Chapter 5151

Although those female cultivators tried to gain sympathy by using their bodies, kneeling on the ground and crying for mercy, no one was spared when David's sword flashed and blood splattered.

Hu Mazi covered his wound and struggled to get up. He saw the female cultivators lying on the ground. They all had beautiful faces but were already dead. He gasped with heartache: "David! Why did you kill them all? Leave a few alive..."

"It's a sin, it's a sin, I didn't kill any of them..." Hu

Mazi was so anxious that he kept jumping up and down. Although he was injured, he didn't care at all.

"Leave them to continue to harm people with their lust?"

David put away his sword and stood up, his golden eyes swept over Hu Mazi, "Do you think they will really surrender? If I hadn't taken action just now, you would have been a pool of blood now."

"Ah..." Hu Mazi sighed helplessly, "Even if you want to kill them, you should leave a whole body, so that you can still use them!"

David rolled his eyes speechlessly at Hu Mazi when he heard it!

Yun Wuya and the others were also speechless. This Hu Mazi was really lustful to the extreme, and he didn't even let go of the female corpses!

"Start plundering resources!" David said!

Hu Mazi heard it and went to the female corpses first!

The blood beads on David's sword had not yet dripped, and he suddenly felt that the wind and clouds above the sky were rolling back.

The clouds that were originally torn by the dragon-slaying sword energy suddenly condensed, and five dark purple wind columns probed down from the void like ghost claws, each of which was wrapped in a terrifying pressure that crushed the mountains.

Hu Mazi, who was squatting beside a female cultivator's corpse and groping for the sachet, suddenly trembled, and the warm jade he had just grasped instantly cracked: "fu** him, immortal board! What the hell is going on?"

Yun Wuya was directing his disciples to pry open the black iron door of the Blood Shadow Palace's secret vault. Hearing this, he looked up at the sky, his pupils suddenly shrank: "Ninth-grade scattered immortal! It's from that mysterious organization!"

Before he finished speaking, five figures had penetrated the clouds and hovered over the ruins of the Blood Shadow Palace. The leader was wearing a black cloak

, with a bronze ghost mask on his face, and a wisp of twisting black flames wrapped around the fingertips of his right hand. It was the "ghost face" who was injured by David and escaped.

"Boy, we meet again so soon." Ghost Face's voice was like the friction of a rusty iron chain. "Last time I was careless and let you get the upper hand. This time I will make you pay with blood!" The

four people behind him also showed their power. The gray-robed old man on the left had twelve Netherworld lamps floating around him, and the wicks were jumping with pale green soul fire;

the red-clothed woman on the right had nine blood-colored long silks swaying like spirit snakes between her waist;

behind was a shirtless strong man, covered with dark golden scales, holding a millstone-sized Xuanhua axe in each hand;

the last one was the most bizarre, his whole body shrouded in white mist, only a pair of eyes appeared and disappeared in the mist, revealing a piercing cold.

"Mr. Chen, what should we do?" Yun Wuya suddenly pushed a disciple beside him away, and thirty-six green flags flew out of his sleeves and stuck into the ground, forming a large formation in an instant.

Five ninth-grade cultivators in the Sanxian Realm were also top-notch in the Three Heavens.

Hu Mazi hid behind David and whispered, "David, are you a match for me? Don't count on me. I have already used up my breath and can't attack now!"

When Hu Mazi fought with the Blood Shadow Palace, he consumed a lot of breath and was injured. Now he has no ability to attack!

David looked at the five undisguised killing intentions in front of him, and the Dragon Slashing Sword in his palm hummed.

He could feel that each of these five people was comparable to the peak combat power of the Blood Shadow Palace Saint. What was even more terrifying was that the five people's breath was connected, and they formed a kind of combined attack.

The door of the secret library had just been blown open, and the fairy ore piled up inside was emitting an attractive luster. These resources were enough for David to practice for a while, so he must not give up!

Chapter 5152

"Master Yun." David suddenly turned around, his golden eyes flashing with determination, "Take everyone in, take away everything that can be taken, and leave this to me."

"Mr. Chen, this...!" Yun Wuya said in surprise, "They are five ninth-grade scattered immortals!"

"Stop talking nonsense!" David swung the Dragon Slaying Sword towards the door of the secret vault, and the golden sword energy exploded like thunder, smashing the heavy black iron door into pieces, "If you delay any longer, you won't even be able to drink the soup!" Hu

Mazi immediately became alert upon seeing this, and was the first to rush into the secret vault: "Damn it, it's too late, all the pants have been snatched away, you guys hurry up and catch up!"

Yun Wuya gritted his teeth, knowing that this was not the time to hesitate, and immediately waved his hand: "Qingyun Sect disciples, follow me in and move all the resources away!"

Hundreds of disciples immediately filed in, some carrying spiritual crystals, some collecting magic weapons, and the secret vault was suddenly busy.

"Want to move things?"

Guimian snorted coldly, and the black flames in his right hand suddenly surged, "Leave it to me!"

The flames turned into a pitch-black fire snake, shooting towards the entrance of the secret vault with the breath of burning everything.

“Zheng!”

David instantly blocked with his sword, and the moment the Dragon Slaying Sword collided with the black fire, dazzling sparks burst out.

He felt a surge of power, his arm was instantly paralyzed, and he took three steps back before he could stabilize his body. There was a slight burn mark on the sword.

David frowned. This guy was clearly not his opponent a few days ago. How come he suddenly seemed to have increased in strength?

David looked at the others and guessed that it must be that this ghost face was able to borrow strength from the other four people, so he felt that his strength had increased!

“Interesting.”

The red-clothed woman next to the ghost face laughed softly, and nine blood-colored long silks rolled towards David like a tide, “Little brother, my sister’s ‘Wanyan Chansi’ is not like the charm of those little girls in the Blood Shadow Palace...”

Before the blood-colored long silk arrived, a fishy and sweet fragrance had already hit him.

David suddenly felt dizzy in his mind, and quickly operated the Condensation Heart Technique. The golden light spread from the center of his eyebrows and instantly dispelled the incense.

But the long silks were already in front of him, and each one carried a sharp edge that tore through space.

He didn’t have time to think about it, and he made a gesture with his left hand, and a golden dragon suddenly appeared behind him.

David didn’t dare to be arrogant in the face of these five guys, so he could only try his best!

The golden dragon roared, and the dragon energy collided with the long silk, making a shocking explosion.

The bloody long silk was actually broken by the fist wind. The woman in red exclaimed, and blood flowed from the corner of her mouth: “Golden dragon? You kid is indeed a dragon lineage.”

“Golden dragon lineage?” A trace of greed flashed in the eyes of the ghost face, “No wonder you can fight across levels and destroy several sects. Your physique can benefit us a lot.”

The shirtless strong man behind him couldn’t hold back any longer, and roared and swung the Xuanhua axe to chop: “Who cares about his bloodline, split it in half first!”

The giant axe fell on his head with a thousand pounds of force, and the golden dragon opened its huge mouth and roared loudly.

With a “crack”, the golden dragon’s body was cut with a deep crack that could be seen to the bone.

David felt a tightness in his chest and a sweet and fishy taste in his throat.

At this moment, the man shrouded in white mist suddenly attacked, and a gust of ice-blue wind silently pierced his back.

“Be careful!”

Hu Mazi’s voice came from the secret vault, and at the same time a spell shot out, blocking the icy wind.

But this also exposed David’s flaws, and the ghost-faced black fire snake attacked again, going straight to his face.

At the critical moment, David bit his tongue fiercely and spurted a mouthful of blood on the Dragon Slaying Sword.

The sword body instantly burst into a thousand-foot golden light, and the golden dragon instantly recovered and soared into the air, and the dragon’s roar shook the world.

“Break!” He roared, and the dragon opened its huge mouth to meet the black fire snake.

“Boom!”

The world seemed to be torn apart by this blow, and the remaining buildings of the Blood Shadow Palace were instantly reduced to dust.

Chapter 5153

The golden dragon and the black fire snake fought frantically in the air, and the energy turbulence that erupted cut off half of the surrounding mountains.

Ghost Face and others were forced to retreat a hundred feet before they could barely stabilize their bodies.

“How many cards does this kid have?”

The gray-robed old man looked at the ferocious golden dragon in the air, and fear flashed in his eyes, “Twelve Netherworld Lamps, lock my soul!”

Twelve green lamps flew out and rotated around David. The soul fire of the wicks turned into countless chains, trying to tie up the dragon.

The woman in red took the opportunity to regroup, and the nine long silks turned into blood-red phoenixes, and attacked David together with the strong man’s Xuanhua Axe and the ice wind of the man in the fog.

The five people cooperated tacitly, and the offensive was as continuous as a storm.

David felt the pressure increase sharply, and the giant dragon was also entangled by the black fire snake, gradually losing strength.

His clothes had long been torn by the aftermath of the energy, and the scales of his indestructible golden body began to fall off.

Fortunately, David practiced the Savage Body Refining Technique, so his body was not hurt!

“No, if this goes on, I won’t be able to hold on until they finish moving the resources...”

David was anxious, and his eyes swept towards the direction of the secret library. Seeing that the disciples were constantly moving out storage bags, a trace of fierceness flashed in his eyes.

David’s golden scales peeled off, and the defense of his indestructible golden body had cracked under the joint attack of the five people.

The crisp sound of spiritual stones colliding came from the direction of the secret library. Hundreds of disciples were carrying bulging storage bags and rushing out. Hu Mazi even put on a black iron armor and stuffed glowing pills into his mouth while running.

“Hold on! Move for another ten breaths!”

Yun Wuya’s voice was hoarse. The mountain protection formation composed of thirty-six green flags had been burned by the black fire and several gaps had been burned.

The netherworld lamp chain of the gray-robed old man was wrapped around the formation center.

David gritted his teeth and slapped the storage ring with his left hand, which suddenly burst into a dazzling red light.

“Fire Qilin, come out...”

David knew that he could not defeat these five guys by his own strength!

Although these five guys are all in the ninth level of the scattered fairyland, their strength is very strong, and they are probably not inferior to the ninth level peak of the scattered fairyland.

David didn't understand what this mysterious organization was!

How could they open up a space in the third heaven alone, and their subordinates were so powerful!

With a roar that pierced through the clouds and cracked the rocks, the Qilin with red fire feathers burning all over its body stepped out of the air, and the air turned into a twisted wave of fire wherever its four hooves passed.

“Fire Qilin?”

The blood-colored long silk of the woman in red trembled violently, and the nine silks retracted instantly, “This is an ancient mythical beast!”

The Fire Qilin swung its burning long tail, and its golden pupils locked onto Ghost Face and others, and it opened its mouth and sprayed out a flame as thick as a water tank.

Ghost Face dodged sideways, and the black fire snake collided with the fire wave, exploding sparks all over the sky.

The shirtless man roared and swung his axe at the unicorn's neck, but the unicorn slapped the axe with one claw, and the millstone-sized Xuanhua axe was slapped with spider-web-like cracks.

“Let's go together!”

Ghost Face shouted, and the black fire in his right hand condensed into the shape of a ghost claw, “Summoning beast formation, start!”

The five people formed a formation in an instant, and the twelve netherworld lamps of the gray-robed old man floated to the center of the formation.

The long silk of the red-clothed woman turned into blood-colored veins and entangled the formation base. The strong man and the man in the fog stood on both sides, and the aura of their bodies merged into the body of Ghost Face.

The sky suddenly darkened, and five dark purple light beams rose from the heads of the five people, converging into the vague outline of a giant beast in the sky.

“Is that... the ghost beast Taotie?”

Yun Wuya’s face was pale, and the light of the green flag formation dimmed instantly.

“Mr. Chen, be careful, they summoned the ghost beast!” Yun Wuya reminded David!

Amid the swirling black fog, a shadow of a glutton with hundreds of eyeballs poked its head out, and when its huge mouth opened, even the air made a sizzling sound as it was swallowed.

The Fire Kirin pawed its hooves restlessly, its flaming mane standing on end, obviously feeling the pressure from its natural enemy.

Chapter 5154

David felt sick looking at the Taotie. This guy was too ugly, much uglier than his own Fire Kirin, and even less good-looking than the Heaven-Swallowing Beast!

“Roar!” The

Taotie phantom swooped down, and hundreds of eyeballs simultaneously shot out dark green beams, directly targeting the Fire Kirin.

The Fire Kirin soared into the air, and the flames turned into a shield, but the moment the beam penetrated the flames, the Kirin’s front hooves were corroded and charred wounds appeared.

“David, this ghost thing can swallow souls!”

Hu Mazi shouted while hiding behind the stone door of the secret vault, holding the magic weapon he had just snatched in his hand, “The Fire Kirin is too small now, I’m afraid it’s not a match!”

David’s heart sank, and he swung his sword to slash at the Taotie phantom, but the golden sword energy disappeared without a trace the moment it touched the black fog.

The laughter of the ghost face came from the fog: "It's useless! Taotie devours everything, you and your beasts must die!"

The Fire Kirin roared in pain, and the flames on its body dimmed significantly. The wounds hit by the Taotie beam were withering at a speed visible to the naked eye.

Seeing this, David bit his tongue and dropped his blood on the Dragon Slashing Sword: "Slash!"

The Dragon Slashing Sword and the Fire Kirin burst out with strong light at the same time, and the golden dragon phantom and the Fire Kirin's body intertwined together, forming a golden pillar of fire that penetrated the sky and the earth.

The devouring power of the Taotie phantom was temporarily suppressed, and hundreds of eyeballs burst one after another.

"Looking for death!"

The ghost face flashed fiercely in his eyes, and his hands formed seals and hit the Taotie's body, "Swallow them for me!"

The Taotie phantom suddenly expanded, and its huge mouth opened like a black hole, covering the Fire Kirin and David together.

The flames of the Fire Kirin were devoured crazily, and its scales peeled off, and it let out a dying wail.

David felt that an invisible force was pulling his whole body, and the Dragon Slaying Sword almost slipped out of his hand.

"No..." He looked at the last batch of disciples rushing out from the secret library, and David hurriedly said to the Red Cloud Demon Lord: "Senior, please possess me quickly, I will lend you your power."

David knew that if he didn't use the Red Cloud Demon Lord to possess him, he and Huo Qilin would probably die!

He really provoked an existence that he shouldn't have provoked. A temple gave David a headache, so how come another mysterious organization appeared?

"Boy, your strength is getting worse and worse, why do you want to possess me again?"

The Red Cloud Demon Lord said jokingly!

This made David speechless!

It's not that his strength is rubbish, but that the opponents he met are getting more and more abnormal. He was originally invincible in the Three Heavens, but who knew that he would provoke such a mysterious organization.

"Stop talking nonsense, just say whether you will help or not. If I die, don't forget that your soul will also be finished."

David said somewhat displeased!

"Help, how can I not help!" After the Red Cloud Demon Lord finished speaking, he was about to possess David!

But at this time, a terrifying pressure appeared from David's body.

The originally dark sky suddenly cracked, and a huge eye was revealed.

"What is that?"

The voice of the man in the fog trembled, and the ice-blue finger wind solidified instantly.

Below the giant eye, a dark crack slowly opened, and a furry beast appeared.

"Swallow... Swallow the Heaven Beast?"

The voice of the ghost face changed completely, and the black flame suddenly extinguished. "The legendary beast that swallows the heaven! How could it be here?"

David was relieved when he saw the swallowing beast, and said to the red cloud demon: "Okay, I don't need your help!"

With the swallowing beast, these guys are no match. After all, this swallowing beast can really swallow everything!

But David couldn't control the swallowing beast, and didn't know when this guy would wake up, so he couldn't use it at all in danger!

The swallowing beast shook its head, and its golden vertical pupils swept across the battlefield, and finally fell on the shadow of the gluttonous, making a satisfied snoring sound.

"Not good!"

The gray-robed old man wanted to take back the netherworld lamp, but found that an invisible force had pulled the twelve green lights and flew towards the swallowing beast.

Chapter 5155

The Sky Devouring Beast opened its mouth and sucked gently. The Netherworld Lamp, Blood-colored Long Silk, Xuanhua Axe, and Ice Wind Finger instantly disappeared into its mouth, and a huge force also pulled the four gray-robed old men.

“Save me!”

The red-clothed woman’s long silk was tightly entangled with the ground, but was slapped to the ground by the Sky Devouring Beast’s claws, and the whole person and the long silk were rolled into its mouth. The

shirtless man swung the axe at the giant claw, but the axe was like a drop in the ocean, and was swallowed up in the next second without leaving any residue.

The Taotie phantom felt the breath of its natural enemy, roared in fear, and tried to escape into the void, but was bitten on the neck by the Sky Devouring Beast.

The body made of black mist chewed beautifully in the giant mouth, and the dark green beams of light bursting out from hundreds of eyeballs could not even scratch the scales of the Sky Devouring Beast.

The Fire Kirin returned to David, looking a little depressed and embarrassed.

It stayed with the Sky Devouring Beast all day long and stayed in David’s storage ring!

But at the critical moment, it still depends on the Sky Devouring Beast. It can’t help David at all!

David stroked the head of the Fire Kirin and comforted him: “You are also very good, don’t blame yourself.”

After that, David let the Fire Kirin go back and go out to heal. There are also a lot of resources in the storage ring that can allow the Fire Kirin to grow!

When David looked at the Sky Devouring Beast, he found that the Sky Devouring Beast swallowed the five ghost-faced people and the Taotie phantom into its stomach like eating snacks, without even a trace of breath left.

“This...”

Yun Wuya leaned on the broken green flag, his face full of disbelief, "The ninth rank of Sanxian Realm... just disappeared like that?"

Hu Mazi poked his head out from behind the stone gate, also with a look of surprise: "Damn, this beast is too awesome?"

"Master Hu, speak nicely, it can understand, be careful to eat you!" David threatened!

Hu Mazi was so scared that he quickly shrank his head.

The Sky Devouring Beast burped and turned directly into a ball of golden light, returning to David's storage ring!

The world returned to silence, leaving only the remaining fire burning in the ruins of the Blood Shadow Palace and the noisy sound of disciples carrying resources in the distance.

David was a little speechless. This Sky Devouring Beast was awesome, but it didn't communicate with him. It would be great if it could be obedient!

"Senior, your mount is much more awesome!" David said!

"Bullshit, I only have a wisp of soul left. When I recover my body, I can turn these five little trash into ashes with just a glare!"

The Red Cloud Demon Lord said dissatisfiedly!

"Mr. Chen."

Yun Wuya walked to David's side, his voice full of awe, "Just now that was... was that the Sky Devouring Beast?"

"Yes!" David nodded!

Yun Wuya looked at David with an incredible face. He found that David brought him more and more shocks!

Not to mention being able to fight across levels, not to mention being able to summon a golden dragon, there are also fire unicorns and sky-devouring beasts?

Yun Wuya dared not imagine what kind of power is behind David!

But there is one thing, he knows that the power behind David is definitely not the three heavens, it should be very high above the heaven!

The resources in the secret library have been emptied, and the disciples are carrying bulging storage bags, looking at David with admiration.

Yun Wuya directed everyone to organize the team, while Hu Mazi kicked and searched in the ruins to see if there were any treasures that were missed.

“Mr. Chen,” a Qingyun Sect disciple came over holding a blood-stained token, “This is what fell from Guimian, and there is a word ‘Ming’ on it.”

David took the token, and it was cold to the touch. The word Ming engraved on it actually faintly exuded a black aura.

“This should be the token of the mysterious organization. Can we enter the headquarters of the mysterious organization with this token?”

Yun Wuya asked!

“Maybe!” David put the token away.

“David, where are we going next?” Hu Mazi asked!

David stared into the distance, there was still a Seventh Palace that he needed to deal with!

As long as the Seventh Palace was dealt with, David could explore this mysterious organization without distractions!

Chapter 5156

“Boy, that token is weird, didn’t you notice it?”

At this time, the voice of the Red Cloud Demon Lord sounded!

“Weird, what’s weird?”

David was puzzled, and then he took out the token again!

The token was cold to the touch, and there was a word “Ming” on it, but David didn’t find anything weird!

The Red Cloud Demon Lord snorted coldly, and his soul surged in David’s sea of consciousness, “Your spiritual consciousness is still too shallow, and the surface of this

token is just a layer of deception! If it is really an ordinary token, how can it make my soul faintly palpitate?"

David looked solemn when he heard the words, turned the token over and looked at it again and again, but still couldn't see any clues.

"Open the Eye of Heaven and Hell!"

The Red Cloud Demon Lord suddenly shouted, "You better be careful next time!"

David was shocked, knowing that the Red Cloud Demon Lord must have discovered something different about the token, so he opened it. An eye appeared on David's forehead, and the world in front of David turned gray.

Under the gaze of the Eye of Heaven and Hell, the black air on the surface of the token twisted like a living thing.

The originally flat word "Ming" suddenly sank, revealing two tiny seal characters "Tian Lin" below!

These two characters exuded a warm and moist precious light, which was completely different from the cold and gloomy aura of the rest of the token.

David took a breath and looked at the Red Cloud Demon Lord in his sea of consciousness: "Senior, this..."

"As expected!"

The soul of the Red Cloud Demon Lord shook violently, "Tianlin Cave Mansion, it is one of the most mysterious existences in ancient times!" "Legend has it that they can travel through the heavens and worlds, and specially select monks with great luck."

"The Tianlin Cave Mansion took in Several Dao ancestors in the heavens! But this organization suddenly disappeared ten thousand years ago, along with the large sect behind it, as if it had never existed!"

David frowned, wondering what the connection between this mysterious organization and the Tianlin Cave Mansion was. How could something related to the Tianlin Cave Mansion appear in this token, and the Tianlin Cave Mansion had disappeared long ago.

"Master Yun, have you heard of Tianlin Cave Mansion?" David asked Yun Wuya.

Yun Wuya, who was standing by, heard the words "Tianlin Cave Mansion" and the weapon in his hand fell to the ground with a clang.

His face was pale and his voice was trembling: “Mr. Chen, Tianlin Cave Mansion... That is a place that only exists in legends.”

“It is said that the standard for them to select disciples is to break the rules of heaven and earth!”

“There was once a casual cultivator, but he was only a first-grade casual immortal, but because he had a rare spiritual root of heaven and earth, he was taken away by Tianlin Cave Mansion

as an exception.” “Three days later, when this person returned, he actually broke through to the earthly immortal realm, killed all the enemies in the three heavens, and disappeared again!”

“This legend has been circulating for a long, long time...”

“Three days to improve a major realm?” David was speechless for a while!

This fu**ing cultivation speed is even more outrageous than him!

“Could it be that there are time rules in Tianlin Cave Mansion? Three days in the eyes of others may be three years in Tianlin Cave Mansion?” David was suddenly shocked!

This is the only possible way to cultivate at such an abnormal speed.

If there are enough resources, David can also reach a higher realm in less than three years!

Cultivating in the Demon Suppression Tower is equivalent to one year in three days!

Hu Mazi came over at some point, his eyes wide open: “My goodness, this is too outrageous! If we can enter this Tianlin Cave Mansion, wouldn’t we all be able to ascend to heaven in one step?”

“Master Hu, haven’t you heard of this Tianlin Cave Mansion?” David asked!

“I haven’t heard of it. I have been reincarnated so many times. How can I hear these things?” Hu Mazi smiled awkwardly!

David frowned and thought, then put away the token: “No matter what the connection between this Tianlin Cave Mansion and the mysterious organization is, the most urgent task is to deal with the Seventh Palace.

Chapter 5157

“As for the other tokens, we can only take it one step at a time.”

He secretly calculated in his heart that if he could collect all the tokens, he might be able to uncover the secret of the Tianlin Cave Mansion and even find an opportunity to improve his strength.

“Let’s go, to the Seventh Palace...” David said! The

strength of the Seventh Palace is stronger than that of the Savage Ancient Clan, the Tianyan Sect and the Blood Shadow Palace!

After all, the Seventh Palace Master is at the peak of the ninth rank of the Sanxian Realm! What

‘s more, the Seventh Palace is backed by the God Clan’s Temple. With this backing, the strength of the Temple must be good!

So this time when he went to the Seventh Palace, David didn’t dare to be too careless!

Everyone headed towards the direction of the Seventh Palace.

Along the way, David was always uneasy.

The legend of the Tianlin Cave Mansion was too shocking, and the mysterious organization was obviously inextricably linked to it.

Is the token on the ghost face the certificate to enter the mysterious organization, or the key to open the ruins of Tianlin Cave Mansion?

Just as David and his men were heading towards the Seventh Palace, in a mysterious place in the Three Heavens!

White light was emanating from all around, and nothing could be seen except a piece of white light!

But when you step into the white light, towering mountains appear in an instant, with grand palaces on the mountains!

In the palace, an old man sat with his eyes closed, as if meditating, or practicing martial arts!

In the middle of the hall, a dozen children looked around in horror, with tears in their eyes!

“Mom, I want to find my mom...”

“Let us go...”

“I’m scared...”

The children cried, but the old man seemed not to hear them and remained indifferent!

Around the hall, wisps of collected souls and undead seemed to be controlled by something, and then rushed into the bodies of those children!

All these souls struggled, but it was useless!

As the spirits and the dead continued to enter the bodies of those children, the children stopped crying and their faces became ferocious!

In a short moment, more than a dozen children were bleeding from all seven orifices and died with black faces!

At this time, the old man slowly opened his eyes and sighed softly: “Rubbish...”

Then he waved his hand, and the bodies of more than a dozen children instantly turned into ashes and were blown away by a gust of wind!

“Great Elder, it’s not good...”

At this time, a monk ran in in panic!

“What’s the matter, so panic?” The old man frowned!

“Ghost... Ghost Face was killed...”

The monk whispered!

“What?” The old man stood up with a bang: “Say it again?”

“Ghost Face and the other five ghosts were killed.”

The monk said again!

“Bullshit, the five of them are invincible in the entire Three Heavens, who can kill them?”

“And the five of them can also summon the ghost beast Taotie, no one can kill them.”

The old man roared, not believing it at all!

In a small Three Heavens, no one has the ability to kill his five ghosts.

The combined strength of the five people is not even the opponent of the peak of the scattered immortal realm!

In this Three Heavens, a master of the earthly immortal realm can't appear.

"It's true, the soul lamps of the five of them have been extinguished, and they were just extinguished not long ago."

The monk also said helplessly!

"Where is the token? Where is the token on Ghost Face? Have you found it?"

The old man asked anxiously with a pale face!

The monk shook his head: "No, I'm afraid it has been lost!"

Plop...

The old man sat down on the ground with a cold sweat on his forehead!

The token is lost and can't be found, so his life is probably in danger!

"Go, find the two elders of the Netherworld quickly, quickly..."

The old man roared!

The monk ran out anxiously, and soon accompanied by two terrifying auras, the two elders of the Netherworld arrived.

The white light in the hall suddenly dimmed, and two figures wrapped in cold ghost energy emerged like ghosts.

Chapter 5158

The old man on the left was hunched over, with bone-like fingers exposed under his black robe, his nails were dark blue, and a string of soul beads spun around his waist;

the old man on the right had a swollen face, his eyes rolled back, drooling at the corners of his mouth, and holding a chain sickle wrapped in nether flames.

were the two nether elders that the great elder urgently summoned – Ghost Claw Lady and Drowned Soul Lord.

“Great elder, why are you so flustered?”

Ghost Claw Lady’s voice was as sharp and piercing as nails scraping across stone slabs.

She glanced at the ashes of the child on the ground, a trace of impatience flashed in her eyes, “If you hadn’t called me urgently, the two of us would be using the ‘Hundred Ghosts Refining Souls’ technique to refine a new container.”

The Great Elder stood up abruptly, his robe sleeves trembling, and pointed to the soul lamp stand in the center of the hall: “Ghost Face... the five ghosts’ soul lamps are all extinguished!”

The Drowned Soul Lord’s eyes rolled back and trembled suddenly, and the chain sickle fell to the ground with a “clang”: “Impossible! The five ghosts joined forces, plus the Taotie ghost beast, even the peak of the scattered immortals are no match. Who in the Three Heavens has such ability?”

“Soul lamps can’t lie!”

The Great Elder clenched his fists, his fingertips turned white due to the force, “What’s more important is that the token on Ghost Face’s body is lost! If it falls into the hands of outsiders, the secrets of the organization... and the ‘shackles’ on our heads, I’m afraid they can’t be hidden!”

The two elders of the Netherworld looked at each other, and both saw horror in each other’s eyes.

Ghost Claw Lady calculated something with her skinny fingers, her brows furrowed tighter and tighter: “Before the soul lamp went out, the energy fluctuations showed that they collided with a very strange force near the Blood Shadow Palace, and then disappeared completely.”

“Blood Shadow Palace?” The elder’s pupils shrank, “I know the strength of the Blood Shadow Palace, how can they have the ability to kill the five ghosts?”

Drowned Soul Prince licked his cracked lips and said hoarsely: “No matter who it is, the token must be retrieved! Elder, do you know the other party’s background?”

“Nothing!”

The elder punched the stone table, and the cracks spread to the corner of the table. "Ghost Face didn't even send out a soul transmission for help, which shows how sudden his death was."

"Now we can only rely on you two elders, take the 'Yinsi Shadow Guard' to thoroughly investigate the three heavens, and dig three feet into the ground to find the token back!"

Ghost Claw Po laughed sinisterly, and the soul bead on her fingertips suddenly flashed red: "Don't worry, anything that has been stained with the breath of the ghost face can't escape the tracking of my 'Ten Thousand Soul Lock', but..." She paused, and her eyes swept over the elder, "If the token is hidden and has no breath, even if we..."

"Stop talking nonsense!"

The elder interrupted sternly, "If we can't find the token, all three of us will die! Remember, I want to see the person alive, and the body dead, and the token must be brought back intact!" The

two elders of the Netherworld led a hundred Yinsi Shadow Guards, and rushed into the blood shadow like a black tide.

This place has long been a mess, with corpses everywhere, and some naked female corpses exposed, making the drowned soul lick his lips.

Ghost Claw Po glared at the drowned soul, and scared the drowned soul to retract his gaze!

Standing in front of a piece of charred land, Ghost Claw Lady pointed to the claw marks three feet deep on the ground with her withered fingers: "Look at the length of the claws, it's the 'Netherworld Claw' of the Taotie ghost beast, but the power of the counterattack..."

She leaned over and grabbed a handful of scorched earth, and the soul bead in her palm suddenly spun wildly, making a "crackling" sound.

"What's wrong?"

The Drowned Soul Lord came forward and stabbed the chain sickle into the ground. Suddenly, countless souls drilled out from the ground, howling and pointing in all directions.

"The breath... was wiped out!"

Ghost Claw Lady crushed the soul bead fiercely, her face livid, "It's not an ordinary extinction of the soul, but even the remnants of the spiritual consciousness and energy

fluctuations have been completely swallowed up! It's like... being swallowed alive by something, not even a bone residue is left!"

"What on earth is so powerful? Could it be that the five ghosts were swallowed by their own Taotie ghost beasts?"

The Drowned Soul Lord frowned and asked in confusion!

Chapter 5159

Because this Taotie ghost beast can swallow everything.

"Stop talking nonsense..." Ghost Claw Lady glared at him: "In this world, Taotie ghost beasts are not the only ones that can swallow everything."

"In this third heaven, what other spirit beasts can swallow everything?" Drowned Soul Prince asked.

"Strange..." Ghost Claw Woman ignored him, but found a piece of debris from the ground, put it to the tip of her nose and sniffed it, and suddenly her whole body was shocked, "This smell... is the Sky Devouring Beast!"

"Sky Devouring Beast?" Drowned Soul Lord exclaimed, "The ancient beast that can devour everything in the legend? How could it appear in the Three Heavens? That is the mount of the Nine Heavens Red Cloud Demon Lord."

"What's more, the Red Cloud Demon Lord disappeared for thousands of years, how could he appear in the Three Heavens."

Drowned Soul Lord didn't quite believe it. After all, the Red Cloud Demon Lord disappeared thousands of years ago, and no one knew where he went!

In fact, he was killed in the Heavenly Realm, and his mount, the Sky Devouring Beast, also died.

A wisp of the Red Cloud Demon Lord's soul hid in the cave, and the Sky Devouring Beast also laid an egg before dying.

"It can't be the Red Cloud Demon Lord."

Ghost Claw Grandma shook her head, and a wisp of Yin Qi condensed on her fingertips, entwining the fragments. "This is the soul-eating saliva of the Devouring

Heaven Beast cub, which is specifically used to digest the soul. It seems that Ghost Face and the others were swallowed by the Devouring Heaven Beast, and even their souls didn't have time to escape!"

"Could it be the Red Cloud Demon Lord's son? His Devouring Heaven Beast gave birth to a cub and gave him a son?"

Drowned Soul Prince swallowed his saliva and asked nervously!

If this was done by the Red Cloud Demon Lord's son, they really didn't dare to investigate!

The Yinsi Shadow Guards sucked in cold air when they heard this.

If this was done by the Red Cloud Demon Lord's son, what the hell would they investigate...

"Don't fu**ing fart!" Ghost Claw Grandma waited for Drowned Soul Prince again and said, "The magic skills that the Red Cloud Demon Lord practiced have long been unable to practice dual cultivation. He can't have children, so where does the son come from?"

"How do you know?" The Drowned Soul Prince looked at the Ghost Claw Lady warily!

"I guessed, okay? Stop talking nonsense in the future." The Ghost Claw Lady scolded. The

Drowned Soul Prince looked at the sky in the distance: "The Devouring Heaven Beast cub must recognize its master to survive. Who else can dare to raise such a beast if not the son of the Red Cloud Demon Lord?"

"In the Three Heavens, the peak of the Scattered Immortal Realm is the ceiling. Could it be..." He looked at the Ghost Claw Lady fiercely, "Could it be the godson of the Red Cloud Demon Lord?"

"fu** you..." The Ghost Claw Lady wanted to kick the Drowned Soul Prince!

If David knew that he would soon become the godson of the Red Cloud Demon Lord, he would probably be at a loss whether to laugh or cry.

"Don't guess randomly. Although I haven't detected the breath of the ghost face now, I already know a thing or two about the breath to deal with. Follow me!"

After that, the Ghost Claw Lady led people to chase after David and the others!

At the same time, David and his party were heading towards the Seventh Palace. Huo Jingjing suddenly pointed to a mountain and said, "That mountain is so special!"

Mo Qingyun also looked over and said in surprise, "This mountain looks like a sword stuck in the ground. It's really beautiful..."

Seeing this, David also looked over along with the two people's gaze. Sure enough, he found that hundreds of miles away from them, a ten-thousand-foot mountain stood, like a giant sword stuck in the ground, with the tip of the sword directly inserted into the ground!

At the top was the hilt. Although it was hundreds of miles away, David still felt the oppression and sharpness brought by this giant sword mountain!

"Master Yun, what is this place? How can there be such a unique mountain?"

David asked Yun Wuya!

After all, Yun Wuya is the only cultivator in the third heaven here!

Yun Wuya took a look and then showed difficulty: "Mr. Chen, although I am also practicing in the Third Heaven, the Third Heaven is vast, and our Qingyun Sect has always lived on the edge of the Third Heaven."

"I have never been to a core place like this, nor have I seen a mountain like this, let alone what this place is!"

Chapter 5160

Seeing that Yun Wuya didn't know either, David planned to go over and take a look!

"Master Hu, you wait here, I'll go over with Master Yun to take a look!"

David said to Hu Mazi!

"David, you have to be careful, I think that mountain is weird, and it seems that there is a surge of sword intent!"

Hu Mazi reminded David!

David nodded, and then flew over with Yun Wuya!

It took less than an incense stick of time for the two to arrive at a distance of hundreds of miles!

When they got closer to the mountain, David discovered that there were two big characters engraved on the mountain: Sword Sect!

Just now, because the distance was too far, he could only see the mountain, but did not find the words on it!

Now seeing these two words, David was stunned!

Yun Wuya also frowned and said in a low voice: "Sword Sect, why haven't I heard of it?"

"There are thousands of sects in the three heavens, if not tens of thousands. It's not something you know about all the sects."

After David finished speaking, he looked up at the mountain. From a close distance, it gave people a strong sense of oppression!

Especially that feeling, that momentum, like the surging waves, one after another, it seems to destroy everything!

David followed Yun Wuya to the ground, walked to the bottom of the mountain, looked up, and couldn't see the top at all!

Standing on the ground, the sense of oppression was even stronger, and it seemed that it was difficult for both of them to breathe!

And the mountain in front of them always felt like it was going to fall down.

"Mr. Chen, this... the oppression here is so strong!"

In addition to having difficulty breathing, Yun Wuya's legs were shaking!

Now that he didn't even see the figure of the Sword Sect, Yun Wuya was frightened by the momentum of the mountain and trembled all over!

In this way, the strength of this Sword Sect must be many times stronger than that of the Qingyun Sect!

Being able to practice here and face the pressure of the mountain every day is a great exercise for the mind.

"This place is a bit unusual!" David said!

"Mr. Chen, why don't we go? There doesn't seem to be any breath of life here. Maybe it's a place where a sect has been destroyed for a long time."

Yun Wuya said!

“Since we are here, we should make peace with it. Don’t be afraid. We will take a turn!”

David said, and jumped!

Yun Wuya had no choice but to grit his teeth and follow.

When the two came to the back of the mountain, there was a dilapidated hall on the hillside. The hall was huge, as big as hundreds of football fields!

However, many parts of the hall collapsed, as if they had collapsed naturally due to years of disrepair.

“What a strong sword intent. Is there anyone else in this hall?”

David stared at the hall and frowned!

“Mr. Chen, don’t be kidding. Why can’t I feel any breath of life?”

Yun Wuya had also exuded his divine sense a long time ago, but he did not detect the existence of anyone!

“I didn’t feel it either...”

David actually didn’t feel the breath of people.

“Let’s go and have a look...” David went towards the dilapidated hall!

Yun Wuya followed him reluctantly, but he kept looking around with his eyes, very alert.

He always felt that this place was very strange, and there might be some danger.

David followed Yun Wuya to the front of the hall. The two of them were very small in front of the hall, but as soon as they landed, several sword beams shot out from the dilapidated hall!

Yun Wuya was shocked. He didn’t expect someone to attack him suddenly. He was about to resist, but was pulled by David!

“Don’t move...”

David pulled Yun Wuya and stood still, without activating any defense!

When these sword beams came into view before David and the others, they stopped as if someone was controlling them, and then they all shattered.
