### Chapter 5211

David's heart moved. The Green Snake Valley is also a force outside Jiupan Mountain. The owner of the valley is a third-grade snake demon in the Earthly Immortal Realm.

The Black Wind Demon asked them to kill the Green Snake Valley Master, obviously wanting to kill someone with a borrowed knife.

"No problem."

David said, "Let's do it right away."

"Wait."

The Black Wind Demon said, "I'll send two people to go with you, so that we can see what you can do."

He pointed to the two wolf demons next to him: "You two go with them. If they dare to play tricks, kill them for me!"

The two wolf demons immediately stepped forward and bowed to the Black Wind Demon: "Yes, village chief!"

David and Hu Mazi looked at each other, nodded, and followed the two wolf demons out of the meeting room.

After leaving the meeting room, Hu Mazi whispered, "This old Black Wind demon really has bad intentions. He wants us and the Green Snake Valley to suffer losses."

"I know."

David said, "We also want to find out the news of the Green Snake Valley. This is an opportunity. Let's go to the Green Snake Valley first and act accordingly."

The two followed the two wolf demons and left the Black Wind Village, heading towards the Green Snake Valley in the east.

Along the way, the two wolf demons kept provoking David and Hu Mazi, obviously not taking them seriously.

David was too lazy to argue with them, and just hurried on his way silently.

After walking for about half a day, a dense bamboo forest appeared in front of them. The bamboo forest was filled with a light green mist and exuded a strong smell of snakes.

“The Green Snake Valley is ahead.”

A wolf demon pointed at the bamboo forest and said, “The Green Snake Valley Master is inside. You can go in by yourself. We’ll wait outside.”

David knew that the two wolf demons wanted to reap the benefits of being a fisherman, so he didn’t care. He said to Hu Mazi, “Let’s go in.”

The two walked into the bamboo forest. The fog in the bamboo forest became thicker and thicker, and the smell of snakes became heavier.

After walking for about an incense stick of time, a huge valley appeared in front of them. The valley was full of caves, and the entrances of the caves were full of venomous snakes, exuding a dangerous atmosphere.

“This is the Green Snake Valley.”

Hu Mazi looked at the venomous snakes in the valley and frowned. “I’m afraid there are many snake demons here.”

“Be careful, the Green Snake Valley Master is not weak, we must be prepared.” David said.

As soon as the two entered the valley, they heard a “hissing” sound, and countless venomous snakes crawled out of the caves and besieged them.

“Leave these poisonous snakes to me!”

Hu Mazi said, and at the same time he took out a few pieces of talisman paper from his arms, quickly drew a few fireball talismans, and threw

them at the poisonous snakes. The fireball talismans burst into dazzling light in the air, instantly burning a large number of poisonous snakes to ashes.

But the number of poisonous snakes was too large, and they kept crawling out of the cave in waves, making the two of them a little overwhelmed.

At this time, a cold voice came from the depths of the valley: “Who dares to break into my Green Snake Valley?”

As the voice sounded, a middle-aged man in a green robe walked out from the depths of the valley.

The man had a handsome face, sinister eyes, and a sneer on the corner of his mouth. He was the owner of the Green Snake Valley.

The Lord of the Green Snake Valley looked at the burning corpse of the poisonous snake on the ground, and a trace of anger flashed in his eyes: "Did the Black Wind Demon send you here?"

"So what?" David said, "Today is the day you die!" The

Lord of the Green Snake Valley sneered: "Just the two of you? You are too arrogant!"

He flashed and turned into a giant green snake that was dozens of feet long. He opened his huge mouth and bit the two people.

The green giant snake was very fast, and with a sharp sound of wind, it came in front of the two people in an instant.

The mouth of the giant snake exuded a strong fishy smell, which made people dizzy.

"Be careful!" David shouted, and at the same time he sacrificed the Dragon Slaying Sword. The golden sword energy was like a barrier, blocking the two people.

## Chapter 5212

With a crisp "clang" sound, the head of the green giant snake hit the sword energy barrier, making a loud noise, and the giant snake was shocked and took a few steps back.

"Interesting." The

voice of the Green Snake Valley Master came from the giant snake's mouth, with a hint of surprise, "I didn't expect that you two little human monks would have such strength."

He opened his huge mouth again and sprayed a stream of green venom towards the two.

The venom turned into countless tiny arrows in the air, emitting a pungent smell, and it was obviously highly toxic.

David's eyes were stern, and the spiritual power in his body was running, and the light golden shield enveloped the two.

The venom fell on the shield, making a "sizzling" sound, but it could not penetrate the shield.

"Your venom is useless to us!"

David said, and at the same time, the Dragon Slashing Sword turned into a stream of light and stabbed at the seven inches of the green giant snake.

The Green Snake Valley Master did not expect David's attack to be so fierce, and quickly twisted his body to avoid the attack of the Dragon Slashing Sword.

But his tail was still scratched by the sword energy, leaving a deep wound that could be seen to the bone, and green blood gushed out.

"Looking for death!"

The Green Snake Valley Master roared, and his huge body rolled in the valley, countless trees were knocked down, and scattering gravel.

Hu Mazi took the opportunity to take out a few talisman papers, quickly drew a few lightning talismans, and

threw them at the green giant snake. The lightning talisman burst into dazzling light in the air, and countless lightning strikes struck the green giant snake.

The green giant snake was struck by lightning, let out a painful scream, and its huge body trembled violently.

David seized the opportunity, and the Dragon Slashing Sword stabbed out again, accurately piercing the seven inches of the green giant snake.

"Ah——"

The Lord of the Green Snake Valley let out a shrill scream, and his huge body twitched on the ground for a few times, and finally stopped moving.

The two of them breathed a sigh of relief and sat on the ground, gasping for breath.

"Finally... it's solved."

Hu Mazi wiped the sweat from his face and said, "I didn't expect the Lord of the Green Snake Valley to be so strong."

David said, "This is normal. When the demons and humans are at the same level, the demons are stronger than the humans, including the humans. This is why the human race is the most despised among the three races."

At this time, the cheers of two wolf demons came from outside the valley: "Great! They killed the Lord of the Green Snake Valley!"

The two wolf demons walked into the valley, looked at the body of the Lord of the Green Snake Valley on the ground, and showed greedy smiles on their faces.

"I didn't expect you two to be so capable." A wolf demon said, "However, the body and treasures of the Lord of the Green Snake Valley are all from our Black Wind Village."

"What do you want to do?" Hu Mazi looked at the two wolf demons vigilantly and asked.

"What?" Another wolf demon sneered, "Of course, to kill you and take the credit!"

The two wolf demons attacked David and Hu Mazi at the same time.

David's eyes turned cold. He didn't expect that the two wolf demons would dare to betray him. He sacrificed the Dragon Slaying Sword and instantly killed one wolf demon.

Seeing this, the other wolf demon was so scared that his soul flew away and he turned to run away. Hu Mazi immediately took out a talisman paper, drew a fixed talisman, and threw it at the wolf demon.

The fixed talisman fell on the wolf demon, and the wolf demon was instantly fixed in place and could not move.

"Mercy! Mercy!" The wolf demon was so scared that he begged for mercy again and again.

"You are still useful." David said, "Tell me, is the old black wind demon related to the genocide of the Hu family that year?"

The wolf demon was stunned for a moment, obviously did not expect David to ask this question. He hesitated for a moment and said, "I don't know about the Hu family's genocide. I'm just a small follower."

"You don't want to tell the truth, right?" Hu Mazi said, and took out a fireball talisman and threatened, "If you don't tell me, I will burn you to ashes!"

## Chapter 5213

The wolf demon looked at the flames burning on the fireball talisman, his face turned pale with fear, and he said quickly: "I'll tell you! I'll tell you! I heard that the Black Wind Demon participated in the siege of the Hu family, but I don't know the details."

"Are you sure?" David asked.

"I'm sure!" The wolf demon said quickly, "I heard this by chance from the conversation between the village chief and the deputy village chief." Chen

Ping and Hu Mazi looked at each other, with a flash of anger in their eyes.

Unexpectedly, the Black Wind Demon also participated in the genocide of the family that year. It seems that the forces around Jiupan Mountain are all related to the genocide of the Hu family.

"You can die now." David said, and at the same time, he swung the Dragon Slashing Sword and killed the wolf demon.

"What should we do now?" Hu Mazi asked.

"First, we need to dispose of the body of the Green Snake Valley Master, and then go back to report to the Black Wind Old Demon."

David said, "We need to pretend that we know nothing, and take the opportunity to find out more information in the Black Wind Village."

The two of them disposed of the bodies of the Green Snake Valley Master and the wolf demon, and then returned to the

Black Wind Village with the head of the Green Snake Valley Master. Back at the Black Wind Village, the two handed the head of the Green Snake Valley Master to the Black Wind Old Demon.

The Black Wind Old Demon looked at the head of the Green Snake Valley Master and showed a satisfied smile on his face: "Good! Good! Good! I didn't expect that you two actually killed the Green Snake Valley Master. You are really capable! From today on, you are my Black Wind Village."

"Thank you for taking me in." David said.

"You're welcome." The Black Wind Old Demon said, "I will arrange a place for you to stay. You can rest first, and I will arrange tasks for you tomorrow."

The Black Wind Old Demon asked his men to take David and Hu Mazi down to rest, and he took the head of the Green Snake Valley Master and walked into the secret room behind the meeting hall.

In the secret room, an old man in a gray robe was sitting on a chair, closing his eyes to rest.

The old man had a haggard face and gray hair, and looked extremely old, but he exuded a powerful aura, no less than the Black Wind Demon.

“Master, the Green Snake Valley Master has been killed by me.” The Black Wind Demon bowed to the old man and said.

The old man slowly opened his eyes, with a gleam of light in his eyes: “Well done, how about the two human monks? Are they reliable?”

“It seems that there is no problem, but I don’t know their details.”

The old black wind demon said, “I plan to observe them for a while. If they are reliable, I will reuse them; if they are unreliable, I will kill them.”

“Yes.” The old man nodded, “Jiupan Mountain has been uneasy recently, and there has been some movement in the Black Evil Palace. You have to be more careful.

In addition, you must keep your mouth shut about the things that happened to the Hu family in the past, and don’t let anyone know.”

“Disciple understands.” The old black wind demon said.

The old man closed his eyes again, and the old black wind demon bowed and saluted, and then left the secret room.

On the other side, David and Hu Mazi were taken to a guest room.

Although the guest room was simple, it was still clean.

“Who was that old man just now?”

Hu Mazi asked, “I feel his aura is very strong, stronger than that of the Black Wind Demon.”

“I don’t know.” David said, “But what is certain is that his identity is not simple, and he may be the mastermind behind the Black Wind Village.”

“What should we do now?” Hu Mazi asked.

“Take a rest first, and then go to get information at night.”

David said, "The defense of the Black Wind Village is very tight, we must act carefully."

The two rested for a while, waited until night fell, quietly left the guest room, and headed towards the secret room behind the meeting room.

They knew that the Black Wind Demon and the old man might be discussing important things in the secret room, and perhaps they could hear some clues about the genocide incident that year.

The two carefully avoided the patrolling demon cultivators and came to the door of the secret room.

## Chapter 5214

The door of the secret room was made of black stone, with complex runes engraved on it, emitting a faint light, and it was obviously guarded by a ban.

"This door is forbidden, how can we get in?" Hu Mazi asked.

"Let me try." David said, and at the same time took out a ban-breaking talisman from his arms and pasted it on the door of the secret room. The

runes on the ban-breaking talisman flashed a few times, and the rune light on the door of the secret room gradually dimmed, and the ban was broken.

The two quietly pushed open the door and walked into the secret room.

In the secret room, the Black Wind Old Demon and the old man were talking.

"Master, do you think the Black Evil Palace will know that we participated in the siege of the Hu family back then?" The Black Wind Old Demon asked.

"It shouldn't be."

The old man said, "What happened back then was done in great secrecy, and the people from the Black Demon Palace were also involved. They won't expose themselves."

"That's good." The Black Wind Old Demon breathed a sigh of relief and said, "I'm afraid they will use this as an excuse to attack our Black Wind Village."

“Don’t worry, the Black Demon Palace is now busy with its own affairs and won’t easily attack us.” The old man said, “But we must also be prepared just in case.”

“Yes, Master.” The Black Wind Old Demon said.

David and Hu Mazi hid at the door of the secret room and heard the conversation between the two. A trace of anger flashed in their eyes.

Unexpectedly, the Black Demon Palace and the Black Wind Village were both involved in the genocide incident that year, and they colluded with each other. They really deserved to die!

At this moment, the old man suddenly opened his eyes, looked towards the door, and shouted sternly: “Who’s outside?”

David and Hu Mazi knew that they were discovered, so they stopped hiding and rushed out immediately.

“It’s you two!”

The Black Wind Demon looked at David and Hu Mazi with a surprised and angry expression on his face, “How dare you eavesdrop on our conversation!” “

Black Wind Demon, you despicable villain!” Hu Mazi shouted angrily, “I didn’t expect you to be involved in the siege of my Hu family that year. I must avenge my people today!”

“Revenge? Just the two of you?”

The Black Wind Demon sneered, “Since you heard something you shouldn’t have heard, don’t blame me for being cruel!”

The Black Wind Demon and the old man attacked David and Hu Mazi at the same time.

David and Hu Mazi were well prepared and fought back immediately.

David offered the Dragon Slaying Sword and fought with the Black Wind Demon; Hu Mazi took out the talisman paper and fought with the old man.

The battle in the secret room was extremely fierce, and the shock wave generated by the collision of spiritual power shattered the tables, chairs and benches in the secret room.

The Black Wind Demon was extremely powerful, equivalent to a third-grade peak cultivator in the Earthly Immortal Realm. Although David was not weak, it was difficult for him to win for a while.

The old man's strength was even more unfathomable. Hu Mazi was no match for him at all, and soon fell into a disadvantage, surrounded by danger.

"Master Hu, be careful!"

David saw Hu Mazi in danger, and he was anxious and wanted to help, but he was entangled by the Black Wind Demon and could not get away.

At this critical moment, Hu Mazi suddenly remembered a kind of talisman inherited from his ancestors, and quickly took out a few talisman papers and drew a powerful talisman.

"The power of the ancestors, help me defeat the enemy!"

Hu Mazi shouted and threw the talisman towards the old man.

The talisman burst into a dazzling light in the air, forming a huge golden palm, and slapped towards the old man.

The old man did not expect Hu Mazi to be able to draw such a powerful talisman. He was shocked and quickly operated his spiritual power to form a black shield to block him.

With a loud bang, the golden palm collided with the black shield, making a loud noise that shook the world.

The black shield shattered instantly, and the old man was struck by the golden palm, flying backward and spitting blood.

## Chapter 5215

Hu Mazi also consumed a lot of spiritual power; his face turned pale, and he staggered back a few steps.

David seized the opportunity, swung the Dragon Slashing Sword, and stabbed at the chest of the Black Wind Old Demon. The

Black Wind Old Demon was distracted by the old man's miserable condition and failed to avoid it in time. He was stabbed by the Dragon Slashing Sword, spitting blood, and flew out.

"Let's go!"

David shouted, pulled Hu Mazi up, and rushed out of the secret room.

The Black Wind Old Demon and the old man wanted to chase, but because of their serious injuries, they could not move, and could only watch David and Hu Mazi escape.

David and Hu Mazi rushed out of the Black Wind Village, all the way west, and fled in the direction of Jiupan Mountain.

They knew that the people from the Black Wind Village would catch up soon, and they had to leave here as soon as possible.

After escaping from the Black Wind Village for dozens of miles, the two stopped to rest in a hidden cave.

Hu Mazi's face was pale. He had just forced the talisman to consume too much spiritual power. At this moment, it was difficult for him to even raise his hand.

"You adjust your breath first, I will be on guard."

David handed a Qi-boosting pill to Hu Mazi, and walked to the entrance of the cave. He spread his spiritual sense and was alert to the movements around him.

The strength of the Black Wind Old Demon and the mysterious old man was far beyond expectations, especially the latter. The strength of his aura was almost close to the fifth level of the Earth Transformation Fairyland. If Hu Mazi hadn't used the ancestral talisman to catch them off guard, I'm afraid it would be difficult for them to escape unscathed.

"David, the old man just now was fu\*\*ing powerful. If I didn't have the ancestral talisman, plus my strength was slowly recovering, I'm afraid I would have been killed just now."

Hu Mazi swallowed the pill and circulated his spiritual power to recover, his voice with a hint of weakness.

"It should be the master of the Black Wind Demon, whose cultivation is unfathomable."

David frowned, "There is such a strong man in a mountain village outside Jiupan Mountain. It seems that the water in Jiupan Mountain is deeper than we imagined." He remembered the words of the wolf demon. The Black Wind Demon participated in the siege of the Hu family, and the old man ,

as his master, was probably involved.

What made him more concerned was that the old man mentioned that the Black Evil Palace was also involved, which meant that the joint efforts of multiple forces probably caused the extermination of the Hu family.

“When I recover some strength, we will go to the next force to investigate.”

Hu Mazi’s eyes flashed with a trace of determination, “No matter how many people are involved, I will find out the truth.”

David nodded and was about to speak, but suddenly his expression was stern: “Someone is coming!”

As soon as the voice fell, there was a sound of breaking air outside the cave entrance, and three black shadows fell at the cave entrance like ghosts, blocking the way.

The leader was wearing a black robe, his face was covered by a hood, revealing only a pair of eyes flashing red. They were the people from the Black Demon Palace!

“Mr. Chen, Master Hu, how are you?”

The black-robed man laughed hoarsely, his voice as harsh as the friction of sandpaper, “Her Highness the Witch invites you to go back with us.”

“Youyue finally couldn’t help it.” David clenched the Dragon Slaying Sword, and the spiritual power in his body quietly circulated, “How many people did she send?”

“To deal with the two of you, the three of us are enough.”

The two people behind the black-robed man stepped forward, and the aura they exuded was comparable to that of Youyue. They were obviously the top masters of the Demon Palace.

Hu Mazi stood up with all his strength and held the clan leader’s token in his hand. The white light on the token echoed with the spiritual power in his body, which cheered him up a little: “Want us to go back? Ask the talisman in my hand if it agrees first!”

“You don’t know whether you live or die.”

The black-robed man on the left snorted coldly, and his figure flashed and approached, his five fingers formed into claws, and he grabbed Hu Mazi’s throat with a strong demonic aura.

The claw was extremely fast. Before the claw wind arrived, the foul evil spirit had already made the air in the cave sticky.

Hu Mazi did not dare to neglect it and injected the remaining spiritual power into the clan leader token. The token burst out with dazzling white light, forming a light curtain in front of him.
