Full Read Online **Chapter 5161** of the novel **A Man Like None Other**

## **Chapter 5161**

The roar of the sword's shattering was still echoing in my ears. In the hall, another golden sword shot up into the sky, cutting through the gloomy sky.

The sword suddenly exploded in the air, turning into thousands of dense sword beams, sweeping towards David and Yun Wuya like a torrential rain. Chen

Ping's eyes were stern, and he drew out the Dragon Slaying Sword without hesitation, with the sword body flashing with cold light.

He shouted loudly, and the spiritual power in his body was running wildly. When he waved his arms, thousands of sword beams were also shot out.

The two sword beam storms collided with a loud bang. In an instant, the whole world seemed to be shrouded in dazzling light. The powerful energy fluctuations spread wildly around the collision point.

The gravel on the ground was swept up by the powerful air wave, flying and circling in the air, and then fell heavily to the ground.

After a short and fierce collision, all the sword beams disappeared, leaving only a mess.

David did not hesitate at all, pulling Yun Wuya and rushing into the hall.

However, the moment they stepped into the hall, they found that it was empty. Except for the broken walls and ruins, there was no one to be seen.

"How is this possible? The Ten Thousand Swords Formation was so powerful just now, how could there be no one?"

Yun Wuya was shocked, with doubts and fears that could not be concealed in his voice.

David frowned, his eyes full of vigilance, and said slowly: "There must be someone controlling it in secret, but we haven't found it yet."

As he said, he spread his consciousness with all his strength, trying to find the trace of the mysterious man.

Just as David's consciousness was wandering around, he suddenly found a stone man in the depths of the hall.

The stone man held an ancient sword and stood there quietly, as if he had been standing here for countless years.

The stone man was covered with traces of time, the surface was uneven, and the cracks were crisscrossed, but the sword in his hand exuded a faint light, as if it contained infinite power.

David's mind moved, and he directed his consciousness toward the stone man.

At this moment, something strange happened! The stone man, which had been motionless, suddenly came to life, and a sharp light flashed in its eyes. The sword in its hand stabbed towards David like lightning.

David reacted very quickly and immediately blocked with his sword.

"Dang!"

There was a loud noise, and sparks flew everywhere.

David only felt a huge force coming from the sword, which made his arm numb. He was shocked that the power of this stone man was far beyond his imagination.

The stone man's offensive continued, and his sword skills were unpredictable. Every sword was accompanied by a sharp sword intent, as if to kill David completely.

David responded with all his strength, and the Dragon Slaying Sword flew up and down in his hands, performing various exquisite sword skills.

However, the stone man's strength was too strong,

and David gradually fell into a disadvantage. The stone man suddenly accelerated the speed of attack, and the sword shadows were heavy and dazzling.

David was careless and was left with several minor wounds on his body by the stone man.

Blood oozed out and stained his clothes red.

David was shocked. His body had been tempered countless times and was extremely strong. He didn't expect that he would be easily scarred by this stone man.

Yun Wuya was extremely anxious watching from the side. He wanted to help, but he was afraid that he was too weak and would cause trouble for David.

He could only shout and cheer anxiously, while vigilantly observing the situation around him to prevent other dangers.

David took a deep breath and forced himself to calm down.

He knew that he would die if he continued like this, and he had to come up with a plan to deal with it.

While dodging the stone man's attacks, he carefully observed the stone man's swordsmanship.

After some observation, he found that although the stone man's swordsmanship was exquisite, it had some subtle flaws.

David was delighted and seized the opportunity. The light on the Dragon Slaying Sword became brighter, and a huge sword shadow slashed towards the stone man.

## **Chapter 5162**

But when the Dragon Slaying Sword pierced the stone man, David's face changed immediately, because he found that the sword could not pierce the stone man.

You know, the Dragon Slaying Sword is a spiritual sword, which can cut iron like mud, let alone stone. But now, the Dragon Slaying Sword could not hurt the stone man.

Just when David was shocked, the sword in the stone man's hand suddenly stabbed towards David's abdomen! Chen

Ping touched the ground with his toes and quickly retreated backwards, trying to avoid the sword.

But the stone man's speed suddenly increased.

Puff!

When David retreated dozens of feet, he found that he had a wound on his chest. Although it was not fatal, blood kept oozing out.

"Damn, what the hell is this?"

David couldn't help but curse!

I was clearly invincible in the third heaven, so why can't I even deal with a stone man now?

Is this stone man controlled by someone, or does he have independent consciousness?

David's face was full of solemnity. He didn't dare to be careless. The stone man was very fast just now. If David was slower, he would be pierced by the sword directly.

"Nine Shadow Sword Technique..."

David could only use the Nine Shadow Sword Technique.

When fighting with the opponent, the Nine Shadow Sword Technique is the most useful. After all, it is equivalent to having many more helpers!

With the appearance of clones, eight identical Davids surrounded the stone man!  
Facing

all this, the stone man was not in a hurry. After all, he was just a stone man, without emotions, and even less fear.

Just when David's eight figures launched an attack, the stone man suddenly changed his attack method.

Its swordsmanship became more weird, and its sword intent became more fierce.

David felt as if he was in a sea of swords, with the sword shadows of the stone man everywhere, and there was nowhere to hide.

David only had eight of them at the moment, and the stone men seemed to cover the entire hall. Every moment, every second, and every place, the stone men's swords would pierce!

This time, David was a little confused. Although he had clones, each clone was also exhausted!

"Why can this guy always restrain me?"

David was very puzzled. Even if he used the Nine Shadow Sword Technique, this stone man could still find a way to crack it!

David had no choice but to take back his clone, otherwise his power would not last long. After all, the power used by the clone came from David's body!

"I'll fight you..."

After taking back his clone, David shouted, and a huge sword energy swept towards the stone man. Wherever he passed, the air was torn apart, making a harsh whistling sound.

The stone man felt this powerful sword energy and immediately swung his sword to meet it.

“Boom!”

With a loud bang, a powerful energy wave exploded in the hall.

David’s energy wave shook him and flew backwards, falling heavily to the ground.

David struggled to stand up, wiped the blood from the corner of his mouth, and his eyes were full of determination.

He rushed towards the stone man again, waving the dragon-slaying sword in his hand faster and faster, and the sword energy was crisscrossed.

The man was not to be outdone, and the sword in his hand was also dancing tightly, and he started a fierce fight with David.

In the blink of an eye, there were hundreds of moves, and David retreated breathlessly!

“No more fighting, can we take a break first?”

David said with a heavy breath!

After all, the strength and breath in David’s body could not support him to keep fighting!

But the stone man was not afraid, after all, the stone man was not a living thing, and he didn’t know tiredness!

Just as David finished speaking, the stone man actually stopped and stood aside motionless.

Seeing this, David was immediately delighted, and hurriedly took out a large amount of pills and stuffed them into his mouth desperately. Only in this way could he recover as quickly as possible!

“Mr. Chen, are you okay?” Yun Wuya walked around the stone man and walked in front of David!

“I’m fine, this stone man is really fu\*\*ing evil!”

David took a long breath and cursed!

## Chapter 5163

David stared at the cold sword in the stone man's hand, his heart full of reluctance and doubt.

In the earth-shaking battle just now, he was beaten by a lifeless stone man without any ability to fight back. This was undoubtedly a great shame for him who was known as invincible in the Three Heavens. But

when the stone man suddenly stopped, he felt that this might be a turning point.

Yun Wuya looked at David worriedly: "Mr. Chen, how about we withdraw first and make a long-term plan?"

David wiped the blood from the corner of his mouth, but his eyes were fixed on the stone man, "No, although this stone man is weird, I always feel that it hides some secrets."

As he said, he stuffed the last pill into his mouth, feeling the power of the medicine rushing in his body, recovering the consumed strength.

After a moment, David took a deep breath, grasped the Dragon Slaying Sword again, and rushed towards the stone man.

This time, he was no longer in a hurry to attack, but focused on defense first, carefully observing the stone man's swordsmanship.

The sword in the stone man's hand was still sharp, and every move and every style carried an indescribable rhythm, as if it contained the great way between heaven and earth.

As time went on, David gradually discovered that the stone man's swordsmanship seemed to have no rules, but actually implied a certain trajectory.

Every time he swung the sword, it seemed to be interpreting a unique sword meaning.

A flash of enlightenment suddenly flashed through his mind. Could it be that this stone man was used to test those who entered this place? Or was it to guide them to comprehend a higher level of sword meaning?

Thinking of this, David's fighting spirit became stronger.

He no longer regarded the stone man as an enemy, but as a rare “teacher”.

He began to try to imitate the stone man’s swordsmanship and feel the changes in it.

At first, his movements were very stiff, and he was often forced into a panic by the stone man’s sword. But with constant attempts, he gradually found some feelings.

In a defensive move, David instinctively swung a sword according to the trajectory of the stone man’s swordsmanship. This

sword unexpectedly resolved the stone man’s attack and even had a faint counterattack.

This discovery made David ecstatic, and he knew he had found the right direction.

Since then, he has devoted himself to the “discussion” with the stone man. Every time he fights, he constantly adjusts his swordsmanship and comprehends the sword meaning.

As time goes by, David’s swordsmanship becomes more and more exquisite.

His sword began to have a unique charm. It is no longer just a combination of strength and skill as before, but has an understanding and perception of the sword meaning.

His eight clones appeared again. This time, the clones’ swordsmanship became more weird and unpredictable, echoing the stone man’s swordsmanship.

In the battle, David found that the stone man’s swordsmanship seemed to have many changes.

Sometimes it is like a storm, fierce and fierce; sometimes it is like a trickle, moistening things silently.

Every change gives David a new understanding. He began to try to incorporate these changes into his Nine Shadow Sword Technique to make it more perfect.

Once, the stone man suddenly performed a new sword technique, with sword shadows all over the sky, as if sealing the entire space.

David struggled to hold on in this sword shadow, and just when he thought he was going to lose, a flash of inspiration suddenly came to his mind.

He remembered the sword meaning he had realized in the previous battle with the stone man, and combined these sword meanings together to perform an unprecedented sword technique.

This move, like a dazzling light, broke through the sword shadow seal of the stone man and attacked the stone man directly.

The stone man seemed to have noticed the power of this move and immediately swung his sword to resist.

The two powerful forces collided again, and the energy fluctuations generated were stronger than any previous time.

However, this time David was not blown away.

## **Chapter 5164**

He stood there, feeling the surging power in his body, his heart filled with joy.

He knew that he had made a huge breakthrough in the battle with the stone man.

His sword intent had reached a new height.

As the battle continued, David's understanding of the sword intent became more and more profound.

He found that the sword intent was not only a kind of power, but also a kind of perception of the world, nature, and life.

The swordsmanship of the stone man showed this perception through different sword moves.

In a fierce confrontation, David's Dragon Slashing Sword suddenly made a clear sound, and the sword body shone brightly.

This was the first time such a strange phenomenon had occurred since the Dragon Slashing Sword recognized its master.

David knew that this was because his sword intent had improved, and the power of the Dragon Slashing Sword had also increased.

At this time, David no longer regarded the battle with the stone man as a life-and-death contest, but as a rare opportunity to practice.

He constantly broke through his own limits in the battle, and comprehended a higher level of sword intent.

His swordsmanship also underwent earth-shaking changes in this constant perception.

Yun Wuya stood aside, watching the fierce battle between David and the stone man, his heart filled with shock.

He had never seen anyone who could constantly break through himself and comprehend the sword intent in such a dangerous battle.

He knew that David in front of him would become an extraordinary figure in the future.

As time went by, David's sword intent had reached a terrifying realm.

His sword seemed to have merged with the heaven and earth, and every swing could cause the vibration of space.

Although the stone man's swordsmanship was still powerful, it was no longer as difficult to resist in front of David as before.

In a battle, David performed a swordsmanship that integrated all his perceptions.

This move, like a brilliant galaxy, swept towards the stone man. The stone man waved the sword in his hand and resisted with all his strength, but was eventually hit by David's swordsmanship.

Under this blow, cracks appeared on the stone man's body.

However, just when David thought that the stone man was going to be destroyed, a dazzling light suddenly emanated from the stone man.

After the light dissipated, the sword in the stone man's hand flew towards David and inserted in front of him.

David looked at the sword in front of him, his heart full of doubts.

He stretched out his hand to hold the sword, and suddenly a huge sword intent poured into his mind.

He understood that this stone man was actually the sword spirit guarding this place. Its existence was to test those who entered this place and guide them to comprehend a higher level of sword intent.

At this moment, David's heart was full of gratitude.

He bowed deeply to the stone man: "Thank you for your guidance, David has benefited a lot."

After that, he picked up the stone man's sword and reflected his own dragon-slaying sword.

The stone light in the hall gradually faded away, and the stone man turned into little fireflies, merging into the ancient sword in front of David.

The Dragon Slaying Sword trembled slightly, and a simple sword pattern appeared faintly on the sword body, and it was like a living thing with a faint light.

David held the two swords, and felt a majestic sword intent running through his limbs and bones. The fatigue from the previous fight with the stone man was washed away by this new power.

"Mr. Chen, your sword intent..."

Yun Wuya stood aside, his eyes full of horror.

He could clearly feel that David in front of him seemed to be integrated with the sword laws between heaven and earth, and his every move was accompanied by a mysterious rhythm.

"This stone man is actually the sword spirit guarding the sword intent, and I accidentally got a great fortune."

David gently stroked the Dragon Slaying Sword, and the sword sounded clear and long, "Let's go. We have been delayed for so long, and I don't know how Hu Mazi and the others are doing."

Just as David and his men were about to leave, they suddenly found that the stone wall was engraved with ancient sword moves.

## **Chapter 5165**

David walked slowly in the hall. With each step, new insights flashed through his mind. The Nine Shadow Sword Technique continued to sublimate in his understanding, and it already had some of the charm of the Stone Man's sword moves.

The cold moonlight sprinkled on the mountains and forests, and the sky had darkened.

"Damn it, why hasn't David come out yet? Is he in any danger?" Hu

Mazi rubbed his goatee and paced back and forth, and the talisman bag on his waist jingled with his movements.

“Master Hu, please be patient. David is a lucky person, and he will be fine.”

Mo Qingyun was dressed in a green shirt, with a trace of worry between his brows, but he was still calm.

Huo Jingjing tightly grasped the sword in her hand, the sword reflecting the moonlight, reflecting her tense profile: “Wait another half an hour, if no one is seen, I will go in to find him!”

Before the voice fell, two figures slowly appeared, David and Yun Wuya walked out side by side, the Dragon Slaying Sword in his hand glittering.

“David!”

Huo Jingjing’s eyes lit up, and she went up with the sword, looking him up and down, “Are you okay? The sword intent on your body... Why does it feel different?”

Hu Mazi narrowed his eyes, counted with his fingers, and then exclaimed: “My goodness! Did you break through in there? This sword intent is more than a little stronger than before!”

Mo Qingyun also walked forward, looked at David carefully, and then nodded and said: “Indeed, David’s sword intent has reached perfection, and there is a faint resonance with the heaven and earth. It seems that he is not in danger, but an opportunity.”

David smiled and briefly told him that the stone man was a sword spirit and guided him to comprehend a higher sword intent.

After hearing this, everyone was amazed.

“So, the ancient sword in your hand is the sword spirit?”

Hu Mazi pointed at the ancient sword in David’s hand. The sword was dark in color, with a vague totem engraved on the hilt, emitting a faint chill.

“That’s right.”

David picked up the ancient sword. It was cold in the hand, but it faintly echoed the Dragon Slaying Sword. “Although this sword has no name, its sword spirit is magnificent, and it complements the Dragon Slaying Sword.”

“Jingjing, this sword is for you...” David handed the ancient sword to Huo Jingjing!

Huo Jingjing looked at the dark ancient sword handed over by David. Before her fingertips touched the sword, she felt the sword intent that was the same as the Dragon Slaying Sword but more condensed.

She subconsciously stepped back half a step, frowning slightly: "David, this sword is transformed by the sword spirit, which will be of great help to your practice. I..."

"My woman, using my sword is natural."

David's tone was not to be questioned, and he directly stuffed the ancient sword into Huo Jingjing's hand.

The sword body sank slightly in her hand, and a cold air flow flowed along the meridians, which faintly resonated with the sword essence in her body.

Huo Jingjing was startled, and looked down at the ancient sword, only to see that the vague totem seemed to have a faint light flowing, which was faintly in line with the sword tactics she practiced.

"But this sword..."

"No buts."

David held her hand and asked her to hold the hilt tightly. His eyes were burning, reflecting the moonlight outside the palace, with an unmistakable seriousness.

Huo Jingjing's cheeks were slightly hot, and she caught a glimpse of Yun Wuya's half-smiley eyes, Hu Mazi twisted his beard and laughed, and Mo Qingyun nodded calmly. The thought of refusing in her heart immediately dissipated.

She took a deep breath, held the ancient sword tightly, felt the majestic sword intent coming from the sword body, and nodded heavily: "Okay, then I will accept it. If one day I am not worthy of it, I will return it to you."

"Silly words." David rubbed her hair.

"David, you can't be partial to one and the other. Miss Mo, you have to give something too. She is also your woman."

"You can't play with her and then deny her!" Hu Mazi said with a smile!

"Of course, if there are any good things, give them to Qingyun." David smiled lightly: "Let's go to the Seventh Palace and see if there are any good things in the Seventh Palace."

A group of people rushed towards the Seventh Palace!

## Chapter 5166

The setting sun was like blood, splashing on the gate of the Seventh Palace.

David and the others arrived. At this time, David stood with his hands behind his back. Hu Mazi and others followed him from a distance. Seeing his thin figure cast a long shadow in the sunset, he exuded an unparalleled sense of pressure. The

eyes of the Qingyun Sect monks flashed with fanaticism and awe. They knew that the fierce fighting was about to begin, and they could witness another miracle!

At this moment, David was walking towards the Seventh Palace Master's lair step by step.

"Mr. Chen, are you really going to break into the Seventh Palace alone?" Yun Wuya swallowed his saliva, looking at the misty peak of the Seventh Palace in front of him, his voice trembling, "The Lord of the Seventh Palace is at the peak of the ninth rank of the scattered immortal realm, and we don't know how many ninth rank cultivators of the scattered immortal realm there are in the Seventh Palace..."

David did not turn his head back, and his voice came with the wind, with a hint of teasing: "Ninth rank peak? In my eyes, it's just a slightly bigger ant."

With the experience of killing the five ghost-faced people and understanding so much sword intent from the sword sect, David now feels that he is terribly strong!

After David finished speaking, his figure flashed, and he turned into a

stream of light and rushed straight to the main peak of the Seventh Palace. The mountain protection formation in front of the mountain gate suddenly lit up, and countless runes intertwined into a net, trying to block it.

David raised a sneer at the corner of his mouth, flicked his finger, and a trace of undetectable chaotic aura shot out, like an invisible pair of scissors, instantly tearing the mountain protection formation to pieces!

"Boom!"

The roar of the formation breaking resounded throughout the Seventh Hall. Countless disciples who were practicing looked up in horror, only to see a figure rushing into the Seventh Hall Master's palace as if he were in an empty space!

At this moment, the Seventh Hall Master was sitting cross-legged in the center of the hall, thinking about how to report to the Fourth Hall Master.

After returning from the Eighth Hall, the Seventh Hall Master had been staying at home. David had shocked him too much.

But now, he still knew too little about David, so he didn't know how to report to the Fourth Hall Master!

Suddenly, the glazed dome of the hall exploded, and in the midst of the rubble, David fell like a god, stood steadily in the center of the hall, and looked at him indifferently.

"Seventh Hall Master, how are you?"

David's voice was not loud, but it exploded like a thunder in the ears of the Seventh Hall Master.

He suddenly opened his eyes and saw David's young face with endless murderous intent. His heart suddenly shrank and he almost fell off the cushion.

"Chen... David! What are you doing in my Seventh Palace?" The Seventh Palace Master asked!

"What do you think?" David smiled coldly!

"I have no grudges against you. I don't want to be your enemy, and I hope you won't cause me trouble."

"I don't know anything about what you have done with the Temple."

The Seventh Palace Master didn't want to be an enemy of David!

He was afraid that he couldn't beat David.

"If you don't want to be my enemy, then why did you go to the Eighth Palace? Why did you attack the Eighth Palace?" David questioned!

"I went to the Eighth Palace just to see you, not to do anything to you."

"I also got the order from the Fourth Palace Master to investigate your identity and background, and there is no other meaning!"

The Seventh Palace Master said!

David's eyes condensed. He didn't expect that even the Fourth Palace Master had noticed him. Now the Seventh Palace Master is the peak of the ninth rank of the

scattered fairyland. What kind of strength is the Fourth Palace Master? David dared not think about it!

“I don’t care whether you want to be my enemy or not. Today I am here to destroy you unless you voluntarily withdraw from the temple.”

“The Savage Ancient Clan, Tianyan Sect, and Blood Shadow Palace have all been destroyed by me. I will not let anyone who offends me go!”

David said coldly to the Seventh Palace Master!

“David, you are going too far. Do you think I am afraid of you?”

The Seventh Palace Master frowned and said!

How could he be asked to withdraw from the temple? If he withdraws today, he will probably be killed tomorrow.

“If you are not afraid of me, then do it!” David said with a smile!

Full Read Online **Chapter 5167** of the novel **A Man Like None Other**

## **Chapter 5167**

The Seventh Palace Master gritted his teeth, roared fiercely, and quickly formed seals with his hands, “Palace Guards, take him down!”

Before he finished speaking, eight powerful auras suddenly burst out from the four corners of the hall. Eight Palace Guards of the eighth rank of the Sanxian Realm held divine weapons and surrounded David in the center in the Bagua formation.

Their eyes were cold, and they had obviously received orders to kill any intruders.

“Eight grasshoppers, you want to stop me?”

David chuckled, and was even too lazy to draw his sword.

His figure shuttled through the formation like a ghost. Every time he raised his hand, a divine guard would scream and fly backwards, his weapon shattered, his spiritual veins broken, and he fell heavily to the ground, his life or death unknown.

But within a few breaths, the eight scattered immortal realm divine guards were all disabled, lying on the ground in all directions.

The pupils of the Seventh Palace Master suddenly shrank, and the blood on his face faded.

He never thought that David's strength would be so terrifying!

The eighth-grade divine guards of the scattered immortal realm were like chickens and pottery dogs in his hands!

"You... What is your identity?"

The voice of the Seventh Hall Master trembled, and he took a step back involuntarily, his hand quietly reaching for the storage ring on his waist, "Do you know the consequences of offending the Temple?"

"Consequences?"

David approached step by step, with a cold light flashing in his eyes, "Since I offended the Tenth Hall, I already knew the consequences?"

"Don't say you are a small Seventh Hall, even if it is the entire Temple, or even the entire God Clan, if they make me angry, I will destroy him!"

"What a big tone!"

The Seventh Hall Master suddenly took out a small golden flag, with countless stars embroidered on the flag, exuding the starry breath of heaven and earth,

"David, don't think you are great! Look at me, the 'Star Flag' will take you!"

He waved the small flag violently, and countless golden lights and shadows flew out of the flag, roaring, and rushed towards David like a tide.

Wherever he passed, the air seemed to solidify, and the sky and the earth changed color instantly.

This is one of his most valuable treasures

. He has used this flag to kill a strong man of the same realm!

However, David only glanced at it and flicked his finger.

"Zheng!"

A clear sword sound resounded through the hall, and a golden sword energy that was condensed to the extreme shot out from his fingertips. It seemed slender, but it contained the power of the creation of the world.

Those golden lights and shadows were like ice and snow meeting the sun in front of the sword energy, and they melted away in an instant. Even the “Star Flag” made a wail of being overwhelmed, and the flag surface shattered into ashes!

The Seventh Palace Master: “.....”

His hand holding the flagpole trembled violently, and his eyes were filled with incredible fear.

This is the magic weapon that he spent thousands of years to refine, but David destroyed it with just one finger? !

“No... Impossible!”

The Seventh Palace Master roared, opened his mouth suddenly and sucked, and a golden relic flew out from his brow.

The relic shone brightly, and instantly formed a huge golden light shield in front of him. The light shield was engraved with ancient Sanskrit, exuding a sacred and vast aura.

“This is the ‘Vajra Indestructible Relic’ I took from the Western Paradise. Even the peak of the ninth rank of the Sanxian Realm can’t break it! David, what can you use to break my defense?!”

The Seventh Palace Master roared like crazy, as if he had grabbed the last straw.

David looked at the golden shield, and a playful arc appeared at the corner of his mouth.

He did not use any magic weapon, but just stretched out his right hand, palm up, and slowly pressed towards the light shield.

“Bang!”

The moment the palm touched the light shield, there was no earth-shattering roar, only a dull “click”.

The “Vajra Indestructible Relic” that was said to be indestructible even by the peak of the ninth rank of the Sanxian Realm was like glass, and countless spider-web-like cracks began to spread from the contact point. After just a breath, it exploded completely with a “bang”!

The golden relic wailed, and its light flew dimly back to the Seventh Palace Master’s brow, almost disintegrating.

## Chapter 5168

The Seventh Palace Master stared blankly at his life-saving magic weapon being destroyed, his whole body was struck by lightning, and he couldn't even stand steadily.

He looked at David's eyes that seemed to see through everything, and for the first time, he felt despair in his heart.

This guy... What kind of monster is this?

"Seventh Palace Master, what other tricks do you have?"

David's voice was a little lazy, as if he was watching a boring play, "Don't hide it, use it all, so that I can see how much the peak combat power of the Seventh Palace is."

"You... You are going too far!"

The Seventh Palace Master was forced into a desperate situation, and a trace of ruthlessness flashed in his eyes, "Since you are looking for death, don't blame me for using the forbidden secret technique!"

He bit his tongue hard, a mouthful of blood sprayed on his chest, and his hands quickly formed an extremely mysterious seal.

In an instant, his aura surged, and his cultivation at the peak of the scattered immortal realm showed signs of a breakthrough. Golden flames surrounded his body, and strange patterns appeared on his face.

"This is... 'Sacrifice of the Gods'!" Huo Jingjing said in horror.

Huo Jingjing is also a member of the temple, so of course she knows the power of this sacrifice of the gods!

Hu Mazi's eyes condensed, and he was about to step forward to help, but was stopped by David's eyes.

David looked at the Seventh Palace Master whose aura surged, not only without any fear, but also showed a look of interest: "Oh? Sacrifice of the Gods? Interesting."

The Seventh Palace Master was like a god at this moment, with golden flames all over his body.

He roared and punched David.

This punch contained all the power of his burning life source. The space was distorted by the fist wind, and the shadow of the gods condensed on the fist, emitting a pressure that could destroy the world.

“David, prepare to die!”

However, facing this punch that would make any Sanxian Realm strongman change color, David just gently raised his left hand, spread his five fingers, and seemed to slowly grab the fist wind.

“Puff!” Sorry, there was an error loading the chapter content. We

There was no earth-shattering sound as imagined, only a slight sound.

David’s palm easily grasped the fist of the Seventh Palace Master, and the earth-shattering fist wind instantly dissipated in his palm, as if a drop in the ocean.

Seventh Palace Master: “...”

He widened his eyes and looked at his fist that was easily grasped.

Feeling the vitality in his body flowing away like a tide, and the vast and boundless power coming from his palm that seemed to be able to devour everything, the despair in his heart overwhelmed him like a tsunami.

How is it possible?

He burned the source of life and used his ultimate killer move, but... He didn’t even touch the corner of the opponent’s clothes?

David looked at his terrified expression, and a cold arc appeared at the corner of his mouth: “Seventh Palace Master, is this all your strength?”

He shook his wrist lightly.

“Crack!”

The Seventh Hall Master felt a sharp pain in his arm, and the bones of his entire arm broke instantly. With a scream, he was thrown out by David and hit the stone pillar of the hall.

“Puff...”

The Seventh Hall Master spat out a large mouthful of blood, and the burning life source in his body was also disordered. The state of the God’s sacrifice was instantly lifted, and his breath was weak.

He struggled to get up from the rubble, looking at David who was approaching step by step, his eyes were filled with extreme fear and despair.

He finally understood that the gap between him and the man in front of him was not the gap in realm at all, but the difference between an ant and a dragon!

“You... What do you want?”

The Seventh Hall Master’s voice was hoarse and crying, and there was no longer any dignity of the Hall Master. “I... I apologize! I apologize to the Eighth Hall! I apologize to Huo Zhao! Please forgive me...”

The other people in the Seventh Hall, seeing their own Hall Master begging for mercy, also bowed their heads and said nothing!

Originally they were thinking of rushing forward, but after seeing David’s true strength, they all backed down!

## Chapter 5169

David, who seemed to be only a fifth-grade cultivator in the Loose Immortal Realm, had definitely reached the Earthly Immortal Realm with his explosive strength.

David walked up to him and looked down at this once invincible Loose Immortal Realm peak powerhouse, who now begged for mercy like a stray dog, without any ripples in his eyes.

“Apologize?” Chen

Ping squatted down, hooked the chin of the Seventh Hall Master with his fingers, and said with a hint of mockery, “If an apology is useful, what is the use of strength?”

The Seventh Hall Master trembled all over, his face as pale as paper, he knew that he might not be able to escape death today.

“I... I am from the Temple... If you kill me... The Temple will not let you go...” He was still making his last struggle.

“The Temple?”

David chuckled, stood up, and patted the non-existent dust. “In my eyes, the Temple is nothing more than a larger ant nest.”

“David, in fact, you have offended the Temple, but not everyone in the Temple. The Fourth Palace Master told me to just investigate you and not to conflict with you.”

“If you hadn’t forced me again and again, I would never have taken action against you.”

The Seventh Palace Master looked at David and said helplessly!

After hearing this, David suddenly remembered what the Eighth Palace Master Huo Zhao had said to him, that there were two factions of power in the Temple’s God King Palace, the conservatives and the reformists!

“What is the power of the Fourth Palace Master you mentioned in the Temple? But I heard that the Temple is not a monolithic entity now, and there are also two forces.”

David asked!

Upon hearing this, the Seventh Palace Master couldn’t help but smile bitterly and said, “For people like us who are below the Three Heavens, no matter which force in the Temple issues orders, we must obey.”

“But the Fourth Palace Master is kind and has always wanted to abandon the old law and allow the tribe to marry with outsiders.”

“She herself is a female cultivator, so she may know the pain of female cultivators. In the God Clan, female cultivators serve male cultivators, and they cannot marry with outsiders.”

“Because of this rule, I don’t know how many lovers have been broken up, and I don’t know how many female cultivators have suffered punishment from the God Clan!”

The Seventh Palace Master said helplessly!

After that, the Seventh Palace Master’s expression became extremely lonely, as if he was worried!

David didn’t expect that the Fourth Palace Master was actually a female cultivator, but it seemed that the other party didn’t really want to kill him!

After all, when the Seventh Palace Master was in the Eighth Palace, he could have completely destroyed the Eighth Palace, but David was not there at the time!

However, the Seventh Palace Master did not kill him, he should have received the instruction of the Fourth Palace Master, just to investigate himself, not to conflict!

“I see that your Fourth Palace Master is a reformist.” After David finished speaking, he looked at the Seventh Palace Master and asked, “Does this clan rule hurt you too?”

After hearing this, the Seventh Palace Master actually shed tears and sobbed, “Actually, a few hundred years ago, I also fell in love with a female cultivator of the human race. We were in love, but the clan rules did not allow us to be together.”

“We are obviously all human, but we have to label us as gods, so that we can’t find the person we like now.”

“The female cultivator left in the end, and I haven’t found a woman yet...”

After the Seventh Palace Master finished speaking, David was quite deep. In fact, the gods are also human, but they pretend to be cool and give themselves a title of gods.

They are very arrogant and feel that they are awesome.

However, there are still some people in the gods who can recognize the reality.

If you don’t have the strength, it’s useless to give yourself more titles!

“Today, I won’t kill you.” David said!

The Seventh Palace Master raised his head suddenly, and a glimmer of hope flashed in his eyes.

“But.” David changed the subject, a cold light flashed in his eyes, “If you dare to covet the Eighth Palace, I will definitely destroy your Seventh Palace.”

“No, absolutely not...” The Lord of the Seventh Palace shook his head repeatedly!

## **Chapter 5170**

“I hope you can keep your word!” David said coldly!

As soon as he finished speaking, David suddenly felt a dangerous breath.

He looked up suddenly and saw that the northwest skyline was swallowed by thick ink. The surging black clouds were wrapped with thousands of soul fires, which looked like the pupils of some living creatures, locking his position dozens of miles away.

Above the ruins of the Seventh Palace, the netherworld air was surging like ink.

The ghost claw woman was suspended in the air, and the red light of the soul beads between her ten fingers surged, reflecting the entire sky into a strange blood color.

Her eyes were like knives, sweeping across the people below, and finally fixed on David.

“Hand over the token, and you can keep your whole body.”

The voice of the ghost claw woman was like a rusty iron sheet scraping across the stone wall, and every word was cold and evil.

David stood on the scorched earth, with a faint aura around him.

“Who are you?” David asked!

“We are the two elders of the Netherworld. You killed Ghost Face and took the token. Now hand over the token and we can let you die comfortably!”

The Drowned Soul Lord opened his mouth full of yellow teeth and said grimly!

“What kind of organization are you? What is Tianlin Cave Mansion?”

David asked!

When they heard the four words Tianlin Cave Mansion, the two elders of Xuanming were obviously shocked.

“Boy, this is not what you should ask. Hand over the token immediately, otherwise don’t blame us for being rude!”

Ghost Claw threatened David coldly!

David held the Dragon Slaying Sword in his hand, and a sneer rose at the corner of his mouth: “The token is on me, come and get it if you have the guts.”

Before he finished speaking, the chain sickle of the Drowned Soul Lord had broken through the air.

The Netherworld flames wrapped around the sickle drew a charred track in the air, and even the space rippled wherever it passed.

Before the whistling sound of the chain sickle tearing through the air had subsided, David had already moved three meters across like an arrow from a bow.

The charred ground exploded with spider-web-like cracks at his toes, and the Dragon Slaying Sword, wrapped in a sharp sword intent, faced the attack of the Drowned Soul Lord. The moment the blade and the sickle collided, the netherworld flames rushed up the sword body like a living thing, making a “sizzling” sound that corroded bones.

“A trick!”

David turned his wrist, and the sword intent suddenly surged. The green light was like an angry dragon breaking through the sea, and the Drowned Soul Lord was shocked back several steps.

However, before he could take advantage of the victory to pursue, the ten fingers of the ghost claw woman had ejected ten blood-colored soul beads, each of which was entangled with a shrill soul cry, interweaving in the air into a blood-colored net, covering him head.

“Be careful! This is the netherworld soul-devouring bead!”

Yun Wuya’s horrified roar cut through the battlefield.

David’s pupils suddenly shrank, and his body instantly activated the indestructible golden body.

The moment the soul bead hit Jin’s body, a bloody light exploded, and countless illusory ghost faces emerged from the light, opening their mouths to gnaw at his defense.

Ripples appeared on the surface of Jin’s body, and it became thinner at a speed visible to the naked eye.

“Boy, taste the resentment of these thousands of dead souls!”

The Drowned Soul Lord laughed and pounced again, and the chain wrapped around David’s ankle like a spirit snake.

At the same time, the ghost claw woman’s fingertips had condensed into a dark ghost claw phantom, grabbing his back with the power to tear through space.

Two fists are no match for four hands, not to mention that the two old men cooperated

tacitly, and their moves were not far from the vital points. David used his body skills to dodge one after another, and the dragon-slaying sword danced so well that water could not be poured in, but the netherworld flames still brushed his shoulders, and his Taoist robe was instantly charred. A cold air invaded his meridians along the wound, causing him to stagnate slightly.

“Now!”

A cold light flashed in Ghost Claw’s eyes, and the ten soul beads suddenly merged into one, turning into a blood-red soul spear, piercing David’s heart with the momentum of destroying the world.

“Break!”

David roared, pouring all his spiritual power into the sword, and the Dragon Slaying Sword burst out with an unprecedented bright green light, facing the soul spear.

“Boom!”

The violent energy explosion raised a cloud of dust, and David flew backwards like a kite with a broken string, hitting the broken wall and vomiting blood.
