Chapter 5216

With a crisp “clang” sound, the black-robed man’s claws landed on the light curtain, causing ripples.

Hu Mazi felt a huge force coming, his blood boiling, and couldn’t help but step back half a step.

“How dare a grain of rice shine?”

The black-robed man sneered, and his claws increased by another three points, and spider-web-like cracks suddenly appeared on the light curtain.

At this moment, a golden sword energy came like a fairy from the sky, forcing the black-robed man to withdraw his offensive and dodge sideways.

David followed closely behind, and the Dragon Slaying Sword stabbed out continuously, involving the other two in the battle.

“Your opponent is me!”

The black-robed man at the head finally made a move, with a long black whip in his hand. The long whip twisted like a living snake and whipped towards David’s face with a sound of breaking through the air.

The long whip was covered with tiny barbs, flashing with a faint green light, and was quenched with poison.

David did not dare to take it head-on, and his footwork changed, as if he were

strolling in the garden. David’s figure shuttled through the forest like a ghost, holding the weak Hu Mazi in his left hand and holding the Dragon Slaying Sword in his right hand. From time to time, he turned around and swung out a golden sword energy to force back the black-robed man who was chasing him.

The black-robed man at the head controlled the black long whip, and the long whip seemed to have life in his hand.

Sometimes it turned into a poisonous snake spitting out its tongue, and sometimes it turned into a giant python entangled. Every attack was accompanied by a piercing chill, forcing David to deal with it with distraction.

“David, don’t worry about me for now, go away!”

Hu Mazi struggled to break free. He knew that he was a burden at the moment, and if he continued like this, both of them would be caught up.

“Shut up and concentrate on recovering!”

David shouted in a low voice, changing his footwork and cleverly avoiding the entanglement of the long whip through the dense woods. “Since we came out together, there is no reason to abandon our companions!”

As soon as the voice fell, two dark shadows behind him had already caught up and attacked from both sides.

The black-robed man on the left offered a bone blade, which was covered with tiny holes and exuded a foul smell;

The black-robed man on the right formed seals with his hands and muttered something. Countless black vines suddenly emerged from the ground and wrapped around the ankles of the two men like chains.

With blockades in front and pursuers behind, the situation was precarious.

David’s eyes narrowed, and the spiritual power within his body burst forth without reservation. The Dragon Slaying Sword made a clear sword sound, and the golden sword energy surged like a tide, instantly shaking off the attacks on both sides.

“Take advantage of now!”

He seized this fleeting gap, exerted force suddenly, and soared into the sky with Hu Mazi, landing on the crown of a towering ancient tree.

The black-robed man followed closely and landed on the surrounding branches, forming a siege.

The black-robed man at the head slowly raised his head, and the red light under his hood flickered: “David, you can’t escape. Follow us back to see the Witch Lady, and maybe you can still live.”

“Youyue sent you here just to kill people and silence them, right?”

David sneered, and his eyes swept over the three people, "She is afraid that we will find out the truth about the extermination of the clan that year, so she wants to cut the grass and wipe it out."

The black-robed man heard the words, and his body was slightly stagnant; obviously, he was hit by the words.

The red light in the eyes of the leader became even brighter: "Since you know everything, you can't be spared!"

He swung his long whip violently, and the black long whip rushed to the tree canopy like a spirit snake, and the whip tip made a sharp sound of breaking through the air, and went straight to David's front door.

At the same time, the other two also launched an attack, and the bone blades and vines intertwined into a large net of death, covering the tree canopy.

David took a deep breath, and the indestructible golden body started, and pieces of golden scales covered his whole body.

He protected Hu Mazi behind him, and the Dragon Slaying Sword in his hand formed a dazzling sword flower, and slashed at the long whip.

"Dang!"

The sound of metal clashing resounded through the forest, and the golden sword energy collided with the black long whip, sparking sparks all over the sky.

Chapter 5217

The barbs on the long whip were broken by the sword energy, making a crisp "crackling" sound. The black-robed man in the lead felt a huge force coming, his arm was numb, and the long whip almost slipped out of his hand.

"What kind of power is this?" A

trace of horror flashed in the eyes of the black-robed man. He could feel that David's spiritual power contained a pure and domineering aura that could restrain his demonic energy.

At the moment when he was distracted, David had already seized the opportunity and shot out like an arrow from a string. The Dragon Slaying Sword took the black-robed man on the right with unstoppable momentum.

The black-robed man on the right was caught off guard and quickly controlled the vines to resist, but was instantly cut off by the sword energy. The sword's momentum did not decrease and went straight to his throat.

"Be careful!"

The black-robed leader exclaimed and quickly retracted his whip to rescue.

Seeing this, David's mouth curled up with a sneer, which was exactly the effect he wanted.

He suddenly changed his moves, and the Dragon Slashing Sword swept out, not attacking the black-robed man on the right, but slashing at the vines on the ground.

The golden sword energy was like thunder from the ground, instantly cutting off all the vines on the ground, and at the same time stirring up dust all over the sky.

With the cover of the dust, David grabbed Hu Mazi, jumped off the ancient tree, and fled into the depths of the dense forest.

"Want to run?"

The black-robed leader shouted angrily, and followed closely with the other two.

The three of them chased and fled, and a thrilling chase began in the dense forest.

David kept taking detours and changing directions, trying to get rid of the pursuers, but the black-robed man was extremely fast and kept biting.

Under David's protection, Hu Mazi finally recovered some spiritual power. He took out a few pieces of talisman paper from his arms and quickly drew a few wind talismans:

"David, I'll help you!"

He pasted the wind talisman on the two people, and the talisman paper turned into a breeze, blessing the two people, which instantly increased their speed by a few points.

"Good job!"

David was inspired and increased his speed by a few points, gradually widening the distance between him and the man in black robe.

However, at this moment, there was a sudden movement in the dense forest ahead, and the ground shook violently, as if some huge monster was approaching.

“Not good!”

David’s face changed. He could feel a strong demonic aura approaching rapidly, and his strength was no less than that of the master of the old black wind demon he had met before!

He hurriedly changed direction, trying to bypass the demonic aura, but it was too late.

A giant bear with a height of ten feet and a black body came out of the dense forest and blocked their way.

The giant bear’s eyes were red and it roared, obviously alarmed by the fight just now.

“It’s the Black Demon Bear!”

Hu Mazi’s face was pale and he recognized the monster. “According to ancient books, the Black Demon Bear is one of the overlords of the periphery of Jiupan Mountain. Its strength is comparable to that of a cultivator in the Earthly Immortal Realm, and its personality is extremely irritable!”

David’s heart sank. There was a Black Demon Bear in front of him and a black-robed man chasing him from behind. He was really in a desperate situation.

When the Black Demon Bear saw David and Hu Mazi, a fierce light flashed in its eyes. It roared and rushed towards them. Its huge bear paw, with the momentum of destroying the world, slapped the two of them.

David did not dare to take it head-on, and hurriedly dodged with Hu Mazi.

The bear paw fell to the ground with a loud noise, and a huge deep pit was created on the ground, and gravel flew everywhere.

“This is trouble.”

David looked at the furious Black Demon Bear, and then looked at the black-robed man chasing behind him, frowning, “We must find a way to get rid of them.”

Hu Mazi’s eyes suddenly lit up: “I have a way! David, help me hold them back, I will try to use the talisman to lure the Black Demon Bear away!”

“Are you sure?” David asked.

“It should be possible!”

Hu Mazi nodded, "It is recorded in my ancestor's heritage that the Black Demon Bear is afraid of a herb called 'Qingxin Grass'. I can use the talisman to simulate the breath of Qingxin Grass and lure it away."

Chapter 5218

"Okay!" David said, "Get ready as soon as possible, I'll hold them back!"

David held the Dragon Slaying Sword and took the initiative to rush towards the Black Demon Bear, while not forgetting to pay attention to the black-robed man behind him.

He knew that he had to buy enough time for Hu Mazi. The

Black Demon Bear was even more angry when he saw David dare to take the initiative to attack. He roared and waved his giant palm and slapped David.

David dodged flexibly, and at the same time, he continued to harass the Black Demon Bear with sword energy to attract its attention.

The black-robed man also caught up, and when he saw the Black Demon Bear, a trace of fear flashed in his eyes, but he still joined the battle without hesitation and attacked David.

For a time, David was caught in a situation where he was attacked from both sides.

He had to deal with the violent attacks of the black evil demon bear and guard against the sneak attacks of the black-robed man. His situation was extremely dangerous. But he did not panic at all. With his superb swordsmanship and flexible body movements, he maneuvered between the giant bear and the black-robed man, and never let them get close to Hu Mazi.

Hu Mazi seized the time and quickly drew the talisman.

He was fully focused and injected all his spiritual power into the talisman, and fine beads of sweat oozed out of his forehead.

As time went by, David's spiritual power consumption became greater and greater, and he gradually became a little powerless.

The attacks of the black evil demon bear became more and more violent, and the cooperation of the black-robed man became more and more tacit. He had already had

several wounds on his body. Although they were not serious, they also affected his actions.

“Is it almost healed?”

David shouted, narrowly avoiding the palm of the black evil demon bear, and at the same time backhanded a sword to force the black-robed man behind him to retreat.

“Almost!”

Hu Mazi responded, the talisman in his hand had taken shape and exuded a faint fragrance.

Finally, Hu Mazi finished the last stroke, and the talisman in his hand burst into dazzling light, and a fresh fragrance spread.

“It’s done!”

Hu Mazi shouted and threw the talisman into the depths of the dense forest. The talisman

turned into a green stream of light in the air and flew into the depths of the dense forest, and the fresh fragrance also drifted away.

The Black Demon Bear smelled the fragrance, and its movements were obviously stagnant. The red in its eyes gradually faded a little, as if it was attracted by the fragrance.

It hesitated for a moment, and finally gave up attacking David, turned around and chased in the direction where the talisman flew.

“Great!”

David breathed a sigh of relief, and finally got rid of the big trouble of the Black Demon Bear.

But he did not relax his vigilance, because the black-robed man was still chasing him.

“Let’s go!”

David grabbed Hu Mazi and fled into the depths of the dense forest again.

The black-robed man looked at the back of the Black Demon Bear going away, and then looked at David and Hu Mazi who were fleeing far away, and a hint of hesitation flashed in his eyes.

Finally, the leading black-robed man decided to continue the pursuit: "Chase! We can't let them get away!"

The three of them chased after them again, but this time, their speed was slower, and they were a little afraid of the direction of the Black Demon Bear.

David and Hu Mazi took this opportunity to distance themselves quickly and disappeared into the depths of the dense forest.

They ran for an unknown amount of time until they could no longer sense the breath behind them, and then David and Hu Mazi stopped beside a hidden mountain stream.

The two of them slumped on the ground, gasping for breath, their bodies soaked in sweat, and the wounds on their bodies felt stinging from being soaked in cold water.

"Finally... we got rid of them."

Hu Mazi took a few gulps of mountain stream water, and the cool spring water refreshed him. "The people from the Black Demon Palace are really haunting us."

David leaned against a rock, circulating his spiritual power to restore the consumed true energy. Hearing this, he frowned slightly: "Since they dared to chase us out, it means that Youyue has completely torn their faces apart."

Our situation will be even more dangerous from now on. We must not only beware of the people from the Black Demon Palace and Black Wind Village, but also be careful of other forces that participated in the genocide that year."

Chapter 5219

"David, where is the demon in your sea of consciousness? Why doesn't this guy care about you?"

Hu Mazi asked in surprise!

David is a carrier. If David dies, the soul of the Red Cloud Demon Lord will be finished!
But

David encountered dangers one after another, but the Red Cloud Demon Lord didn't move at all!

"I don't know either..." David frowned and tried to call the Red Cloud Demon Lord again: "Senior, senior..."

But after shouting several times, there was no response!

"I guess this guy is pretending to be dead. We can't count on him." David said!

"Where is your Fire Kirin? You can summon the Fire Kirin!"

Hu Mazi knew that David still had a backup plan.

"Fire Qilin and God King Bow are both killer weapons. They cannot be used unless it is necessary."

"But if those guys from the Black Demon Palace dare to be so stubborn, I will try to use the magic whip. I don't know if the magic whip can deal with these demons in heaven."

David said!

After all, the magic whip is a magic weapon obtained in the heavenly world. David is not sure whether it can deal with the demons in heaven.

After all, the demons in heaven are very powerful. If the power of the magic whip is not enough, it will be meaningless!

Hu Mazi clenched his fists, and a trace of unwillingness flashed in his eyes: "Can we just keep running away like this?"

"Of course not."

David opened his eyes and looked firm, "Escape can't solve the problem. We must take the initiative.

The words of the Black Wind Demon and the black-robed man have proved that there was more than one force involved in the extermination of the clan. What we have to do is to find these forces, collect evidence, and then defeat them one by one. "

But we don't even know the next target now." Hu Mazi sighed, "There are many forces around Jiupan Mountain. We can't check them one by one, right?"

"No need."

David took out the animal skin map from his arms and spread it on the ground. "The Black Wind Demon mentioned that the Green Snake Valley and the Black Demon Palace had grievances, and the Green Snake Valley Master was dead. Perhaps we can

start with the remaining forces of the Green Snake Valley and find out the news of other forces.”

He pointed to a mark next to the Green Snake Valley on the map: “There is a Chi Lian Sect here. It is said that it belongs to the same snake demon lineage as the Green Snake Valley and has a close relationship.

The Green Snake Valley Master was killed, and the Chi Lian Sect could not sit idly by. We can go there and see, maybe we can find some clues. “

Hu Mazi looked at the mark on the map, a hint of hesitation flashed in his eyes: “How strong is the Chilian Sect? Our current situation...”

“The leader of the Chilian Sect is said to be a third-grade cultivator in the Earthly Immortal Realm, but he should not be as good as the master of the Black Wind Demon.” David said, “We don’t need to force our way in. Let’s first gather information from the outside. If the situation is not right, we will retreat immediately. “

Hu Mazi nodded. He knew that now was not the time to hesitate. Only by finding clues as soon as possible could they avenge their people.

The two rested by the mountain stream for half a day. After their physical and spiritual strength were almost restored, they set out in the direction of Chilianmen according to the instructions of the map.

Chilianmen is located on a mountain called “Shepan Mountain”. The mountain is winding and torturous, shaped like a huge python, hence the name.

The mountain is covered with dense jungles, and various poisonous snakes can be seen everywhere, exuding a dangerous atmosphere.

David and Hu Mazi sneaked into Shepan Mountain carefully, avoiding several waves of Chilianmen patrols along the way.

The members of these patrols are all snake monsters with different shapes. Most of them are about the first level of the Earth Immortal Realm and are extremely vigilant.

“The defense of this Chilean is even tighter than that of Heifengzhai.” Hu Mazi lowered his voice and said to David, “It seems that the news of the killing of the Green Snake Valley Master has spread here, and they have stepped up their vigilance. “

That’s great. It means they are paying close attention to the Black Wind Village’s actions. It will be easier for us to get information.”

David said, “Let’s find a lone snake demon and capture it to ask.”

Chapter 5220

The two lurked in the dense forest, patiently waiting for the opportunity.

Not long after, a female snake demon in a green dress came over alone, holding a basket in her hand, and seemed to be going to collect herbs.

The female snake demon's strength was at the early stage of the first level of the Earthly Immortal Realm, and she was not too vigilant about the surrounding environment.

"That's her."

David winked at Hu Mazi, and the two attacked at the same time.

David flashed and appeared behind the female snake demon, slashing her neck with a knife.

The female snake demon was caught off guard, groaned, and fainted.

Hu Mazi quickly stepped forward and dragged the female snake demon to a hidden corner deep in the dense forest.

"Wake up." Hu Mazi patted the female snake demon on the cheek and said.

The female snake demon slowly opened her eyes and saw David and Hu Mazi. A trace of fear flashed in her eyes. Just as she was about to call for help, Hu Mazi covered her mouth.

"Don't make a sound, or I'll rape and kill you!"

Hu Mazi said sternly, unbuckling his belt and pretending to take off his pants to threaten. The female snake demon nodded repeatedly in fear when she saw Hu Mazi was about to take off his pants. David rolled his eyes at Hu Mazi

. He thought this guy could change a little, but he didn't expect that he would still use this trick to threaten a woman. Hu Mazi let go of his hand, but still looked at the snake demon vigilantly:

"I'll ask you a few questions. If you answer honestly, I'll let you go." "Otherwise, I'll use my treasure to stab you and make you scream!" "You... Who are you? What do you want to do?"

The female snake demon asked in a trembling voice. "It doesn't matter who we are." David said, "I'm asking you, was the Green Snake Valley Master killed by the people of the Black Wind Village?" The female snake demon hesitated for a moment and nodded: "Yes... Yes. The Valley Master... He died miserably."

"What is the Red Snake Sect going to do?" David asked. "The leader has summoned the masters of the sect and is ready to seek revenge on the Black Wind Village."

The female snake demon said, "We, the Chilian Sect and the Green Snake Valley, are from the same lineage of snake demons. We will never sit idly by when the valley leader is killed."

"Besides the Chilian Sect, are there any other forces willing to help you?" David asked. This was the question that concerned him the most.

The female snake demon shook her head: "No. Other forces are either closely related to the Black Wind Village or are afraid of getting into trouble, so they are unwilling to intervene."

David frowned slightly. This was not what he expected.

Could it be that the only forces that participated in the extermination of the clan were the Black Demon Palace and the Black Wind Village?

"Then do you know that the Hu family was exterminated 2,800 years ago?" Hu Mazi couldn't help asking.

The female snake demon was stunned for a moment and shook her head: "I don't know what the Hu family is. I haven't been a member for a long time, and I don't know many old things."

David and Hu Mazi looked at each other, and a trace of disappointment flashed in their eyes.

It seems that not much useful information can be obtained from this female snake demon.

"One last question." David said, "Where is the leader of the Chi Lian Sect now?"

"The leader is in seclusion, preparing to break through the third level of the Earthly Immortal Realm. It is estimated that he will come out of seclusion in a few days." The female snake demon said.

David nodded and said to Hu Mazi, "Let's go."

Hu Mazi hesitated a little: "Just let her go?"

Looking at the woman's posture, Hu Mazi had not played with a woman for a long time. His women were all left in the third heaven. After reaching the fourth heaven, Hu Mazi had not found a woman!

"What? What else do you want?" David asked!

"How about I stab her twice?" Hu Mazi said!

"Let her go." David said, "Stabbing her to death will only alert the snake, which is not conducive to our gathering of information."

"Then I'll be gentle?" Hu Mazi was unwilling to give up.

"Let her go, or I won't care about you!"

David pretended to leave.

Hu Mazi nodded helplessly, knocked the female snake demon unconscious, and then left with David.
