“It seems that my body still needs to be trained, otherwise I can’t watch the blood-colored thunder tribulation and reach the fourth heaven.”

David felt the fatigue and pain in his body and said with great emotion!

David decided to find an opportunity to obtain the Savage Body Refining Technique in a row to make his body stronger!

His strength has increased too fast during this period, and David’s physical tempering is obviously a bit behind!

In addition, the Red Cloud Demon Lord has possessed him again and again, causing his body to be full of injuries. David must improve his physical body as soon as possible!

“Fellow Daoist, thank you for saving my life!”

The girl came over and thanked David!

“Why thank him? He did this because he took all our resources. This is a deal, there is no need to thank him.”

“Besides, he could have saved the clan leader, but he stood by and watched. This kind of person has no sympathy at all.”

The man in white glared at David as if he was looking at an enemy!

“Shut your mouth...”

The girl was furious and yelled at the young man in white!

David looked at the young man in white coldly, and then waved his hand gently, and countless storage bags appeared in front of everyone!

“Which one of these is your storage bag?”

David asked the young man in white.

“I...” The young man in white opened his mouth, but didn’t say anything!

“Fellow Daoist, this guy is a mouthful, I hope you don’t get angry!” Seeing this, the girl hurriedly apologized to David.

David ignored the girl, but continued to ask the young man in white: “Which one is your storage bag? Take it away immediately...”

Seeing this, the young man in white waved his hand lightly, and a storage bag instantly flew into his hand!

“This storage bag is mine!”

said the young man in white!

“Since the storage bag is taken back, I don’t owe you anything. I saved your life, so I should take it back!”

David said coldly!

The young man in white was stunned, and then shouted: “What do you want to do?”

“Daoyou, he knows he is wrong, I hope Daoyou...”

The girl also wanted to apologize with David!

But David suddenly waved his hand, and the Dragon Slaying Sword appeared in his hand, and a sword light came out!

The young man in white had no time to react, and his head was cut off instantly.

Chapter 5140

Seeing the white-clothed young man’s head fall off, dozens of monks were all shocked, and then glared at David!

These people wanted to attack David, but were stopped by the girl!

“No one is allowed to move. This is his own fault. This Taoist friend did nothing wrong.”The

girl shouted to stop these people!

David just glanced coldly: “I saved your lives, I can take them back at any time. If you don’t want to live, then take back your storage bags!”

David’s words made these dozens of monks bow their heads and remain silent. No one dared to move again!

They saw David’s ability, how dare they!

“Daoyou, you saved our lives, we are very grateful to you, someone didn’t know how to repay the kindness, and wanted to morally blackmail Daoyou, he deserved to die!”

The girl tried her best to please David: “I don’t know what Daoyou’s last name is, can we follow Daoyou?”

The girl knew that it would be very difficult to re-establish the Wuyou tribe relying on them alone, and they might be killed slowly!

So she had to find a backer, with a backer, everything would go smoothly!

Now, she wanted to find David as a backer.

David had long seen the girl’s thoughts, and snorted coldly: “You guys take care of yourself, from now on, we owe each other nothing!”

After that, David turned around and left with Hu Mazi and the others!

Looking at David’s disappearing back, the girl sighed helplessly, and could only lead the remaining tribesmen to leave. As for whether they could revive the Wuyou tribe in the future, none of them had a clue!

After David led Hu Mazi and the others to travel a thousand miles again, they found a secluded place. David asked Hu Mazi and the others to protect him. He wanted to go into the Demon Suppression Tower to recover!

If it was the current situation, I’m afraid there would be no way to destroy Tian Yanzong.

David was constantly recovering in the Demon Suppression Tower. As for the resources he needed, David didn’t need to worry about it now!

The resources obtained from the ancient tribes of the wilderness and the Wuyou tribe were enough for him to consume for a while.

recovering, David also began to practice the Savage Body Refining Technique!

In this way, David was in the Demon Suppression Tower, and he didn’t know how long it had been. When he opened his eyes, he found that there was a faint halo wrapped around his body!

Taking a deep breath, David found that the strength of his body was now many times stronger than at the beginning!

It must be said that this Savage Body Refining Technique is really a good thing, which is very helpful for tempering of the body!

With the increase of the strength of the body, David's strength is also increasing invisibly!

Coming out of the Demon Suppression Tower, David looked at the sky and said, "Master Hu, how long has it been?"

"It's only been three days!" Hu Mazi said!

When David heard it, he knew he had been recovering in the Demon Suppression Tower for a whole year.

"David, how are you? Have you recovered?"

Huo Jingjing and Mo Qingyun asked with concern!

"It's okay, we can continue to set off and go to Tianyanzong!" David smiled slightly!

Yun Wuya led the way, and everyone went straight to Tianyan Sect!

Tianyan Sect is located in Tianyan Peak, and is shrouded in misty fairy mist all year round.

The mountain gate archway is carved with ten thousand-year-old black ice, and it is inscribed with eight ancient seal characters "Tianyan Daotong, ten thousand years of evergreen", which reveals an unquestionable majesty.

When David and his party appeared at the Wendaoping at the foot of the mountain, they were immediately stopped by two gatekeeper disciples in moon-white Taoist robes.

"Which cultivator has trespassed into the territory of Tianyan Sect?"

The leading disciple glanced at David and swept his eyes over him.

Seeing that David's breath was restrained and he did not show any terrifying fluctuations in his cultivation, his tone suddenly became a little contemptuous, "My Tianyan Sect is a big sect, and we do not receive some cats and dogs. Do not enter without permission, and leave quickly."
